

SOLANO COUNTY

FY2014/15 Adopted Budget

ON THE COVER: Pictured on the cover, from top to bottom, are some of the major milestones, program implementations and policy discussions that will continue to shape County operations in FY2014/15.

- **Library's 100th Anniversary:** April 5, 2014 kicked off a yearlong celebration of 100 years of free public libraries in Solano County. Events to celebrate this milestone are planned throughout the year and can be found at www.solanolibrary.com.
- **Affordable Care Act:** A variety of outreach efforts were used to educate the public on their options for health care coverage. With the initial wave of enrollments complete, Health and Social Services will be focusing on complying with the electronic health care records and other aspects of health care delivery required under the Affordable Care Act.
- **Travis Air Force Base:** Federal budget decisions are constraining the Department of Defense resources, which in turn may impact operations at Travis AFB. The County, in conjunction with the Travis Community Consortium, are working to keep the strategic importance of the base at the forefront of discussions about realignment of missions and aircraft in the Air Force. *(U.S. Air Force photo by A1C A1C Madelyn Ottem)*
- **Bay Delta Conservation Plan:** This far-reaching plan designed to address environmental demands of the Delta and provide stability for water exporters would alter land uses and farming operations in Solano County along the Sacramento River as well as put water reliability at risk for local users of Delta water. The County, in conjunction with the Delta Counties Coalition, are working to ensure the plan mitigates the potential negative impacts to Delta region. *(Courtesy California Department of Water Resources)*
- **Public Safety Realignment:** The County's Public Safety departments — Probation, Sheriff, District Attorney and Public Defender — in partnership with other law enforcement agencies and the Courts, will continue adapting to the evolving offender population as a result of the shift in responsibilities for various types of offenders to the local level. To address the expanded need, the Courts are renovating the historic courthouse in downtown Fairfield to add three civil courtrooms, a civil court office, jury assembly rooms, office space and an alternate dispute resolution/mediation center that will free up space for criminal courts across the street.

The Honorable Board of Supervisors
County of Solano
675 Texas Street
Fairfield, CA 94533

Members of the Board of Supervisors,

The Adopted Budget of Solano County for the fiscal year July 1, 2014 through June 30, 2015 is presented in this document. This budget was adopted by the Board following public hearings on June 23, 2014.

Schedule 1 includes a summary of the County Budget for all fund types. This entity-wide perspective has a total financing requirement of \$923 million. This total includes appropriations for expenditures (including contingencies), transfers between funds, intra-fund transactions, and increases and decreases in reserves and designations. This should not be construed to represent the total outflow of economic resources to be spent for services, which would be a lesser amount of approximately \$761 million. The difference of \$162 million represents the transfers between funds.

The County Budget sets forth the operating (how to spend) and financial (how to finance) plan for the provision of services to the citizens of the County by all governmental and proprietary funds of the County, dependent special districts and other agencies whose affairs and finances are under the supervision and control of the Board of Supervisors.

The Adopted Budget was compiled in accordance with the County Budget Act (Government Codes §29000 et seq.) and presented in a format prescribed by the State Controller. This document sets forth appropriations as adopted by the Board for each departmental budget unit and fund for the fiscal year ending June 30, 2015.

The preparation of this budget document is the result of a concentrated, dedicated and coordinated effort by the County. I would like to acknowledge the efforts of departmental budget preparers, department heads, the County Administrator's staff and the Auditor-Controller's Financial Reporting Division. I would also like to thank the Board of Supervisors for their leadership and support.

Respectfully,

Simona Padilla-Scholtens, CPA

Budget Construction & Legal Requirements

Purpose

This segment of the budget document sets forth the Government Code Sections and administrative directives, as issued by the Office of the State Controller, pertaining to the form and content of the Annual County Budget. It describes the format of the Solano County Budget document and includes County ordinances and specific policies adopted relating to the County Budget.

Legal Basis

The Government Code specifies the content of the budget, budget adoption procedures and dates by which actions must be taken. (Government Code §29000-29144)

Forms

The budget document must be on forms prescribed by the State Controller in consultation with the Committee on County Accounting Procedures. (Government Code §29005)

Permission to Deviate

A county may add to the information required, or show it in more detail, providing the financial information and the classifications or items required to be included in the budget are clearly and completely set forth. Any change proposed by a county in the arrangement of the information required on the forms shall be subject to review and approval by the State Controller.

Funds and Accounts

Fund and account titles to be used by counties in the preparation of the budget are those contained in the publication, Accounting Standards and Procedures for Counties, issued by the State Controller. Special districts required to be included in the budget document must use fund and account titles contained in the publication, Uniform Accounting System of Special Districts.

Fund Types

- General Fund - The chief operating fund of a government. The general fund is used to account for all financial resources except those required to be accounted for in another fund.
- Special Revenue Funds - These funds are used to account for and report the proceeds of specific revenue sources restricted or committed to expenditures for specified purposes other than debt service or capital projects.
- Capital Projects Funds - These funds are used to account for and report financial resources restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.
- Debt Service Funds - These funds are used to account for and report the financial resources restricted, committed, or assigned to expenditures for principal and interest and related administrative charges.
- Enterprise Funds - These funds are used to account for operations financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. (i.e., Airport)
- Internal Service Funds - These funds are used to account for the financing of goods or services provided by one department or agency to another department or agency of a government on a cost-reimbursement basis. (i.e., Fleet, Department of Information Technology, Risk Management)

Basis of Accounting/Budgeting

The general operating group of funds (governmental fund types) are budgeted and accounted for using the modified accrual basis of accounting. Governmental fund types include General Fund, Special Revenue Funds,

Budget Construction & Legal Requirements

Debt Service Funds and Capital Projects Funds. This group of funds is summarized on Schedule 2 of the budget document.

Internal service and enterprise funds are budgeted and accounted for using the full accrual basis of accounting.

The basis of accounting used in this budget document is required by directive of the State Controller and Governmental Generally Accepted Accounting Principles (GAAP) and prescribed by pronouncements of the Governmental Accounting Standards Board (GASB).

Legal Duties and Deadlines

State Controller (Government Code §29005)

- To promulgate budget rules, regulations and classification and to prescribe forms.

Supervisors (Government Code §29061, 29063, 29064, 29065, 29080, 29081, 29088, 29100, 29101)

- To hold hearings on budget estimates prepared by officials.
- To make revisions, reductions and additions to estimates.
- To formally approve the tabulations, as revised, as the Recommended Budget.
- To make the Recommended Budget available to the general public.
- To publish notice that the budget is available and to announce and conduct public hearings, as prescribed by law.
- To adopt the Budget by resolution for the County and dependent Special Districts.
- To adopt property tax rates.
- To levy property taxes.

All County Officials (Government Code §29040)

- To submit itemized requests of estimates for available financing, financing requirements and any other matter required by the Board on or before June 10th of each year.

Auditor or Administrative Officer as Designated by Board (Government Code §29040, 29042, 29045, 29060, 29062)

- To receive budget requests from officials.
- To prescribe and supply budget work sheets.
- To submit budget estimates when the official responsible has not done so.
- To compile budget requests.
- To submit Recommended Budget to the Board.

Auditor (Government Code §29043, 29044, 29083, 29103, 29109, 29093, 29124)

- To provide financial statements or data to officials.
- To attend public hearings on Recommended Budget and provide any financial statements and data required.
- To revise the Recommended Budget to reflect changes made by the Board.
- To calculate property tax rates.
- To forward to the State Controller a statement of all County property tax rates, assessed valuations and amount of taxes levied and allocated.
- To file a copy of the Adopted Budget with the State Controller.

Budget Construction & Legal Requirements

- To approve all payments in accordance with the Adopted Budget.

County Strategic Plan Implementation

The FY2014/15 Recommended Budget supports several of the 2007 County Strategic Plan, Goals and Initiatives. A key priority is financially supporting the Goals, Strategic Objectives and departmental activities consistent with the Plan.

Following is a description of each of the Strategic Plan's Goals:

Goal: Improve the health and well-being of those who live and work here

The County will encourage healthy, active lifestyles by promoting change toward wellness through healthy programs, partnering with schools, hospitals and cities, early intervention with children and families and by encouraging environmentally friendly building and business activities. As a large employer, the County will continue to model the importance of health and wellness throughout its workforce.

