Budget Construction & Legal Requirements

Purpose

This segment of the budget document sets forth the Government Code Sections and administrative directives, as issued by the Office of the State Controller, pertaining to the form and content of the Annual County Budget. It describes the format of the Solano County Budget document and includes County ordinances and specific policies adopted relating to the County Budget.

Legal Basis

The Government Code specifies the content of the budget, budget adoption procedures and dates by which actions must be taken. (Government Code 29000-29144)

Forms

The budget document must be on forms prescribed by the State Controller in consultation with the Committee on County Accounting Procedures. (Government Code 29005)

Permission to Deviate

A county may add to the information required, or show it in more detail, providing the financial information and the classifications or items required to be included in the budget are clearly and completely set forth. Any change proposed by a county in the arrangement of the information required on the forms shall be subject to review and approval by the State Controller.

Funds and Accounts

Fund and account titles to be used by counties in the preparation of the budget are those contained in the publication, Accounting Standards and Procedures for Counties, issued by the State Controller. Special districts required to be included in the budget document must use fund and account titles contained in the publication, Uniform Accounting System of Special Districts.

Basis of Accounting

The general operating group of funds (governmental fund type) are budgeted and accounted for using the modified accrual basis of accounting. This group of funds is summarized on Schedule 1 of the budget document.

Internal service and enterprise funds are budgeted and accounted for using the full accrual basis of accounting.

The basis of accounting used in this budget document is required by directive of the State Controller and Governmental Generally Accepted Accounting Principles (GAAP) and prescribed by pronouncements of the Governmental Accounting Standards Board (GASB).

Legal Duties and Deadlines

State Controller (Government Code 29005)

- To promulgate budget rules, regulations and classification and to prescribe forms.

Supervisors (Government Code 29061, 29063, 29064, 29065, 29066, 29080, 29081, 29088, 29100, 29101)

- To hold hearings on budget estimates prepared by officials.
- To make revisions, reductions and additions to estimates.
- To formally approve the tabulations, as revised, as the Proposed Budget.
- To make the Proposed Budget available to the general public.
- To publish notice that the budget is available and to announce and conduct public hearings, as prescribed by law.
- To adopt the Final Budget by resolution for the County and dependent Special Districts.
- To adopt tax rates.

Budget Construction & Legal Requirements

- To levy property taxes.

All County Officials (Government Code 29040)

- To submit itemized estimates of available financing, financing requirements and any other matter required by the Board on or before June 10th of each year.

Auditor or Administrative Officer as Designated by Board (Government Code 29040, 29042, 29045, 29060, 29062, 29065.5)

- To receive budget estimates from officials.
- To prescribe and supply budget work sheets.
- To submit budget estimates when the official responsible has not done so.
- To prepare tabulation of estimates.
- To submit tabulation to the Board.
- To file alternate procedures for the Proposed Budget.

Auditor (Government Code 29043, 29044, 29083, 29103, 29109, 29093, 29124)

- To furnish financial statements or data to responsible officials.
- To attend public hearings on Proposed Budget and provide any financial statements and data required.
- To revise the Proposed Budget to reflect changes made by the Board.
- To calculate property tax rates.
- To forward to the State Controller a statement of all County tax rates, assessed valuations and amount of taxes levied and allocated.
- To file a copy of the Final Budget with the Office of the State Controller.
- To approve all payments in accordance with the adopted Final Budget.

Budget Goals and Objectives

The County Budget sets forth the foundation for major Board policy actions and provides a fiscal “road map” for the direction of County government to follow, now and in the future. As such, the County Budget represents the single most important document that is prepared, reviewed and approved on an annual basis. It is the document that reflects the County’s fiscal commitment to the Strategic Plan, its goals, objectives and catalytic projects.

The intent of the Budget document is to:

- Provide a document in a format that is user friendly and readable in order to give the public a clear understanding about county government operations and funding. The County Statistical Profile gives the reader a comprehensive profile of the County.
- Identify the strategic goals and objectives upon which budget allocations are made and to measure the progress of County Departments and operations in fulfilling their departmental goals and objectives as well as the County’s overall mission.
- Provide the Board and the public with a clear understanding of revenues and expenditures in the areas of strategic importance to the County, such as Public Safety and Health and Social Services.

While many improvements have been incorporated into the process and the presentation of the Budget over the last several years, we have maintained the basic principles, goals and objectives of Solano County as the underlying foundation for the Budget. These include:

- The Budget must be balanced with appropriations equaling the combined total of estimated revenues, fund balance and/or reserves/designation.
- Wherever possible, the Budget should be balanced with ongoing and known revenue sources equaling ongoing and reasonably expected expenditures.

