EXECUTIVE SUMMARY

In 1989, when the Integrated Waste Management Act, or Assembly Bill 939 (AB 939), was established, California diverted only 10 percent of solid waste out of landfills and into recycling and/or reuse projects. AB 939 mandated local jurisdictions to meet solid waste diversion goals of 25 percent by 1995 and 50 percent by 2000 and beyond [Public Resources Code (PRC), Section 41780]. To ensure a jurisdiction's success to achieve the diversion goal, each jurisdiction was required to create a Countywide Integrated Waste Management Plan (CIWMP) that looked at recycling programs and waste minimization policies. The preparation, adoption and maintenance of a CIWMP is subject to AB 939 and pursuant to Public Resources Code Section 41750-41451.

In Solano County, the CIWMP is prepared and maintained by the County of Solano in cooperation with its incorporated cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo. The CIWMP consists of the following five elements:

- **Source Reduction and Recycling Element (SRRE) [PRC Section 41780]**
Requires an implementation schedule of diversion programs that shows how the jurisdiction would achieve the mandated diversion goals through source reduction, recycling and composting activities.
- **Household Hazardous Waste Element (HHWE) [PRC Section 41500]**
Requires identification of programs for the safe collection, recycling, treatment, and disposal of hazardous wastes generated by households and should be separated from the solid waste stream.
- **Countywide Siting Element (CSE) [Title 14, CCR Section 18755]**
Requires demonstration of 15 years combined permitted disposal capacity through existing or planned solid waste disposal facilities or through additional strategies.
- **Summary Plan (SP) [PRC Section 41751]**
Provide an overview of significant waste management problems faced by the jurisdiction, along with specific steps to be taken, independently and in concert with cities within their boundaries in order to comply with AB 939.
- **Non-Disposal Facility Element (NDFE) [PRC Section 41732]**
Requires identification and description of all existing or proposed non-disposal facilities to be utilized to implement diversion programs outlined in the SRRE to meet diversion goals.

In 1994, the cities and county of Solano each prepared their own original Non-Disposal Facility Element (NDFE) of the CIWMP that was approved by the former California Integrated Waste Management Board (CIWMB), now CalRecycle. In 1998, Solano County Unincorporated was the only Solano County jurisdiction to amend its original NDFE and that first amendment included updates on all non-disposal facilities utilized by the cities and county of Solano.

In 2009, Solano County's Local Task Force for Integrated Waste Management directed the update of the CIWMP elements beginning with the NDFE. On behalf of its cities, Solano County led the preparation of

the second amendment to the NDFE and determined that the shared use of non-disposal facilities justified a single, multi-jurisdictional NDFE to be recognized as the second amendment to the Countywide Non-Disposal Facility Element of the Countywide Integrated Waste Management Plan when submitted to the respective governing authorities for adoption and approval.

The primary purpose of a NDFE is to identify new, existing, or expanding “non-disposal” facilities within a jurisdiction’s borders required to obtain a state-issued Solid Waste Facility Permit to operate for the purpose of these facilities being found in conformance with the CIWMP.

Non-Disposal Facility: A solid waste facility required to obtain a permit from CalRecycle that is a material recovery facility, compost facility, or transfer station/processing facility; a non-disposal facility is NOT a solid waste disposal facility or a transformation facility.

Solid Waste Disposal Facility: Accepts solid waste for land disposal.

***Transformation Facility:** A facility whose principal function is to process solid waste by incineration, pyrolysis, destructive distillation, or gasification for the purpose of volume reduction, synthetic fuel production, or energy recovery; biomass and composting are NOT transformation.

*NOTE: California has three transformation facilities located in the City of Commerce, City of Long Beach and Stanislaus County.

Non-disposal facilities in Solano County are described in a section of this NDFE as:

In-County PERMITTED Non-Disposal Solid Waste Facilities

Additionally, a NDFE may also identify facilities located within and outside jurisdictional borders that are, and are not, subject to a state-issued Solid Waste Facility permit but are utilized to meet AB 939 waste diversion goals through implementation of the Source Reduction and Recycling Element (SRRE).

These facilities are described in sections of this NDFE as:

Out-of-County PERMITTED Non-Disposal Solid Waste Facilities

In-County OPTIONAL Facilities

Out-of-County OPTIONAL Facilities

The second amendment to the Countywide Non-Disposal Facility Element is intended to update existing, identify new, and adequately describe non-disposal facilities utilized in the collection and processing of commingled recyclables, green waste and organics, and construction, demolition, and inert debris material generated within the cities and county of Solano that contribute to the mandatory waste diversion mandate under AB 939.

CalRecycle would determine this diversion rate by using a complex mathematical calculation based on estimated generation and actual disposal that could not be finalized for up to two years after each reporting year. This calculation method would later be replaced in 2007 as a result of stakeholders desiring emphasis on program implementation rather than numbers.

The Solid Waste Disposal Measurement Act of 2007 (SB 1016)

In 2007, Senate Bill (SB) 1016 was enacted to make the process of goal measurement as established by the Integrated Waste Management Act of 1989 (AB 939) simpler, more timely, and more accurate to evaluate jurisdictions' program implementation. SB 1016 does not change the 50 percent requirement in AB 939--it just measures it differently.

The 50 percent equivalent per capita disposal target is equal to the amount of disposal a jurisdiction would have had during the base period if it had been exactly at a 50 percent diversion rate. It is calculated using the average of 2003-2006 per capita generation for each jurisdiction. It then divides this generation average in half to determine the 50 percent equivalent per capita disposal target.

Per Resident Disposal Rate (RDR) / Day

	RDR Target (PPD)	2007 RDR (PPD)	2008 RDR (PPD)
Benicia	10.5	8.1	7.5
Dixon	9.9	5.7	4.5
Fairfield	8.5	5.9	5.4
Rio Vista	9.7	5.4	4.6
Suisun City	4.9	3.7	3.3
Vacaville	6.5	6.0	5.5
Vallejo	5.5	4.4	3.5
Unincorporated Solano County	7.7	5.5	4.4
Average	7.9	5.6	4.8

*Per Employee Disposal Rate (EDR) / Day

	EDR Target (PPD)	2007 EDR (PPD)	2008 EDR (PPD)
Benicia	23.3	17.1	15.5
Dixon	22.1	13.7	11.2
Fairfield	22.7	15.8	15.2
Rio Vista	39.7	26.4	22.8
Suisun City	32.8	32.8	29.3
Vacaville	24.6	21.1	19.3
Vallejo	24.1	18.5	14.3
Unincorporated Solano County	26.0	19.3	15.3
Average	26.9	20.6	17.9

*Industry employment is calculated using the same method as the population 50 percent equivalent disposal target rate. However, only employment and generation for the years 2005 and 2006 will be used since industry employment at the jurisdiction level is only available after 2005.

City of Benicia

On October 1, 2001 the City of Benicia entered into an exclusive franchise agreement with Republic Services, Inc., the parent company of Allied Waste Services (also known as Pleasant Hill Bayshore Disposal), for garbage, green waste, and recyclables collection. The agreement is due to expire on February 8, 2012.

