

COUNTY OF SOLANO
EVIDENCE TECHNICIAN

DEFINITION

Provides technical assistance by collecting and preserving crime scene evidence and performing photographic laboratory work; examines and processes evidence in the laboratory for trace evidence and latent fingerprints; coordinates the intake, storage, chain of custody and disposal of all evidence.

CLASS CHARACTERISTICS

This is a non-sworn journey level classification located in the Sheriff's department. Individuals in this class are responsible for providing technical assistance to sworn peace officers in the investigations, arrest and prosecution of criminal cases and the safekeeping of evidence and other property.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from the ID Bureau Supervisor.

Exercises no supervision; may provide technical assistance to lower level or newly hired staff and to sworn peace officer in investigations.

EXAMPLES OF DUTIES *-Duties may include but are not limited to the following:*

Responds to crime scenes to locate, process and collect physical evidence such as latent fingerprints, tool marks, shoe and tire impressions, and blood samples; trace evidence and plaster casts, using specialized equipment.

Photographs and collects evidence at autopsies.

Processes evidence in the laboratory, using manual and chemical processes to develop latent fingerprint impressions, trace, DNA evidence and serial number restoration.

Provides expert courtroom testimony in areas of crime scene investigations and reconstruction.

Controls the inventory of the property room; logs in evidence; safekeeping and found property; maintains chain of custody.

Develops color and black and white negative photographic film; prints enlargements of various sizes; prepares court displays; mixes photographic chemical solutions; operates and maintains photographic processing equipment.

Provides and/or receives mutual aid from Department of Justice, Federal Bureau of Investigations and State Prisons with such activities as processing evidence for fingerprints, DNA, fibers, ballistics, and assistance with crime scenes.

Makes and releases copies of audiotapes, videotapes and photographs for Deputy District Attorneys, Defense Attorneys, County Counsel and Civil Attorneys.

Makes appropriate computer entries, updating and retrieving information using the Inmate Management Systems, the Records Management Systems, the Court records and the California Law Enforcement Telecommunications Systems.

Performs extensive systematic research for the disposal of evidence, controlled substances, contraband and weapons according to the State and Federal law, including the preparation of Court Orders.

Acts as a back up for Latent Examiners when necessary.

Fingerprints individuals for comparison and elimination.

Trains deputies in packing and preserving evidence.

Responds to phone calls and in-person inquiries from citizens, attorneys, and other law enforcement agencies.

Provides information, demonstration and training to other agencies and college classes on crime scene processing and evidence collection.
