Motion to Approve

The Zoning Administrator does hereby ADOPT the attached resolution and APPROVE Minor Use Permit MU-20-08, based on the enumerated findings and subject to the recommended conditions of approval.

BACKGROUND

Existing Development:

The existing structures on the parcels include a single-family dwelling, and a saloon and dance hall building.

Legal Lot Status:

Both APNs have been deemed to be a legal building site as evidenced by prior issuance of building permits.

Aerial Image:

SETTING

Access: This site is accessed via encroachment from California Pacific Road, a public road.

Surrounding uses: The surrounding parcels are developed with residential uses, except for railroad tracks and vacant land to the southeast.

PROJECT DESCRIPTION

The intent of the rezoning petition currently in progress is to allow the previous existing non-conforming use to be re-established and allow upgrades to the site, and bring the zoning into conformance with the General Plan designation.

The property at 6081 California Pacific Street contains two buildings that are attached by a hallway. The front building commonly referred to as “the Cabin” contains architecture typical of old west saloons with a wooden covered porch and a flat parapet at the roof line. The building is boarded and in disrepair. The second building is referred to as “the dance hall”. Saloon operations at this facility date back to the 1920s, although the use has not been operational for the last several years.

Improvements include taking down three sides of one portion of the building and leaving the entire front façade in place. Using the same foundation, a prefabricated steel building (40-feet by 72-feet) will be constructed to house the brew operation and will contain stainless steel tanks to brew the beer. The interior of the dance hall will be remodeled to include the taproom/brewpub for retail sales (see Attachment F floor plans).

The 6077 California Pacific Street parcel located immediately south of the proposed brew pub, contains a single-family home that will be converted to office use to support the proposed Diversity Beer business. The existing two-bedroom one-bathroom residential structure is 936 square feet in size. Office uses are not allowed in residential

districts. Therefore, the rezoning to RTC-MU would allow office uses to occur on the site so that the structure could be used to support administrative functions of the Diversity Beer operations.

ZONING & LAND USE CONSISTENCY FINDINGS

General Standards: The existing use and proposed revision meets all standards listed in Section 28.72.10 of the Solano County Code.

Specific Standards: The proposed neighborhood commercial use meets the requirements of Section 28.74.10(A) & (Section 28.94 of the Solano County Code.

RECOMMENDATION

Staff recommends that the Zoning Administrator **ADOPT** the mandatory and suggested findings detailed in attachment A and **APPROVE** Minor Use Permit MU-20-08 subject to the recommended conditions of approval.
