The Honorable Board of Supervisors
County of Solano
675 Texas Street
Fairfield, CA 94533

Members of the Board of Supervisors,

The Budget of Solano County for the fiscal year July 1, 2012 through June 30, 2013 that your Board adopted is presented in this document. Your Board adopted this budget following public hearings on June 25, 2012.

Schedule 1 includes a summary of the County Budget for all fund types as adopted by your Board. This entity-wide perspective has a financing requirement total of \$890 million. This total includes appropriations for expenditures (including contingencies), transfers between funds, intra-fund transactions, and increases and decreases in reserves and designations. This should not be construed to represent the total outflow of economic resources to be spent for services, which would be a lesser amount of approximately \$748 million. The difference of \$142 million represents the transfers between funds.

The County Budget sets forth the operating (how to spend) and financial (how to finance) plan for the provision of services to the citizens of the County by all governmental and proprietary funds of the County, dependent special districts and other agencies whose affairs and finances are under the supervision and control of the Board of Supervisors.

The Adopted Budget was compiled in accordance with the County Budget Act (Government Codes §29000 et seq.) and presented in a format prescribed by the State Controller. This document sets forth appropriations as adopted by your Board for each departmental budget unit and fund for the fiscal period.

The preparation of this budget document is the result of a concentrated, dedicated and coordinated effort by the County. I would like to acknowledge the efforts of departmental budget preparers, department heads, the County Administrator's staff and the Auditor-Controller's Financial Reporting Division. I would also like to thank the Board of Supervisors for their leadership and support.

Respectfully,

Simona Padilla-Scholtens, CPA

Budget Construction & Legal Requirements

Purpose

This segment of the budget document sets forth the Government Code Sections and administrative directives, as issued by the Office of the State Controller, pertaining to the form and content of the Annual County Budget. It describes the format of the Solano County Budget document and includes County ordinances and specific policies adopted relating to the County Budget.

Legal Basis

The Government Code specifies the content of the budget, budget adoption procedures and dates by which actions must be taken. (Government Code §29000-29144)

Forms

The budget document must be on forms prescribed by the State Controller in consultation with the Committee on County Accounting Procedures. (Government Code §29005)

Permission to Deviate

A county may add to the information required, or show it in more detail, providing the financial information and the classifications or items required to be included in the budget are clearly and completely set forth. Any change proposed by a county in the arrangement of the information required on the forms shall be subject to review and approval by the State Controller.

Funds and Accounts

Fund and account titles to be used by counties in the preparation of the budget are those contained in the publication, Accounting Standards and Procedures for Counties, issued by the State Controller. Special districts required to be included in the budget document must use fund and account titles contained in the publication, Uniform Accounting System of Special Districts.

Fund Types

- General Fund: The chief operating fund of a government. The general fund is used to account for all financial resources except those required to be accounted for in another fund.

- Special Revenue Funds: Special revenue funds are used to account for and report the proceeds of specific revenue sources restricted or committed to expenditures for specified purposes other than debt service or capital projects.
- Capital Projects Funds: These funds are used to account for and report financial resources restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.
- Debt Service Funds: These funds are used to account for and report the financial resources restricted, committed, or assigned to expenditures for principal and interest and related administrative charges.
- Enterprise Funds: These funds are used to account for operations financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. (i.e., Airport)
- Internal Service Funds: These funds are used to account for the financing of goods or services provided by one department or agency to another department or agency of a government on a cost-reimbursement basis. (i.e., Fleet, Data Processing, Risk Management)

Basis of Accounting/Budgeting

The general operating group of funds (governmental fund types) are budgeted and accounted for using the modified accrual basis of accounting. Governmental fund types include General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds. This group of funds is summarized on Schedule 2 of the budget document.

Internal service and enterprise funds are budgeted and accounted for using the full accrual basis of accounting.

The basis of accounting used in this budget document is required by directive of the State Controller and Governmental Generally Accepted

County of Solano

Budget Construction & Legal Requirements

Accounting Principles (GAAP) and prescribed by pronouncements of the Governmental Accounting Standards Board (GASB).

- To file a copy of the Adopted Budget with the Office of the State Controller.
- To approve all payments in accordance with the Adopted Budget.

County Strategic Plan Implementation

The FY2012/13 Recommended Budget supports several of the 2007 County Strategic Plan, Goals and Initiatives. A key priority is financially supporting the Goals, Catalytic Projects, Strategic Objectives and departmental activities consistent with the Plan.

Following is a description of each of the Strategic Plan's Goals and Catalytic Projects:

Goal: Improve the health and well-being of those who live and work here

The Catalytic Project for this goal is the Healthy Communities Initiative. Under this initiative, the County will encourage healthy, active lifestyles by promoting change toward wellness through healthy programs, partnering with schools, hospitals and cities, early intervention with children and families and by encouraging environmentally friendly building and business activities. As a large employer, the County will continue to model the importance of health and wellness throughout its workforce.

Budget Construction & Legal Requirements

Goal: Ensure responsible and sustainable land use

The Catalytic Project for this goal is an Intergovernmental Planning Collaborative where the County, working with the cities, education, workforce training and business leaders, non-profit providers and interested citizens, helps create a high quality of life in Solano County. This can be accomplished by completing the County’s General Plan Update, providing the dialogue and leadership on enhanced mobility and removing unnecessary regulatory and procedural barriers to development.

The General Plan was updated and approved by the voters in 2008. The implementation of the various components of the General Plan is still ongoing.

Goal: Maintain a safe community

The Catalytic Project focuses on a Comprehensive Crime Prevention, Intervention and Re-entry System in Solano County. The County and its partners will offer services, programs and projects that move from incarceration to an integrated approach aimed at eliminating recidivism and reducing the growing need for jail beds. Programs on gang prevention, methamphetamine prevention, juvenile recidivism and positive parenting are parts of the integrated systems approach. Emergency preparedness will continue to play a key role in maintaining a safe community.

In April, 2011, the State enacted legislation intended to ease prison overcrowding by transferring the responsibility for a number of programs from the State to counties. Taking effect on October 1, 2011, this realignment of programs has caused a slight re-focus of the Re-entry System towards the oversight of State prisoners released into the community. The County’s public safety and health and social services departments are adjusting to the new mandates, enhancing County programs to make the former prisoners successful once they are out of jail, and collaborating closely with other law enforcement agencies and community-based organizations to maintain a safe community.

