VOTING OPTIONS FOR ALL VOTERS

In an effort to provide a safe voting environment, the Solano County Registrar of Voters has prepared several voting options for all voters. You have received a Vote by Mail ballot for the election in this packet.

Below is a description of the different options you have for voting to help provide a safe voting environment for all voters, our staff, and our community partners:

No Contact Voting:

As an option to in-person voting, all voters can vote from the safety of their home, using the enclosed ballot. Ballots can be returned to our office in one of three manners:

Ballot Drop-Off:

Starting October 7th through Election Day (29 days) - Ballot drop-off times and locations are identified on the next page (drop box is inside an office building).

Curbside Drop-off:

Starting October 31st through Election Day (5 days) - Curbside drop-off times and locations are identified on the next page (stay in your vehicle, hand ballot to poll workers).

Election Day Drop-Off:

Election Day (1 day) - Poll Place drop-off locations are available on Election Day-all locations are open from 7a.m. to 8p.m.

All ballots must be received or post-marked by Election Day. All postage is paid by the Registrar of Voters Office for voters mailing ballots back to our office. Voters do not have to vote this ballot, and can still choose to vote in-person using one of the options listed below.

Limited Contact Voting:

At your assigned poll place, you can request to vote “curbside” from the comfort of your vehicle. Look for the blue cone outside of your polling place, and call the number listed on the cone. Poll workers will come out to your vehicle with your ballot and will securely deposit it for you.

This same curbside option is available if you want to drop off your Vote by Mail ballot. It may be preferable for you to remain in your vehicle and we support that option.

In-Person Voting:

Traditional polling places are still available. Your assigned location is included on the cover sheet with your official ballot. Some voters may experience additional wait times due to the need to provide social distancing within the voting location. Please be prepared: it may take longer than usual to vote at your polling place.

If you need assistance...

As a voter, you may bring up to two individuals with you to your polling place to help you cast your ballot, as long as those individuals do not represent your employer or your union. Your polling place will have copies of the ballot in Spanish and Tagalog and may have poll workers ready to assist you who speak Spanish and Tagalog.

Si necesitas ayuda ...

Como votante, usted puede traer dos individuos a la estación de votación para que le ayuden a emitir su voto. Sus acompañantes no pueden ser representantes de su empleador o sindicato. La estación de votación quizá mantenga copias en español de la papeleta de votación y emplee trabajadores que le puedan asistir en español.

Kung kailangan mo ng tulong...

Bilang botante, maaari kang magkaroon ng hanggang dalawang tao sa iyong lugar ng botohan o presinto upang matulungan kang i-record ang iyong balota, hangga't ang mga taong ito ay hindi kinakatawan ng iyong tagapag-employo o iyong unyon. Magkakaroon ng mga kopya ng iyong balota na isinalin sa Tagalog sa iyong lugar ng botohan. Maaaring may mga taong nagtatrabaho na nagsasalita ngtagalog sa lugar ng botohan.

**STATEMENT OF CANDIDATE FOR
UNITED STATES REPRESENTATIVE IN CONGRESS, DISTRICT 4**

JOHN MUNN **AGE: 75**
Occupation: Soil and Water Scientist, Rancher, Farmer

Education and Qualifications: I am a life-long California resident, grew up on a family farm, and have been married to Shelley for 51 years. We have three children. I served on the Davis School Board and have been President of the Yolo County School Boards Association, the Yolo County Taxpayers Association, and the Professional Soil Scientists Association of California. I view government financial responsibility, law enforcement, a good education, and support for families as essential to avoiding future problems. I have degrees in Engineering and in Soil and Water Science, worked for the U.S. Forest Service and the California Department of Forestry and Fire Protection, and have returned to farm and ranch life.

I am asking "Is this what you want?" Our national debt is \$34 trillion (more than GDP, \$100,000 per person, and passed to our children), nearly \$2 trillion was borrowed last year, and \$900 billion was spent on interest (more than for national defense). Let's quit spending what we don't have, while supporting national defense and protecting Social Security and Medicare that we have already paid for.

Crime, food and fuel prices, inflation, and government constraints have increased. Our borders have been opened to illegal immigration. Health care is more complex and less transparent. And students lack basic skills to make up their own minds, while parents are prohibited from knowing what schools are doing. Is this what you want?

Tax increases, more spending, open borders, and political correctness will not solve our problems. And, too often, government is contributing to problems. More information about issues, positions, and my background is available at www.MunnForCongress.com.

**DECLARACIÓN DE CANDIDATO PARA
REPRESENTANTE DE ESTADOS UNIDOS EN EL CONGRESO, DISTRITO 4**

JOHN MUNN **EDAD: 75**
Ocupación: Científico Especializado en Agua y Suelo, Ganadero, Granjero

Educación y Competencia: He vivido en California toda mi vida, crecí en una granja familiar y llevo 51 años casado con Shelley. Tenemos tres hijos. Formé parte de la Junta Escolar de Davis y he sido Presidente de la Asociación de Juntas Escolares del Condado de Yolo, de la Asociación de Contribuyentes del Condado de Yolo y de la Asociación de Científicos del Suelo Profesionales de California. Considero que la responsabilidad financiera del gobierno, las fuerzas del orden público, una buena educación y el apoyo a las familias son esenciales para evitar problemas futuros. Soy licenciado en Ingeniería y en Ciencias del Suelo y del Agua, he trabajado para el Servicio Forestal de EE. UU. y para el Departamento de Silvicultura y Protección contra Incendios de California, y he regresado a la vida agrícola y ganadera.

Pregunto: "¿Es esto lo que usted quiere?" Nuestra deuda nacional asciende a \$34 billones (más que el PIB, \$100,000 por persona y transmitidos a nuestros hijos), el año pasado se pidieron prestados casi \$2 billones y se gastaron \$900 mil millones en intereses (más que en defensa nacional). Dejemos de gastar lo que no tenemos, mientras apoyamos la defensa nacional y protegemos al Seguro Social y Medicare que ya hemos pagado.

Han aumentado el crimen, los precios de los alimentos y el combustible, la inflación y las restricciones gubernamentales. Nuestras fronteras se han abierto a la inmigración ilegal. Los cuidados de la salud son más complejos y menos transparentes. Y los estudiantes carecen de los conocimientos básicos para decidir por sí mismos, mientras que a los padres se les prohíbe saber lo que hacen las escuelas. ¿Es esto lo que usted quiere?

El aumento de los impuestos, más gasto, fronteras abiertas y lo políticamente correcto no resolverán nuestros problemas. Y, con demasiada frecuencia, el gobierno contribuye a los problemas. Más información sobre asuntos, posiciones y mi trayectoria en www.MunnForCongress.com.