- Commingled recyclables include aluminum and tin cans, glass bottles and jars, all plastic #1-#7, newspapers, magazines, all paper, chipboard, scrap metal and small metal items are collected bi-weekly at curbside from the residential and commercial sectors and direct-hauled to **Pacific Rim Recycling** in Benicia, CA where the material is source-separated for commodity market sales. (See Page 33)

-Yard Waste is commingled grass clippings, leaves, tree/shrub prunings, and weeds are collected bi-weekly at curbside from the residential and commercial sectors and direct-hauled to **Contra Costa Transfer Station and Recovery** in Martinez, CA and transferred for processing as alternative daily cover for use at Keller Canyon Landfill. (See Page 24)

-C & D material is source-separated by debris box and self-haul commodities are delivered to **Contra Costa Transfer Station and Recovery** in Martinez, CA where wood and green waste is ground and transported to Keller Canyon Landfill for use as alternative daily cover; concrete and asphalt are ground for winter tipping pads and access roads at Keller Canyon Landfill; clean soil is used for alternative daily cover at Keller Canyon Landfill; cardboard is direct-hauled to **Pacific Rim Recycling** in Benicia, CA where the material is processed for commodity market sales; and metal is truck-transferred to **Sims Metal Management** in Richmond, CA where ferrous and non-ferrous metals are prepared for commodity market sales. (See Page 24, 33, 42)

The Residential Disposal Rate (RDR) for the City of Benicia is as follows:

Residential Disposal Rate Target	10.5 ppd
2007 Reporting Year RDR	8.1 ppd
2008 Reporting Year RDR	7.5 ppd

*ppd = pounds per person per day

City of Dixon

On April 9, 1996 the City of Dixon entered into an exclusive franchise agreement with Recology Dixon, formerly Dixon Sanitary Service, for garbage, green waste, and recyclables collection. The agreement is due to expire December 31, 2017; the agreement is renewed every year pending City Council approval and is a rolling eight-year agreement.

- Commingled recyclables are aluminum and tin cans, glass bottles and jars, #1-#7 narrow-neck plastic bottles and jugs, newspapers, magazines, and chipboard are collected weekly at curbside from the residential and commercial sectors and delivered to Recology Hay Road for drop-off into recycling bunkers and then transferred into a tractor-trailer for transport to **Recology Vallejo** in Vallejo, CA where the material is source-separated for commodity market sales. **(See Page 36)**

-Yard Waste is commingled with limited organics that include grass clippings, leaves, tree/shrub prunings, weeds, bread, and kitchen fruit and vegetable scraps are collected weekly at curbside from the residential and commercial sectors and then direct-hauled to **Jepson Prairie Organics** in Vacaville, CA for processing into local residential compost use; and agricultural and landscape compost market sales. **(See Page 21)**

-C & D material is source-separated by debris box and direct-hauled to **Recology Hay Road** in Vacaville, CA where concrete and asphalt are ground for winter access roads and winter tipping pads; wood waste and green waste is ground for compost; clean soil is used as landfill cover; and metal is recycled by **Standard Iron & Metals Company** in Oakland, CA where ferrous and non-ferrous metals are prepared for commodity market sales. **(See Page 35, 43)**

The Residential Disposal Rate (RDR) for the City of Dixon is as follows:

Residential Disposal Rate (RDR) Target	9.9 ppd*
2007 Reporting Year RDR	5.7 ppd*
2008 Reporting Year RDR	4.5 ppd*

*ppd = pounds per person per day

City of Fairfield

On July 17, 2001 the City of Fairfield entered into an *exclusive franchise agreement with Republic Services, Inc., the parent company of Solano Garbage Company for garbage, green waste, and recyclables collection. The agreement is due to expire November 15, 2012.

*Construction and Demolition hauling is subject to the City of Fairfield's Construction and Demolition Ordinance and not exclusive to the franchise agreement.

- Commingled recyclables are aluminum and tin cans, glass bottles and jars, #1-#2 narrow-neck plastic bottles and jugs, newspapers, magazines, and chipboard are collected weekly at curbside from the residential and commercial sectors and delivered to Solano Garbage Company in Fairfield, CA for drop-off into recycling bunkers and then transferred into a tractor-trailer for transport to **West County Resources Recovery, Inc.** in Richmond, CA where the material is source-separated for commodity market sales. **(See Page 29)**

-Yard Waste is commingled with limited organics that include grass clippings, leaves, tree/shrub prunings, weeds, vegetable and fruit matter, grain products and baked goods, egg shells, coffee grounds, meat, fish, bones, and other decomposable matter are collected weekly at curbside from the residential and commercial sectors and then direct-hauled to **Potrero Hills Compost Facility** in Suisun, CA for processing. **(See Page 22)**

-C & D material is source-separated by debris box where metal is recycled by **Alco Iron & Metal Company** in Vallejo, CA where ferrous and non-ferrous metals are prepared for commodity market sales; concrete and asphalt are direct-hauled to **Potrero Hills Landfill** in Suisun, CA to be ground for on-site road base; wood waste and green waste is direct-hauled to **Potrero Hills Landfill** in Suisun, CA to be ground for on-site alternative daily cover; and clean soil is direct-hauled to **Potrero Hills Landfill** in Suisun, CA for on-site landfill cover. **(See Page 31, 34)**

Other haulers also take C&D materials to the following non-disposal facilities:

Contra Costa Transfer Station and Recovery, Page 24

Devlin Road Transfer Station, Page 25

K&M Recycling Recycle America Alliance, Page 26

M&M Services, Inc., Page 27

Concrush, Page 32

The Residential Disposal Rate (RDR) for the City of Fairfield is as follows:

Residential Disposal Rate (RDR) Target	8.5 ppd*
2007 Reporting Year RDR	5.9 ppd*
2008 Reporting Year RDR	5.4 ppd*

*ppd = pounds per person per day

City of Rio Vista

On October 1, 2002 the City of Rio Vista entered into an exclusive franchise agreement with Rio Vista Sanitation Service, Inc., whose parent company is Garaventa Enterprises, for garbage and recyclables collection. The agreement is due to expire October 1, 2011.

- Commingled recyclables are aluminum and tin cans, glass bottles and jars, #1-#7 plastics, newspapers, magazines, paper, and chipboard are collected weekly at curbside from the residential sector and direct-hauled to **Mount Diablo Recycling** in Pittsburg, CA where the material is source-separated for commodity market sales. (See Page 41)

-Yard Waste service is not included in the franchise agreement.

-C & D material is source-separated by debris box and direct-hauled to **Contra Costa Waste Service** in Pittsburg, CA where concrete and asphalt are ground and delivered to Antioch Building Materials; wood waste and green waste is ground for compost; clean soil is used as alternative daily cover at Potrero Hills Landfill in Suisun, CA; and metal is recycled by Standard Iron & Metal in Oakland, CA where ferrous and non-ferrous metals are prepared for commodity market sales. (See Page 40)

The Residential Disposal Rate (RDR) for the City of Rio Vista is as follows:

Residential Disposal Rate (RDR) Target	9.7 ppd*
2007 Reporting Year RDR	5.4 ppd*
2008 Reporting Year RDR	4.6 ppd*

*ppd = pounds per person per day

City of Suisun City

On March 17, 1998 the City of Suisun City entered into an exclusive franchise agreement with Republic Services, Inc., the parent company of Solano Garbage Company for garbage, green waste, and recyclables collection. The agreement is due to expire December 31, 2023.