Goal: Invest in and for the future

The Catalytic Project for this goal is Optimal Service Design and Delivery. Focused both internally and externally, work efforts involve customer service

training, survey and focus groups, succession planning, technology investment and financing of capital projects and renewal efforts.

Budget Goals and Objectives

The County Budget sets forth the foundation for major Board policy actions and provides a fiscal “road map” for the direction of County government to follow, now and in the future. As such, the County Budget represents the single most important document that is prepared, reviewed and approved on an annual basis. It is the document that reflects the County’s fiscal commitment to the Strategic Plan, its goals and objectives.

The intent of the Budget document is to:

- Provide a document in a format that is user friendly and readable in order to give the public a clear understanding about County government operations and funding. The County Statistical Profile gives the reader a comprehensive profile of the county.
- Identify the strategic goals and objectives upon which budget allocations are made and to measure the progress of County Departments and operations in fulfilling their departmental goals and objectives as well as the County’s overall mission.
- Provide the Board and the public with a clear understanding of revenues and appropriations in the areas of strategic importance to the County, such as Public Safety and Health and Social Services.

While many improvements have been incorporated into the process and the presentation of the Budget over the last several years, the basic principles, goals and objectives of Solano County have been maintained as the underlying foundation for the Budget. These include:

- The Budget must be balanced with appropriations equaling the combined total of estimated revenues, fund balance and/or reserves.
- Wherever possible, the Budget should be balanced with identified ongoing revenue sources

County of Solano

Budget Construction & Legal Requirements

equaling ongoing and reasonably expected appropriations.

- To the extent possible, one-time money should not be used to fund ongoing operations.
- Service levels should be maintained at the highest level possible, within funding constraints.
- Contingencies and Reserves should be increased in good years to guard against future uncertainties.
- Discretionary revenues should be maximized to allow the Board options for the funding of beneficial local programs and services.
- Every effort should be made to attain accuracy and accountability in estimating and monitoring both revenues and expenditures throughout the fiscal year.
- The Budget should, wherever possible, anticipate and make provisions for uncertain funding for County-operated programs.

In reference to the stated goals and objectives above, several policy guidelines were followed and maintained in developing this Budget:

- Revenues from Property Tax Administration Fees are recognized in the budgets of the departments (Auditor-Controller, the Assessor, and the Tax Collector) actually incurring the expenditures.
- Proposition 172 funds have been allocated to maximize public safety services to the public.
- 1991 Realignment revenues have been allocated to Health and Social Services.
- 2011 Realignment revenues have been allocated to certain corrections and human services programs, in accordance with Chapter 40, Statutes of 2011 (AB 118, Committee on Budget) and Chapter 35, Statutes of 2011 (SB 89, Committee on Budget and Fiscal Review) and several 2011 trailer bills.
- General Fund Contingencies and Reserves are increased, whenever possible, to safeguard against future uncertainties. Consideration will be given during Budget Hearings to increase Committed General Fund Balances, such as the

General Fund Balances for Accrued Leave Payoff and for Deferred Maintenance, from available year-end Fund Balance whenever the Balance is in excess of the incoming fiscal year's financing needs. In FY2011/12, the Fund Balance for Accrued Leave Payoff stood at \$3.8 million, and the Fund Balance for Deferred Maintenance was \$3.1 million.

Budget Policies of the Board of Supervisors

In addition to the legally required duties, there are certain actions to implement the budget process which the Board may take, including:

- Changing the arrangement of information on budget forms, upon approval of the State Controller. (Government Code §29005)
- Inclusion of other data, in addition to presenting the minimum information on available financing and financing requirements as submitted by the departments in their estimates. (Government Code §29006)
- Selection of the method of presenting supporting data for salaries and allocated positions. (Government Code §29007)
- Designation of Auditor or Administrative Officer to receive budget requests. (Government Code §29040, 29042)
- Designation of Auditor or Administrative Officer to submit budget requests in event of non-performance by responsible official. (Government Code §29045)
- Designation of Administrative Officer to prepare recommended budget on prescribed forms. (Government Code §29061, 29062)
- Approval of new positions and capital assets prior to Budget adoption. (Government Code §29124)
- Designation of official to approve transfers and revisions of appropriations within a budget unit. (Government Code §29125)
- Approval of budgetary adjustments. (Government Code §29125, 29126, 29126.1, 29127, 29130)
- Designation of an official to whom Auditor shall submit statements showing conditions of budget

Budget Construction & Legal Requirements

appropriations and estimated available financing. (Government Code §29126.2)

Adopted Budget Policy

The FY2012/13 Budget Hearings will commence Monday, June 25, 2012 and continue for a period not to exceed 14 calendar days.

The Board of Supervisors (Board) has designated the County Administrator as the official responsible to carry out all County budgetary responsibilities not specifically reserved to the Board, Auditor or State Controller.

Chapter 2 of the Solano County Ordinance provides additional information on established County policies. Sections 2-40 through 2-47 specifically address the duties of the County Administrator. Section 2-45 delineates the County Administrator's role in budgetary matters. These duties include:

- Develop budget instructions and policies, revenue estimates and departmental budget targets to guide departments in budget preparations.
- Recommend to the Board an annual County operating budget based on revenue projections, budget targets and proposed work programs and projects developed by the various departments.
- Recommend to the Board a capital budget based upon long-range plans for acquiring, constructing or improving buildings, roads and other County facilities.
- Recommend to the Board the acquisition and disposition of real property, except for County roads, easements and rights-of-way, which shall be the responsibility of the Director of Resource Management.
- Establish a control system or systems to ensure the various County departments and other agencies under the jurisdiction of the Board are operating within their respective budgets.
- Recommend requests to the Board for unforeseen and unbudgeted expenditures.
- Approve fund transfers and budget revisions within appropriations.

- Recommend to the Board fund transfer requests requiring Board action under State law.
- Establish policies for acquiring additional or replacement capital assets.
- Keep the Board informed of the financial status of the County and of other matters of major significance to the County.

Budget and Fiscal Policies for FY2012/13

Budget Policy

1. General Fund Emphasis: Pending the outcome of actual Year End Fund Balance, departments' budgets should be prepared with a goal that the FY2012/13 Net County Cost or General Fund (GF) Contribution to programs will not exceed their FY2011/12 Midyear projection and have no new programs or positions unless revenue-offset.