Goal: Ensure responsible and sustainable land use

The County, working with the cities, education, workforce training and business leaders, non-profit providers and interested citizens, helps create a high quality of life in Solano County.

The General Plan was updated and approved by the voters in 2008. The implementation of the various components of the General Plan is still ongoing.

Goal: Maintain a safe community

The County and its partners will offer services, programs and projects that move from incarceration to an integrated approach aimed at eliminating recidivism and reducing the growing need for jail beds. Programs on gang prevention, methamphetamine prevention, juvenile recidivism and positive parenting are parts of the integrated systems approach. Emergency preparedness will continue to play a key role in maintaining a safe community.

Goal: Invest in and for the future

Focused both internally and externally, work efforts involve customer service training, survey and focus groups, succession planning, technology investment and financing of capital projects and renewal efforts.

Budget Goals and Objectives

The County Budget sets forth the foundation for major Board policy actions and provides a fiscal "road map" for the direction of County government to follow, now and in the future. As such, the County Budget represents the single most important document that is prepared, reviewed and approved on an annual basis. It is the document that reflects the County's fiscal commitment to the Strategic Plan, its goals and objectives.

The intent of the Budget document is to:

- Provide a document in a format that is user friendly and readable in order to give the public a clear understanding about County government operations and funding. The County Statistical Profile gives the reader a comprehensive profile of the county.
- Identify the strategic goals and objectives upon which budget allocations are made and to measure the progress of County Departments and operations in fulfilling their departmental goals and objectives as well as the County's overall mission.
- Provide the Board and the public with a clear understanding of revenues and appropriations in the areas of strategic importance to the County, such as Public Safety and Health and Social Services.

Budget Construction & Legal Requirements

While many improvements have been incorporated into the process and the presentation of the Budget over the last several years, the basic principles, goals and objectives of the Board of Supervisors for Solano County have been maintained as the underlying foundation for the Budget. These include:

- The Budget must be balanced with appropriations equaling the combined total of estimated revenues, fund balance and/or reserves.
- Wherever possible, the Budget should be balanced with identified ongoing revenue sources equaling ongoing and reasonably expected appropriations.
- To the extent possible, one-time money should not be used to fund ongoing operations.
- Service levels should be maintained at the highest level possible, within funding constraints.
- Contingencies and Reserves should be increased in good years to guard against future uncertainties.
- Discretionary revenues should be maximized to allow the Board options for the funding of beneficial local programs and services.
- Every effort should be made to ensure accuracy and accountability in estimating and monitoring both revenues and expenditures throughout the fiscal year.
- The Budget should, wherever possible, anticipate and make provisions for uncertain funding for County-operated programs.

In reference to the stated goals and objectives above, several policy guidelines were followed and maintained in developing this Budget:

- Revenues from Property Tax Administration Fees are recognized in the budgets of the departments (Auditor-Controller, the Clerk of the Board, the Assessor, and the Tax Collector) actually incurring the expenditures.
- Proposition 172 funds have been allocated to maximize public safety services to the public.
- 1991 Realignment revenues have been allocated to Health and Social Services.
- 2011 Realignment revenues have been allocated to certain corrections and human services programs, in accordance with Chapter 40, Statutes of 2011 (AB 118, Committee on Budget) and Chapter 35, Statutes of 2011 (SB 89, Committee on Budget and Fiscal Review) and several 2011 trailer bills.
- General Fund Contingencies and Reserves are increased, whenever possible, to safeguard against future uncertainties and are drawn down as directed and/or authorized by the Board when necessary. Consideration will be given during Budget Hearings to increase Committed General Fund Balances, such as the General Fund Balances for Accrued Leave Payoff and for Deferred Maintenance, from available year-end Fund Balance whenever the balance is in excess of the incoming fiscal year's financing needs.

Budget Policies of the Board of Supervisors

In addition to the legally required duties, there are certain actions to implement the budget process which the Board may take, including:

- Changing the arrangement of information on budget forms, upon approval of the State Controller. (Government Code §29005)
- Inclusion of other data, in addition to presenting the minimum information on available financing and financing requirements as submitted by the departments in their estimates. (Government Code §29006)
- Selection of the method of presenting supporting data for salaries and allocated positions. (Government Code §29007)
- Designation of Auditor or Administrative Officer to receive budget requests. (Government Code §29040, 29042)

Budget Construction & Legal Requirements

- Designation of Auditor or Administrative Officer to submit budget requests in event of non-performance by responsible official. (Government Code §29045)
- Designation of Administrative Officer to prepare recommended budget on prescribed forms. (Government Code §29061, 29062)
- Approval of new positions and capital assets prior to Budget adoption. (Government Code §29124)
- Designation of official to approve transfers and revisions of appropriations within a budget unit. (Government Code §29125)
- Approval of budgetary adjustments. (Government Code §29125, 29126, 29126.1, 29127, 29130)
- Designation of an official to whom Auditor shall submit statements showing conditions of budget appropriations and estimated available financing. (Government Code §29126.2)

Adopted Budget Policy

The FY2014/15 Budget Hearings were held on Monday, June 23, 2014.

The Board of Supervisors (Board) has designated the County Administrator as the official responsible to carry out all County budgetary responsibilities not specifically reserved to the Board, Auditor or State Controller.

Chapter 2 of the Solano County Ordinance provides additional information on established County policies. Sections 2-40 through 2-47 specifically address the duties of the County Administrator. Section 2-45 delineates the County Administrator's role in budgetary matters. These duties include:

- Develop budget instructions and policies, revenue estimates and departmental budget targets to guide departments in budget preparations.
- Recommend to the Board an annual County operating budget based on revenue projections, budget targets and proposed work programs and projects developed by the various departments.
- Recommend to the Board a capital budget based upon long-range plans for acquiring, constructing or improving buildings, roads and other County facilities.
- Recommend to the Board the acquisition and disposition of real property, except for County roads, easements and rights-of-way, which shall be the responsibility of the Director of Resource Management.
- Establish a control system or systems to ensure the various County departments and other agencies under the jurisdiction of the Board are operating within their respective budgets.
- Recommend requests to the Board for unforeseen and unbudgeted expenditures.
- Approve fund transfers and budget revisions within appropriations.
- Recommend to the Board fund transfer requests requiring Board action under State law.
- Establish policies for acquiring additional or replacement capital assets.
- Keep the Board informed of the financial status of the County and of other matters of major significance to the County.

Budget and Fiscal Policies for FY2014/15

Budget Policy

1. General Fund Emphasis: Pending the outcome of actual Year End Fund Balance, departments' budgets should be prepared with a goal that the FY2014/15 Net County Cost or General Fund (GF) Contribution to programs will not exceed their FY2013/14 Midyear projection and have no new programs or positions unless revenue-offset.

Budget Construction & Legal Requirements

2. Labor Costs: The County continues to negotiate with labor units to reduce employee costs. The County anticipates significant increases in PERS employer rate effective FY2015/16. In this regard, Departments should continue to pursue lowering labor costs where possible, developing efficiencies in the delivery of services, searching for opportunities to share back office operations, and eliminating vacant non- "Mission Critical" positions. A "Mission Critical" position is defined as "a position that provides essential life, safety and/or public health services to the community, or required to be filled by the County to avoid liability and to limit impairment or disruption to the delivery of mandated services."
3. Contributions to Outside Organizations: The budget should not include contributions to outside organizations not controlled by the Board, such as the State Courts, unless the organization is carrying out a priority of the Board based on the community's needs.
4. Maximize the Board's Discretion: Wherever legally possible, revenues are to be treated as discretionary resources, rather than as dedicated to a particular program or service. The goal is to give the Board as much flexibility as possible in allocating resources to local priorities, including the Goals and Objectives outlined in the County Strategic Plan. To the extent allowed by law, existing programs or activities should be funded with dedicated funding sources. This will free up scarce discretionary resources to fund Board priorities.
5. Pursuit of New Revenues: Pursue additional revenue sources to the fullest extent possible for all services; and, for fee-setting purposes, identify total cost (including indirect costs) to enable full recovery of all costs associated with the service provided when allowed by law and economic/market considerations.
6. Discretionary Programs: Do not recommend new discretionary programs unless the programs are stated Board priorities, are fully funded by non-General Fund sources in FY2014/15, and will continue to be in future years. Where the County has discretion, reduce the level of services or eliminate programs. Seek legislative relief or reform for programs when feasible to facilitate service outcomes over prescribed processes and procedures.
7. Pursue Operational Efficiencies: Explore reducing expenditures and maximizing revenues through automation and moving toward self-help service delivery where feasible, consolidation of functions and streamlining of County operations.
8. County Share: If funding is reduced, there should be no increased County share for programs funded primarily from non-General Fund sources, unless increased County share is mandated or the program is a high priority for the Board of Supervisors, and the amounts are feasible in light of the County's fiscal situation.