**STATEMENT OF CANDIDATE FOR
CALIFORNIA STATE SENATE, DISTRICT 3**

THOM BOGUE

Occupation: City Council Member / Business Owner

Education and Qualifications: As a former Vice Mayor, Mayor, current City Council Member, and Small Business owner, I have held key positions with esteemed organizations including the Solano Transportation Authority (STA), Solano County Water Agency (SCWA), Yolo-Solano Air Resource Board, Green Belt Authority, Association Bay Area Governments (ABAG) Planning Commission and Executive Board.

I have collaborated with Congressmen to secure housing for our homeless veterans. Successfully housed up to 75% of our local homeless population. Developed a comprehensive plan to incorporate income-based housing within every residential project, effectively addressing this crisis head-on. By doing so, we will create safer and more prosperous communities.

In partnership with STA significantly enhanced public transportation: Expanding bus routes, ferry services throughout the bay area, and door-to-door services for the elderly.

Additionally, we allocated funds to support our agricultural community in meeting climate change mandates. While I do not fully endorse California's complete transition to electric energy, I acknowledge the importance of expanding our resource base while concurrently improving our use of fossil fuels. I believe that diversification is the key to our future success.

As a father, I have always prioritized parental rights. I strongly advocate for parents having the final say in matters concerning their children's education.

Recognizing California residents possess tremendous potential, I believe that transcending partisan politics, working together, we can restore our Golden State to its former glory, regain its esteemed status, bring prosperity and an enhanced quality of life back to all Californians. People before politics! www.ThomBogue4StateSenate.com

**STATEMENT OF CANDIDATE FOR
CALIFORNIA STATE SENATE, DISTRICT 3**

CHRISTOPHER CABALDON

Occupation:

Education and Qualifications: Like so many of us, the opportunity for a good education changed my life. I was honored when President Obama appointed me to create over 400 initiatives across the country to guarantee a tuition-free college education for graduating local high school seniors.

As Vice-Chancellor of California Community Colleges and university professor, I've worked to strengthen California's education system. In the Senate, I'll deliver resources to help students succeed and prepare them for modern careers.

As West Sacramento mayor, I turned our forgotten industrial town into a place that was named "America's Most Livable City" with good jobs, safe neighborhoods, and quality housing that's affordable. I'm running for Senate to expand prosperity and economic opportunity to families everywhere.

During my tenure as mayor, we lowered unsheltered homelessness by 58%. I'll focus on building more housing, expanding mental health and job training services, and keeping us safe. I know we can make communities more secure because I've done it, cutting burglary and assault rates by more than half.

A proven champion for the environment and agriculture, I've cracked down on polluters and protected thousands of acres of habitat, farmland, and open space. I'll protect our water supplies and communities threatened by wildfires and floods.

My campaign is supported by the California Democratic Party, Planned Parenthood Northern California Action Fund, the Sierra Club, and Congressman Mike Thompson. I have a track record of delivering real results on the biggest challenges facing our communities. I hope to earn your vote. www.CabaldonforSenate.com

**STATEMENT OF CANDIDATE FOR
MEMBER OF THE STATE ASSEMBLY, DISTRICT 11**

LORI WILSON

Occupation: Assemblymember, 11th District

Education and Qualifications: As your state representative, I'm delivering results for our community and focused on building a California for everyone!

I made a promise to you in early 2022 to hit the ground running fighting for the issues you care about. I've kept that promise!

I've delivered over \$20 million in state resources directly to our District for public safety, housing, electric vehicle infrastructure, flood resiliency, and transportation projects while passing landmark legislation supporting manufacturing, people with disabilities, flood control projects, habitat restoration, and the needs of farmers.

All this was accomplished while I battled breast cancer! Now, cancer-free and with a continued sense of purpose and optimism for the future, "y'all ain't seen nothing yet".

We need long-term solutions for homelessness, housing, public safety, climate change, transportation and more. That's why I led negotiations for the statewide bond measures on your ballot, Proposition 2 and Proposition 4, giving you the choice to fund education, key infrastructure projects, and other priorities for our state.

As the chair of the Assembly Transportation Committee, I'm working to speed construction to improve traffic circulation and lessen commute times. Making Interstate 80, Highway 12, State Route 37 and our local roads safer!

I'm also deeply concerned about our democracy. To that end, as the Chair of the California Legislative Black Caucus, I'm reaching out across diverse communities to reinforce everyone's right to live their version of the California Dream with dignity and respect.

Let's build a California for everyone, I would be honored to have your vote. Thank you.

Ocupación: Miembro de la Asamblea, Distrito 11

Educación y Competencia: Como su representante estatal, ofrezco resultados a nuestra comunidad y me centro en construir una California para todos.

A principios de 2022 le prometí que me pondría manos a la obra para luchar por los asuntos que a usted le preocupan. ¡He cumplido esa promesa!

He obtenido más de \$20 millones en recursos estatales directamente para nuestro Distrito para proyectos de seguridad pública, vivienda, infraestructura de vehículos eléctricos, resiliencia a las inundaciones y transporte, al tiempo que aprobaba leyes históricas de apoyo a la industria manufacturera, las personas con discapacidad, los proyectos de control de inundaciones, la restauración del hábitat y las necesidades de los granjeros.

¡Todo esto lo conseguí mientras luchaba contra el cáncer de seno! Ahora, sin cáncer y con una sensación de propósito y optimismo para el futuro, "todavía no han visto nada".

Necesitamos soluciones a largo plazo para la indigencia, la vivienda, la seguridad pública, el cambio climático, el transporte y mucho más. Por eso encabezé las negociaciones para las iniciativas de ley de bonos a nivel estatal en su boleta, la Propuesta 2 y la Propuesta 4, que le dan la opción de financiar la educación, proyectos clave de infraestructura y otras prioridades para nuestro estado.

Como presidenta del Comité de Transporte de la Asamblea, estoy trabajando para acelerar las obras que mejoren la circulación del tráfico y reduzcan los tiempos de desplazamiento al trabajo. ¡Hacer más seguras la Interestatal 80, la Autopista 12, la Ruta Estatal 37 y nuestras carreteras locales!

También me preocupa profundamente nuestra democracia. Con ese fin, como Presidenta de la Asamblea Partidaria Legislativa Negra de California, estoy tendiendo la mano a diversas comunidades para reforzar el derecho de todos a vivir su versión del Sueño de California con dignidad y respeto.

Construyamos una California para todos, sería un honor contar con tu voto. Gracias.

**PAHAYAG NG KANDIDATO PARA SA
MIYEMBRO NG ASEMBLEYA NG ESTADO, DISTRITO 11**

LORI WILSON

Trabaho: Miyembro ng Asembleya, Ika-11 Distrito

Edukasyon at mga Kuwalipikasyon: Bilang inyong kinatawan ng estado, maghahatid ako ng mga resulta para sa ating komunidad at nakatuon sa pagbuo ng California para sa lahat!

Nangako ako sa inyo sa unang bahagi ng 2022 na simulan ang pakikipaglaban para sa mga usaping pinahahalagahan ninyo. Tinupad ko ang pangakong iyon!