- Commingled recyclables are aluminum and tin cans, glass bottles and jars, #1-#2 narrow-neck plastic bottles and jugs, newspapers, magazines, and chipboard are collected weekly at curbside from the residential and commercial sectors and delivered to Solano Garbage Company in Fairfield, CA for drop-off into recycling bunkers and then transferred into a tractor-trailer for transport to **West County Resources Recovery, Inc.** in Richmond, CA where the material is source-separated for commodity market sales. **(See Page 29)**

-Yard Waste is commingled with limited organics that include grass clippings, leaves, tree/shrub prunings, weeds, vegetable and fruit matter, grain products and baked goods, egg shells, coffee grounds, meat, fish, bones, and other decomposable matter are collected weekly at curbside from the residential and commercial sectors and then direct-hauled to **Potrero Hills Compost Facility** in Suisun, CA for processing. **(See Page 22)**

-C & D material is source-separated by debris box where metal is recycled by **Alco Iron & Metal Company** in Vallejo, CA where ferrous and non-ferrous metals are prepared for commodity market sales; concrete and asphalt are direct-hauled to **Potrero Hills Landfill** in Suisun, CA to be ground for on-site road base; wood waste and green waste is direct-hauled to **Potrero Hills Landfill** in Suisun, CA to be ground for on-site alternative daily cover; and clean soil is direct-hauled to **Potrero Hills Landfill** in Suisun, CA for on-site landfill cover. **(See Page 31, 34)**

The Residential Disposal Rate (RDR) for the City of Suisun City is as follows:

Residential Disposal Rate (RDR) Target	4.9 ppd*
2007 Reporting Year RDR	3.7 ppd*
2008 Reporting Year RDR	3.3 ppd*

*ppd = pounds per person per day

City of Vacaville

On July 1, 1990 the City of Vacaville entered into an exclusive franchise agreement with Recology Vacaville Solano, formerly Vacaville Sanitary Service, for garbage, green waste, and recyclables collection. The agreement is due to expire June 30, 2013.

- Commingled recyclables are aluminum and tin cans, glass bottles and jars, #1-#7 narrow-neck plastic bottles and jugs, newspapers, magazines, and chipboard are collected weekly at curbside from the residential and commercial sectors and delivered to Recology Hay Road for drop-off into recycling bunkers and transferred into a tractor-trailer for transport to **Recology Vallejo** in Vallejo, CA where the material is source-separated for commodity market sales. (See Page 36)

-Yard Waste is commingled grass clippings, leaves, tree/shrub prunings, weeds, bread, and kitchen fruit and vegetable scraps are collected weekly at curbside from the residential sector and then direct-hauled to **Jepson Prairie Organics** in Vacaville, CA for processing into local residential compost use; and agricultural and landscape compost market sales. (See Page 21)

-C & D material is source-separated by debris box and direct-hauled to **Recology Hay Road** in Vacaville, CA where concrete and asphalt are ground for winter access roads and winter tipping pads; wood waste and green waste is ground for compost; clean soil is used as landfill cover; and metal is recycled by **Standard Iron & Metals Company** in Oakland, CA where ferrous and non-ferrous metals are prepared for commodity market sales. (See Page 35, 43)

The Residential Disposal Rate (RDR) for the City of Vacaville is as follows:

Residential Disposal Rate (RDR) Target	6.5 ppd*
2007 Reporting Year RDR	6.0 ppd*
2008 Reporting Year RDR	5.5 ppd*

*ppd = pounds per person per day

City of Vallejo

On July 1, 1987 the City of Vallejo entered into an *exclusive franchise agreement with Recology Vallejo, formerly Vallejo Garbage Service, for garbage, green waste, and recyclables collection. The agreement is due to expire June 30, 2017.

*Construction and Demolition hauling is subject to the City of Vallejo's Construction and Demolition Ordinance and not exclusive to the franchise agreement.

- Commingled recyclables are aluminum and tin cans, glass bottles and jars, #1-#7 narrow-neck plastic bottles and jugs, newspapers, magazines, and chipboard are collected weekly at curbside from the residential and commercial sectors and direct-hauled to **Recology Vallejo** in Vallejo, CA where the material is source-separated for commodity market sales. (See Page 36)

-Yard Waste is commingled grass clippings, leaves, tree/shrub prunings, and weeds are collected weekly at curbside from the residential and commercial sectors and delivered to Recology Vallejo for drop-off into recycling bunkers and transferred into a tractor-trailer for transport to **Jepson Prairie Organics** in Vacaville, CA for processing into agricultural and landscape compost market sales. (See Page 21)

-C & D material is source-separated by debris box where green waste is transferred into a tractor-trailer for transport at Recology Vallejo in Vallejo, CA and direct-hauled to **Jepson Prairie Organics** in Vacaville, CA; commingled C&D is direct-hauled to **Devlin Road Transfer Station** in American Canyon, CA; wood waste and clean dirt are direct-hauled to **Napa Materials Diversion Facility**; cardboard is processed on-site at **Recology Vallejo** in Vallejo, CA for commodity market sales; concrete and asphalt are direct-hauled to **Syar Industries, Inc.** in Vallejo, CA; metal is direct-hauled to **Steel Mill Supply** in Napa, CA where ferrous and non-ferrous metals are prepared for commodity market sales. (See Page 21, 25, 28, 36, 38, 44).

The Residential Disposal Rate (RDR) for the City of Vallejo is as follows:

Residential Disposal Rate (RDR) Target	5.5 ppd*
2007 Reporting Year RDR	4.4 ppd*
2008 Reporting Year RDR	3.5 ppd*

*ppd = pounds per person per day

Unincorporated Solano County (Outside the City of Benicia)

The County of Solano has not entered into a franchise agreement with Republic Services, Inc., the parent company of Allied Waste Services (also known as Pleasant Hill Bayshore Disposal), for garbage, green waste, or recyclables collection. However, the County’s service area map adopted in 2004 assigns this hauler as the designated provider. **(See Page 45)**

- Commingled recyclables include aluminum and tin cans, glass bottles and jars, all plastic #1-#7, newspapers, magazines, all paper, chipboard, scrap metal and small metal items are collected bi-weekly at curbside from the residential and commercial sectors and direct-hauled to **Pacific Rim Recycling** in Benicia, CA where the material is source-separated for commodity market sales. **(See Page 33)**

-Yard Waste is commingled grass clippings, leaves, tree/shrub prunings, and weeds are collected bi-weekly at curbside from the residential and commercial sectors and direct-hauled to **Contra Costa Transfer Station and Recovery** in Martinez, CA and transferred for processing as alternative daily cover for use at Keller Canyon Landfill. **(See Page 24)**

-C & D material is source-separated by debris box and self-haul commodities are delivered to **Contra Costa Transfer Station and Recovery** in Martinez, CA where wood and green waste is ground and transported to Keller Canyon Landfill for use as alternative daily cover; concrete and asphalt are ground for winter tipping pads and access roads at Keller Canyon Landfill; clean soil is used for alternative daily cover at Keller Canyon Landfill; cardboard is direct-hauled to **Pacific Rim Recycling** in Benicia, CA where the material is processed for commodity market sales; and metal is truck-transferred to **Sims Metal Management** in Richmond, CA where ferrous and non-ferrous metals are prepared for commodity market sales. **(See Page 24, 33, 42)**

While the unincorporated areas of Solano County are served by different solid waste providers, Solano County Unincorporated reports the sum of its areas for waste diversion and disposal to CalRecycle.