Fund Balance Policy

The Board originally adopted the General Fund Reserve and Other Designations Policy in February 2007. On June 14, 2011, the Board adopted the new Fund Balance Policy which includes the changes to conform to Governmental Accounting Standards Board (GASB) Statement No.54.

The five categories of fund balance are:

- a. Non-spendable: Long-term loans
- b. Restricted: Public Facilities Fees
- c. Committed: General Fund Balance for Accrued Leave Payoff
- d. Assigned: General Fund contribution to other funds
- e. Unassigned: Residual net Fund Balance

General Fund - Fund Balance Policy

This policy addresses the County's unrestricted fund balance (i.e. Committed, Assigned, and Unassigned).

Committed Fund Balance

During any Board meeting, the Board of Supervisors may establish a Committed Fund Balance through a resolution approved by a 4/5 vote. The commitment must be established by the end of the fiscal year for a specific purpose

Budget Construction & Legal Requirements

and requires the same action to be changed or lifted.

Assigned Fund Balance

During any Board meeting, the Board of Supervisors may establish or change an Assigned Fund Balance through a resolution approved by a 3/5 vote.

General Fund General Reserve Policy

The General Fund General Reserve is subject to restrictions imposed by Government Code Section 29086, which limits the Board's access to the reserve during the annual budget process and requires 4/5 vote by the Board.

The Board's policy is to maintain General Fund General Reserve equal to 10% of the County's total budget excluding inter-fund transfers, with a minimum of \$20 million balance maintained at all times.

The General Fund General Reserve is maintained to provide the County with sufficient working capital to support one-time costs, subject to Board approved constraints, for the following purposes:

- When the County faces economic recession/ depression and the County must take budget action.
- When the County is impacted by a natural disaster or any other emergency that could result from acts of terrorism, disease epidemic, pandemic flu, chemical spill, or nuclear contamination whether it is a natural occurring phenomenon or manmade.
- When the County experiences unexpected declines in revenues and/or when unpredicted large one-time expenditures arise.

Subject to the Board of Supervisors' constraints, the following will guide how reserve should be used:

1. Use the General Fund General Reserve to phase into fiscal distress periods gradually, focusing on maintaining the Board's priorities.
2. To the extent possible, use the General Fund General Reserve as the last resort to balance the County Budget.
3. To the extent possible, the spending down of the General Fund General Reserve should not exceed \$6 million a year.

In circumstances where the General Fund General Reserve has fallen below the established requirement, the County shall replenish the deficiency within five fiscal years or as soon as economic conditions allow from the following revenue sources: year-end surpluses, non-recurring revenues, budget surpluses, or if legally permissible and with a defensible rationale, from excess resources in other funds.

General Fund Balance for Accrued Leave Payoff

The Board designated General Fund Balance for Accrued Leave Payoff. The purpose of this designation is to minimize the fiscal impact on County Departments' budgets due to employee retirements. These funds are to be used for large employee payoffs upon retirement or employment separation from the County when the respective department has insufficient appropriations during the fiscal year to fund these payoffs. The following criteria and procedures were approved by the Board for managing the Fund Balance for Accrued Leave Payoff:

1. Minimum General Fund Balance for Accrued Leave Payoff. On an annual basis, the Auditor-Controller shall calculate the projected leave payout requirements for the subsequent five years, net of Federal and State reimbursements, and provide the information to the County Administrator's Office for inclusion in the following year's Recommended Budget. The Board's policy is to maintain General Fund Balance for Accrued Leave Payoff equal to 40% of the five-year projected leave payout requirements net of federal and state reimbursements, with a minimum of \$2 million balance maintained at all times.
2. Replenishing General Fund Balance for Accrued Leave Payoff. In circumstances where the General Fund Balance for Accrued Leave Payoff has fallen below the established requirement, the County shall replenish the

Budget Construction & Legal Requirements

deficiency within three fiscal years or as soon as economic conditions allow from the following revenue sources: year-end surpluses, non-recurring revenues, or if legally permissible and with a defensible rationale, from excess resources in other funds.

3. Anticipated Accrued Leave Payoffs. During the budget process, a General Fund Department or a Department that receives a General Fund contribution should determine the amount needed to cover anticipated accrued leave payoffs for the upcoming year and include the amount in their budget and work with the CAO to determine the funding strategy to include the appropriate amount in the Recommended Budget. The Departments will work with the CAO to determine the funding strategy.
 - a. If the Department has sufficient appropriations to fund the accrued leave payoff, the Department shall absorb the cost; or
 - b. If the Department cannot absorb the cost, the Department must work with the CAO to determine the funding source(s) to offset the increased costs. Funding from the **General Fund Balance for Accrued Leave Payoff** may serve as a resource to provide the affected Department with the General Fund share of the employee payoff.
 - c. The General Fund share of the estimated accrued leave payoff will be appropriated in the General Expenditures budget during the budget process. This appropriation will be funded from the **General Fund Balance for Accrued Leave Payoff**.
 - d. The CAO is authorized to make necessary budget adjustments to the affected Department(s) **without** Board approval up to the amount appropriated in 3.c. above.
4. Unanticipated Accrued Leave Payoffs. During the budget year, Departments may have employees retire/terminate that were not factored in the accrued leave payoff calculation. Departments should consult with the CAO to determine the most appropriate funding strategy.
 - a. General Fund Departments or Departments that receive a General Fund contribution should determine if sufficient appropriations are available in their budget to absorb the payoff, and, if not, work with the CAO to determine the appropriate level of funding from the **General Fund Balance for Accrued Leave Payoff** as indicated above in 3.c or General Fund Contingency. These actions require a 4/5 vote of the Board.
 - b. Non-General Fund Departments or Departments that do not receive General Fund contributions will need to determine if their respective program has sufficient appropriations or contingencies to support the accrued leave payoff and should adjust their budget accordingly at Mid-Year or Third Quarter, if necessary.

General Fund Nonspendable Fund Balance

The County's policy to comply with the above requirement is as follows:

- When the Board of Supervisors (BOS) approves long-term loans, advances or notes receivable expected to have outstanding balances at the end of the fiscal year, the long-term amount approved by the BOS will be classified as nonspendable fund balance.
- In circumstances when the BOS has approved a loan, the BOS shall state where the nonspendable fund balance shall be obtained (i.e. General Fund General Reserves, Unassigned Fund Balance, etc.).
- Repayment of General Fund Loans will be put back into General Fund General Reserves.

Contingency Policy

On February 13, 2007, the Board adopted the General Fund Contingency policy to establish a level equal to 10% of the General Fund total budget. The current recommendation for FY14/15 is to maintain a \$9 million contingency within the General Fund which is approximately 4.6% of the Proposed General Fund Appropriations. Appropriations for Contingencies are legal authorizations granted by the Board of Supervisors to be used for one-time unexpected

Budget Construction & Legal Requirements

needs that arise outside of the regular budget planning process. Pursuant to Government Code §29130, access to the Appropriation for Contingency requires a 4/5 vote of the Board of Supervisors.

Investment Policy

The County maintains an Investment Pool managed by the Treasurer-Tax Collector-County Clerk. The Pool acts as a depository for funds from over 80 units of local government, including funds of the county school districts, special districts and other entities.

Amounts deposited in the Investment Pool are invested in accordance with investment policy guidelines established by the County Treasurer and approved by the Board.

The primary objectives of the Policy are:

- Safety - Maintain the security of principal
- Liquidity - Ensure adequate liquidity to meet its cash flow needs for pool participants
- Yield - Generate returns commensurate with the inherent risks being managed

The Policy addresses the soundness of financial institutions in which the County deposits funds, types of investment instruments as permitted by the California Government Code §53601, and the percentage of the portfolio that may be invested in certain instruments with longer maturity.