Budget Construction & Legal Requirements

- To the extent possible, one-time money should not be used for ongoing operations.
- Service levels should be maintained at the highest level, within funding constraints.
- Prudent Contingencies and Reserves should be increased in good years to guard against future uncertainties.
- Discretionary revenues should be maximized to allow the Board options for the funding of beneficial local programs and services.
- Accuracy and accountability in estimating and monitoring both revenues and expenditures throughout the fiscal year.
- The Budget should, wherever possible, anticipate and make provisions for uncertain funding for County-operated programs.
- Selection of method of presenting supporting data for salaries and wages appropriations. (Government Code 29007)
- Designation of Auditor or Administrative Officer to receive budget estimates. (Government Code 29040, 29042)
- Designation of Auditor or Administrative Officer to submit estimates in event of nonperformance by responsible official. (Government Code 29045)
- Designation of Administrative Officer to prepare budget tabulation on prescribed forms. (Government Code 29061)
- Designation of Administrative Officer to hold hearings and recommend changes to tabulation. (Government Code 29062)
- Adoption of alternate Proposed Budget Procedures. (Government Code 29065.5)
- Authorization of additional appropriation controls and designation of official to administer controls. (Government Code 29090)
- Approval of new positions and fixed assets prior to Final Budget adoption. (Government Code 29124)
- Designation of official to approve transfers and revisions of appropriations within a budget unit. (Government Code 29125)
- Approval of budgetary adjustments. (Government Code 29125, 29126, 29126.1, 29127, 29130)
- Designation of official to whom Auditor shall submit statements showing conditions of budget appropriations and estimated available financing. (Government Code 29131)

In reference to the stated goals and objectives above, there are several policy guidelines that were followed and maintained in developing this Budget:

- Proposition 172 funds have been allocated to maximize public safety benefits.
- Realignment revenues have been allocated to Health and Social Services.
- General Fund Contingencies and Reserves have been increased, whenever possible, to safeguard against future uncertainties.

Budget Policies of the Board of Supervisors

In addition to the legally required duties, there are certain actions to implement the budget process, which the Supervisors may take:

- Changing the arrangement of information on budget forms, upon approval of the State Controller. (Government Code 29005)
- Designation of data, in addition to available financing and financing requirements included in departmental estimates. (Government Code 29006)

Adopted Budget Policy

The FY2008/09 Budget Hearings were held on Tuesday, June 24, 2008.

Budget Construction & Legal Requirements

The Board of Supervisors has designated the County Administrator as the official responsible to carry out all County budgetary responsibilities not specifically reserved to the Board of Supervisors, Auditor or State Controller.

Chapter 2 of the Solano County Ordinance provides additional information on established County policies. Sections 2-40 through 2-47 specifically address the duties of the County Administrator. Section 2-45 delineates the County Administrator's role in budgetary matters. These duties include:

- Develop budget instructions and policies, revenue estimates and departmental budget targets to guide departments in budget preparations.
- Recommend to the Board of Supervisors an annual County operating budget based on revenue projections, budget targets and proposed goals, objectives, work programs and projects developed by the various departments.
- Recommend to the Board of Supervisors a capital budget based upon long-range plans for acquiring, constructing or improving buildings, roads and other County facilities.
- Recommend to the Board the acquisition and disposition of real property, except for County roads, easements and rights-of-way which shall be the responsibility of the Director of Resource Management.
- Establish a control system or systems to ensure the various County departments and other agencies under the jurisdiction of the Board of Supervisors are operating within their respective budgets.
- Recommend requests to the Board for unforeseen and unbudgeted expenditures.
- Approve fund transfers and budget revisions within appropriations.
- Recommend to the Board fund transfer requests requiring Board action under State law.

- Establish policies for acquiring additional or replacement fixed assets.
- Keep the Board informed of the financial status of the County and of other matters of major significance which affect the County.

Budget and Fiscal Policies for FY2008/09

Budget Policy

1. General Fund Emphasis: Budgets should be prepared with a goal that the FY2008/09 Net County Cost or General Fund Contribution to programs will not exceed the FY2007/08 level, pending the outcome of actual Year End Fund Balance. Wherever possible, reductions in General Fund Contribution or Net County Cost should be sought. Increases in General Fund Contribution or Net County Cost may be proposed, consistent with the Board's priorities and the County Strategic Plan.
2. Contributions to Outside Organizations: The budget should not include contributions to outside organizations, such as the State Courts.
3. Maximize the Board's Discretion: Wherever legally possible, revenues are to be treated as discretionary resources, rather than as dedicated to a particular program or service. The goal is to give the Board as much flexibility as possible in allocating resources to local priorities including the Goals and Objectives outlined in the County Strategic Plan. To the extent allowed by law, fund existing programs or activities with dedicated funding sources. This will free up scarce discretionary resources to fund Board priorities.
4. Pursuit of New Revenues: Pursue additional revenue sources, to the fullest extent possible for all services, as well as total cost identification (including indirect costs) for fee-setting purposes. To the extent possible, any new revenue sources for programs receiving General Fund support should be used to offset the cost of existing staff and

Budget Construction & Legal Requirements

programs, rather than funding new staff or programs.