The Residential Disposal Rate (RDR) for the Unincorporated Solano County is as follows:

Residential Disposal Rate Target (pounds per day)	7.7 ppd
2007	5.5 ppd
2008	4.4 ppd

Unincorporated Solano County (Outside the Cities of Dixon and Vacaville)

On January 1, 2005 the County of Solano entered into a franchise agreement with Recology Vacaville Solano, formerly Vacaville Sanitary Service, for garbage, green waste, and recyclables collection. The agreement is due to expire December 31, 2014.

- Commingled recyclables are aluminum and tin cans, glass bottles and jars, #1-#7 narrow-neck plastic bottles and jugs, newspapers, magazines, and chipboard are collected weekly at curbside from the residential and commercial sectors and delivered to Recology Hay Road for drop-off into recycling bunkers and transferred into a tractor-trailer for transport to **Recology Vallejo** in Vallejo, CA where the material is source-separated for commodity market sales. **(See Page 36)**

-Yard Waste is commingled grass clippings, leaves, tree/shrub prunings, weeds, bread, and kitchen fruit and vegetable scraps that the residential sector may self-haul two times per year to **Jepson Prairie Organics** in Vacaville, CA for processing into local residential compost use; and agricultural and landscape compost market sales. **(See Page 21)**

-C & D material is source-separated by debris box and direct-hauled to **Recology Hay Road** in Vacaville, CA where concrete and asphalt are ground for winter access roads and winter tipping pads; wood waste and green waste is ground for compost; clean soil is used as landfill cover; and metal is recycled by **Standard Iron & Metals Company** in Oakland, CA where ferrous and non-ferrous metals are prepared for commodity market sales. **(See Page 35, 43)**

While the unincorporated areas of Solano County are served by different solid waste providers, Solano County Unincorporated reports the sum of its areas for waste diversion and disposal to CalRecycle.

The Residential Disposal Rate (RDR) for the Unincorporated Solano County is as follows:

Residential Disposal Rate Target (pounds per day)	7.7 ppd
2007	5.5 ppd
2008	4.4 ppd

Unincorporated Solano County (Outside the Cities of Fairfield and Suisun City)

On January 1, 2005 the County of Solano entered into an exclusive franchise agreement with Solano Garbage Company for garbage, green waste, and recyclables collection. The agreement is due to expire December 31, 2014.

- Commingled recyclables are aluminum and tin cans, glass bottles and jars, #1-#2 narrow-neck plastic bottles and jugs, newspapers, magazines, and chipboard are collected weekly at curbside from the residential and commercial sectors and delivered to Solano Garbage Company in Fairfield, CA for drop-off into recycling bunkers and then transferred into a tractor-trailer for transport to **West County Resources Recovery, Inc.** in Richmond, CA where the material is source-separated for commodity market sales. **(See Page 29)**

-Yard Waste is commingled with limited organics that include grass clippings, leaves, tree/shrub prunings, weeds, vegetable and fruit matter, grain products and baked goods, egg shells, coffee grounds, meat, fish, bones, and other decomposable matter are collected weekly at curbside from the residential and commercial sectors and then direct-hauled to **Potrero Hills Compost Facility** in Suisun, CA for processing. **(See Page 22)**

-C & D material is source-separated by debris box where metal is recycled by **Alco Iron & Metal Company** in Vallejo, CA where ferrous and non-ferrous metals are prepared for commodity market sales; concrete and asphalt are direct-hauled to **Potrero Hills Landfill** in Suisun, CA to be ground for on-site road base; wood waste and green waste is direct-hauled to **Potrero Hills Landfill** in Suisun, CA to be ground for on-site alternative daily cover; and clean soil is direct-hauled to **Potrero Hills Landfill** in Suisun, CA for on-site landfill cover. **(See Page 31, 34)**

While the unincorporated areas of Solano County are served by different solid waste providers, Solano County Unincorporated reports the sum of its areas for waste diversion and disposal to CalRecycle.

The Residential Disposal Rate (RDR) for the Unincorporated Solano County is as follows:

Residential Disposal Rate Target (pounds per day)	7.7 ppd
2007	5.5 ppd
2008	4.4 ppd

Unincorporated Solano County (Outside the City of Rio Vista)

The County of Solano has not entered into a franchise agreement with Garaventa Enterprises, Inc., the parent company of Rio Vista Sanitation Service, for garbage, green waste, or recyclables collection. However, the County's service area map adopted in 2004 assigns this hauler as the designated provider. **(See Page 45)**

- Commingled recyclables are aluminum and tin cans, glass bottles and jars, #1-#7 plastics, newspapers, magazines, paper, and chipboard are collected weekly at curbside from the residential sector and direct-hauled to **Mount Diablo Recycling** in Pittsburg, CA where the material is source-separated for commodity market sales. **(See Page 41)**

-Yard Waste service is unavailable.

-C & D material is source-separated by debris box and direct-hauled to **Contra Costa Waste Service** in Pittsburg, CA where concrete and asphalt are ground and delivered to Antioch Building Materials; wood waste and green waste is ground for compost; clean soil is used as alternative daily cover at Potrero Hills Landfill in Suisun, CA; and metal is recycled by Standard Iron & Metal in Oakland, CA where ferrous and non-ferrous metals are prepared for commodity market sales. **(See Page 40)**

While the unincorporated areas of Solano County are served by different solid waste providers, Solano County Unincorporated reports the sum of its areas for waste diversion and disposal to CalRecycle.

The Residential Disposal Rate (RDR) for the Unincorporated Solano County is as follows:

Residential Disposal Rate Target (pounds per day)	7.7 ppd
2007	5.5 ppd
2008	4.4 ppd

Unincorporated Solano County (Outside the City of Vallejo)

On January 1, 2005 the County of Solano entered into an exclusive franchise agreement with Recology Vacaville Solano, formerly Vacaville Sanitary Service, for garbage, green waste, and recyclables collection. The agreement is due to expire December 31, 2014.

- Commingled recyclables are aluminum and tin cans, glass bottles and jars, #1-#7 narrow-neck plastic bottles and jugs, newspapers, magazines, and chipboard are collected weekly at curbside from the residential and commercial sectors and direct-hauled to **Recology Vallejo** in Vallejo, CA where the material is source-separated for commodity market sales. (See Page 36)

-Yard Waste is commingled grass clippings, leaves, tree/shrub prunings, weeds, bread, and kitchen fruit and vegetable scraps are collected weekly at curbside from the residential sector and direct-hauled to Recology Vallejo for drop-off into recycling bunkers and transferred into a tractor-trailer for transport to **Jepson Prairie Organics** in Vacaville, CA for processing into agricultural and landscape compost market sales. (See Page 21)

-C & D material is source-separated by debris box and direct-hauled to **Recology Hay Road** in Vacaville, CA where concrete and asphalt are ground for winter access roads and winter tipping pads; wood waste and green waste is ground for compost; clean soil is used as landfill cover; and metal is recycled by **Standard Iron & Metals Company** in Oakland, CA where ferrous and non-ferrous metals are prepared for commodity market sales. (See Page 35, 43)

While the unincorporated areas of Solano County are served by different solid waste providers, Solano County Unincorporated reports the sum of its areas for waste diversion and disposal to CalRecycle.