Given the continuing need to address the GF's operational funding deficit, the Board authorized a reduction target of up to \$9.0 million in GF costs, distributed equally to the three funds with the majority of GF expenditures. Accordingly, up to \$3.0 million in GF cuts will be sought from departments within the Public Safety Fund, the Health and Social Services Fund and the General Fund. In this regard, departments have been asked to submit budget reduction step-down strategies, with the impacts of the implementation of each of the strategies clearly explained. The strategies will help identify alternative scenarios for ongoing GF reductions in expenditures, and/or ongoing increases in revenues that will reduce the need for GF support and further address the GF's operational funding deficit.

Due to the extended economic downturn and the uncertainty of how the Federal and State governments will deal with their own deficits, funding from these sources will at best be unchanged, and more likely than not, reduced in the coming fiscal years. County Departments in other funds not receiving any General Fund contribution have been asked to also submit budget reduction step-down strategies, since, among other labor costs, health insurance and CalPERS rates continue their upward trend for the foreseeable future.

County of Solano

Budget Construction & Legal Requirements

2. Labor Costs: To address the General Fund's operational funding deficit, on-going costs must be reduced. Thus, the County continues to persevere in its negotiations for employee benefit cost reductions. In this regard, Departments should continue to pursue lowering labor costs where possible, developing efficiencies in the delivery of services, searching for opportunities to share back office operations, and eliminating vacant non- "Mission Critical" positions. A "Mission Critical" position is defined as "a position that provides essential life, safety and/or public health services to the community, or required to be filled by the County to avoid liability and to limit impairment or disruption to the delivery of mandated services."
3. Contributions to Outside Organizations: The budget should not include contributions to outside organizations not controlled by the Board, such as the State Courts, unless the organization is carrying out a priority of the Board based on the community's needs.
4. Maximize the Board's Discretion: Wherever legally possible, revenues are to be treated as discretionary resources, rather than as dedicated to a particular program or service. The goal is to give the Board as much flexibility as possible in allocating resources to local priorities, including the Goals and Objectives outlined in the County Strategic Plan. To the extent allowed by law, existing programs or activities should be funded with dedicated funding sources. This will free up scarce discretionary resources to fund Board priorities.
5. Pursuit of New Revenues: Pursue additional revenue sources to the fullest extent possible for all services; and, for fee-setting purposes, identify total cost (including indirect costs) to enable full recovery of all costs associated with the service provided when allowed by law and economic/market considerations .
6. Discretionary Programs: Do not recommend new discretionary programs unless the programs are stated Board priorities, are fully funded by non-General Fund sources in FY2012/13, and will continue to be in future years. Where the County has discretion, reduce the level of services or eliminate programs. Seek legislative relief or reform for programs when feasible to facilitate

service outcomes over prescribed processes and procedures

7. Pursue Operational Efficiencies: Explore reducing expenditures and maximizing revenues through automation and moving toward self-help service delivery where feasible, consolidation of functions and streamlining of County operations.
8. County Share: If funding is reduced, there should be no increased County share for programs funded primarily from non-General Fund sources, unless increased County share is mandated or the program is a high priority for the Board of Supervisors, and the amounts are feasible in light of the County's fiscal situation.

Fund Balance Policy

On February 13, 2007, the Board adopted a policy on the General Fund Reserve. On June 14, 2011, the Board approved changes to the General Fund Reserve Policy to conform to Government Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. While the changes primarily affect reporting and not budgeting, changes in terminology are notable.

The General Fund Reserve and Other Designations Policy was updated and renamed Fund Balance Policy. The classifications for governmental funds of designations, reserves and unreserved/undesignated were replaced by the five categories of non-spendable, restricted, committed, assigned and unassigned.

Examples of these five categories of fund balance are:

- a. Non-spendable: Long-term loans
- b. Restricted: Public Facilities Fees
- c. Committed: General Fund Balance for Accrued Leave Payoff
- d. Assigned: General Fund contribution to other funds
- e. Unassigned: Residual net Fund Balance

Key provisions of the Board's updated Fund Balance Policy include:

The General Fund General Reserve will be maintained at a level equal to 10% of the County's total budget excluding inter-fund transfers, with a

Budget Construction & Legal Requirements

minimum balance of \$20 million at all times. This level will be maintained to provide the County with sufficient working capital and a comfortable margin to support one-time costs for the following purposes:

- When the County faces economic recession/ depression and the County must take budget action.
- When the County is impacted by a natural disaster or any other emergency.
- When the County experiences unexpected declines in revenues and/or when unpredicted large one-time expenditures arise.

In circumstances where the General Fund General Reserve has fallen below the established level, the County shall replenish the deficiency within five fiscal years or as soon as economic conditions allow from the following revenue sources: year-end surpluses, non-recurring revenues, or if legally permissible and with a defensible rationale, from excess resources in other funds.

Subject to the Board of Supervisors' restrictions, the following will guide how the General Fund General Reserve should be used:

1. Use the General Fund General Reserve to phase into fiscal distress periods gradually, focusing on maintaining the Board's priorities.
2. To the extent possible, use the General Fund General Reserve as the last resort to balance the County Budget.
3. To the extent possible, the spending down of the General Fund General Reserve should not exceed \$6 million a year.

The General Fund General Reserve should not be used to support recurring operating expenditures. The General Fund General Reserve is subject to restrictions imposed by Government Code §29086, which limits the Board's access to the General Reserve during the annual budget process and requires 4/5 vote by the Board.

General Fund Balance for Accrued Leave Payoff

During Fiscal Year 2005/06 Budget Hearings, the Board established a **Reserve for Accrued Leave Payoffs**. In accordance with GASB 54, this Reserve

has been renamed as General Fund Balance for Accrued Leave Payoff. The purpose of this fund balance is to minimize the fiscal impact of employee retirements on County Departments' budgets. These funds are to be used for large employee payoffs upon retirement or employment separation from the County when the respective department has insufficient appropriations during the fiscal year to fund these payoffs. The following criteria and procedures were approved by the Board for managing the General Fund Balance for Accrued Leave Payoff:

1. Minimum General Fund Balance for Accrued Leave Payoff. On an annual basis, the Auditor-Controller shall calculate the projected leave payout requirements for the subsequent five years, net of Federal and State reimbursements, and provide the information to the County Administrator's Office for inclusion in the following year's Recommended Budget. The Board's policy is to maintain General Fund Balance for Accrued Leave Payoff equal to 40% of the five-year projected leave payout requirements net of federal and state reimbursements, with a minimum of \$2 million balance maintained at all times.
2. Replenishing General Fund Balance for Accrued Leave Payoff. In circumstances where the General Fund Balance for Accrued Leave Payoff has fallen below the established requirement, the County shall replenish the deficiency within three fiscal years or as soon as economic conditions allow from the following revenue sources: year-end surpluses, non-recurring revenues, or if legally permissible and with a defensible rationale, from excess resources in other funds.
3. Anticipated Accrued Leave Payoffs. During the budget process, a General Fund Department or a Department that receives a General Fund contribution should determine the amount needed to cover anticipated accrued leave payoffs for the upcoming year and include the amount in their budget and work with the CAO to determine the funding strategy to include the appropriate amount in the Recommended Budget. Strategies may be:
 - (a) If the Department has sufficient appropriations to fund the accrued leave payoff, the Department shall absorb the cost.