5. Discretionary Programs: Do not propose new discretionary programs unless the programs are fully funded in FY2008/09 and continue to be in future years.
6. Pursue Operational Efficiencies: Explore reducing expenditures and maximizing revenues through consolidation of functions and streamlining of County operations.
7. County Share: If funding is reduced, there should be no increased County share for programs funded primarily from non-General Fund sources, unless increased County share is mandated or the program is a high priority for the Board of Supervisors and the amounts are reasonable in light of the County's fiscal situation.

General Fund Reserve Policy

On February 13, 2007, the Board adopted the policy to maintain General Fund reserves level at 10% of the County's total budget, excluding inter fund transfers.

The following will guide how reserves should be used:

1. Use the General Fund reserve to phase into fiscal distress periods gradually, focusing on maintaining the Board's priorities.
2. To the extent possible, use the General Fund reserve as the last resort to balance the County Budget.
3. Keep a minimum General Fund reserve balance at the GFOA recommended 5% of the total budget at all times. To the extent possible, the spending down of General Fund reserve should not exceed \$6 million a year.

General Fund Contingency Policy

General Fund Contingency level established at 10% of the General Fund total budget.

Other Designations Policy

Maintain \$8.5 million for Employee Leave Payoff and \$20.7 million for Deferred Capital Maintenance projects.

Resource Reduction Strategy

In the event that reductions in resources in any fiscal year require actions to balance the budget, the County will be guided by the following:

1. General Philosophy
 - a. To the extent possible, across-the-board reductions in expenditures will be avoided. Reductions will be made on a case-by-case basis. The emphasis will be on conserving General Fund discretionary resources to finance high priority programs, as set forth in the Solano County Strategic Plan adopted by the Board on December 11, 2007 and as may be further defined by the Board. If necessary, funding for lower priority programs will be reduced or eliminated to ensure that expenditures remain in balance with resources;
 - b. The County administers a number of costly State programs that are heavily funded by State and Federal dollars. Compared to the State and Federal governments, the County has only limited ability to raise revenues. Recognizing that, in the event of a substantial reduction in resources for these programs, the County's goal, to the extent legally possible, is to avoid back-filling reductions in State and Federal dollars with County discretionary dollars;
 - c. Maintaining a highly professional service delivery system is of foremost importance to the County. Thus, if it becomes necessary to make significant service delivery reductions, the goal will be to reduce the quantity of a service

Budget Construction & Legal Requirements

provided rather than the quality of service; and

- d. Finally, every effort will be made to continue capital and planning programs geared to meeting the County's long-term needs.

2. Resource Reduction Priorities

a. Short-Term Actions

The following actions will be considered when dealing with the immediate impact of a reduction in resources. The purpose of these actions is to achieve immediate savings and/or better position the organization to deal with the impact of longer-term actions once they are implemented. The actions are listed in priority:

- i. A Selective Hiring Freeze will be implemented. Funding sources, Board priorities, the type of positions, the critical nature of the program and the potential for service delivery disruption will be considered in implementing the hiring freeze;
- ii. Implementation of new programs, not fully operational, that are not fully revenue offset, will be subject to further Board review; and
- iii. Purchase of equipment will be selectively deferred. Funding source and impact on service delivery will be considered in implementing the deferral.

b. Long-Term Actions

The following actions will be considered when dealing with the longer-term impact of a significant reduction in resources. As appropriate, these reductions will be reflected in Proposed Budgets and/or Midyear budget adjustments. The actions are listed in priority order and lower priority actions will be implemented only if higher priority actions are

insufficient to deal with the fiscal shortfall:

- i. General Fund discretionary contributions to certain programs that are primarily the State's responsibility will be capped at current levels, to the extent legally possible. Except as required by law, the County will not use General Fund dollars to backfill reductions in State or Federal funding for these programs;
- ii. A moratorium will be placed on implementing new programs or expanding existing programs if the cost of those programs or expansions is not fully revenue offset and a secure long-term funding source is not identified;
- iii. Moderate service level reductions will be proposed on a case-by-case basis. These service level reductions will focus first on reducing General Fund support for those programs that have not been identified as a high priority by the Board's Strategic Plan;
- iv. Discretionary resources that have been earmarked by the Board for certain purposes will be proposed for re-allocation to fund on-going programs that are a priority for the Board;
- v. Eliminate, or greatly reduce, General Fund support to outside agencies that are not funded by a dedicated revenue source and are not controlled by the Board. This refers to funding of outside agencies whose programs the County has determined would not be provided directly by the County; and
- vi. Major program reductions will be proposed in general accordance with the Solano County Strategic Plan and the General Philosophy described above. These reductions will fall into two general categories:

Budget Construction & Legal Requirements

- Program reductions that will be made in response to significant reductions in State funding for programs that are primarily the State's responsibility. In this case, the County will consider returning responsibility to the State for operating those programs, to the extent permitted by law. Where returning responsibility to the State is not legally possible, County General Fund support for these programs will be reduced to the minimum level possible, consistent with State mandate requirements.
- Program reductions that will be proposed in response to a reduction in County discretionary revenue. In this case, reductions will be made first in those programs that are not related to the Board's goals.

Selective Hiring Freeze Policy

On February 5, 2008 the following Selective Hiring Freeze Policy was adopted:

1. Purpose

In light of the State's serious budget difficulties, the purpose of this policy is to generate salary savings to better position the organization to deal with the potential impact on the County by the State's budget shortfall, once the full scope of that impact is known.

2. Duration

This Policy will be in effect until the State's fiscal difficulties and their impact on the County are known and a long-term plan to address those impacts is formulated and approved by the Board of Supervisors. At a minimum, it is recommended that the Policy be in effect until June 2009.

3. Goal of Selective Hiring Freeze

The goal of this Policy is to achieve salary savings and to provide as much flexibility as possible to implement staffing reductions in future fiscal years without the need for layoffs. The intent is to allow departments to fill critical positions that clearly will not be impacted, either directly or indirectly, by potential State budget reductions, while holding all other positions vacant.

4. Selective Hiring Freeze Guidelines

In evaluating whether to fill a vacant position, the following is to be considered:

- a. Is the program that the position supports funded by a dedicated and assured revenue source? Is the position unique to that program? If the answer is yes to both these questions, then, absent other considerations, the position can be filled.
 - i. A position is considered unique to a program when the classification is not located in any other department or program. Examples might be Librarians or Engineers. In this context, an Office Assistant would not be a unique position, because this classification is found in many different programs and, in the event of the potential need to eliminate filled positions, an Office Assistant could be transferred from one program to another in the County.
 - ii. Before filling a position that meets this criterion, departments should evaluate whether the resources involved could be used to help mitigate the impact on the County of revenue reductions in other areas.
- b. Is the position critical to the operation of an essential public safety activity, such that not filling the position will put the health or safety of residents or other staff at risk? If the answer is yes, the position can be filled.

Budget Construction & Legal Requirements

- c. If a position is not filled, is the resulting reduction of services for a program below a legally mandated level? If the answer is yes, the position can be filled, subject to the following:
 - i. The department should first have explored obtaining a waiver of any service level mandate or the feasibility of ending the program or returning program responsibility to the State.
 - ii. To the extent practical, efforts should be made to fill the position using extra help or through internal recruitment.
- d. If a position is not filled, is the result a diminishing service level where, in the department's judgment, the program's effectiveness is seriously compromised? If the answer is yes, the department should further consider the following:
 - i. Is this a high priority program as determined by the Board of Supervisor's Strategic Goals?
 - ii. Thorough exploration of alternative means of providing adequate services and have determined they are not feasible or are more costly.
 - iii. To the extent practical, efforts should be made to fill the position using extra help or through internal recruitment.
- e. Is the position in question a critical and hard-to-fill position, as evidenced by repeated, unsuccessful attempts by the department to recruit? If the answer is yes, and if the program is a high priority for the Board of Supervisors, then the position can be filled.

In addition, in February 2008, the Board approved the following actions in preparation for further reductions that may be required for the future and to help maintain the County financial stability, if possible, are:

- Departments are responsible for justifying the filling of vacant positions and should be consistent with the guidelines established in the Selective Hiring process. Positions must be fully revenue offset or critical to program operations in order to request filling a vacancy. In addition, this requirement is being extended to extra help positions.
- Departments were directed to immediately halt the implementation of all new programs without a dedicated funding source and that are not already fully implemented.
- Departments are required to obtain CAO approval for the purchase of all fixed assets or any computer-related purchase that has not been previously included in the Refresh Policy. Approval will only be granted if the cost of the equipment is fully revenue offset or is critical to program operations.
- Departments were directed to take whatever steps necessary to end the fiscal year with no increase in County Contribution. Direct the County Administrator to not recommend increases in County Contribution to backfill for reductions in State revenues.
- Departments were directed to control and reduce travel costs. Only travel critical to program operations will be permitted.