Debt Policy

The County Administrator's Office maintains a Debt Advisory Committee, consisting of the Assistant County Administrator or Budget Officer, Auditor/Controller, and Treasurer/Tax Collector/County Clerk. The Committee provides analyses and recommendations through the County Administrator for policy implementation and oversight.

The County establishes fund accounts to manage and budget resources for the payment of interest and principal for general long-term debt. The County also incurs debt when prudent to reduce future costs, such as pension obligation bonds.

Conditions for debt issuance are as follows:

- Purpose and Use of Debt - long-term General Fund debt will be incurred based on the County's needs and ability to repay, and where appropriate, methods and sources of funding will be maximized. Long-term debt will be restricted to those capital improvements that cannot be funded from current revenues.
- Types of Debt - includes General Obligation Bonds, Revenue Bonds, Certificates of Participation, Commercial Paper, Lease-Purchase Agreements and other obligations.
- Project Life - debt shall not exceed the useful life of the asset being acquired or constructed.
- Refunding Policies - the County maintains a debt structure that allows for early retirement of debt.

Restrictions on debt issuance include:

- The use of debt to fund operating costs or projects associated with operating costs are prohibited.
- Short-term debt will not be used to finance long-term debt.

Debt service limitations include:

- Debt is a policy decision which requires a financial condition analysis that incorporates economic trends, benchmark studies, and all other forces impacting the future finances of the County.
- Analysis of debt burden is measured, but not limited to, the following ratios:
 - Debt service requirements as a percentage of General Fund Revenue.
 - Debt service as a percentage of Per Capita Income.

Budget Construction & Legal Requirements

- Debt service as a percentage of General Fund Expenditures.

In addition to the policy above, California Government Code, §29909 states the total amount of bonded indebtedness shall not at any time exceed 5% of the taxable property of the county as shown by the last equalized assessment roll.

Resource Reduction Strategy

In the event reductions in resources in any fiscal year require actions to balance the budget, the County will be guided by the following:

1. General Philosophy

- a. To the extent possible, across-the-board reductions in expenditures will be avoided. Reductions will be made on a case-by-case basis. The emphasis will be on conserving General Fund discretionary resources to finance high priority programs, as set forth in the Solano County Strategic Plan adopted by the Board on December 11, 2007 and as further defined by the Board annually. If necessary, funding for lower priority programs will be reduced or eliminated to ensure appropriations remain in balance with resources;
- b. The County administers a number of costly State programs that are heavily funded by State and Federal dollars. Compared to the State and Federal governments, the County has only limited ability to raise revenues. Recognizing that, in the event of a substantial reduction in resources for these programs, the County's goal, to the extent legally possible, is to avoid back-filling reductions in State and Federal dollars with County discretionary dollars;
- c. Maintaining a highly professional service delivery system is of foremost importance to the County. Thus, if it becomes necessary to make significant service delivery reductions, the goal will be to reduce the quantity of a service provided rather than the quality of service; and
- d. Finally, every effort will be made to continue capital and planning programs geared toward meeting the County's long-term needs.

2. Resource Reduction Priorities

a. Short-Term Actions

The following actions, listed in priority order, will be considered when dealing with the immediate impact of a reduction in resources. The purpose of these actions is to achieve immediate savings and/or better position the County to deal with the impact of longer-term actions once they are implemented.

- i. A Selective Hiring process will be implemented. Funding sources, Board priorities, the nature of the program, the potential for service delivery disruption, and the type of position – is it "Mission Critical?" will be considered by the CAO in implementing the hiring process.
- ii. Implementation of new programs, not fully operational, that are not fully revenue-offset, will be subject to further CAO review and recommendation to the Board.
- iii. Purchase of equipment will be selectively deferred and reviewed annually. Funding source and impact on service delivery will be considered in implementing the deferral.
- iv. On June 4, 2013 the Board approved revisions to the Voluntary Time Off (VTO) Program, and declared the time period of July 1, 2013 through June 30, 2014 as a period of economic hardship. This current policy continues in effect until the economic downturn has improved. The policy provides for employees to participate in the VTO Program with the opportunity to voluntarily reduce their work day, work week or to take a block of time off while retaining most benefits. VTO may be requested and authorized in six-month increments from July through December and January through June. The purpose of this Program is to reduce County costs during a time of economic hardship through voluntary actions of employees. The VTO Program can only be used during the periods of economic hardship as designated by the Board of Supervisors. Approval of Voluntary Time Off is at the discretion of the

Budget Construction & Legal Requirements

Department Head who must take into consideration workload, service demands and other organizational implications.

b. Long-Term Actions

The following actions will be considered when dealing with the longer-term impact of a significant reduction in resources. As appropriate, these reductions will be reflected in the Recommended Budget, and/or Midyear or Third Quarter budget adjustments. The actions are listed in priority order and lower priority actions will be implemented only if higher priority actions are insufficient to deal with the fiscal shortfall:

- i. General Fund discretionary contributions to certain programs that are primarily the State’s responsibility will be capped at current levels, to the extent legally possible. Except as required by law, the County will not use General Fund dollars to backfill reductions in State or Federal funding for these programs.
- ii. A moratorium will be placed on implementing new programs or expanding existing programs if the cost of those programs or expansions is not fully revenue-offset and a secure long-term funding source is not identified.
- iii. Moderate service level reductions will be proposed on a case-by-case basis. These service level reductions will focus first on reducing General Fund support for those programs that have not been identified as a high priority by the Board.
- iv. Discretionary resources that have been earmarked by the Board for certain purposes will be proposed for re-allocation to fund on-going programs that are a priority for the Board.
- v. General Fund support to outside agencies not controlled by the Board should be greatly reduced or eliminated. This refers to the use of General Fund to support outside agencies whose programs are not aligned with Board priorities, and/or the County has determined would not be provided directly by the County.
- vi. Major program reductions will be proposed in accordance with the Solano County Strategic Plan and the General Philosophy described above. These reductions will fall into two general categories:
 - Program reductions that will be made in response to significant reductions in State funding for programs that are primarily the State’s responsibility. In this case, the County will consider returning responsibility to the State for operating those programs to the extent permitted by law. Where returning responsibility to the State is not legally possible, County General Fund support for these programs will be reduced to the minimum level possible, consistent with State mandate requirements.
 - Program reductions will be proposed in response to a reduction in County discretionary revenue. In this case, reductions will be made first in those programs that are not related to the Board’s priorities and goals.

Hiring Policy

In FY2010/11, a Selective Hiring Freeze was instituted to help contain costs due to the State’s continuing budget shortfall and to help balance the County’s Budget. The County Administrative Officer (CAO) was authorized to selectively fill vacant positions based on the affected Department’s need and the particular position’s function. The hiring process will be extended and applied by the CAO in FY2014/15. Authorization to recruit for vacant positions will be reviewed in terms of the definition of “Mission Critical” positions presented to the Board on October 4, 2011 and was further defined in June 2013.

1. Duration

This Policy will be in effect until the State’s budget and fiscal policies and their impacts on the County are known, and a long-term plan to address those impacts is formulated and approved by the Board. It is

Budget Construction & Legal Requirements

recommended that the Policy be in effect until no longer warranted and/or recovery from loss of sales and property taxes due to current economic recession materializes.

2. Goal of Hiring Process

The goal of this Policy is to contain costs and to provide clear direction for hiring and implementing staffing reductions, if necessary.