County of Solano

Budget Construction & Legal Requirements

- (b) If the Department cannot absorb the cost, the Department must work with the CAO to determine the funding source(s) to offset the increased costs. Funding from the **General Fund Balance for Accrued Leave Payoff** may serve as a resource to provide the affected Department with the General Fund share of the employee payoff.
 - (c) The General Fund share of the estimated accrued leave payoff will be appropriated in the General Expenditures budget during the budget process. This appropriation will be funded from the **General Fund Balance for Accrued Leave Payoff**.
 - (d) The CAO is authorized to make necessary budget adjustments to the affected Department(s) **without** Board approval up to the amount appropriated in 3. (c) above.
4. Unanticipated Accrued Leave Payoffs. During the budget year, Departments may have employees retire/terminate that were not factored in the accrued leave payoff calculation. Departments should consult with the CAO to determine the most appropriate funding strategy.
- a) General Fund Departments or Departments that receive a General Fund contribution should determine if sufficient appropriations are available in their budget to absorb the payoff, and, if not, work with the CAO to determine the appropriate level of funding from the **General Fund Balance for Accrued Leave Payoff** as indicated above in 3. (c) or General Fund Contingency. These actions require a 4/5 vote of the Board.
 - b) Non-General Fund Departments or Departments that do not receive General Fund contributions will need to determine if their respective program has sufficient appropriations or contingencies to support the accrued leave payoff and should adjust their budget accordingly at Mid-Year or Third Quarter, if necessary. If their respective program does not have sufficient appropriations or contingencies to support the accrued leave payoff, the Department(s) should work with the CAO to determine the appropriate funding strategy.

Contingency Policy

On February 13, 2007, the Board adopted the General Fund Contingency policy to establish a level equal to 10% of the General Fund total budget. Appropriations for Contingencies are legal authorizations granted by the Board of Supervisors to be used for one-time unexpected needs that arise outside of the regular budget planning process. Pursuant to Government Code §29130, access to the Appropriation for Contingency requires a 4/5 vote of the Board of Supervisors.

Investment Policy

The County maintains an Investment Pool managed by the Treasurer-Tax Collector-County Clerk. The Pool acts as a depository for funds from over 80 units of local government, including funds of the county school districts, special districts and other entities.

In 1997, the Board established a Treasury Oversight Committee to improve the transparency of the County Treasury's operations. The Committee reviewed the County's Investment Policy, ensuring the Treasury activities were in compliance with the Investment Policy, ensuring an annual audit of the Investment Policy was conducted, and reviewed the internal auditor's quarterly audits of the Investment Pool.

On December 14, 2011, a Grand Jury report recommended the Committee be dis-established, stating "improved technology, engagement of an independent rating agency and adequate audit coverage has collectively provided a comprehensive system of internal controls sufficient to protect the County's financial assets." On January 10, 2012, acting on the County Treasurer's recommendation, the Board dissolved the Treasury Oversight Committee.

Amounts deposited in the Investment Pool are invested in accordance with investment policy guidelines established by the County Treasurer and approved by the Board.

The primary objectives of the Policy are:

- Safety: Maintain the security of principal
- Liquidity: Ensure adequate liquidity to meet its cash flow needs for pool participants

Budget Construction & Legal Requirements

- Yield: Generate returns commensurate with the inherent risks being managed

The Policy addresses the soundness of financial institutions in which the County deposits funds, types of investment instruments as permitted by the California Government Code §53601, and the percentage of the portfolio that may be invested in certain instruments with longer maturity.

Debt Policy

The County maintains a Debt Advisory Committee, consisting of the Assistant County Administrator or Budget Officer, Auditor/Controller, and Treasurer/Tax Collector/County Clerk. The Committee provides analyses and recommendations to the Board through the County Administrator for policy implementation and oversight.

The County establishes fund accounts to manage and budget resources for the payment of interest and principal for general long-term debt. The County also incurs debt when prudent to reduce future costs, such as pension obligation bonds.

Conditions for debt issuance are as follows:

- Purpose and Use of Debt: long-term General Fund debt will be incurred based on the County's needs and ability to repay, and where appropriate, methods and sources of funding will be maximized. Long-term debt will be restricted to those capital improvements that cannot be funded from current revenues.
- Types of Debt: includes General Obligation Bonds, Revenue Bonds, Certificates of Participation, Commercial Paper, Lease-Purchase Agreements and other obligations.
- Project Life: debt shall not exceed the useful life of the asset being acquired or constructed.
- Refunding Policies: the County maintains a debt structure that allows for early retirement of debt.

Restrictions on debt issuance include:

- The use of debt to fund operating costs or projects associated with operating costs are prohibited.

- Short-term debt will not be used to finance long-term debt.

Debt service limitations include:

- Debt is a policy decision which requires a financial condition analysis that incorporates economic trends, benchmark studies, and all other forces impacting the future finances of the County.
- Analysis of debt burden is measured, but not limited to, the following ratios:
 - Debt service requirements as a percentage of General Fund Revenue.
 - Debt service as a percentage of Per Capita Income.
 - Debt service as a percentage of General Fund Expenditures.

In addition to the policy above, California Government Code, §29909 states the total amount of bonded indebtedness shall not at any time exceed 5% of the taxable property of the county as shown by the last equalized assessment roll.

