SOLANO COUNTY 2014 FEDERAL LEGISLATIVE PROGRAM

PRIORITY ISSUES

The ability of the County to serve the residents of Solano County (County) and provide for a thriving and sustainable community requires support from all levels of government. Federal legislative policy and funding decisions affect the County's ability to deliver services. In order to fulfill the County's commitment to the community, Federal resources should be sought to support the County's mission to enrich the quality of life in County. To this end, the County Board of Supervisors supports the priorities and the legislative principles set forth below.

Priority issues are those that have a significant impact on County business and on which County staff, including the County's Federal legislative advocates, will concentrate their legislative efforts during the 2014 Legislative Session. The County's top priorities (Listed Alphabetically) include:

1. **Funding for Key Infrastructure Projects** - Support efforts in Congress to authorize and appropriate funding for infrastructure projects in Solano County, including Water Resources Development Act (WRDA) funding for water projects identified as priorities by the Board of Supervisors.
2. **Housing, Economic Development, and Transportation Programs** - Support the highest possible funding level for key federal housing and economic development programs, including the Community Development Block Grant (CDBG). Support legislation and funding to restore and revitalize property impacted by prior realignment or closure of military installations. In the area of transportation, support efforts to protect the Highway Trust Fund and support programs that provide funding for local roads, bridges, transit initiatives, and aviation.

In addition, support funding for programs that assist the County with disaster preparedness and homeland security-related needs, including efforts aimed at achieving communications interoperability.
5. **Sacramento-San Joaquin Delta** - Support legislative and administrative efforts to protect the Sacramento-San Joaquin Delta and County's interests relative to land use, agricultural stability, economic development, police or emergency response mandates, environmental preservation, flood protection, levee stability, habitat conservation, recreation, water supply, water quality, water rights, and dredging activities. Support governance structures that give local government an equal voice with other stakeholders in setting Delta policy.
6. **Temporary Assistance for Needy Families (TANF) Reauthorization** - Support a reauthorization of the TANF program that would restore state and Solano County flexibility in operating a program focused on services leading to outcomes that stabilize families and lead to employment, including federal incentives for subsidized jobs.