4. Hiring Guidelines

The County Administrator's approval is required to fill departmental position requests. In evaluating whether to fill a vacant position, the following is to be considered:

- a. Is the position critical to the operation of an essential public safety activity, such that not filling the position will put the lives, health or safety of residents or other staff at risk? Is the position critical to avoid liability and limit impairment or disruption to the delivery of mandated services? If the answer is yes to both questions, the position can be considered for approval by the CAO.
- b. Is the program that the position supports funded on an on-going basis by a dedicated and assured revenue source? Is the position unique to that program? If the answer is yes to both these questions, then, absent other considerations, the position can be advanced for CAO consideration.
 - i. A position is considered unique to a program when the classification is not located in any other department or program. Examples might be Librarians or Engineers. In this context, an Office Assistant would not be a unique position, because this classification is found in many different programs and, in the event of the potential need to eliminate filled positions, an Office Assistant could be transferred from one program to another within the County organization.
 - ii. Before consideration will be given a position that meets the stated criteria, departments should evaluate whether the resources involved could instead be used to help mitigate the impact on the County of revenue reductions in other areas.
- c. If a position is not filled, is the resulting reduction of services for a program below a legally mandated level? If the answer is yes, the position can be considered, but subject to the following:
 - i. The Department should first explore obtaining a waiver of any service level mandate or the feasibility of ending the program or returning responsibility for the program to the State.
 - ii. To the extent practical, efforts should be made to fill the position using the call-back of a laid-off County employee formerly serving in the same classification, or extra help or through internal recruitment.
- d. If a position is not filled, is the result a diminished service level where, in the department's judgment, the program's effectiveness is seriously compromised? If the answer is yes, the department should further consider the following:
 - i. Is this a high priority program as determined by the Board of Supervisor's Strategic Plan and priorities?
 - ii. A thorough exploration of alternative means of providing adequate services has determined they are not feasible or are more costly.
 - iii. To the extent practical, efforts should be made to fill the vacant position using the call-back of a laid off County employee formerly serving in the same classification, or extra help or through internal recruitment.
- e. Is the position in question a critical and hard-to-fill position, as evidenced by repeated, unsuccessful attempts by the Department to recruit? If the answer is yes, and if the program is a high priority for the Board of Supervisors, then the position can be considered.

The Board approved in February 2008 the following actions in preparation for further reductions that may be required for the future. These actions, reaffirmed by the Board in 2011, are:

Budget Construction & Legal Requirements

If possible, in times of economic uncertainty, to help maintain the County's financial stability:

- Departments are directed to immediately halt the implementation of all new programs without a dedicated funding source and that are not already fully implemented.
- Departments are required to obtain CAO approval for the purchase of all capital assets or any computer-related purchase that has not been previously included in the Refresh Policy. Approval will only be granted if the cost of the equipment is fully revenue-offset or is critical to program operations.
- Departments are directed to take whatever steps necessary to end the fiscal year with no increase in County Contribution.

Summary of Designated Responsibilities for Actions

As previously discussed, State laws and County ordinances prescribe the manner and form in which the Budget is presented. Additional responsibilities and the delegation for preparation, review, approval and amending the Budget are also established by statute and ordinance, and by policies coordinated through the Board of Supervisors, the County Administrator and the Auditor-Controller's Office.

Listed below are additional actions requiring a four-fifths vote of the Board of Supervisors:

- Appropriation increases within a fund.
- Appropriations from contingencies.
- Appropriations of unanticipated revenues.
- Transfers between funds.
- Transfers from designated reserves.
- Transfers from equipment replacement reserves.
- Transfers from the General Fund General Reserve (only during budget hearings).

Listed below are additional actions requiring a majority vote of the Board of Supervisors:

- Approval of a capital asset over \$50,000 that does not increase the department's budget.
- Reduction of appropriations and revenues for funding not realized.
- Approval of contracts and amendments when the aggregate amount of the contract and amendment(s) is equal to or in excess of \$50,000 per fiscal year.
- Approval of petty cash accounts over \$3,000, with the exception of the County Library's petty cash account of \$5,000.
- Transfers between Departments within a Fund.
- Transfers between Capital Projects.
- Transfers equal to or more than \$50,000 from salaries and benefits (accounts 1110 through 1999) within a Department.
- Approval of grant application submissions when the amount of the grant is equal to or more than \$50,000 per fiscal year or when the grant-funded activity has General Fund impacts after the grant funds run out.

Listed below are the actions delegated to the County Administrator:

- Approval of a capital asset up to \$50,000 that does not increase the Department's budget.
- Approval of a type of capital asset in lieu of one already budgeted.
- Approval of appropriation transfers to reclassify capital asset appropriations incorrectly budgeted in the categories of Services and Supplies or Other Charges.

Budget Construction & Legal Requirements

- Transfers between divisions, bureaus and sections within a Department provided the total appropriation of the Department is not changed.
- Approval of appropriation transfers to ensure proper classification in accordance with generally accepted accounting principles.
- Transfers less than \$50,000 from salaries and benefits (accounts 1110 through 1999) to other object categories within a Department.
- Transfers to and from expenditure categories 2000 – Services and Supplies, 3000 – Other Charges, 5000 – Other Financing Uses, and 7000 – Intra-Fund Transfers, provided the total appropriation of the budget is not changed.
- Transfers to and from the following accounts: Salary/Wages-Regular (1110); Other Post-Employment Benefits (1213); Compensation Insurance (1240); Insurance-Property (2050); Liability Insurance (2051); Central Data Processing Services (2266); Countywide Administrative Overhead (3710); Building Use Allowance (3712); and Pension Obligation Bonds (5040), provided the total budget is not changed.
- Approval of contracts and amendments when the aggregate amount of the contract and amendment(s) is less than \$50,000 per fiscal year.
- Approval of appropriation transfers to increase the Fleet Management budget when Departments have received approval from the Board to purchase new vehicles.
- Approval of appropriation transfers for Operating Transfers In when an Operating Transfer Out has already received Board approval.
- Approval of appropriation transfers for Interfund Services provided (subobjects 0009690-0009698) when an Interfund Services used (subobjects 0003690-0003698) has already been budgeted/used and the total budgeted revenue is not increased.
- Approval of modified work weeks and flexible work schedules for County departments provided the County departments can demonstrate a benefit for the County, and if applicable, meet its obligation under the Meyers-Milias-Brown Act (MMBA) with represented employees.
- Approval of grant application submissions when the amount of the grant is less than \$50,000 per fiscal year.
- Authority to release a Department head from accountability of unaccounted capital assets if it has a Fair Market Value of less than \$5,000 or it has been stolen and has a Fair Market Value of less than \$50,000. The Department must provide a copy of the police report, and the CAO must determine no negligence occurred.
- Authority to delete positions that have been vacant for over six months, in accordance with the 2011 Budget Reduction Strategy of eliminating or freezing vacant positions and only filling positions that are “Mission Critical” to the organization, and to direct the Director of Human Resources to make technical changes to the Position Allocation List.
- Authorize the County Administrator to sign all agreements and/or contract amendments resulting from the Board’s approval of Supplemental Budget requests.
- In the event, the General Fund’s year-end fund balance exceeds the amount needed to balance the FY2014/15 budget, as may be authorized by the Board of Supervisors following Budget Hearing deliberations, authorized the County Administrator to direct the Auditor-Controller to:
 - Increase the General Fund Committed Fund Balance for the employer CalPERS Rate up to \$5 million; and
 - Increase the General Fund Committed Fund Balance for Deferred Maintenance up to \$5 million; and
 - Increase the General Fund Committed Fund Balance for General Fund Reserve up to \$5 million; and

Budget Construction & Legal Requirements

- Partially or wholly payoff the outstanding principal balance of the General Fund Loan for Pension Obligation Bonds

Listed below are actions delegated to the Director of Human Resources:

- Affirm the appropriate jurisdictions are utilized for comparison purposes when determining compensation for County positions.
- Affirm the County's policy of no retroactivity for compensation during negotiation with its bargaining units.
- Affirm that the Director of Human Resources, as provided for in the Employer/Employee Relations Rules and Regulations, may enter into side letter agreements or MOU amendments with represented bargaining units to resolve employee/employer disputes and/or issues.
- Affirm the County's policy that extra help employees are limited to working 999 hours per fiscal year. In the event the employee works over 999 hours per fiscal year, affirm the County's policy of providing CalPERS benefits in the same manner as represented employees.
- Authorize the Director of Human Resources, with the concurrence of the County Administrator's Office, to temporarily increase the number of positions in a Department without further approval of the Board of Supervisors when an employee has announced their retirement/separation from the County and the Department has a compelling reason that the retiree-to-be should train his/her replacement.
- Authorize the Director of Human Resources to review the classifications in the Senior Management Group, unrepresented and at-will employees.
- Affirm that the Director of Human Resources shall implement benefit changes for unrepresented employees in the Executive Management and the Confidential Group consistent with the benefits received by represented employees.