The Residential Disposal Rate (RDR) for the Unincorporated Solano County is as follows:

Residential Disposal Rate Target (pounds per day)	7.7 ppd
2007	5.5 ppd
2008	4.4 ppd

May 20, 2010

Narcisa Untal, Senior Planner
Department of Resource Management
County of Solano
675 Texas Street, Suite 5500
Fairfield, CA 94533

Dear Narcisa:

The Solano County Local Task Force for Integrated Waste Management, created pursuant to Public Resources Code (PRC) Section 40950, has been providing technical guidance throughout the process that has led to its final review of the Second Amendment to the Countywide Non-Disposal Facility Element (NDFE) of the Solano County Countywide Integrated Waste Management Plan, as required by PRC Section 41734 (a) and (b).

In the Second Amendment to the NDFE there is the addition of fourteen newly identified facilities and eight updated facilities from the first amendment. The LTF believes that these facilities will collectively impact the region positively.

The LTF also identified four facilities listed in the first amendment that were determined to not be included in the second amendment due to these facilities no longer assisting the cities and county of Solano in meeting or exceeding their state-mandated waste reduction goals.

At a regular meeting of its membership on Thursday, May 20, 2010, a verbal roll-call of the membership concluded that the LTF has no comment to the final copy of the second amendment to the Countywide NDFE.

Sincerely,

A handwritten signature in black ink, appearing to read "Jane Bogner".

Jane Bogner
Chair

**NOTICE OF PUBLIC HEARING
(Board of Supervisors)**
(The County of Solano, in compliance with the Americans With Disabilities Act of 1990, will provide accommodations for persons with disabilities who attend public meetings and or participate in county sponsored programs, services, and activities. If you have the need for an accommodation, such as, interpreters or materials in alternative format, please contact Kristine Letterman, Department of Resource Management at the address and phone number listed above.)

NOTICE IS HEREBY GIVEN that the Solano County Board of Supervisors will hold a public hearing to consider a second amendment to the Countywide Non-Disposal Facility Element of the Solano County Countywide Integrated Waste Management Plan to meet solid waste diversion mandates set forth by California Public Resources Code Section 41780.

The Code requires that every California city and county prepare, adopt, and maintain a Non-Disposal Facility Element for all permitted solid waste facilities, other than disposal facilities as part of the Countywide Integrated Waste Management Plan. The Solano County Local Task Force for Integrated Waste Management has reviewed the second amendment to the Countywide Non-Disposal Facility Element and has commented on the final copy.

If you challenge the proposed consideration in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the Board of Supervisors at, or prior to, the public hearing.

Any person wishing to comment on the project and/or review the information contained within the project file may do so at the Solano County Department of Resource Management, Planning Division, County Administration Center, 675 Texas Street, Suite 5500, Fairfield.

The hearing will be held in the Board of Supervisors' Chambers, County Administration Center, 1st Floor, 675 Texas Street, Fairfield on Tuesday, June 8, 2010. The meeting begins at 9:00 a.m. Interested persons may appear and be heard.

MICHAEL JOHNSON
Clerk of the Board of Supervisors
County of Solano, State of California

RESOLUTION NO. 2010- 147

**RESOLUTION OF THE BOARD OF SUPERVISORS OF SOLANO COUNTY
APPROVING THE SECOND AMENDMENT TO THE COUNTYWIDE NON-
DISPOSAL FACILITY ELEMENT OF THE COUNTYWIDE INTEGRATED
WASTE MANAGEMENT PLAN**

WHEREAS, Public Resources Code (PRC) section 40900 et seq. describe the requirements to be met by cities and counties when developing and implementing integrated waste management plans; and

WHEREAS, PRC section 41730 et seq. require that each city and county prepare and adopt a *Non-Disposal Facility Element* which includes a description of existing and new solid waste facilities, and the expansion of existing solid waste facilities, that are needed to implement a jurisdiction's Source Reduction and Recycling Element, to enable it to meet the requirements of PRC Section 41780; and

WHEREAS, PRC section 40151 defines a non-disposal facility as any solid waste facility required to obtain a state-issued solid waste facility permit, except a disposal facility or transformation facility; and

WHEREAS, 14 California Code of Regulations (CCR) 18752 et seq. allow the inclusion of other facilities, such as recycling centers, in the Non-Disposal Facility Element that are not defined as *non-disposal facilities* but assist the jurisdictions in meeting the waste diversion mandate; and

WHEREAS, the County of Solano's original Non-Disposal Facility Element was adopted on December 13, 1994 and the first amendment was adopted on August 11, 1998; and

WHEREAS, the County of Solano led the preparation of the NDFE update to supersede the first amendment on behalf of the Cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo and determined that the shared use of non-disposal facilities justified a single, multi-jurisdictional submission recognized as the Countywide Non-Disposal Facility Element of the Countywide Integrated Waste Management Plan; and

WHEREAS, PRC section 41734 requires that prior to the adoption or approval of an amendment, the Solano County Local Task Force ("LTF") for Integrated Waste Management shall assess regional impacts of the potential diversion facilities in its technical reviews and formally comment on the final copy; and

WHEREAS, PRC section 41735 provides that the adoption or amendment of the Non-Disposal Facility Element is not subject to environmental review under the California Environmental Quality Act; and

RESOLVED, the Board of Supervisors of the County of Solano approves the second amendment to the Countywide Non-Disposal Facility Element of the Countywide Integrated Waste Management Plan.

Passed and adopted by the Solano County Board of Supervisors at its regular meeting on June 8, 2010, by the following vote:

AYES:	Supervisors	Kondylis, Reagan, Seifert, Spering, and Chair Vasquez
NOES:	Supervisors	None
EXCUSED:	Supervisors	None

John M. Vasquez, Chair
Solano County Board of Supervisors

ATTEST:
Michael D. Johnson, Clerk
Solano County Board of Supervisors

By: 

Patricia J. Crittenden, Chief Deputy Clerk

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that a PUBLIC HEARING will be held Tuesday, July 20, 2010, at 7:00 p.m. in the City Council Chambers, City Hall, 250 East L Street, to consider the following:

- Consider a second amendment to the Countywide Non-Disposal Facility Element of the Solano County Countywide Integrated Waste Management Plan to meet solid waste diversion mandates set forth by California Public Resources Code Section 41780.

The Code requires that every California city and county prepare, adopt, and maintain a Non-Disposal Facility Element for all permitted solid waste facilities, other than disposal facilities as part of the Countywide Integrated Waste Management Plan. The Solano County Local Task Force for Integrated Waste Management has reviewed the second amendment to the Countywide Non-Disposal Facility Element and has commented on the final copy.