Summary of Designated Responsibilities for Actions

As previously discussed, State laws and County ordinances prescribe the manner and form in which the Budget is presented. Additional responsibilities and the delegation for preparation, review and approval are also established by statute and ordinance, and by policies coordinated through the Board of Supervisors, the County Administrator and the Auditor-Controller's Office.

Listed below are additional actions, which require a four-fifths vote of the Board of Supervisors:

- Appropriation increases within a fund.

Budget Construction & Legal Requirements

- Appropriations from contingencies.
- Appropriations of unanticipated revenues.
- Transfers between funds.
- Transfers from designated reserves.
- Transfers from equipment replacement reserves.
- Transfers from general reserves (only during budget process).

County Statistical Profile

When you look at the County population over a 10-year period beginning in 1999, the steady, constant growth is apparent. The County population has increased 9.5% since 1999, an average of 1% annually.

The two largest cities within the county are Vallejo and Fairfield with populations of 121,097 and 106,753 respectively. The fastest growing Solano County city over the last ten years is Rio Vista with 85.8% growth, followed by Dixon with 16.4%. In contrast, Benicia's population has decreased by 2.4% since 1999.

Benchmark Counties

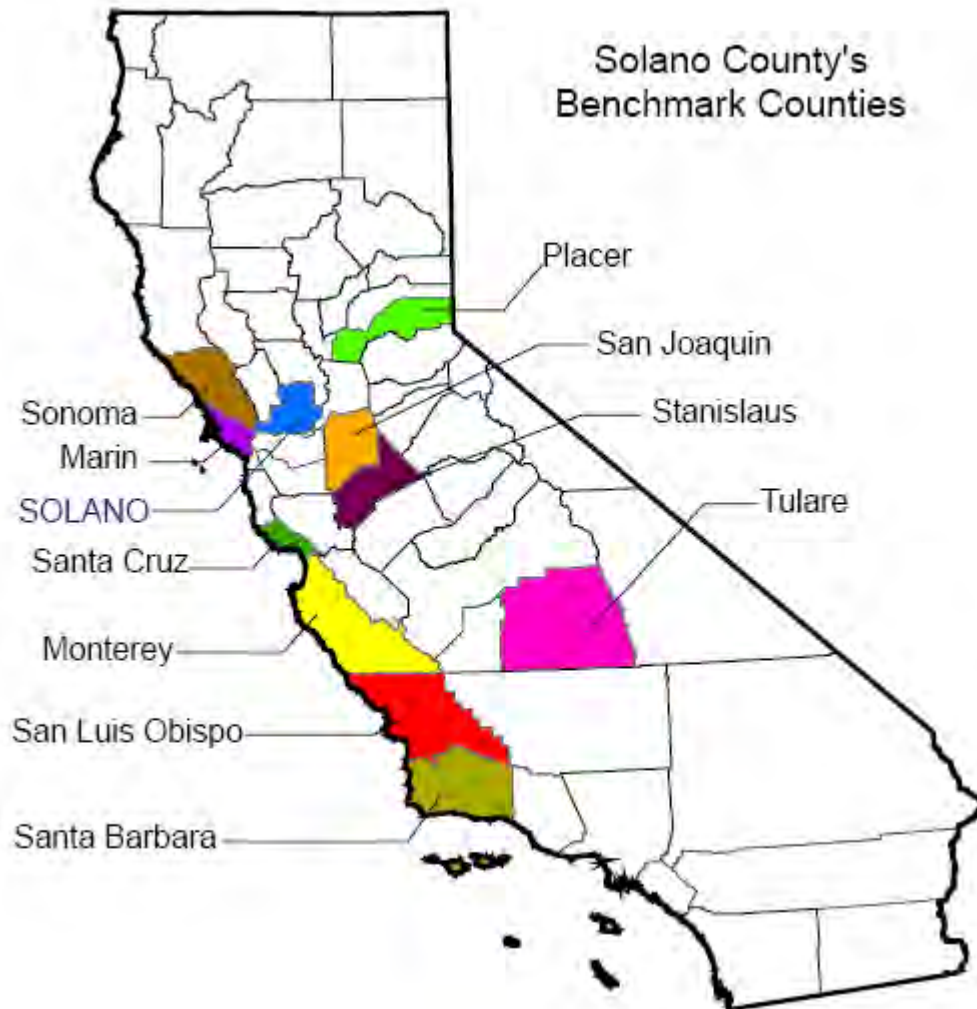

When reviewing Solano County's economic health, the County government's financial capacity, and the County's delivery of services to residents in unincorporated areas, the County inevitably compares itself from the current year to past years.