Listed below are additional actions delegated to the Auditor-Controller:

- Deposit prior year SB90 revenues in General Revenues when a Department has a Net County Cost or receives a General Fund Contribution.
- Authorize the Auditor-Controller, in consultation with the County Administrator, to carry forward Board-approved capital project appropriations into subsequent years to facilitate the accounting and management of multi-year capital projects.
- Approve petty cash requests up to \$3,000, with the exception of requests of up to \$5,000 for the County Library's petty cash account.
- Process Appropriation Transfer Requests (ATR) as approved by the Board of Supervisors or County Administrator.
- Authorize the Auditor-Controller, with concurrence from the County Administrator, to reclassify appropriations between the maintenance accounts, interfund services, and capital outlay accounts within the same project budget, so long as total appropriations are not increased.
- Authorize the Auditor-Controller, with concurrence from the County Administrator, to decrease capital outlay appropriations within the respective capital project funds, and to increase appropriations in Public Art Fund to cover costs associated with the public art project to ensure compliance with Solano County Public Art Ordinance, Code Section 5-5.
- Authorize the Auditor-Controller to apply amounts received from Departments for the costs of the PARS Supplementary Retirement Plan to the Pension Debt Service Fund through FY2015/16.
- After the adoption of the Budget for FY2014/15, authorize the Auditor-Controller, with the County Administrator's approval, to:

Budget Construction & Legal Requirements

- As part of FY2013/14 closeout, transfer County General Fund contribution between Departments within Funds 900 (Public Safety) and 902 (Health & Social Services), provided the total appropriation of the individual Funds are not changed.
- Authorize the Auditor-Controller, with the concurrence of the County administrator, to make adjustments after the close of the Budget Hearings and the end of the fiscal year as needed and where applicable to balance the FY2014/15 Adopted Budget.
- Authorize the Auditor-Controller, with the concurrence of the County Administrator, to transfer appropriations within a fund to cover FY2013/14 year-end close-out if justified, subject to transfer(s) not increasing the total appropriations within the fund.
- Authorize the Auditor-Controller, with the County Administrator's approval, to increase the General Fund Balance for Accrued Leave Payoff by the amount appropriated in the General Expenditures Budget for Accrued Leave Payoff not used by the end of the fiscal year.
- Authorize the Auditor-Controller to increase General Fund Reserve by repayments from the Pension Debt Service Fund and other General Fund loans.

Listed below is an additional action delegated to Departments:

- Request individual purchase of materials and services under \$5,000 in compliance with County Purchasing policies. Purchase orders will not be required for items under \$5,000.

Solano County Statistical Profile

SOLANO COUNTY STATISTICAL PROFILE

The County of Solano is strategically located along Interstate 80 between San Francisco and Sacramento. As one of California's original 27 counties, Solano County is rich in history and offers many resources to the general public and the business community. In addition to the unincorporated area, the County serves seven cities: Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville and Vallejo.

The County provides the following services:

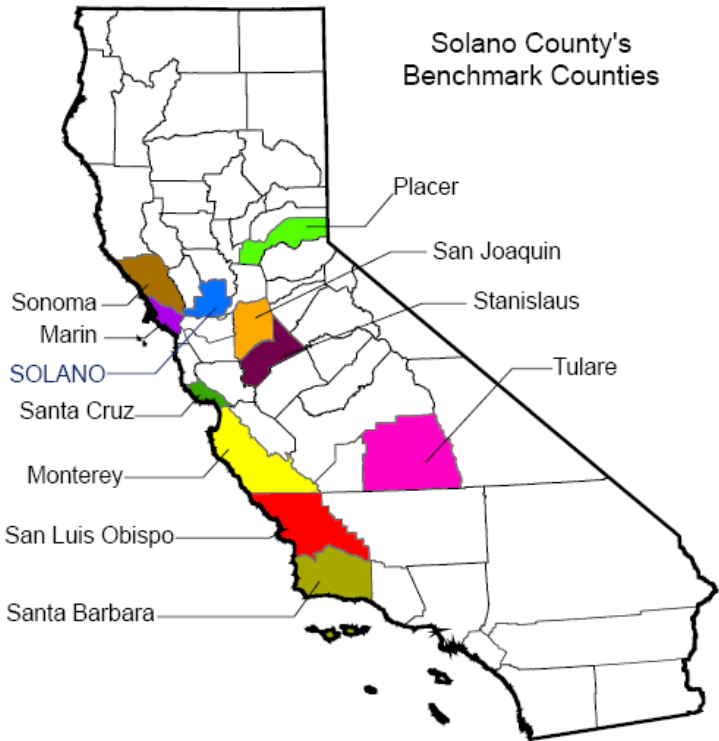

- Libraries (as contract services for cities)
- Jails and Juvenile Facilities
- Probationary Supervision
- District Attorney
- Public Defender and Alternative Defense
- Grand Jury
- Coroner and Forensic Services
- Airport
- Family Support Collection
- Public and Mental Health Services
- Indigent Medical Services
- Child Protection and Social Services
- Public Assistance
- Environmental Health
- Parks
- Veterans Services

- Maintenance of County Roads and Bridges
- Law Enforcement (primarily unincorporated county)
- Land Use Issues (unincorporated county only)

BENCHMARK COUNTIES

The following pages provide a graphical summary of statistical, employment and demographic information about Solano County. When reviewing Solano County's economic health, the County government's financial capacity, and the County's delivery of services to residents in unincorporated areas, the County inevitably compares itself from the current year to past years.

Additionally, the question of how Solano County compares with other counties is often asked. This leads to the question: Which counties should be used for comparison purposes?

A group of ten counties have been selected to be used for comparison in seven of the following charts. Solano County has the following characteristics in common with each of these counties:

Solano County Statistical Profile

- They are the ten counties closest to Solano in population – six with higher population and four with lower population.
- A total population of more than 250,000 but less than 700,000.
- All include both suburban and rural environments.
- None contain a city with more than 300,000 in population.
- Six are coastal or Bay Area counties.
- Most have the same urban growth versus rural preservation challenges facing Solano County.

POPULATION

The California Department of Finance's January 1, 2014 estimate of the population of Solano County is 424,233, increasing 3,894 residents or 0.9% over 2013. Of California's 58 counties, Solano County ranks 21st in terms of population size. Among the cities, three cities grew faster than the overall county growth rate between 2013 and 2014: Rio Vista at 4%, Dixon at 2.5% and Fairfield at 1.2%.

California's population estimate was 38.34 million as of January 2014, according to the State Department of Finance. California, the nation's most populous state, represents 12% of the nation's population, or one out of every eight persons. Solano County's population represents 1.1% of the State population.

When you look at the county population since 2000, the rate of growth has tapered off to small annual increments. Between 2000 and 2010, the County grew by 18,802, or 4.8%, which is significantly less than the 54,121, or 15.9%, gains of the previous decade. Between 2010 and 2014, the county grew by 10,889 residents, or 2.6%.

Population of Benchmark Counties and Population Growth Percentage from 2013

Source: California Department of Finance, Demographic Research Unit, January 2014

Among the comparable counties, Solano and Sonoma counties experienced 0.9% population growth between 2013 and 2014. Placer, San Joaquin and Santa Cruz experienced growth rates faster than Solano County. Tulare, Monterey, Stanislaus, Sonoma and Marin counties experienced slower growth rates than Solano County. Only San Joaquin and Placer counties numerically added more residents than Solano County, at 8,986 and 5,313 respectively. San Luis Obispo was the only county to experience a numeric loss in the population, declining 121 residents.

Statistical Profile

LAND AREA AND POPULATION DISTRIBUTION

According to the California Department of Finance's "January 2014 City/County Population Estimates," 83% of California residents live in incorporated cities and 17% in unincorporated areas. In contrast, 95.5% of residents in Solano County live within the county's seven cities. This phenomenon is by design. In the early 1980s the residents of the County passed an Orderly Growth Initiative, which was extended in 1994, that focuses most urban growth to the incorporated cities. The voters reaffirmed this measure through the adoption of the 2008 Solano County General Plan, sustaining a commitment to orderly growth through 2028.

In comparison to its benchmark counties, Solano County is one of the smaller counties in terms of square miles of land area. According to the U.S. Census Bureau, Solano County consists of 907 square miles, of which 78 square miles is covered with water. The San Pablo Bay, Suisun Bay, the Carquinez Straits and the Sacramento River provide the county with natural borders to the south and east. Rich agricultural land lies in the northern area of the county while rolling hills are part of the southern area. Approximately 62% of the county land area is comprised of farmland.