Direkta kong inihatid ang mahigit \$20 milyon sa mga mapagkukunan ng estado sa Distrito para sa pampublikong kaligtasan, pabahay, imprastruktura ng de-kuryenteng sasakyan, katatagan sa baha, at mga proyektong pantransportasyon habang nagpapasa ng makasaysayang lehislyasyon na sumusuporta sa pagmamanupaktura, mga taong may mga kapansanan, mga proyekto sa pagkontrol ng baha, pagpapanumbalik ng tahanan ng buhay-ilang, at mga pangangailangan ng mga magsasaka.

Naisakatuparan ang lahat ng ito habang nilalabanan ko ang kanser sa suso! Ngayong walang na akong kanser at may nagpapatuloy na layunin at optimismo para sa hinaharap, "hindi niyo pa nakikita ang lahat".

Kailangan natin ang mga pangmatagalang solusyon para sa kawalan ng tirahan, pabahay, pampublikong kaligtasan, pagbabago sa klima, transportasyon at marami pa. Kung kaya pinangunahan ko ang mga negosasyon para sa mga panukala sa bono sa inyong balota sa buong estado, ang Proposisyon 2 at Proposisyon 4, na magbibigay sa inyo ng mapagpipilian para pondohan ang edukasyon, mga pangunahing proyektong imprastruktura, at iba pang mga prioridad para sa ating estado.

Bilang tagapangulo ng Komite ng Asembleya sa Transportasyon, nagsusumikap ako upang mapabilis ang konstruksyon upang mapabuti ang sirkulasyon ng trapiko at mabawasan ang mga oras ng biyahe. Ginagawang mas ligtas ang Interstate 80, Highway 12, State Route 37 at ang ating mga lokal na daan.

Lubos kong inaalala ang ating demokrasya. Sa layuning iyon, bilang Tagapangulo ng California Legislative Black Caucus, nakikipag-ugnayan ako sa iba't ibang komunidad upang mabigyang-diin ang karapatan ng bawat isa na mamuhay sa kanyang bersyon ng California Dream nang may dignidad at paggalang.

**STATEMENT OF CANDIDATE FOR
MEMBER OF THE STATE ASSEMBLY, DISTRICT 11**

DAVID ENNIS

Occupation: Professional Civil Engineer

Education and Qualifications: People in our District are struggling to make ends meet. While the homeless look for shelter, our state legislatures focus on issues that do not put food on the table, stop crime, or improve our schools. I have a new vision, back to basics and getting our children a good education, helping small business stay in business, and creating jobs for hard working folks. With common sense and community spirit, we can make California proud again.

I am a professional civil engineer (Duke) licensed in California since 1994 with executive experience in the aerospace industry. I envision a crime free and affordable District with local jobs and shorter commutes. I want our local schoolboards to focus on reading, writing, and arithmetic (STEM), independent of statewide educational mandates. I support school choice, and a back-to-basics approach to education. I want to stop crime, and reform criminals, mindful that the victims are not guilty! We need to prevent crime and fix Prop 47.

I spent 2 years on the San Leandro Planning Commission and 4 years as President of the United Parents for San Leandro High School. I have spent 6 years reviewing cost effectiveness and technical feasibility for FEMA projects in California, Texas, and Puerto Rico approving over \$1BN of projects with Federal funding for resilient infrastructure instead of more local taxes.

Details are on my website: <https://www.ennis2024.org>

I will earn your vote, focused on supporting our families, building affordable housing, crime free safety, education, and jobs.

**DECLARACIÓN DE CANDIDATO PARA
MIEMBRO DE LA ASAMBLEA ESTATAL, DISTRITO 11**

DAVID ENNIS

Ocupación: Ingeniero Civil Profesional

Educación y Competencia: La gente de nuestro Distrito tiene dificultades para llegar a fin de mes. Mientras los indigentes buscan refugio, nuestras legislaturas estatales se enfocan en asuntos que no ponen comida en la mesa, ni detienen el delito, ni mejoran nuestras escuelas. Tengo una nueva visión, volver a lo básico y lograr que nuestros hijos reciban una buena educación, ayudar a las pequeñas empresas a seguir funcionando y crear puestos de trabajo para la gente trabajadora. Con sentido común y espíritu comunitario, podemos hacer que California vuelva a sentirse orgullosa.

Soy ingeniero civil profesional (Duke) licenciado en California desde 1994 con experiencia ejecutiva en la industria aeroespacial. Imagino un Distrito sin crímenes y asequible, con empleos locales y desplazamientos más cortos. Quiero que nuestras juntas escolares locales se centren en la lectura, la escritura y la aritmética STEM (Ciencia, Tecnología, Ingeniería, Matemática), independientemente de los mandatos educativos estatales. Apoyo la elección de escuela y un enfoque de la educación que vuelva a lo básico. Quiero acabar con el crimen y reformar a los delincuentes, ¡sin olvidar que las víctimas no son culpables! Necesitamos prevenir el crimen y corregir la Prop 47.

Pasé 2 años en la Comisión de Planificación de San Leandro y 4 años como Presidente de Padres Unidos para la Escuela Secundaria San Leandro. He pasado 6 años revisando la rentabilidad y la viabilidad técnica de los proyectos de la FEMA en California, Texas y Puerto Rico, aprobando más de \$1Mil Millones en proyectos con financiamiento Federal para infraestructuras resilientes en lugar de más impuestos locales.

Encontrará más información en mi página web: <https://www.ennis2024.org>

Me ganaré su voto, centrándome en el apoyo a nuestras familias, la construcción de viviendas asequibles, la seguridad sin delitos, la educación y el empleo.

BONNIE HAMILTON

Occupation: Pediatrician/Parent

Education and Qualifications: I'm running for Solano County Board of Education Area 2 to help ensure our students have access to the best education possible and can reach their full potential. As a pediatrician, mom, and community volunteer, I have decades of expertise and practical experience caring for local kids and families.

Education was my pathway to opportunity. It wasn't easy growing up, losing my father at a young age and witnessing the challenges my mother faced, raising me and my 4 brothers on her own. My mother taught me tenacity, compassion and devotion to family. My father taught me service, curiosity and a love of learning.

My daughter attended Fairfield public schools and struggled due to a hearing disAbility. We worked closely with teachers and school administration. She ultimately graduated with honors and is now a research scientist.

I know that enriching the lives of our children and youth will improve our community and help create a thriving future. On the Board of Education, I will work to make life better for kids and parents and to ensure our schools are places where every student can find opportunity, purpose and success, whether they are college bound or learn a valuable trade.

I'd be honored to have your vote!

CAROL KALAMARAS

Occupation: Retired Educator

Education and Qualifications: My BA in English is from University Michigan. I received Library Science Graduate Degree, Berkeley. I have California Clear General Secondary Credential (7-12) & School Library Administration (K-12).