Resource Reduction Strategy

In the event reductions in resources in any fiscal year require actions to balance the budget, the County will be guided by the following:

1. General Philosophy
 - a. To the extent possible, across-the-board reductions in expenditures will be avoided. Reductions will be made on a case-by-case basis. The emphasis will be on conserving General Fund discretionary resources to finance high priority programs, as set forth in the Solano County Strategic Plan adopted by the Board on December 11, 2007 and as further defined by the Board annually. If necessary, funding for lower priority programs will be reduced or eliminated to ensure appropriations remain in balance with resources;
 - b. The County administers a number of costly State programs that are heavily funded by State and Federal dollars. Compared to the

County of Solano

Budget Construction & Legal Requirements

State and Federal governments, the County has only limited ability to raise revenues. Recognizing that, in the event of a substantial reduction in resources for these programs, the County's goal, to the extent legally possible, is to avoid back-filling reductions in State and Federal dollars with County discretionary dollars;

- c. Maintaining a highly professional service delivery system is of foremost importance to the County. Thus, if it becomes necessary to make significant service delivery reductions, the goal will be to reduce the quantity of a service provided rather than the quality of service; and
- d. Finally, every effort will be made to continue capital and planning programs geared toward meeting the County's long-term needs.

2. Resource Reduction Priorities

a. Short-Term Actions

The following actions, listed in priority order, will be considered when dealing with the immediate impact of a reduction in resources. The purpose of these actions is to achieve immediate savings and/or better position the County to deal with the impact of longer-term actions once they are implemented.

- i. A Selective Hiring Freeze will be implemented. Funding sources, Board priorities, the nature of the program, the potential for service delivery disruption, and the type of position – is it "Mission Critical?" will be considered by the CAO in implementing the hiring freeze.
- ii. Implementation of new programs, not fully operational, that are not fully revenue-offset, will be subject to further CAO review and recommendation to the Board.
- iii. Purchase of equipment will be selectively deferred and reviewed annually. Funding source and impact on service delivery will be considered in implementing the deferral.

- iv. On March 13, 2012 the Board approved revisions to the Voluntary Time Off (VTO) Program, and declared the time period of July 1, 2012 through June 30, 2013 as a period of economic hardship. This current policy continues in effect until the economic downturn has improved. The policy provides for employees to participate in the VTO Program with the opportunity to voluntarily reduce their work day, work week or to take a block of time off while retaining most benefits. VTO may be requested and authorized in six-month increments from July through December and January through June. The purpose of this Program is to reduce County costs during a time of economic hardship through voluntary actions of employees. The VTO Program can only be used during the periods of economic hardship as designated by the Board of Supervisors. Approval of Voluntary Time Off is at the discretion of the Department Head who must take into consideration workload, service demands and other organizational implications.

b. Long-Term Actions

The following actions will be considered when dealing with the longer-term impact of a significant reduction in resources. As appropriate, these reductions will be reflected in the Recommended Budget, and/or Third Quarter or Mid-Year budget adjustments. The actions are listed in priority order and lower priority actions will be implemented only if higher priority actions are insufficient to deal with the fiscal shortfall:

- i. General Fund discretionary contributions to certain programs that are primarily the State's responsibility will be capped at current levels, to the extent legally possible. Except as required by law, the County will not use General Fund dollars to backfill reductions in State or Federal funding for these programs.
- ii. A moratorium will be placed on implementing new programs or expanding existing programs if the cost of those programs or expansions is not

Budget Construction & Legal Requirements

fully revenue-offset and a secure long-term funding source is not identified.

- iii. Moderate service level reductions will be proposed on a case-by-case basis. These service level reductions will focus first on reducing General Fund support for those programs that have not been identified as a high priority by the Board.
- iv. Discretionary resources that have been earmarked by the Board for certain purposes will be proposed for re-allocation to fund on-going programs that are a priority for the Board.
- v. General Fund support to outside agencies not controlled by the Board should be greatly reduced or eliminated. This refers to the use of General Fund to support outside agencies whose programs are not aligned with Board priorities, and/or the County has determined would not be provided directly by the County.
- vi. Major program reductions will be proposed in accordance with the Solano County Strategic Plan and the General Philosophy described above. These reductions will fall into two general categories:
 - Program reductions that will be made in response to significant reductions in State funding for programs that are primarily the State's responsibility. In this case, the County will consider returning responsibility to the State for operating those programs to the extent permitted by law. Where returning responsibility to the State is not legally possible, County General Fund support for these programs will be reduced to the minimum level possible, consistent with State mandate requirements.
 - Program reductions will be proposed in response to a reduction in County discretionary revenue. In this case, reductions will be made first in those

programs that are not related to the Board's priorities and goals.

Hiring Freeze Policy

In FY2010/11, a Selective Hiring Freeze was instituted to help contain costs due to the State's continuing budget shortfall and to help balance the County's Budget. The County Administrative Officer (CAO) was authorized to selectively fill vacant positions based on the affected Department's need and the particular position's function. The Selective Hiring Freeze will be extended and applied by the CAO in FY2012/13. Authorization to recruit for vacant positions will be reviewed in terms of the definition of "Mission Critical" positions presented to the Board on October 4, 2011.

1. Duration

This Policy will be in effect until the State's budget and fiscal policies and their impacts on the County are known, and a long-term plan to address those impacts is formulated and approved by the Board. It is recommended that the Policy be in effect until no longer warranted and/or recovery from loss of sales and property taxes due to current economic recession materializes.

2. Goal of Hiring Freeze

The goal of this Policy is to contain costs and to provide clear direction for hiring and implementing staffing reductions.

4. Hiring Freeze Guidelines

The County Administrator's approval is required to fill departmental position requests. In evaluating whether to fill a vacant position, the following is to be considered:

- a. Is the position critical to the operation of an essential public safety activity, such that not filling the position will put the lives, health or safety of residents or other staff at risk? Is the position critical to avoid liability and limit impairment or disruption to the delivery of mandated services? If the answer is yes to both questions, the position can be considered for approval by the CAO.

County of Solano

Budget Construction & Legal Requirements

- b. Is the program that the position supports funded on an on-going basis by a dedicated and assured revenue source? Is the position unique to that program? If the answer is yes to both these questions, then, absent other considerations, the position can be advanced for CAO consideration.
 - i. A position is considered unique to a program when the classification is not located in any other department or program. Examples might be Librarians or Engineers. In this context, an Office Assistant would not be a unique position, because this classification is found in many different programs and, in the event of the potential need to eliminate filled positions, an Office Assistant could be transferred from one program to another within the County organization.
 - ii. Before consideration will be given a position that meets the stated criteria, departments should evaluate whether the resources involved could instead be used to help mitigate the impact on the County of revenue reductions in other areas.
- c. If a position is not filled, is the resulting reduction of services for a program below a legally mandated level? If the answer is yes, the position can be considered, but subject to the following:
 - i. The Department should first explore obtaining a waiver of any service level mandate or the feasibility of ending the program or returning responsibility for the program to the State.
 - ii. To the extent practical, efforts should be made to fill the position using the call-back of a laid-off County employee formerly serving in the same classification, or extra help or through internal recruitment.
- d. If a position is not filled, is the result a diminished service level where, in the department's judgment, the program's effectiveness is seriously compromised? If the answer is yes, the department should further consider the following:
 - i. Is this a high priority program as determined by the Board of Supervisor's Strategic Plan and priorities?
 - ii. A thorough exploration of alternative means of providing adequate services has determined they are not feasible or are more costly.
 - iii. To the extent practical, efforts should be made to fill the vacant position using the call-back of a laid off County employee formerly serving in the same classification, or extra help or through internal recruitment.
- e. Is the position in question a critical and hard-to-fill position, as evidenced by repeated, unsuccessful attempts by the Department to recruit? If the answer is yes, and if the program is a high priority for the Board of Supervisors, then the position can be considered.