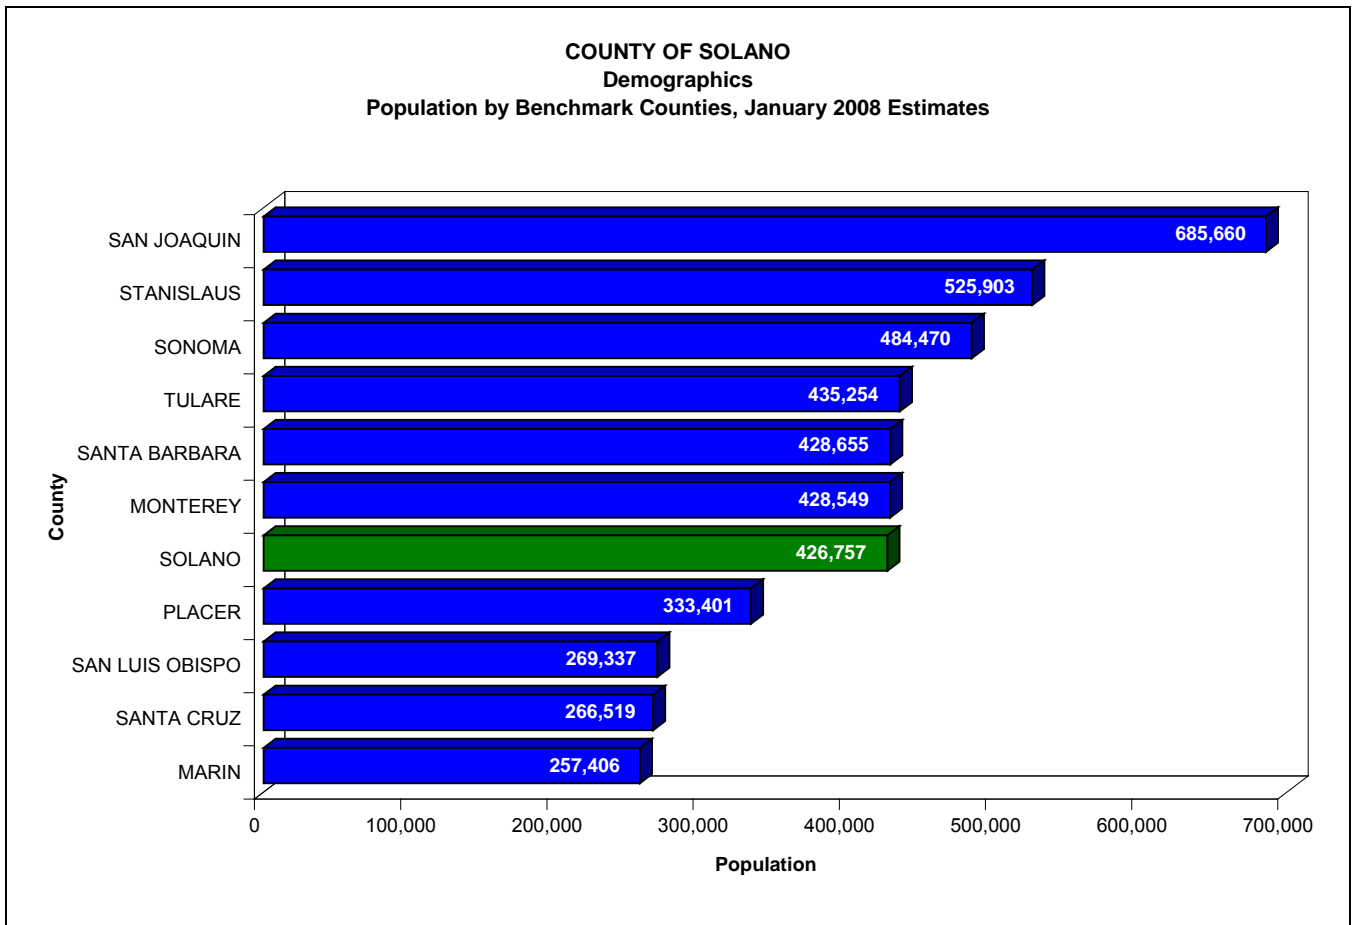

Additionally, the question of how Solano County compare with other counties is often asked. This leads to the question: Which counties should be used for comparison purposes?