In Solano County I field tested Spanish reading materials in Dixon developed by Bay Area Bilingual Education League, funded by Title VII through Berkeley Unified School District. While an elected trustee FSUSD 1979-1987, I represented Solano County on the California School Board Association's General Assembly as a Director, Area 3, Napa, Solano, Sonoma. I have also supervised student teachers completing their final step in classroom experience through Touro and Chapman credential programs.

During my twenty years participating on Solano County Library Advisory Council, we achieved very first tax appropriation to support funding for increased services and materials for Solano County Library System.

My current role in California Retired Teachers Association, Div. 24 (Solano County), has me advocating the repeal of an unfair penalty by social security offset known as WEP/GPO. We have 650 members!

The breadth and depth of my history of service to students, teachers and citizens of this county are foremost in shaping my hopes to bring a fresh outlook and balanced viewpoint to this office if elected in November.

AMY SHARP

AGE: 49

Occupation: Mom/Children's Advocate/Solano County Board of Education Trustee

Education and Qualifications: BA, Government, CSU Sacramento; Masters in Governance, CSBA

Kids aren't one-size-fits-all, and their education shouldn't be either.

I'm focused on quality education with a solid path for all kids. From high achievers to those struggling and every student in between; kids with special needs, those needing a second chance, and those failed by the system. As a longtime Children's Advocate and mom, I know every child deserves the best education.

My direct-to-teacher grants plan is putting needed supplies in classrooms. I helped parents and educators get Board approval for a charter school that is improving test scores and morale for an entire community. I continue my push for career technical education programs, sports and arts.

I'm your independent voice in schools. I ask tough questions, oppose wasteful spending and bad policies, while working together to find solutions. I voted against closing schools and for community-driven programs that make a difference. I was unanimously elected by my colleagues and chosen by local districts to represent Solano County at the California School Boards Association.

If re-elected, I'll continue keeping politics out, putting children first and empowering parents. I'd be honored to earn your vote. Learn more at AmySharp.org or call my cell at (707) 592-1829.

LA JUNTA DE EDUCACIÓN DEL CONDADO DE SOLANO
Área Sindical N.º 2**

AMY SHARP

EDAD: 49

Ocupación: Mamá/Defensora de los Niños/Síndica de la Junta de Educación del Condado de Solano

Educación y Competencia: BA (Licenciada) en Gobierno, CSU (Universidad Estatal de California) Sacramento; Maestría en Gobernanza, CSBA.

Los niños no son de talla única, y su educación tampoco debería serlo.

Me centro en una educación de calidad con una orientación sólida para todos los niños. Desde los estudiantes de alto rendimiento hasta los que tienen dificultades, pasando por todos los estudiantes con necesidades especiales, los que necesitan una segunda oportunidad y aquellos a los que el sistema les ha fallado. Como madre y Defensora de los Niños desde hace mucho tiempo, sé que todos los niños merecen la mejor educación.

Mi plan de subsidios directos a los maestros consiste en distribuir el material necesario en las aulas. Ayudé a padres y educadores a obtener la aprobación de la Junta para una escuela autónoma que está mejorando los resultados de las pruebas y la moral de toda una comunidad. Sigo impulsando los programas de educación técnica profesional, los deportes y las artes.

Soy su voz independiente en las escuelas. Hago preguntas difíciles, me opongo al despilfarro y a las malas políticas, al tiempo que colaboro para encontrar soluciones. He votado en contra del cierre de escuelas y a favor de programas comunitarios que hagan la diferencia. Fui electa unánimemente por mis colegas y elegida por los distritos locales para representar al Condado de Solano en la Asociación de Juntas Escolares de California.

Si soy reelegida, seguiré manteniendo la política al margen, dando prioridad a los niños y empoderando a los padres. Sería un honor ganarme su voto. Más información en AmySharp.org a llamando a mi celular al (707) 592-1829.

MICHELE R GUERRA **AGE: 57**
Occupation: Retired Educator/Small Businesswoman, Activist

Education and Qualifications: Bachelor of Arts Degree in Liberal Studies, Cross cultural, Language, and Academic Development (CLAD) Certified, and grandmother.

Your children are important. You raise them to be hard working, compassionate, honest, and great contributors to their community. I want to see them achieve the same greatness on their educational path to adulthood. I support a safe learning environment where students can concentrate on their education. I support providing classrooms with the tools they need to secure an inclusive environment for all students.

Parents are the nurturers for their children and provide the foundation for their emotional, mental, and physical development. They are the experts on the needs of their children. Therefore, I support schools developing transparent and open dialogues with parents that will build partnerships and empower them to ensure their student achieves their full potential.

As a parent whose children have graduated from the VUSD, we have experienced many pathways to successfully helping our children get the most out of their education. Honestly, not all children will attend or graduate from college. I support promoting vocational education in our high schools and partnering with local small businesses to help students find a career that best suits them.

MICHELE R GUERRA **EDAD: 57**
Ocupación: Educadora Jubilada/Pequeña Empresaria, Activista

Educación y Competencia: Licenciada en Estudios Humanísticos, Certificada en Desarrollo Intercultural, Lingüístico y Académico (CLAD) y abuela.

Sus hijos son importantes. Usted los cría para que sean trabajadores, compasivos, honestos y grandes colaboradores de su comunidad. Quiero verlos lograr la misma grandeza en su recorrido educativo hasta la edad adulta. Apoyo un entorno de aprendizaje seguro en el que los estudiantes puedan concentrarse en su educación. Soy partidaria de dotar a las aulas de las herramientas necesarias para garantizar un entorno inclusivo para todos los estudiantes.

Los padres son los cuidadores de sus hijos y sientan las bases de su desarrollo emocional, mental y físico. Son los expertos en las necesidades de sus hijos. Por lo tanto, soy partidaria de que las escuelas entablen un diálogo transparente y abierto con los padres que fomente la colaboración y los empodere para garantizar que sus hijos alcancen todo su potencial.

Como madre cuyos hijos se han graduado del VUSD (Distrito Escolar Unificado de Vacaville), hemos experimentado muchas maneras de ayudarlos con éxito a obtener el máximo provecho de su educación. Honestamente, no todos los niños asistirán o se graduarán del colegio. Apoyo la promoción de la educación vocacional en nuestras escuelas secundarias y la asociación con pequeñas empresas locales para ayudar a los estudiantes a encontrar una carrera que mejor se adapte a ellos.

MICHAEL KITZES

Occupation: Vacaville Unified School District Board Member/Children's Mental Health Manager

Education and Qualifications: I have been honored to serve as a Board Member of Vacaville Unified for the last 21 years. Over this time, I've had the privilege of working with dedicated educators, staff, and parents to advance and improve our District. As I seek re-election, two key reasons are driving my decision.

First, it is imperative that we pass our Facilities Bond this election. This bond will address the critical issue of compaction in our elementary schools, ensuring that every child has access to a conducive learning environment. Additionally, it will position our district for intelligent growth, allowing us to better serve our expanding community. I am committed to overseeing the spending of bond proceeds responsibly and wisely.

