1. **PUBLIC HEARING** to consider Minor Revision No. 2 to Use Permit No. U-89-33 **Aqua Clear Farms** to allow waste mud from other wet-rotary drilling operations such as directional drilling, water well drilling and stability boring drilling operations. The project is located at 6762 Flannery Road, 7 miles southeast of the City of Fairfield in an "A-160" Exclusive Agricultural Zoning District, APN's: 0048-010-100 and 090. This project is determined to be categorically exempt from the provisions of the California Environmental Quality Act. (Project Planner: Nedzlene Ferrario) **Staff Recommendation:** Approval

   After a brief presentation of staff's written report, Mike Yankovich opened the public hearing. The applicant was present at the hearing and concurred with staff's recommendation for approval. The applicant noted that the Land Use Type listed in the staff report as Landfill is incorrect and requested that it be changed to reflect the use as a Surface Impoundment Facility.

   Mr. Yankovich stated that any person who believes he or she has been adversely affected by the decision of the Zoning Administrator may file an appeal of the decision to the Planning Commission within ten days

2. Since there was no further business, the meeting was **adjourned**.