A public information file is available for public review in the Public Works and Community Development Department, 250 East L Street, Benicia, Monday through Friday (except legal holidays) between the hours of 8:30 a.m. and 5:00 p.m. The meeting agenda and packet materials are also available at the Benicia Public Library several days before the meeting date, as well as on the City's website at www.ci.benicia.ca.us/announcements

Any written comments should be submitted prior to the public hearing to:

Public Works & Community Development Director
250 East L Street
Benicia, CA 94510
(707) 746-4240

Pursuant to Government Code Section 65009: If you challenge a decision of the City Council in court,

you may be limited to raising only those issues you or someone else raised at the Public Hearing described in this notice, or in written correspondence delivered to the City Council at, or prior to, the Public Hearing.

You may also be limited by the ninety (90) day statute of limitations in which to file and serve a petition for administrative writ of mandate challenging any final City decisions regarding planning or zoning.

BY ORDER OF THE COUNCIL: LISA WOLFE, CITY CLERK

RESOLUTION NO. 10-101

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BENICIA
APPROVING THE SECOND AMENDMENT TO THE COUNTYWIDE NON-
DISPOSAL FACILITY ELEMENT OF THE COUNTYWIDE INTEGRATED WASTE
MANAGEMENT PLAN**

WHEREAS, Public Resources Code (PRC) Sections 40900 et seq. describe the requirements to be met by cities and counties when developing and implementing integrated waste management plans; and

WHEREAS, PRC Sections 41730 et seq. require that each city and county prepare and adopt a Non-Disposal Facility Element which includes a description of existing and new solid waste facilities, and the expansion of existing solid waste facilities, that are needed to implement a jurisdiction's Source Reduction and Recycling Element, to enable it to meet the requirements of PRC Section 41780; and

WHEREAS, PRC Section 40151 defines a non-disposal facility as any solid waste facility required to obtain a state-issued solid waste facility permit, except a disposal facility or transformation facility; and

WHEREAS, 14 California Code of Regulations (CCR) 18752 et seq. allows the inclusion of other facilities, such as recycling centers, in the Non-Disposal Facility Element that are not defined as non-disposal facilities but assist the jurisdictions in meeting the waste diversion mandate; and

WHEREAS, the County of Solano's original Non-Disposal Facility Element was adopted on December 13, 1994 and the first amendment was adopted on August 11, 1998; and

WHEREAS, the County of Solano led the preparation of the NDFE update to supersede the first amendment on behalf of the Cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo and determined that the shared use of non-disposal facilities justified a single, multi-jurisdictional submission recognized as the Countywide Non-Disposal Facility Element of the Countywide Integrated Waste Management Plan; and

WHEREAS, PRC Section 41734 requires that prior to the adoption or approval of an amendment, the Solano County Local Task Force ("LTF") for Integrated Waste Management shall assess regional impacts of the potential diversion facilities in its technical reviews and formally comment on the final copy; and

WHEREAS, PRC Section 41735 provides that the adoption or amendment of the Non-Disposal Facility Element is not subject to environmental review under the California Environmental Quality Act; and

NOW, THEREFORE, BE IT RESOLVED THAT the City Council of the City of Benicia hereby approves the second amendment to the Countywide Non-Disposal Facility Element of the Countywide Integrated Waste Management Plan.

On motion of Council Member **Schwartzman**, seconded by Council Member **Ioakimedes**, the above resolution was introduced and passed by the City Council of the City of Benicia at a regular meeting of said Council on the 20th day of July, 2010 and adopted by the following vote:

Ayes: Council Members Campbell, Hughes, Ioakimedes, Schwartzman and Mayor Patterson

Noes: None

Absent: None

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Dixon City Council will hold a public hearing on Tuesday, July 13, 2010, at 7:00 p.m. to consider a second amendment to the Countywide Non-Disposal Facility Element of the Solano County Countywide Integrated Waste Management Plan to meet solid waste diversion mandates set forth by California Public Resources Code Section 41780.

The Code requires that every California city and county prepare, adopt, and maintain a Non-Disposal Facility Element for all permitted solid waste facilities, other than disposal facilities, as part of the Countywide Integrated Waste Management Plan. The Solano County Local Task Force for Integrated Waste Management has reviewed the second amendment to the Countywide Non-Disposal Facility Element and has commented on the final copy and The Solano County Board of Supervisors unanimously approved the amendment on June 8, 2010. Interested persons may appear and be heard or any person wishing to comment on the project and/or review the information contained within the project file may do so at Dixon City Hall, 600 East A Street, Dixon, CA 95620.

If you challenge the proposed consideration in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City of Dixon at, or prior to, the public hearing.

CITY OF FAIRFIELD
PUBLIC HEARING NOTICE

NOTICE IS HEREBY GIVEN that the City Council of the City of Fairfield will hold a public hearing on the following item:

A public hearing will be held and a resolution will be submitted to the City Council of the City of Fairfield requesting approval of a Second Amendment to the Non Disposal Facility Element (NDFE) of the Countywide Integrated Waste Management Plan (CIWMP) Plan to meet solid waste diversion mandates set forth by California Public Resources Code Section 41780.

The primary purpose of a NDFE is to identify new, existing, or expanding "non-disposal" facilities within a jurisdiction's borders required to obtain a state-issued Solid Waste Facility Permit to operate for the purpose of these facilities being found in conformance with the CIWMP. Additionally, a NDFE may also identify facilities located within and outside jurisdictional borders that are, and are not, subject to a state-issued Solid Waste Facility permit but are utilized to meet AB 939 waste diversion goals through implementation of the Source Reduction and Recycling Element (SRRE).

NOTICE IS HEREBY FURTHER GIVEN THAT said public hearing will be held on June 15, 2010 at 6:00PM in the Council Chamber at the Civic Center, 1000 Webster Street, Fairfield, CA, at which time and place any and all persons interested in said matter may appear and be heard. If you challenge any of the above-cited items in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence delivered to the City Manager's Office at, or prior to, the public hearing. For additional information or to review any reports or documents related to this item, please contact Jeanette Bellinder, Administrative Analyst, City Manager's Office at 707.428.7749.

CITY OF FAIRFIELD

RESOLUTION NO. 2010 - 176

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FAIRFIELD APPROVING THE SECOND AMENDMENT TO THE NON DISPOSAL FACILITY ELEMENT (NDFE) OF THE COUNTYWIDE INTEGRATED WASTE MANAGEMENT PLAN

WHEREAS, Public Resources Code (PRC) Sections 40900 et seq. describe the requirements to be met by cities and counties when developing and implementing integrated waste management plans; and

WHEREAS, PRC Sections 41730 et seq. require that each city and county prepare and adopt a Non-Disposal Facility Element (NDFE) which includes a description of existing and new solid waste facilities, and the expansion of existing solid waste facilities, that are needed to implement a jurisdiction's Source Reduction and Recycling Element, to enable it to meet the requirements of PRC Section 41780; and

WHEREAS, PRC Section 40151 defines a non-disposal facility as any solid waste facility required to obtain a state-issued solid waste facility permit, except a disposal facility or transformation facility; and

WHEREAS, 14 California Code of Regulations (CCR) 18752 et seq. allows the inclusion of other facilities, such as recycling centers, in the NDFE that are not defined as non-disposal facilities but assist the jurisdictions in meeting the waste diversion mandate; and