Second, I will work to redouble my efforts to listen to students, parents, and staff. All our voices are vital to our District's success. By fostering open communication and collaboration, we can create a more inclusive, educational environment for all.

I ask for your continued support as we build a brighter future for our students and community. I am grateful for the trust you've placed in me. Let's work together to ensure that Vacaville Unified remains a place where every student can thrive.

MICHAEL KITZES

Ocupación: Miembro de la Junta del Distrito Escolar Unificado de Vacaville/Gerente de Salud Mental Infantil

Educación y Competencia: He tenido el honor de servir como miembro de la Junta del Unificado de Vacaville durante los últimos 21 años. Durante este tiempo, he tenido el privilegio de trabajar con dedicados educadores, personal y padres para avanzar y mejorar nuestro Distrito. Al presentarme a la reelección, dos razones fundamentales impulsan mi decisión.

En primer lugar, es imperativo que aprobemos nuestro Bono de Establecimientos en esta elección. Este bono abordará el problema crítico de la compactación en nuestras escuelas primarias, garantizando que todos los niños tengan acceso a un entorno propicio para el aprendizaje. Además, posicionará a nuestro distrito para un crecimiento inteligente, permitiéndonos servir mejor a nuestra comunidad en expansión. Me comprometo a supervisar el gasto de los ingresos provenientes de los bonos de forma responsable y sensata.

En segundo lugar, redoblaré mis esfuerzos por escuchar a los estudiantes, los padres y el personal. Todas nuestras voces son vitales para el éxito de nuestro Distrito. Fomentando la comunicación abierta y la colaboración, podemos crear un entorno educativo más integrador para todos.

Le pido que nos siga apoyando en la construcción de un futuro mejor para nuestros estudiantes y nuestra comunidad. Le agradezco la confianza que ha depositado en mí. Trabajemos juntos para garantizar que el Distrito Escolar Unificado de Vacaville siga siendo un lugar donde todos los estudiantes puedan prosperar.

TED FREMOUW

Trabaho: May-ari ng Maliit na Negosyo at Boluntaryo sa Komunidad

Edukasyon at mga Kuwalipikasyon: Bilang residente ng ika-5 Distrito ng Vacaville ng halos 30 taon, para sa akin, ang Vacaville ay isang napakagandang lugar para magpalaki ng pamilya. Ako at ang aking asawang si Nancy ay kasalukuyang nagpapalaki ng aming tinedyer na anak na babae at lalaki sa magandang komunidad na ito. Sa loob ng 25 taon, si Nancy at ako ay nagmay-ari at nagpatakbo ng isang maunlad na lokal na kumpanyang pangkapaligiran. Nauunawaan ko ang iba't ibang kahulugan ng pagpapatakbo ng milyon-milyong dolyar na organisasyon, pati na rin ang mga proseso ng pakikipagtulungan sa mga munisipalidad, estado, at pederal na ahensya. Naglingkod kami sa maraming ahensya, kabilang ang pang-agrikultura, aerospace, militar, at transportasyon.

Matindi ang aking pagnanais sa pagtataguyod sa kung saan nagiging kanais-nais ang ating komunidad: pampublikong kaligtasan, mga serbisyo sa lungsod, at masiglang downtown. Naniniwala ako na walang pumapangalawa sa mga serbisyo sa ating pampublikong kaligtasan sa ating estado. Nakatuon ako sa pagtataguyod sa serbisyo ng bumbero at puwersa ng pulisya na lubos na pinopondohan at lubos na sinasanay upang maprotektahan ang ating komunidad. Alam ko ang mga hamon na kinakaharap natin bilang isang lungsod at ang kahalagahan ng nag-iisip na pamumuno. Sa pamamagitan ng matalino at responsableng paglago, paglilingkuran natin ang ating mga kasalukuyang residente at mag-iwan ng maunlad na lungsod sa susunod na henerasyon. Ang boto para sa aking kandidatura ay boto para sa pagpapahalaga na tinatawag nating tahanan! Bumisita sa tedfremouw.com para sa higit pang impormasyon.

BOARD OF DIRECTORS
Solano Irrigation District, Division No. 2**

CHARLES A. HERICH
Occupation:

AGE: 64

Education and Qualifications: Hello again; my name is Charles Herich and I am running for re-election of the Solano Irrigation District (SID) Director - Division 2. It has been both a pleasure and an honor to serve you as the Division 2 Director for the past 3-1/2 years. Although this job can be rewarding and interesting, it can also be very challenging and somewhat frustrating at times. However, I believe that working closely with the other SID board members that we have achieved significant results. We have been able to keep SID's rate increases @ less than the California inflation rate while improving SID's safety and reliability performance. Water rate increases have been 3 – 4 % on average for the past 3-1/2 years while the California's inflation rate has been above 8 % on average for the last 3-1/2 years. By comparison, PG&E's rate increases have been more than 12 % per year over the same period of time. More work needs to be done in this area and I intend to focus my efforts on cost efficiency, safety, and reliability. I am asking for your support by voting for me.

**STATEMENT OF CANDIDATE FOR
BOARD OF DIRECTORS
Solano Irrigation District, Division No. 2**

LANCE A PORTER

Occupation: Retired Businessman / Farmer

Education and Qualifications: My name is Lance Porter and I am excited to announce my candidacy for the SID Board. I am a customer of SID and a long-time successful business owner in Vacaville.

In my role as a business owner, I understand firsthand the key factors that drive success: a focus on the customer, operational efficiency, and cost control. I am confident in my ability to focus on these three issues while managing costs effectively and eliminate waste.

Adapting to a changing environment is crucial for any successful enterprise. Over my 40-year career, I have consistently demonstrated my ability to evolve and thrive in shifting circumstances. With SID facing water restriction mandates from the State Government in Sacramento, it is imperative to have someone who excels at anticipating and navigating change. This is where my expertise shines.

**STATEMENT OF CANDIDATE FOR
BOARD OF DIRECTORS
Solano Irrigation District, Division No. 2**

WILLIAM D BRAZELTON

Occupation: Farmer

Education and Qualifications: I am running for Solano Irrigation District, Division 2 because I believe I can bring a balanced perspective to the board.

My family has been farming in Solano County since 1915 and as a 4th generation farmer I've had the opportunity to see how water impacts our agricultural lands.

In 2021 I spent the summer working for Solano Irrigation District as a Watertender where I became familiar with the infrastructure through which our water flows, making a mental note of how the infrastructure and organization could use some improvements for continued success.

As a farmer that uses Solano Irrigation District water, this experience allowed me to better understand how water impacts both the organization and the end user.

Additionally, for over 10 years I have been on the Solano County Farm Bureau Board of Directors, advocating for farmers and ranchers at the local, state, and federal levels. I've built strong relationships with our representatives over this time, allowing me to advocate for our Solano County water resources.