This unique mixture of a sizeable urban population and a large rural/agricultural base creates problems and challenges for County government. These include:

- Challenges in the transition zones between urbanized areas and agricultural areas (i.e., land use, pesticide use, dust, noise, odors and vermin).
- Coordination of infrastructure transitions from the urban areas to the rural areas (i.e., reliever routes, upgraded feeder streets/roads, flood control, limited intercity connectivity and public transportation).
- With limited resources and a reliance on property taxes and State/Federal funding, it is a challenge to provide urban-driven needs (as indicated by the high density per square mile) for health, mental health, public assistance and law and justice services.

POPULATION LIVING IN POVERTY

According to the 2008-2012 American Community Survey by the U.S. Census Bureau, 11.9% of the county population is living at or below the poverty level. The poverty rate in Solano County was 16.7% among residents under age 18 and 23.3% among families with female head of household and no husband present.

The number of residents living at or below the poverty level varies among Solano County’s seven cities: Benicia, 5.5%; Dixon, 8.8%; Fairfield, 12.9%; Rio Vista, 9.5%; Suisun City, 12.0%; Vacaville, 8.7%, and Vallejo, 16.0%.

The U.S. Census Bureau’s statistics on poverty provide an important measure of economic well-being and are sometimes used to assess the need or eligibility for various types of public assistance. Poverty statistics presented use thresholds prescribed for Federal agencies by the Office of Management and Budget and are estimates. It should be noted that only three of the comparison counties have a lower rate. While the county’s level is not considered desirable, the county’s rate is less than the 16.6% statewide average rate for population living at or below the poverty level.

These statistics reflect the lingering impacts of the Great Recession. In December 2006, a total of 14.7% of the county’s population was receiving public assistance, in the form of Food Stamps, CalWORKs, General Assistance and Medi-Cal. Four years later at the bottom of the recession the percentage of the population receiving public assistance climbed to 18.7%. In December 2013, a total 21.2% of the county’s population was receiving public assistance.

HEALTH CARE AND THE AFFORDABLE CARE ACT

Poor health care outcomes are often strongly related to poverty, poor access to preventative health care, lifestyle choices, diet and education. Early and continued access to quality, affordable health care is a crucial component of residents achieving health and prosperity. According to the 2008-2012 American Community Survey on Health Insurance Coverage from the U.S. Census Bureau, 88% of Solano County residents reported having health insurance coverage, which is higher than statewide at 82.2% and most of the benchmark counties. Among Solano County's cities, health insurance coverage varies from a high of 91.3% in Benicia and Vacaville to a low of 85% in Vallejo.

These statistics are likely to change as a result of the federal Patient Protection and Affordable Care Act that was signed into law in March 2010. This comprehensive health reform legislation has many components, ranging from the expansion of the types of health and mental health services covered to how people can gain access to health insurance. The legislation affects which types of employers are now required to provide health insurance benefits as well as makes it mandatory for residents to have health insurance.

The legislation is being implemented by the State of California with an expanded number of people covered by Medi-Cal. The first open enrollment period of the Affordable Care Act began in October 2013 and closed in March 2014 with a grace period until April 15 for individuals having difficulty enrolling in the system. People without private insurance already or who met income requirements were able to use the California Health Benefit Exchange or the Solano Center for Healthcare Options and Insurance Coverage Enrollment (CHOICE) call centers and online automated system to select from various health plan options based on their income. Individuals or families earning less than 138% of the federal poverty level were directed toward Medi-Cal and those earning less than 400% of the poverty level were directed to Health Exchange Covered California plans.

Covered California enrollment statistics include Solano County in North Bay Region 2 that includes Marin, Napa and Sonoma counties. Between October 1, 2013 and February 28, 2014 Covered California reported that a total of 29,607 individuals enrolled in subsidized private health insurance plans and 5,765 enrolled in unsubsidized plans. Fifty-five percent of the 35,372 individuals selected silver plans and 30 percent selected bronze plans. Public health plan enrollment also increased. The number of participants enrolled in Medi-Cal or the County Medical Services Program (CSMP) in Solano County increased from 72,438 in December 2012 to 83,029 in December 2013. By the end of March 2014, enrollment in Medi-Cal increased to 89,100, including over 6,400 who transitioned from CSMP to Medi-Cal upon implementation of the Affordable Care Act.

PUBLIC SAFETY REALIGNMENT

A portion of any community reflects those individuals who have run afoul of the law and are under the supervision of a parole officer, probation officer or correctional officer. In response to a 2009 federal court order for the State of California to reduce its prison population, California implemented several pieces of legislation, most notably AB 109 Public Safety Realignment, resulting in a shift of responsibility for specific low-level prisoners and parolees from the California Department of Corrections and Rehabilitation to the counties. This realignment changed the type of offenders who are under the supervision of county probation officers and altered the composition of inmates inside county jails.

Part of that change was a group offenders assigned to Post Release Community Supervision (PRCS). These non-serious, non-violent, non-sex offenders went from supervision by State parole officers to County probation officers. During the first two years of the program the State released 569 offenders to the PRCS program in Solano County, which was approximately 1% of all PRCS offenders released statewide. Solano County's total resident population represents 1% of the population in the State. This shift did not increase the population of offenders in Solano County, only shifted the supervising agency.

According to March 2014 statistics there were 267 individuals in the PRCS program and 77 on mandatory supervision (1170h split sentences). The Solano County Courts have gradually increased the use of split sentences from 9% the first year to 18% in the second year, sentencing more 1170h offenders to a term of mandatory supervision after release from custody. The demographic profile of the PRCS group is of predominately male, 95% versus 77% male in the 1170h group. The age of the 1170h group is also slightly younger, 55% are between ages 26 and 40 compared to the PRCS group where 33% are between age 26 and 40. The dominate ethnicities within these two groups are 43% African-American, 34% White and 17% Hispanic. They reside in every community within the county: 45% in Vallejo, 30% in Fairfield, 16% in Vacaville/Elmira, 5% in Suisun City and less than 5% in all other communities.

Since April 2013, two comprehensive service hubs, Centers for Positive Change (CPCs), were opened to provide case-specific services for high-risk clients under the supervision of the County Probation Department. The CPCs in Vallejo and Fairfield have collectively served 157 clients, graduating seven cohorts of cognitive behavior groups, 172 referrals to the Workforce Investment Board for employment assistance and 100 referrals to vocational training vendors.

Solano County

Statistical Profile

Since the implementation of AB 109 in October 2011, the Solano County jail population has changed. As of March 2014, the County jail was housing 71 parole violators (known as 3056 PC), 38 Post Release Community Supervision violators and 168 locally sentenced offenders (known as 1170 offenders), contributing to nearly a third of the 932 average daily population. Prior to Public Safety Realignment, the jail population consisted of individuals awaiting trial and inmates serving sentences of less than one year. After realignment, convicted individuals are serving sentences up to 10 years. To address the evolving inmate population as a result of the realignment, the County is pursuing a two-prong approach – increased capacity within the jail system and incorporating training programs into the jail setting to provide offenders with skills to enhance their ability cope in the outside world.

Construction began in July 2012 on a 365-bed adult detention facility adjacent to the current facility on Clay Bank Road in Fairfield, and is expected to be operational in FY2014/15. The \$89.3 million Stanton Correctional Facility is funded primarily with \$61.5 million in State AB 900 local jail construction financing and the balance from the local public facilities fee proceeds. The facility will use electronic security systems that optimize security while minimizing staffing requirements. The Stanton Correctional Facility will offer more convenience to the public, as well as the inmates, through the use of video visitation and modern telecommunication systems. The facility includes medical services, all ancillary support systems, including laundry facilities, an administrative services area, and a secure sally port with an intake and processing area.

The California Board of State and Community Corrections (BSCC) announced in January 2014 that Solano County was selected for a conditional award of \$23 million dollars to construct vocational/classroom training and rehabilitative services space (including mental health) to serve adult offenders in the custody of the Solano County Sheriff's Office. Construction includes a 10,000 square foot pre-engineered classroom training center, a 30,000 square foot pre-engineered vocational training center and a paved asphalt area used for driver training of buses and commercial vehicles. This project is scheduled for completion in November 2017.