The Board approved in February 2008 the following actions in preparation for further reductions that may be required for the future. These actions, reaffirmed by the Board in 2011, are:

If possible, in times of economic uncertainty, to help maintain the County's financial stability:

- Departments are directed to immediately halt the implementation of all new programs without a dedicated funding source and that are not already fully implemented.
- Departments are required to obtain CAO approval for the purchase of all capital assets or any computer-related purchase that has not been previously included in the Refresh Policy. Approval will only be granted if the cost of the equipment is fully revenue-offset or is critical to program operations.
- Departments are directed to take whatever steps necessary to end the fiscal year with no increase in County Contribution.
- Departments are directed to control and reduce travel costs. Only travel critical to program operations will be permitted.

Budget Construction & Legal Requirements

Summary of Designated Responsibilities for Actions

As previously discussed, State laws and County ordinances prescribe the manner and form in which the Budget is presented. Additional responsibilities and the delegation for preparation, review, approval and amending the Budget are also established by statute and ordinance, and by policies coordinated through the Board of Supervisors, the County Administrator and the Auditor-Controller's Office.

Listed below are additional actions requiring a four-fifths vote of the Board of Supervisors:

- Appropriation increases within a fund.
- Appropriations from contingencies.
- Appropriations of unanticipated revenues.
- Transfers between funds.
- Transfers from designated reserves.
- Transfers from equipment replacement reserves.
- Transfers from the General Fund General Reserve (only during budget hearings).

Listed below are additional actions requiring a majority vote of the Board of Supervisors:

- Approval of a capital asset over \$50,000 that does not increase the overall department budget.
- Reduction of appropriations and revenues for funding not realized.
- Approval of contracts and amendments when the aggregate amount of the contract and amendment(s) is equal to or in excess of \$50,000 per fiscal year.
- Approval of petty cash accounts over \$3,000, with the exception of the County Library's petty cash account of \$5,000.
- Transfers between Departments within a Fund.
- Transfers between Capital Projects.

- Transfers equal to or more than \$50,000 from salaries and benefits (accounts 1110 through 1999) within a Department.
- Approval of grant application submissions when the amount of the grant is equal to or more than \$50,000 per fiscal year or when the grant-funded activity has General Fund impacts after the grant funds run out.

Listed below are the actions delegated to the County Administrator:

- Approval of a capital asset up to \$50,000 that does not increase the Department's budget.
- Approval of a type of capital asset in lieu of one already budgeted.
- Approval of appropriation transfers to reclassify capital asset appropriations incorrectly budgeted in the categories of Services and Supplies or Other Charges.
- Transfers between divisions, bureaus and sections within a Department provided the total appropriation of the Department is not changed.
- Approval of appropriation transfers to ensure proper classification in accordance with generally accepted accounting principles.
- Transfers less than \$50,000 from salaries and benefits (accounts 1110 through 1999) to other object categories within a Department.
- Transfers to and from expenditure categories 2000 – Services and Supplies, 3000 – Other Charges, 5000 – Other Financing Uses, and 7000 – Intra-Fund Transfers, provided the total appropriation of the budget is not changed.
- Transfers to and from the following accounts: Salary/Wages-Regular (1110); Other Post-Employment Benefits (1213); Compensation Insurance (1240); Insurance-Property (2050); Liability Insurance (2051); Central Data Processing Services (2266); Countywide Administrative Overhead (3710); Building Use Allowance (3712); and Pension Obligation Bonds (5040), provided the total budget is not changed.
- Approval of contracts and amendments when the aggregate amount of the contract and

County of Solano

Budget Construction & Legal Requirements

amendment(s) is less than \$50,000 per fiscal year.

- Approval of appropriation transfers to increase the Fleet Management budget when Departments have received approval from the Board to purchase new vehicles.
- Approval of appropriation transfers for Operating Transfers In when an Operating Transfer Out has already received Board approval.
- Approval of modified work weeks and flexible work schedules for County departments provided the County departments can demonstrate a benefit for the County, and if applicable, meet its obligation under the Meyers-Milias-Brown Act (MMBA) with represented employees.
- Approval of grant application submissions when the amount of the grant is less than \$50,000 per fiscal year.
- Authority to release a Department head from accountability of unaccounted capital assets if it has a Fair Market Value of less than \$5,000 or it has been stolen and has a Fair Market Value of less than \$50,000. The Department must provide a copy of the police report, and the CAO must determine no negligence occurred.
- Authority to delete positions that have been vacant for over six months, in accordance with the 2011 Budget Reduction Strategy of eliminating or freezing vacant positions and only filling positions that are "Mission Critical" to the organization, and to accordingly direct the Director of Human Resources to make technical changes to the Position Allocation List.
- Authorize the County Administrator, assisted by the Auditor-Controller, to draw down \$2.8 million from the General Fund General Reserve and transfer this amount to Fund 332 for future General Fund debt service payments on the 2002 and 2007 Certificates of Participation.

Listed below are actions delegated to the Director of Human Resources:

- Affirm the appropriate jurisdictions are utilized for comparison purposes when determining compensation for County positions.