I look forward to serving you on the Solano Irrigation District Board of Directors, Division 2. Thank you for your vote.

MEASURE E

VACAVILLE USD BOND MEASURE

To improve the quality of education/ student safety; construct/ renovate science, technology, engineering, math and career technical education classrooms/ labs; modernize classrooms; and construct a new school; shall Vacaville Unified School District's measure be approved authorizing \$317,000,000 of bonds at legal rates, generating on average \$17,425,000 annually while bonds are outstanding at a rate of approximately \$48.00 per \$100,000 assessed value, with annual audits, independent citizens' oversight committee, NO money for teacher salaries and all funds staying local?

BONDS - YES

BONDS - NO

IMPARTIAL ANALYSIS OF MEASURE E

Measure E would authorize the sale of general obligation bonds of the Vacaville Unified School District ("District") in series in the aggregate amount of up to \$317,000,000. Measure E will not amend any existing laws. The District's governing board ("Board") placed Measure E on the ballot.

The California Constitution limits the use of proceeds from such bonds to construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities.

Bond proceeds must be used to repair, modernize, replace, renovate, expand, construct, acquire, equip, furnish and otherwise improve the classrooms and school facilities of the District's existing schools, new school sites, and other District-owned facilities as identified in the Bond Project List (reprinted completely in the sample ballot pamphlet). These bond funds cannot be used for salaries or other school operating expenses.

The District cannot guarantee that the bonds will provide sufficient funds to allow completion of all the Bond Projects. Certain projects may require State matching funds for their completion.

Independent performance and financial audits must be conducted annually. By law, the District is required to have an independent citizens' oversight committee to help ensure that bond funds are spent only for projects included in the Bond Project List.

If Measure E is approved, the District may issue bonds either under the Government or Education Code which would be repaid through a property tax levied and collected by the County each year on all taxable property within the District in an amount sufficient to pay the interest and principal coming due prior to the next year's tax levy. The District's Tax Rate Statement printed in this pamphlet contains the District's best estimate of the average annual tax rate that would need to be levied to fund the proposed bonds is \$48 per \$100,000 of assessed value of taxable property within the District and the stated best estimate of the highest tax rate would be \$46.98 per \$100,000. The taxes are scheduled to be collected through 2060-61. The District estimates the total debt service during the life of the bonds, including principal and interest, would be \$644,819,000.

The procedures required for the approval and issuance of the general obligation bonds, including the process of submitting

Measure E to the vote of the District's electors, were satisfied.

Measure E requires approval by 55 percent of the voters of the district voting on it.

A "Yes" vote is a vote to authorize the issuance of bonds totaling up to \$317,000,000 to fund specified

school facilities projects secured by the levy of ad valorem taxes on property located within the District.

A "No" vote is a vote to not authorize the issuance of the bonds.

ELEC § 9500

TAX RATE STATEMENT

An election will be held in the Vacaville Unified School District (the "District") on November 5, 2024, to authorize the sale of up to \$317,000,000 in general obligation bonds. The following information is submitted in compliance with Sections 9400-9404 of the Elections Code of the State of California. Such information is based upon the best estimates and projections presently available from official sources, upon experience within the District, and other demonstrable factors.

Based upon the foregoing and projections of the District's assessed valuation, the following information is provided:

1. The best estimate of the average annual tax rate that would be required to fund this bond issue over the entire duration of the bond debt service, based on estimated assessed valuations available at the time of filing of this statement, is \$46.98 per \$100,000 of assessed valuation. It is currently expected that the tax will be collected until fiscal year 2060-61.
2. The best estimate of the highest tax rate that would be required to fund this bond issue, based on estimated assessed valuations available at the time of filing this statement, is \$48.00 per \$100,000 of assessed valuation. This rate is projected to apply in fiscal year 2025-26.
3. The best estimate of total debt service, including principal and interest, that would be required to be repaid if all the bonds are issued and sold will be approximately \$644,819,000.

These estimates are based on projections derived from information obtained from official sources, and are based on the assessed value (not market value) of taxable property on the County's official tax rolls. In addition, taxpayers eligible for a property tax exemption, such as the homeowner's exemption, will be taxed at a lower effective tax rate than described above. Property owners should consult their own property tax bills and tax advisors to determine their property's assessed value and any applicable tax exemptions. The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only, which amounts are not maximum amounts and durations and are not binding upon the District. The actual debt service, tax rates and the years in which they will apply may vary depending on the timing of bond sales, the par amount of bonds sold at each sale and actual increases in assessed valuations. The timing of the bond sales and the amount of bonds sold at any given time will be determined by the District based on the need for project funds and other considerations. Actual assessed valuations will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this measure in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIII A, Section 1 (b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.)

The Bonds may be issued under the provisions of the California Education Code (starting at Section 15100), under the provisions of the California Government Code (starting at Section 53506), or under any other provision of law authorizing the issuance of general obligation bonds by community college districts. The Bonds may be issued in series by the District, from time to time, and each series of Bonds shall mature within the legal limitations set forth in the applicable law under which the Bonds are issued.

Evaluation of Needs. The Board of Education of the District has identified detailed facilities needs of the District, and has determined which projects to finance from a local bond. The Board of Education hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List described below.

Independent Citizens' Oversight Committee. Following approval of this measure, the Board of Education will establish an independent citizens' oversight committee, under Education Code Sections 15278 and following, to ensure bond proceeds are expended only on the types of school facilities projects listed below. The committee will be established within 60 days of the date when the results of the election appear in the minutes of the Board of Education.

Performance Audits. The Board of Education will conduct annual, independent performance audits to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The Board of Education will conduct annual, independent financial audits of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Government Code Accountability Requirements. As required by Section 53410 of the Government Code, (1) the specific purpose of the bonds is set forth in this Full Text of the Measure, (2) the proceeds from the sale of the bonds will be used only for the purposes specified in this measure, and not for any other purpose, (3) the proceeds of the bonds, when and if issued, will be deposited into a building fund to be held by the Solano County Treasurer, as required by the Education Code, and (4) the Superintendent of the District shall cause an annual report to be filed with the Board of Education of the District not later than January 1 of each year, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in this measure, as required by Sections 53410 and 53411 of the Government Code.

NO TEACHER OR ADMINISTRATOR SALARIES

Proceeds from the sale of bonds authorized by this measure shall be used only for the purposes specified in Article XIII A, Section 1(b)(3), specifically the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and the acquisition or lease of school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

STATE MATCHING FUNDS

The following statement is included in this measure pursuant to Education Code Section 15122.5: Approval of this measure does not guarantee that the proposed projects that are the subject of bonds under this measure will be funded beyond the local revenues generated by this measure. The District's proposal for the projects described below may assume the receipt of matching state funds, which, if available, could be subject to appropriation by the Legislature or approval of a statewide bond measure.

