Coverage for: Self + Family | Plan Type: HMO

The Summary of Benefits and Coverage (SBC) document will help you choose a health <u>plan</u>. The SBC shows you how you and the <u>plan</u> would share the cost for covered health care services. NOTE: Information about the cost of this <u>plan</u> (called the <u>premium</u>) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-888-942-7377 or visit <u>westernhealth.com/calpers</u>. For general definitions of common terms, such as <u>allowed amount, balance billing, coinsurance, copayment, deductible, provider</u>, or other <u>underlined</u> terms see the Glossary. You can view the Glossary at <u>www.healthcare.gov/sbc-glossary</u> or call 1-800-318-2596 to request a copy.

| Important Questions  | Answers   | Why This Matters:  |
|--|---|--|
| What is the overall deductible?                                      | \$0   | See the Common Medical Events chart below for your costs for services this plan covers.  |
| Are there services covered before you meet your deductible?          | Yes   | This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <u>www.healthcare.gov/coverage/preventive-care-benefits</u> .   |
| Are there other <u>deductibles</u> for specific services?            | No  | You don't have to meet <u>deductible</u> s for specific services.  |
| What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ? | \$1,500/Individual or<br>\$3,000/Family per calendar<br>year for medical services;<br>\$7,600/Individual or<br>\$15,200/Family per calendar<br>year for prescription services | The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limit</u> s until the overall family <u>out-of-pocket limit</u> has been met. OptumRx serves as CalPERS' pharmacy benefit manager.  |
| What is not included in the out-of-pocket limit?                     | Premiums, copayments for supplemental benefits, and health care this plan doesn't cover.  | Even though you pay these expenses, they don't count toward the out-of-pocket limit.   |
| Will you pay less if you use a <u>network provider</u> ?             | Yes. See mywha.org/directory or call 1-888-942-7377 for a list of network providers.  | This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider</u> 's charge and what your <u>plan</u> pays (balance billing). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services. |
| Do you need a referral to see a specialist?                          | Yes   | This <u>plan</u> will pay some or all of the costs to see a <u>specialist</u> for covered services but only if you have a <u>referral</u> before you see the <u>specialist</u> .   |

## **About these Coverage Examples:**

This is not a cost estimator. Treatments shown are just examples of how this <u>plan</u> might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your <u>providers</u> charge, and many other factors. Focus on the <u>cost sharing</u> amounts (<u>deductibles</u>, <u>copayments</u> and <u>coinsurance</u>) and <u>excluded services</u> under the <u>plan</u>. Use this information to compare the portion of costs you might pay under different health <u>plans</u>. Please note these coverage examples are based on self-only coverage.