POPULATION BY AGE

The population of Solano County is projected to grow to 634,852 or 53.7% by 2060, according to projections by the California Department of Finance. The age composition of that population is expected to shift significantly over the decades, with the median age increasing from 37.1 in 2010 to 43.2 in 2060. The aging of the population will affect the types of service demands placed on the County as well as impact statewide and regional planning efforts.

One way to evaluate this population change is to analyze the dependency ratio, which examines the population changes in relationship to the traditional working age population of 20 to 64. In 2010, for every 6.1 people in the Solano County workforce there were 2.7 children and 1.1 retirees. By 2060, the young population (age 19 and younger) is expected to increase 25,155 or 22.4%; the working age population by 92,749 or 36.6%; and retiree population (65 and older) by 103,831 or 219.8%.

Share of Population By Age as Percentage of Total Population, 2010 to 2060

Source: California Department of Finance

Over the next two decades, the Department of Finance projects significantly more people will be entering the retiree population age than those entering the working age population. By 2030, that trend shifts to the working age population becoming the largest population growth segment. At the other end of the age spectrum, declines in school-age children are projected to continue through 2020 before starting to recover.

EMPLOYMENT AND ECONOMIC GROWTH

According to the California Employment Development Department's preliminary March 2014 estimates, overall employment in California is better than it was a year ago. The Solano County unemployment rate was 7.9% in March 2014, down from 8.9% a year ago. The preliminary March 2014 unemployment rate for the State declined to 8.4%, down from 9.4% a year ago.

Between March 2013 and March 2014, overall employment in Solano County increased by 2,300 jobs while the size of the workforce grew by 300 people actively seeking employment. This resulted in a net reduction of 2,000 unemployed residents.

Compared to March 2010, the low point of the Great Recession in Solano County, overall employment among county residents in March 2014 was up 13,100; however, the size of the labor force grew by 3,600 during that period. As a result, the number of unemployed residents decreased from 26,800 to 17,300. The unemployment rate in March 2010 was 12.5%.

The traditional unemployment rate calculated by EDD is not a complete picture of the number of residents who are not employed, as it only represents the people who are actively seeking employment. Individuals discouraged by employment prospects and were not actively seeking employment are excluded. The U.S. Bureau of Labor Statistics provides alternative measures of labor underutilization that includes these marginally attached workers. According to these figures, 17.3% of California residents were not fully employed in 2013 compared to the traditional unemployment rate of 8.9% for 2013 as reported by the California Employment Development Department. This represents a continued decline since the bottom of the recession: 19.3% in 2012, 21.1% in 2011 and 22.1% in 2010. The more comprehensive figure includes the total unemployed residents, plus all marginally attached workers, total employed part-time for economic reasons. Similar statistics are not available at the county level; however, Solano County tends to mirror statewide employment and unemployment trends.

Solano County Statistical Profile

Projections from the Business Forecast Center at the University of Pacific in January 2014 indicate Solano County will continue to see modest gains in employment. They are projecting a 2.8% improvement in the nonfarm employment in Solano County by the end of 2014, echoing a 2.8% increase in nonfarm payroll employment in 2013. Future employment gains for the county are forecasted at 1.9% in 2015, 2.0% in 2016 and 1.8% in 2017. The annual unemployment rate is expected to drop to 8.5% by the end of 2014 and to continue inching downward: 8.0% in 2015, 7.3% in 2016 and 6.4% in 2017. Based on these projections, unemployment will remain above pre-recession levels for several more years.

Change in Per Capita Income in Benchmark Counties

Personal income is made up of wages and salaries, transfer payments from all levels of government, investment income (dividends, interest, and rents), business income from owning a business (proprietor’s income) and other income sources. The *2013 Index of Economic and Community Progress* reported that since 2009, Solano County has seen a growth in personal income, initially from stock market gains and investment income, and accelerated by wage and salary growth in 2012.

According to the 2012 statistics from the U.S. Bureau of Economic Analysis, Solano County ranks as the third lowest in per capita income as compared to benchmark counties. However, Solano County’s growth rate in per capita income in 2012 outpaced the State and benchmark counties, increasing 6.6% between 2011 and 2012. Solano County’s per capita income of \$42,354 in 2012 reflects a \$2,635 increase over 2011 and \$3,937 over 2010. The growth in Solano County’s personal income between 2010 and 2011 was 3.4%, the second smallest growth rate among comparable counties, only exceeding Monterey County at 2.9%.

SOLANO COUNTY COMMUTING

According to the U.S. Census Bureau's 2006-2010 American Community Survey, approximately 40% of working residents in Solano County commuted outside of the county for work. The survey estimated 74,995 residents commuted out of the county for employment. At the same time, the survey estimated 32,139 or approximately 23% of the people employed in jobs located in Solano County are residents of neighboring counties and beyond. The survey found that 69.8% of employed county residents traveled less than 30 minutes to work and 7.9% traveled more than an hour to work.

The 2006-2010 American Community Survey also reported that approximately 79% of employed county residents drive alone to work, 11.8% car pool, 1.3% use public transportation and 7.9% either work at home or use other modes of transportation. Of those driving alone, 67.9% own their homes, 32.1% rent and 3.7% earn less than the federal poverty level. Among those who car pool, 57.6% own their home, 42.4% rent and 8% earn less than the federal poverty level. Solano County

Statistical Profile

GROSS AGRICULTURAL CROP AND LIVESTOCK VALUE

The preliminary 2013 estimated crop and livestock value of \$355,288,000 represents an estimated 3.7% increase from 2012 values, and continues the steady climb in the value of agriculture commodities since the dramatic dip in 2009 as a fallout of the housing market collapse and subsequent decline in demand for nursery stock. The impacts of the drought could be seen on the production of Cattle and Calves as ranchers culled their herds a result of a decrease in forage growth. Solano County produces more than 80 different commodities including fruits, nuts, vegetables, grains, seed, nursery stock, livestock, poultry, and apiary.

Agriculture production is part of a larger industry cluster that spans the full spectrum of economic activity from before the crops get into the field to the value-added processing in consumer products. In an analysis of industry clusters in Solano County, the Moving Solano Forward project identified the food chain cluster as supporting nearly 9,500 jobs and \$1.4 billion in economic output in 2012. This cluster represents approximately 9 percent of the county's total economic output. Through 2022, this cluster is expected to experience a 17% employment growth and a 63 percent output growth.

COUNTY ASSESSED VALUES AND GROWTH

Property taxes are a major source of local governmental revenues and are determined by assessed values. The property tax rate throughout the State of California is 1% of assessed values. The 2014 Property Assessment Roll of \$44 billion increased 7.6% from the prior year’s roll value and represents property ownership in Solano County as of January 1, 2014. This is the third year of increasing assessed values since the bottom of the market in 2011.

The lingering effect of the Great Recession can still be felt on the assessed values of properties in Solano County, which experienced dramatic drops in median home prices and high numbers of foreclosures, according to statistics compiled by DataQuick. The median home price fell from a high of \$475,755 in 2006 to a low of \$191,453 in 2011. The housing market experienced double digit gains in 2013, but industry experts are reporting expectations of more moderate rate of growth in home prices in 2014. The median price for homes in Solano County was \$269,449 in 2013, up 33.5% from the \$201,843 in 2012. By July 2014, the median home price was \$321,500 up 25% from July 2013. The volume of home sales, however, declined 9.4% over the year, going from 7,251 in 2012 to 6,566 in 2013. Sales volume as of July 2014 was down 13% over the same period in 2013. Foreclosure activity showed improvement in 2013, declining 60.7% over the prior year. The 1,531 notices of default in 2013 represents the lowest level of foreclosure activity since 1,935 notices of default in 2006. Foreclosure activity continued to decline in the first six months of 2014. Notices of default declined 23.5% to 640, compared to 837 in the same period in 2013. Foreclosure activity peaked in 2009 with 8,561 notices of default and has not yet returned to the pre-recession averages of approximately 1,100 notices of default annually before 2006.

Since the market peak a significant number of properties in Solano County have had their property values temporarily reduced in accordance with Proposition 8. Proposition 8 requires the Assessor to value property at the lesser of the market value or the factored base year value, also known as the Proposition 13 value. The 2014 property assessment roll reflects 30,612 properties with reduced property value assessments and represents approximately 22% of the residential and non-residential parcels in the county. The number of properties in Proposition 8 status in 2014 declined 44.8% from the 55,495 properties in 2013.