County Statistical Profile

A group of ten counties has been selected to be used for comparison in the following five charts. Solano County has the following characteristics in common with each of these counties:

- They are the ten counties closest to Solano in population – six with higher population and four with lower population.
- A total population of more than 250,000 but less than 700,000.
- All include both suburban and rural environments.
- None contain a city with over 300,000 in population.
- Six are coastal or Bay Area counties.
- Most have the same urban growth versus rural preservation issues facing Solano County.

County Statistical Profile

According to the U.S. Census Bureau, Solano County consists of a total area of 907 square miles. Land area is represented by 829 square miles and water area by 78 square miles. Water area is 8.6% of the total area.

San Francisco Bay, Suisun Bay, the Carquinez Straits and the Sacramento River provide the county with natural borders to the south and west. Rich agricultural land lies in the northern area of the county while rolling hills are part of

the southern area. Over 60% of the county land area is comprised of farmland.

Despite having a smaller than average land and water area when compared to the Benchmark counties, Solano County's proximity to the Bay Area and the fact that the county contains the Suisun Marsh, which is the largest contiguous brackish water wetland in the western United States and a protected habitat, brings up complex issues for County government.

County Statistical Profile

As shown in the following tables entitled Persons per Square Mile of Land Area and Percent Residing in the Unincorporated Areas, while Solano County has a high per-square-mile (land area) population density, its residents are concentrated in cities. According to the California Department of Finance's January 2008 City/County Population Estimates, 82% of California residents live in cities and 18% in

unincorporated areas. In contrast, in Solano County, 95% of residents live within the county's seven cities. This phenomenon was not an accident. In the early 1980s the residents of the county passed the Urban Growth Initiative, Measure A, which limits most urban growth to incorporated cities.

County Statistical Profile

This unique mixture of a sizeable urban population and a large rural/agricultural base creates many problems and challenges for County government. These include:

- Balancing continuing urban growth pressures with the need to preserve agriculture and open space.
- Problems in the transition zones between urbanized areas and agricultural areas (i.e., land use, pesticide use, dust, odors and vermin).
- Coordination of infrastructure transitions from the urban areas to the rural areas (i.e., reliever routes, upgraded feeder streets/roads and flood control).
- A large urban-driven need (as indicated by the high density per square mile) for health, public assistance and law and justice services with little County government control or influence in promoting initiatives in the urban environment that would create long-term improvements.

Population and Demographic Profile

The following charts entitled Population by Age Group and Population by Percentages in Various Age Groups show that from 1990 to 2000, the 45 to 59 age group of Solano County residents was the fastest growing population segment with an increase of 26,949 residents, or 57.4%. Not far behind is the 60+ age group with an increase of 14,227 residents, or 39.2%.

From 2000 to 2010, the projections are that the 60+ age group will be the fastest growing population segment with an increase of 21,905 residents, or 43.4%. This segment of the county's population is projected to continue growing at a faster rate than the other age groups. The 45 to 59 age group will be the second largest growing segment at 29.5%. In 2010, almost one in every six county residents will be over the age of 60.