INFORMATION ABOUT ESTIMATES AND PROJECTIONS INCLUDED IN BALLOT

Voters are informed that any estimates or projections in the bond measure or ballot materials, including relating to estimated tax rates, the duration of issued bonds and related tax levies and collections are provided as informational only. Such amounts are estimates and are not maximum amounts or limitations on the terms of the bonds, the tax rate or duration of the tax supporting repayment of issued bonds. Such estimates depend on numerous variables which are subject to variation and change over the term of the District's overall facilities and bond financing plan, including but not limited to the amount of bonds issued and outstanding at any one time, the interest rates applicable to issued bonds, market conditions at the time of sale of the bonds, when bonds mature, timing of project needs and changes in assessed valuations in the District. As such, while such estimates and approximations are provided based on information currently available to the District and its current expectations, such estimates and approximations are not limitations and are not binding upon the District. In addition, the abbreviated and condensed statement of the bond measure presented to voters which is subject to a word count limitation imposed by State law does not limit the scope and complete meaning of the measure provided in this Full Text of Bond Measure and related ballot materials.

- Rental or construction of storage facilities and other space on an interim basis, as needed to accommodate construction materials, equipment, and personnel, and interim classrooms (including relocatables) for students and school functions or other storage for classroom materials displaced during construction.

Incidental Expenses. Each of the bond projects described in this Bond Project List include the costs of furnishing and equipping such facilities, and all costs which are incidental but directly related to the types of projects described above. Examples of incidental costs include, but are not limited to: costs of design, engineering, architect and other professional services, facilities assessments, inspections, site preparation, utilities, landscaping, bond project construction management, administration and other planning and permitting, legal, accounting and similar costs; independent annual financial and performance audits; a customary construction contingency; demolition and disposal of existing structures; the costs of interim housing and storage during construction including relocation and construction costs incurred relating to interim facilities; the preparation or restoration of construction, renovation or remodeling; rental or construction of storage facilities and other space on an interim basis for materials and other equipment and furnishings displaced during construction; costs of relocating facilities and equipment as needed in connection with the projects; interim classrooms and facilities for students, administrators, and school functions, including modular facilities; federal and state-mandated safety upgrades; addressing unforeseen conditions revealed by construction/modernization and other necessary improvements required to comply with existing building codes, including the Field Act; access requirements of the Americans with Disabilities Act; and costs of the election; bond issuance costs; and project administration during the duration of such projects, as permitted by law.

Furnishing and Equipping. Each project is assumed to include its share of furniture, fixtures, equipment, architectural, engineering, and similar planning costs, program/project management, staff training expenses and a customary contingency for unforeseen design and construction costs. In addition to the listed projects stated above, the list also includes the acquisition of a variety of instructional, maintenance and operational equipment, including the reduction or retirement of outstanding lease obligations and interim funding incurred to advance fund projects from the list; installation of signage and fencing; payment of the costs of preparation of all facility planning, facility studies, assessment reviews, facility master plan preparation and updates, environmental studies (including environmental investigation, remediation and monitoring), design and construction documentation, and temporary housing of dislocated District activities caused by construction projects. The upgrading of technology infrastructure includes, but is not limited to, computers, projectors, portable interface devices, servers, switches, routers, modules, sound projection systems, printers, digital white boards, document projectors, telephone system, call manager and network security/firewall, wireless technology systems and other miscellaneous equipment and software.

Alternations to Scope; New Construction. The scope and nature of any of the specific projects described above may be altered by the District as required by conditions that may arise during the course of design and construction. In the event that a modernization or renovation project is more economical for or otherwise determined by the Board to be in the best interests of the District to be undertaken as new construction, this bond measure authorizes said new construction including land acquisition, relocation and construction at a new or alternative site, and/or demolition and reconstruction and/or repurposing on the original site, including an expanded site, and all costs relating thereto. In addition, this measure authorizes the acquisition of real property, including necessary rights of ways or other real property interests, required to expand District facilities, to provide access to school or other District facilities, or to provide additional school or related facilities. For any project involving rehabilitation or renovation of a building or the major portion of a building, the District shall be authorized to proceed with new construction instead, if the Board of Education determines that replacement and new construction is more economically practical than rehabilitation and renovation, considering the building's age, condition, expected remaining life, and other relevant factors.

Interim Financing Included; Joint Use Projects Authorized. Authorized projects include paying and/or prepaying interim or previously obtained financing for the types of projects included on the Bond Project List, such as bond anticipation notes, and includes prepayment of lease payments to acquire title to facilities and/or equipment previously financed. Projects may also be undertaken on a joint use basis with other public entities.

Bond Project List Not in Order of Priority; Board Determines Prioritization. Approval of this bond measure does not guarantee that the proposed projects will be funded beyond the local revenues generated by the measure. The District's capital needs currently exceed the amount of bonds the voters are being asked to authorize. The order in which particular projects are listed is not intended to suggest priority for funding or completion, and itemization of projects in the list above does not guarantee that all such projects will be undertaken. Project priorities will be determined by the Board of Education. The ability of the District to undertake and complete the listed projects is subject to numerous variables including the adequacy and availability of sufficient funding sources. The District is unable to anticipate all unforeseen circumstances which may prevent some of the projects listed above from being undertaken or completed.

Interpretation. The terms of this bond measure and the words used in the Bond Project List shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the school facilities projects the District proposes to finance with the proceeds of the sale of bonds authorized by this proposition within the authority provided by law, including Article XIII A, Section 1 (b)(3) of the California Constitution, Education Code Section 15000 et seq. and the Strict Accountability in Local School Construction Bonds Act of 2000. Words used in the Bond Project List such as repair, improve, upgrade, expand, modernize, renovate, and reconfigure are used to describe school facilities projects in plain English but are not intended to expand the nature of such projects beyond what is authorized by law. As such, in accordance with legal requirements, the Bond Project List does not authorize, and shall not be interpreted to authorize, expending proceeds of the sale of bonds authorized by this proposition for current maintenance, operation or repairs.

Severability. The District Board hereby declares, and the voters by approving this Bond Measure concur, that every section and part of this bond proposition has independent value, and the District Board and the voters would have adopted each provision hereof regardless of every other provision hereof. Upon approval of this measure by the voters, should any part be found by a court of competent jurisdiction to be invalid for any reason, all remaining parts hereof shall remain in full force and effect to the fullest extent allowed by law, and to this end the provisions of this bond measure are severable.

ARGUMENT IN FAVOR OF MEASURE E

Our schools are some of the most important assets in our community and should be our number one priority. From higher achieving students to greater neighborhood safety and improved property values, quality schools make a difference. Although teachers and staff do their best in educating our children, many classrooms and school facilities at the Vacaville Unified School District are outdated and inadequate to provide students with the proper school facilities they need to succeed. This is why our children need your **YES vote on Measure E!**

Although our schools have been well maintained over the years, many classrooms are old and don't meet today's safety, technological, and educational standards. The average age of our schools is over 45 years old, with Vacaville High, our oldest, being constructed over 70 years ago. In addition, due to residential growth in Vacaville, our campuses are becoming overcrowded. We need major classroom and infrastructure improvements to maintain the quality of education provided to children.