- Affirm the County's policy of no retroactivity for compensation during negotiation with its bargaining units.
- Affirm that the Director of Human Resources, as provided for in the Employer/Employee Relations Rules and Regulations, may enter into side letter agreements or MOU amendments with represented bargaining units to resolve employee/employer disputes and/or issues.
- Affirm the County's policy that extra help employees are limited to working 999 hours per fiscal year. In the event the employee works over 999 hours per fiscal year, affirm the County's policy of providing CalPERS benefits in the same manner as represented employees.
- Authorize the Director of Human Resources, with the concurrence of the County Administrator's Office, to temporarily increase the number of positions in a Department without further approval of the Board of Supervisors when an employee has announced their retirement/separation from the County and the Department has a compelling reason that the retiree-to-be should train his/her replacement.
- Authorize the Director of Human Resources to review the classifications in the Senior Management Group, unrepresented and at-will employees.
- Affirm that the Director of Human Resources shall implement benefit changes for unrepresented employees in the Executive Management, Senior Management and the Confidential Group consistent with the benefits received by represented employees.
- Authorize the Director of Human Resources, with concurrence of the County Administrator, to make technical changes to the Position Allocation List.

Listed below are additional actions delegated to the Auditor-Controller:

- Deposit prior year SB90 revenues in General Revenues when a Department has a Net County Cost or receives a General Fund Contribution.
- Authorize the Auditor-Controller, in consultation with the County Administrator, to carry forward

Budget Construction & Legal Requirements

Board-approved capital project appropriations into subsequent years to facilitate the accounting and management of multi-year capital projects.

- Approve petty cash requests up to \$3,000, with the exception of requests of up to \$5,000 for the County Library’s petty cash account.
- Process Appropriation Transfer Requests (ATR) as approved by the Board of Supervisors or County Administrator.
- Authorize the Auditor-Controller, with concurrence from the County Administrator, to reclassify appropriations between the maintenance accounts and capital outlay accounts within the same project budget, so long as total appropriations are not increased.
- Authorize the Auditor-Controller, with concurrence from the County Administrator, to decrease capital outlay appropriations within the respective capital project funds, and to increase appropriations in Public Art Fund to cover costs associated with the public art project to ensure compliance with Solano County Public Art Ordinance, Code Section 5-5.
- Authorize the Auditor-Controller to apply amounts received from Departments for the costs of the PARS Supplementary Retirement Plan to the Pension Debt Service Fund during FY2011/12 through FY2015/16.
- Authorize the Auditor-Controller, with concurrence of the County Administrator, to transfer appropriations within a Fund to cover year-end close-out if justified, subject to the transfer(s) not increasing the total appropriation within the fund.
- Authorize the Auditor-Controller, with concurrence of the County Administrator, to make adjustments after the close of the Budget Hearings and the end of the fiscal year as needed and where applicable to balance the FY2012/13 Adopted Budget,
- After the adoption of the Budget for FY2012/13, authorize the Auditor-Controller, with the County Administrator’s approval, to:
 - i. As authorized by the Board of Supervisors following Budget Hearing deliberations:

- a. Increase the General Fund Balance for Accrued Leave Payoff or for Deferred Maintenance; and/or
 - b. Effect an additional payment of \$1.8 million towards the Other Post Employment Benefit (OPEB) unfunded liability.
- ii. Increase the General Fund General Reserve by the:
 - a. Amount the General Fund’s Year-end Fund Balance exceeds the amount needed to balance the FY2012/13 Budget; and,
 - b. Repayments from the Pension Debt Service fund and other General Fund loans.

- Authorize the Auditor-Controller, with the County Administrator’s approval, to increase the General Fund Balance for Accrued Leave Payoff by the amount appropriated in the General Expenditures Budget for Accrued Leave Payoff not used by the end of the fiscal year.

Listed below is an additional action delegated to Departments:

- Request individual purchase of materials and services under \$5,000 in compliance with County Purchasing policies. Purchase orders will not be required for items under \$5,000.

BENCHMARK COUNTIES

The following pages provide a graphical summary of statistical, employment and demographic information about Solano County. When reviewing Solano County's economic health, the County government's financial capacity, and the County's delivery of services to residents in unincorporated areas, the County inevitably compares itself from the current year to past years.

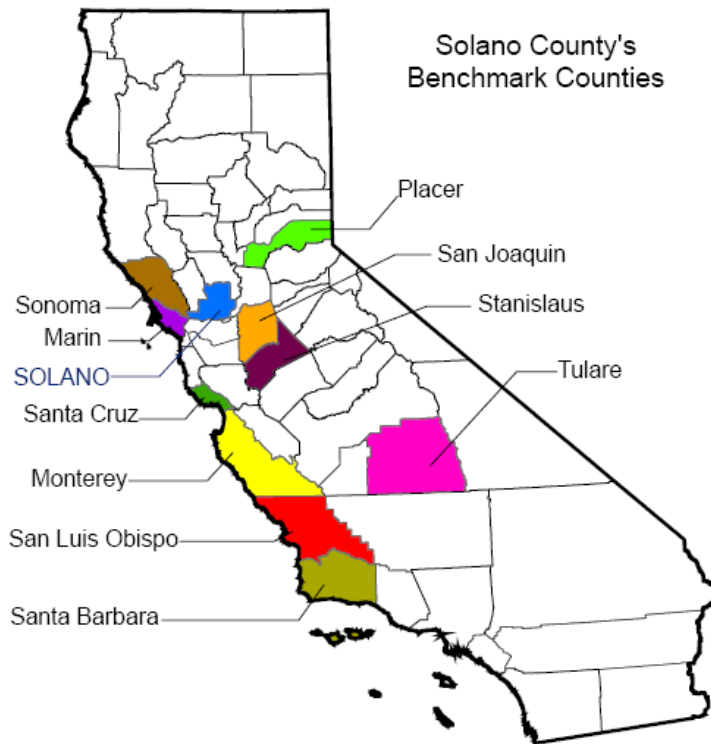

Additionally, the question of how Solano County compares with other counties is often asked. This leads to the question: Which counties should be used for comparison purposes?

A group of ten counties have been selected to be used for comparison in six of the following charts. Solano County has the following characteristics in common with each of these counties:

- They are the ten counties closest to Solano in population – six with higher population and four with lower population.
- A total population of more than 250,000 but less than 700,000.
- All include both suburban and rural environments.
- None contain a city with more than 300,000 in population.
- Six are coastal or Bay Area counties.
- Most have the same urban growth versus rural preservation challenges facing Solano County.

Statistical Profile

POPULATION

The California Department of Finance's January 1, 2012 estimate of the population of Solano County is 413,786, approximately 0.1% over 2011. Of California's 58 counties, Solano County ranks 21st in terms of population size.

California's population estimate was 37.7 million as of January 2012, according to the State Department of Finance. California, the nation's most populous state, represents 12% of the nation's population, or one out of every eight persons. Solano County's population represents 1.1% of the State population.

