Argument in Favor of Measure Winters Joint Unified School District

Although we recently passed Measures R and D, our work is not done. All of our existing facilities need to be brought up to current safety and efficiency standards. Measure __ authorizes funds for needed facility repairs and upgrades to improve student safety, instruction, and learning. NO other funding currently exists to upgrade these facilities. By investing in our schools, we can meet today's safety, technological, and educational standards and better our community.

If passed, Measure __ will provide funding to make facility improvements at local Winters schools including:

- Repairing or replacing leaky roofs ,
- Improving student access to computers and modern technology
- Repairing or replacing deteriorating plumbing and sewer systems
- Modernizing/renovating outdated classrooms, restrooms and school facilities
- Constructing new classrooms and school facilities

Measure __ makes financial sense and protects taxpayers.

- All funds must be spent locally and cannot be taken by the State.
- By law, spending must be reviewed and annually audited by an independent citizens' oversight committee.
- · Funds can only be spent to improve our local schools, not for teacher or administrator salaries.

Whether or not you have school-age children, protecting our local, high quality education is a wise investment for your property values and a strong community. VOTE YES on Measure

Word Count: 276

"The undersigned proponents or authors of the direct argument in favor of ballot Measure at the Gubernatorial General election for the Winters Joint Unified School District to be held on November 6, 2018 hereby state that such argument is true and correct to the best of their knowledge and belief."