If passed, Measure E will improve education locally by:

- Repairing or replacing leaky roofs
- Making safety and security improvements
- Providing additional science, technology, engineering, and mathematics (STEM) labs and classrooms
- Constructing a new school to relieve student overcrowding throughout the district
- Upgrading and expanding Career Technical Education facilities and programs

Measure E makes financial sense and protects taxpayers.

- By law, spending must be reviewed and annually audited by an independent citizens' oversight committee.
- All bond funds must be spent locally and **cannot be taken by the State.**
- Funds are required to be spent only on schools, not for administrator or teacher salaries.

Measure E renovates old and inadequate classrooms, improves the education of local children, and maintains the quality of our community. That's something we can all support. Please join us and **VOTE YES ON MEASURE E!**

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE E

VOTE NO on MEASURE E.

As grounds for more debt and higher taxes, the District says schools need safety and technology upgrades because they average "over 45 years old."

If building age were a logical reason for more debt and higher taxes, the District could recycle that reason every year – because every year school buildings get older.

But age isn't a logical reason. The State Capitol is 150 years old. U.C. Berkeley buildings are over 100 years old. Thanks to proper maintenance and incremental upgrades, these landmarks are perfectly safe and technologically modern.

Safety and technology were the reasons given for the \$101 million Measure V bond and the \$194 million Measure A bond. Both were passed and implemented. After nearly \$300 million, why are Vacaville schools still supposedly unsafe and outdated?

The District says new housing construction necessitates a new school. But developers are required to pay huge impact fees to fund school facilities to serve their developments. Where's that money?

Increasing taxes generally hurts the local economy. It can drive away new businesses and even existing businesses. It can cause property values to decline. And it's especially hard on seniors, the disabled, and low-income families.

Renters and homeowners still owe about \$200 million over the next 20 years from past bonds. The total debt of this new bond is estimated at over \$644 million! Let's pay what we owe before adding \$644 million in new debt and higher taxes!

VOTE NO ON MEASURE E.

ARGUMENT AGAINST MEASURE E

Oppose the bond. VOTE NO ON MEASURE E

It's a \$317 million tax increase on property – whether owned or rented.

In 2001, voters approved Measure V, a 40-year bond for \$101 million. In 2014, we approved a second bond, Measure A, a 30-year bond for \$194 million. Both raised taxes on property. Because interest and underwriting costs greatly increase the actual repayment amount, there's still about \$200 million left to pay on those two bonds.

In 2022, you rejected a third bond proposal by defeating Measure Q. The School District didn't listen to the voters. They're not only trying again, but they've also added more than \$87 million to the amount they want to borrow.

Bringing back a similar or even worse proposal so soon shows contempt for the voters' previous decision.

Student enrollment is shrinking as parents move away or home school to escape California's radical agenda. Yet the School District continues to receive the same share of local property tax revenue.

We are all required to live within our means. The School District Board should do so as well, rather than asking us to shift even more money from our budgets to theirs.

Rising prices on groceries, gas, PG&E, etc. are crushing many seniors, disabled and low-income families. This Measure E tax would increase their housing costs too! There's no exemption for seniors, disabled or low income. It applies whether you have students in school or not.

The so-called "oversight" committee is handpicked by the School District and has no real independence and no power. It just counts dollars after they're already spent.

Measure E is unfair, unnecessary and it is poor public policy.

Vote NO on Measure E. They may hear us this time.

REBUTTAL TO ARGUMENT AGAINST MEASURE E

Please don't let the argument against Measure E mislead you. The author doesn't live here and has submitted similar arguments against other Solano County school districts.

Many of Vacaville's most respected community members support Measure E. Let's trust them and not listen to incorrect statements from an outsider.

Consider the FACTS, and vote Yes on E.

FACT: Student enrollment is growing, which is why we need more classrooms and a new school. Enrollment in 2022 was 13,074; last year enrollment was 13,377, an increase of over 300 students in just two years.

FACT: By law, Measure E requires an independent citizens' oversight committee that is independent and ensures no waste or fraud on expenditures. No members can be employees of the District, and public reports are presented annually.

FACT: Measure E is the only way to improve classrooms and facilities with every penny spent on neighborhood schools. The project list in your voter pamphlet details the allowed use of funds on things like roofs, safety, science labs, and career technical classrooms. By law, no monies can be taken by the State or used for administrator salaries or benefits.

Measure E has unanimous support from Vacaville City Council and Vacaville Unified School Board, County Supervisor John Vasquez, local businesses, senior citizens, teachers, parents, and so many more. Let's listen to the people that actually live here and are part of the Vacaville community.

Our students deserve a quality education. **Join us and vote YES on E for Excellent Vacaville schools.**

TIPS AND ASSISTANCE FOR VOTING IN-PERSON

Your vote is important to us and we want to do all that we can to make the whole in-person voting experience enjoyable. Below you will find a few tips that you may find helpful.

Before you go...

Take note of your polling place. Your polling place may have changed since our last election.

You can find the address and quick reference map to your polling place on the enclosed voter flyer.

You can also find your polling place on the Registrar of Voters' website:

www.solanocounty.com/elections.

Practice marking your ballot. We have provided a sample of your ballot for you to make selections before heading to the polls. Use it as a guide when you vote your official ballot on Election Day.

To request a sample ballot, you can download one from our website:

www.solanocounty.com/elections or call our office at 707-784-6675.

On Election Day...

Check your time. Many voters vote on their way to work, on their lunch hour, or after work. If you have flexibility in your schedule consider visiting us mid-morning or mid-afternoon to miss the crowds.

If you have questions, please ask. Your poll workers will have the answers to many of your questions. You can also give us a call at 707-784-6675 and we will be glad to help.

If you need assistance...

As a voter, you may bring up to two individuals with you to your polling place to help you cast your ballot, as long as those individuals do not represent your employer or your union. Your polling place will have copies of the ballot in Spanish and Tagalog and may have poll workers ready to assist you who speak Spanish and Tagalog.

Como votante, usted puede traer dos individuos a la estación de votación para que le ayuden a emitir su voto. Sus acompañantes no pueden ser representantes de su empleador o sindicato. La estación de votación quizá mantenga copias en español de la papeleta de votación y emplee trabajadores que le puedan asistir en español.

Bilang botante, maaari kang magkaroon ng hanggang dalawang tao sa iyong lugar ng botohan o presinto upang matulungan kang i-record ang iyong balota, hangga't ang mga taong ito ay hindi kinakatawan ng iyong tagapag-empleyo o iyong unyon. Magkakaroon ng mga kopya ng iyong balota na isinalin sa Tagalog sa iyong lugar ng botohan. Maaaring may mga taong nagtatrabaho na nagsasalita ngtagalog sa lugar ng botohan.
