

COUNTY OF SOLANO

CLINIC PHYSICIAN

Est. 5/06

DEFINITION

To provide medical services for programs including general medical clinics, specialized clinics, and occupational medical services; to provide on-call services.

CLASS CHARACTERISTICS

This class is characterized by the responsibility for providing direct medical services for Health and Social Services Department clients in various programs. Employees perform highly responsible and specialized professional functions and tasks independently requiring a high degree of professional level knowledge and expertise and excellent organizational and communication skills. Incumbents are expected to be well versed in clinical practice guidelines for managing acute and chronic medical conditions. The Clinic Physician differs from the Clinic Physician (Board Certified) in that the latter is required to possess and maintain certification by a specialty board recognized by the American Medical Association or the American Osteopathic Association. Employees may have programmatic, clinical, and administrative responsibilities and participate in ensuring continuous quality improvement.

SUPERVISION RECEIVED AND EXERCISED

Receives administrative direction and clinical supervision from the Physician Manager; may receive administration direction from management staff.

May oversee the work of professional, technical and clerical staff; ; provides clinical supervision of Nursing staff.

EXAMPLES OF DUTIES *-Duties may include but are not limited to the following:*

Conducts medical and physical examinations; makes diagnoses and prescribes medical and rehabilitative treatment; prescribes medications.

Provides clinical supervision to mid-level practitioners; provides night, weekend, and holiday medical triage and authorizations via telephone.

Acts as physician member of a multi-disciplinary patient care team; confers with staff and patients and their families regarding diagnosis and treatment.

Recommends hospitalization or other indicated services; makes referrals to specialists as appropriate.

Serves as an occupational physician conducting base line physicals and pre-employment physicals.

May prepare protocols and standardize procedures; participates in ensuring continuous quality improvement.

Ensures that efficient, high quality primary outpatient medical care is provided for high- risk patients; performs outpatient minor surgical procedures; examines X-rays and orders laboratory tests and evaluates results; ensures that patient medical charts and records meet legal and medical requirements.

Provides medical consultation to private physicians and health care professionals; prepares records and reports; inputs, accesses and analyzes data using a computer.

Represents the Public Health Division/assigned program area(s) to other agencies/organizations, local communities, professional groups and committees, schools, clients, and the general public; acts as a resource regarding professional services/assigned program(s); responds to inquiries; and promotes the Division's mission and goals.

Establishes and maintains open communications with other department/division programs, projects, and work teams; coordinates data and resources as necessary and upon request in support of a productive and positive working environment.

JOB RELATED AND ESSENTIAL QUALIFICATIONS