When you look at the county population since 2000, the rate of growth has tapered off to small increments. Between 2000 and 2010, the County grew by 18,802, or 4.8%, which is significantly less than the 54,121, or 15.9%, gains of the previous decade. Between 2010 and 2012, the county grew by 442 residents, or 0.1%.

Only Fairfield and Rio Vista experienced growth between 2010 and 2012, increasing 1,058 and 58 respectively. Since 1990, Rio Vista has grown 123.7%, making it the fastest-growing Solano County city. Conversely, the population in the unincorporated area of Solano County has declined by 2,902, or 13.4% since 1990. Overall, the population for the entire county has grown by 73,365, or 21.6% since 1990 for an average annual growth rate of less than 1%.

Statistical Profile

LAND AREA AND POPULATION DISTRIBUTION

According to the California Department of Finance’s “January 2012 City/County Population Estimates,” 83% of California residents live in incorporated cities and 17% in unincorporated areas. In contrast, 95.5% of residents in Solano County live within the county’s seven cities. This phenomenon was by design. In the early 1980s the residents of the County passed an Orderly Growth Initiative, which was extended in 1994, that focuses most urban growth to the incorporated cities. The voters reaffirmed this measure through the adoption of the 2008 Solano County General Plan, sustaining a commitment to orderly growth through 2028.

In comparison to its benchmark counties, Solano County is one of the smaller counties in terms of square miles of land area. According to the U.S. Census Bureau, Solano County consists of 907 square miles, of which 78 square miles is covered with water. The San Pablo Bay, Suisun Bay, the Carquinez Straits and the Sacramento River provide the county with natural borders to the south and east. Rich agricultural land lies in the northern area of the county while rolling hills are part of the southern area. Approximately 62% of the county land area is comprised of farmland.

This unique mixture of a sizeable urban population and a large rural/agricultural base creates many problems and challenges for County government. These include:

- Challenges in the transition zones between urbanized areas and agricultural areas (i.e., land use, pesticide use, dust, odors and vermin).
- Coordination of infrastructure transitions from the urban areas to the rural areas (i.e., reliever routes, upgraded feeder streets/roads and flood control).
- With limited resources and a reliance on property taxes and State/Federal funding, it is a challenge to provide urban-driven needs (as indicated by the high density per square mile) for health, public assistance and law and justice services.

Statistical Profile

POPULATION LIVING IN POVERTY

According to the 2010 Small Area Income and Poverty Estimates (SAIPE) by the U.S. Census Bureau, 12.2% of the county population is living at or below the poverty level. This statistic is up from 2007 when the SAIPE estimated 9% poverty for all ages in Solano County. In 2010, the poverty rate in Solano County was 17.9% among residents under age 18 and 14.7% among families with children 5 to 17.

The U.S. Census Bureau's statistics on poverty provide an important measure of economic well-being and are sometimes used to assess the need or eligibility for various types of public assistance. Poverty statistics presented use thresholds prescribed for Federal agencies by the Office of Management and Budget and are estimates. It should be noted that only three of the comparison counties have a lower rate. While the county's level is not considered acceptable, the county's rate is less than the 13.7% statewide average rate for population living at or below the poverty level.

These statistics are starting show the known impacts of the Great Recession. In December 2006, a total of 14.7% of the county's population was receiving public assistance, in the form of Food Stamps, CalWORKs, General Assistance and Medi-Cal. Three years later in 2009 the percentage of the population receiving public assistance climbed to 18.1%. In December 2011, a total 19% of the county's population was receiving public assistance.

SOLANO COUNTY COMMUTING

According to the U.S. Census Bureau's 2009 American Community Survey, approximately 40% of working residents in Solano County commuted outside of the county for work. The survey estimated 76,164 residents commuted out of county in 2009, up 1.6% from 2006. At the same time, the number of people commuting into Solano County for work decreased by 768 or 2.5% to 29,908.

The 2009 American Community Survey also reported that approximately 76% of employed county residents drive alone to work, 15% car pool, 3% use public transportation and 6% either work at home or use other modes of transportation. Solano County, along with Napa County, has the highest percent of commuters using car pools in the San Francisco Bay Area. With all but one of the county's cities positioned along the Interstate 80 and 680 corridors, Solano County provides the commuter with access to Bay Area jobs and lower housing costs. Solano County residents commute to a variety of counties as illustrated by the chart below from U.S. Census Bureau.

GROSS AGRICULTURAL CROP VALUE

The preliminary 2011 estimated crop value of \$277,263,300 represents a 6.9% increase from 2010 values. Solano County produces more than 80 different commodities including fruits, nuts, vegetables, grains, seed, nursery stock, livestock, poultry, and apiary.

Agricultural production is part of a larger industry cluster that spans the full spectrum of economic activity from before the crops get into the field to the value-added processing in consumer products. According to the study released in May 2011, entitled "The Food Chain Cluster: Integrating the Food Chain in Solano and Yolo Counties to Create Economic Opportunity and Jobs," the total economic output of the food chain in 2009 for the two-county region was \$2.5 billion, or 10% of the region's total economic output. Solano County's share of the output was \$1 billion.

COUNTY ASSESSED VALUES AND GROWTH

Property taxes are a major source of local governmental revenues and are determined by assessed values. The property tax rate throughout the entire State of California is 1% of assessed values. The 2012 Property Assessment Roll of \$39.23 billion increased by .4% from the prior year's roll value and represents property ownership in Solano County as of January 1, 2012. This is the first year that shows a slight increase in value in the last five years.

High numbers of foreclosures and dramatic drops in median home prices since the real estate peak in 2007 continue to affect the assessment roll. In the first quarter of 2011, a total of 1,301 notices of default were issued for homes in Solano County, a decline of 21.6% from the same quarter in 2010. Notices of defaults peaked at 2,464 during the first quarter of 2009, supporting the belief that the rate of decline may be slowing. The median price for homes sold in northern Solano County declined from \$415,000 in 2007 to \$198,000 in 2011. In southern Solano County, the median home price also declined from \$420,000 in 2007 to \$155,000 in 2010. In March 2012, the median home price shows a slight improvement: \$199,000 in northern Solano County and \$162,500 in southern Solano County.

Since the market peak in 2007 an increasing number of properties in Solano County have had their property values temporarily reduced in accordance with Proposition 8. Proposition 8 requires the Assessor to value property at the lesser of market value or the factored base year value, also known as the Proposition 13 value. The current property assessment roll reflects approximately 67,000 properties with reduced property value assessments.