WHEREAS, the City of Fairfield's original NDFE was adopted in 1994 and in 1998, Solano County Unincorporated was the only Solano County jurisdiction to amend its original NDFE and that first amendment included updates on all non-disposal facilities utilized by the cities and county of Solano; and

WHEREAS, in 2009, the County of Solano led the preparation of a NDFE update to supersede the first amendment on behalf of the Cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo and determined that the shared use of non-disposal facilities justified a single, multi-jurisdictional submission recognized as the Countywide Non-Disposal Facility Element of the Countywide Integrated Waste Management Plan; and

WHEREAS, PRC Section 41734 requires that prior to the adoption or approval of an amendment, the Solano County Local Task Force (LTF) for Integrated Waste Management shall assess regional impacts of the potential diversion facilities in its technical reviews and formally comment on the final copy; and

WHEREAS, the LTF has been an active participant in providing technical comments to a series of drafts that have culminated in the LTF having no comments to the final copy of the second amendment to the Countywide NDFE; and

WHEREAS, PRC Section 41735 provides that the adoption or amendment of the Non-Disposal Facility Element is not subject to environmental review under the California Environmental Quality Act.

NOW, THEREFORE, THE COUNCIL OF THE CITY OF FAIRFIELD HEREBY RESOLVES:

Section 1. The City Council of the City of Fairfield approves the second amendment to the Countywide Non-Disposal Facility Element of the Countywide Integrated Waste Management Plan.

Adjustment requests for the project. The proposed project consists of the demolition of an existing 3,800 square foot apartment building and renovation of another on-site apartment building, increasing the square footage from 6,622 to 9,609. The proposed facility will include 48 dormitory style beds, showers and bathrooms; a day room, dining room, meeting room, offices, a commercial style kitchen, and installation of an elevator. The site plan includes 9 on-site parking spaces, a new play ground area, and access via driveway on Bennett Hill Court. Pursuant to Section 15162 of the California Environmental Quality Act (CEQA), the project is within the scope of the previously approved Mitigated Negative Declaration, which adequately described the impacts of this project and meets the requirements of CEQA. This item was recommended for approval by the Planning Commission at the June 1, 2010 Planning Commission meeting.	commented on the final copy. If you have technical questions about the above item, please call the Public Works Department at 707-5170.
PUBLIC HEARING NOTICE MEETING OF THE CITY OF VACAVILLE CITY COUNCIL 650 Merchant Street VACAVILLE, CALIFORNIA 95688	3. ORDINANCE AMENDING SECTIONS 14.18.220.010 (DEFINITIONS) AND 14.18.226.030 (DUTIES AND RESPONSIBILITIES OF FLOODPLAIN ADMINISTRATOR) OF THE CITY OF VACAVILLE LAND USE AND DEVELOPMENT CODE FOR THE PURPOSE OF ADDING REQUIREMENTS FOR NOTICING FEMA WHEN CHANGES TO BASE FLOOD ELEVATIONS OCCUR, AND WHEN CHANGES TO THE CORPORATE BOUNDARIES OF THE CITY OCCUR
DATE OF HEARING: July 27, 2010 TIME OF HEARING: 7:00 p.m. PLACE OF HEARING: Council Chambers, 650 Merchant St.	The proposed amendments to Sections 14.18.220.010 (Definitions) and 14.18.226.030 (Duties and Responsibilities of the Floodplain Administrator) of the City of Vacaville Land Use and Development Code, would add requirements for the notification of other agencies when the base flood elevation is changed as a result of new information becoming available or as a result of project completion. The revised text requires notification by the administrator to FEMA with technical or scientific data and approval of changes to base flood elevations prior to issuance of building permits. The revised notification procedures will also require notification to FEMA whenever the corporate boundaries of the City are changed. At their February 2, 2010 hearing, the City Planning Commission recommended that the City Council adopt this ordinance amendment. The text amendment is exempt from the requirements of the California Environmental Quality Act, CEQA, under Section 15308, actions by regulatory agencies for the protection of the environment which do not include construction activities or relaxation of standards.
NOTICE IS HEREBY GIVEN THAT: A Public Hearing will be held by the City Council of the City of Vacaville to consider the merits of the following:	RESOLUTION OF THE CITY COUNCIL OF THE CITY OF VACAVILLE APPROVING THE SECOND AMENDMENT TO THE COUNTYWIDE NON-DISPOSAL FACILITY ELEMENT OF THE COUNTYWIDE INTEGRATED WASTE MANAGEMENT PLAN
RESOLUTION OF THE CITY COUNCIL OF THE CITY OF VACAVILLE APPROVING DESIGN REVIEW AND LOT LINE ADJUSTMENT APPLICATIONS FOR THE OPPORTUNITY HOUSE EMERGENCY SHELTER RELOCATION	California Public Resources Code Section 41780 requires that every California city and county prepare, adopt, and maintain a Non-Disposal Facility Element for all permitted solid waste facilities, other than disposal facilities as part of the Countywide Integrated Waste Management Plan. The Solano County Local Task Force for Integrated Waste Management has reviewed the second amendment to the Countywide Non-Disposal Facility Element and has
A proposal to relocate the existing Opportunity House Emergency Shelter from Catherine Street to 261-267 Bennett Hill Court and 213 Bennett Hill Drive. The applicant is requesting Design Review and Lot Line	If you have technical questions about the above item, please call the Planning Department at 707-449-5140. For questions about the process, call the City Clerk at (707) 449-5110. All persons interested are invited to attend and submit statements, either orally or in writing, prior to or during the hearing. If, in the future, you wish to challenge the subject in court, you may be limited to raising only those issues you (or someone else) raised at the Public Hearing described in this notice, or in written correspondence delivered to the City Council at, or prior to, the Public Hearing. RESOLUTION NO. 2010-77

RESOLUTION APPROVING THE SECOND AMENDMENT TO THE COUNTYWIDE NON-DISPOSAL FACILITY ELEMENT OF THE COUNTYWIDE INTEGRATED WASTE MANAGEMENT PLAN

WHEREAS, Public Resources Code (PRC) Section 40900 et seq. describe the requirements to be met by cities and counties when developing and implementing integrated waste management plans; and

WHEREAS, PRC Section 41730 et seq. require that each city and county prepare and adopt a Non-Disposal Facility Element (NDFE) which includes a description of existing and new solid waste facilities, and the expansion of existing solid waste facilities, that are needed to implement a jurisdiction's Source Reduction and Recycling Element, to enable it to meet the requirements of PRC Section 41780; and

WHEREAS, PRC Section 40151 defines a non-disposal facility as any solid waste facility required to obtain a state-issued solid waste facility permit, except a disposal facility or transformation facility; and

WHEREAS, 14 California Code of Regulations (CCR) 18752 et seq. allow the inclusion of other facilities, such as recycling centers, in the NDFE that are not defined as non-disposal facilities, but assist the jurisdictions in meeting the waste diversion mandate; and

WHEREAS, the County of Solano's original NDFE was adopted on December 13, 1994, and the first amendment was adopted on August 11, 1998; and

WHEREAS, the County of Solano led the preparation of the NDFE update to supersede the first amendment on behalf of the Cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo and determined that the shared use of non-disposal facilities justified a single, multi-jurisdictional submission recognized as the Countywide NDFE of the Countywide Integrated Waste Management Plan; and

WHEREAS, PRC Section 41734 requires that prior to the adoption or approval of an amendment, the Solano County Local Task Force ("LTF") for Integrated Waste Management shall assess regional impacts of the potential diversion facilities in its technical reviews and formally comment on the final copy; and

WHEREAS, PRC Section 41735 provides that the adoption or amendment of the NDFE is not subject to environmental review under the California Environmental Quality Act.

NOW, THEREFORE, BE IT RESOLVED the City Council of the City of Vacaville approves the second amendment to the Countywide Non-Disposal Facility Element of the Countywide Integrated Waste Management Plan.

I HEREBY CERTIFY that the foregoing resolution was introduced and passed by at a regular meeting of the City Council of the City of Vacaville, held on the 27th day of July 2010, by the following vote:

AYES: Council members Clancy, Harris, Rowlett, Vice-Mayor Hunt and Mayor Augustine

NOTICE OF
PUBLIC HEARING**

Notice is hereby given that the City Council of the City of Vallejo will hold a public hearing on **Tuesday, June 8, 2010 at 7:00 p.m.** in the City Council Chambers, City Hall, 555 Santa Clara Street, to consider amending the City of Vallejo Non-Disposal Facility Element to the second amendment of the Non-Disposal Facility Element of the Solano County Countywide Integrated Waste Management Plan to meet solid waste

RESOLUTION NO. 10- 132 N.C.

BE IT RESOLVED by the Council of the City of Vallejo as follows:

WHEREAS, Public Resources Code ("PRC") sections 40900 *et seq.* describe the requirements to be met by cities and counties when developing and implementing integrated waste management plans; and

WHEREAS, PRC sections 41730 *et seq.* require that each city and county prepare and adopt a Non-Disposal Facility Element which includes a description of existing and new solid waste facilities, and the expansion of existing solid waste facilities, that are needed to implement a jurisdiction's Source Reduction and Recycling Element, to enable it to meet the requirements of PRC section 41780; and

WHEREAS, PRC section 40151 defines a non-disposal facility as any solid waste facility required to obtain a state-issued solid waste facility permit, except a disposal facility or transformation facility; and

WHEREAS, 14 California Code of Regulations (CCR) 18752 *et seq.* allows the inclusion of other facilities, such as recycling centers, in the Non-Disposal Facility Element ("NDFE") that are not defined as non-disposal facilities but assist the jurisdictions in meeting the waste diversion mandate; and

WHEREAS, the City Council approved the City's NDFE on December 13, 1994 by the adoption of Resolution No. 94-533 N.C. and

WHEREAS, the County of Solano's original Non-Disposal Facility Element was adopted on December 13, 1994 and the first amendment was adopted on August 11, 1998; and

WHEREAS, the County of Solano led the preparation of the NDFE update to supersede the first amendment on behalf of the Cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo and determined that the shared use of non-disposal facilities justified a single, multi-jurisdictional submission recognized as the Countywide Non-Disposal Facility Element of the Countywide Integrated Waste Management Plan; and

WHEREAS, PRC Section 41734 requires that prior to the adoption or approval of an amendment, the Solano County Local Task Force ("LTF") for Integrated Waste Management shall assess regional impacts of the potential diversion facilities in its technical reviews and formally comment on the final copy; and

WHEREAS, PRC Section 41735(a) provides that the adoption or amendment of the Non-Disposal Facility Element is not subject to environmental review under the California Environmental Quality Act.

NOW THEREFORE, IT BE RESOLVED, the Council of the City of Vallejo hereby adopts the Second Amendment to the Countywide Non-Disposal Facility Element as the First Amendment to the City's Non-Disposal Facility Element.

BE FURTHER RESOLVED that the Public Works Director, or his or her designee, is hereby directed to submit the Second Amendment to the Countywide Non-Disposal Facility Element to CalRecycle for approval as the City's First Amendment to the City's Non-Disposal Facility Element.

ADOPTED by the City Council of the City of Vallejo at a regular meeting held on June 8, 2010 by the following vote:

AYES:	Mayor Davis, Vice Mayor Gomes, Councilmembers Brown, Schivley and Sunga
NOES:	None
ABSENT:	Councilmembers Hannigan and Wilson

RE: Amended Nondisposal Facility Element For The County Of Solano

Dear Ms. Untal,

This letter is notification that on October 13, 2010, the County of Solano's request for an Amended Nondisposal Facility Element was approved. For complete information, please see the CalRecycle Public Notices page at: <http://www.calrecycle.ca.gov/Actions/PublicNoticeDetail.aspx?id=276&aiid=273>

We look forward to working with you as the County of Solano to implement the diversion-related programs. Should you have any questions, please contact Jill Firch of the Local Assistance and Market Development Division at (916) 341-6685.

Sincerely,

A handwritten signature in black ink, appearing to read "Kaoru Cruz".

REQUEST FOR APPROVAL

To: Cara Morgan
Division Chief

From: JoAnn Jaschke
Integrated Waste Management Specialist

Request Date: Sept 13, 2010

Decision Subject: Amendment To The Countywide Nondisposal Facility Element For The Cities Of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, And Vallejo, And The Unincorporated Solano County, County Of Solano

Action By: October 13, 2010

Summary of Request:

Public Resources Code (PRC) Sections 40900 et seq., describe the requirements to be met by cities and counties when developing and implementing integrated waste management plans. PRC Sections 41730 et seq. require that each city and county prepare and adopt a Nondisposal Facility Element (NDFE) which includes a description of existing and new nondisposal facilities, and the expansion of existing nondisposal facilities, which will be needed to implement a jurisdiction's Source Reduction and Recycling Element (SRRE), to enable it to meet the requirements of PRC Section 41780. Cities and counties must amend their NDFE if they are adding or deleting facilities.

The County of Solano and the Cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo have all submitted the Countywide NDFE second amendment for the facilities identified below. This memo requests approval of the Second Amendment to the Countywide NDFE. Based on review of the amended NDFE, staff found that all of the foregoing requirements have been satisfied and that the amended NDFE substantially complies with PRC Sections 41730, et seq., and recommends approval. In 1994, the County of Solano and cities each prepared their own NDFE. In 1998, the County of Solano amended its original NDFE and the first amendment included updates on all nondisposal facilities utilized by the County of Solano and the cities. On behalf of its cities, the County of Solano led the preparation of the second amendment to the NDFE and determined that the shared use of nondisposal facilities justified a single, multi-jurisdictional NDFE to be recognized as the second amendment to the Countywide NDFE when submitted to the respective governing authorities for adoption and approval.

Recommendation:

Based on staff review of the Second Amendment to the Countywide NDFE, staff found that the requirements have been satisfied and agrees with approving the amended NDFE. Therefore, staff recommends approval of the Second Amendment to the Countywide NDFE for the County of Solano and the First Amendment for the Cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo.

Division Chief Action:

On the basis of the information and analysis in this Request for Action and the background information and findings set out herein, I hereby approve the Second Amendment to the Countywide NDFE For The County of Solano and the First Amendment for the Cities Of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, And Vallejo.

Dated: 10/13/10

Cara Morgan, Division Chief