Source: California Department of Finance, Demographic Research Unit

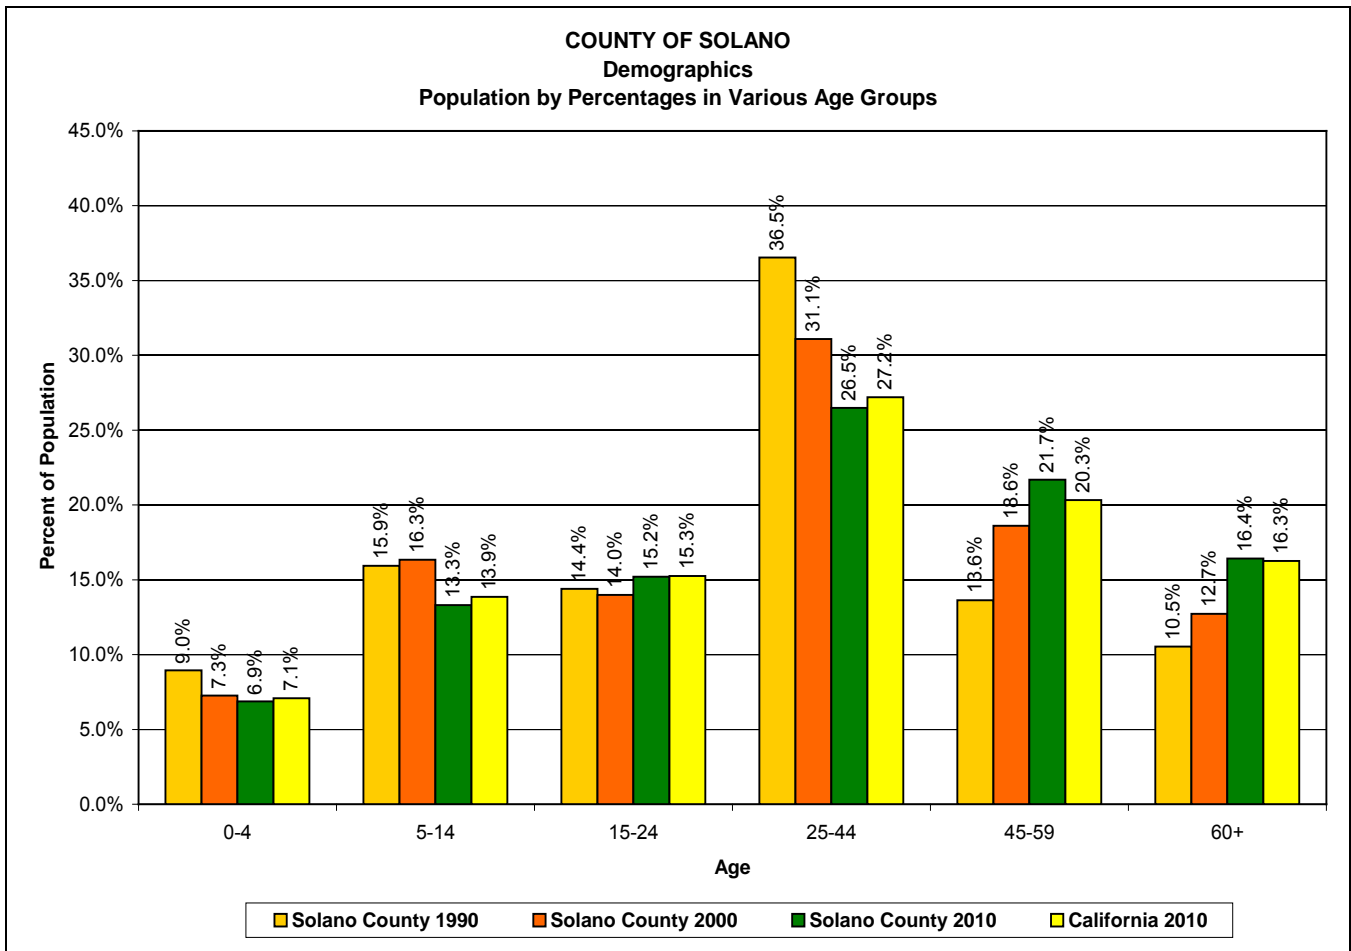

County Statistical Profile

While the population in Solano County is projected to grow 28.2% between the year 1990 and 2010, the 45 to 59 age group is projected to grow by 103.9% and the 60+ age group by 99.6%, reflecting an aging population.

Segments that are projected to decrease over this 20 year period are the 0 to 4 age group by 1.6% and the 25 to 44 age group by 7.1%.

The age demographics in Solano County are very similar to those of the State of California,

and the trend of these demographics indicators are consistent with the current “graying” of a large segment of the American population. The “Baby Boom” generation (those born between 1946 and 1964) represents a significant segment of the nation’s population, and they will begin reaching retirement age (65) in 2011. In 2010, 38.1% of Solano County’s population and 36.6% of the State’s population are projected to be over 45 years of age.

Population Living in Poverty

The U. S. Census Bureau's 2006 American Community Survey poverty level figures show 10.8% of the county population is living at or below poverty level. This is 1.5 percentage points above the 2005 American Community Survey. The U.S. Census Bureau's statistics on poverty provide an important measure of economic well-being and are sometimes used to assess the need or eligibility for various types of public assistance.

Poverty statistics presented use thresholds prescribed for Federal agencies by the Office of Management and Budget and are estimates. While the county's level is not acceptable, it should be noted that only three of the comparison counties have a lower rate. The county's rate is an improvement over the 13.1% state rate for population living at or below poverty level.

County Statistical Profile

Population by Ethnicity

The following chart entitled Population by Ethnicity reflects July 1, 2000 and 2010 percentages of the County's population in each segment. The data indicates that percentages have increased in all ethnic segments, from the year 2000 to 2010, with the exception of the White and African American segments. These segments of the population are projected to decrease (4.8%) and (3.1%) respectively. In the year 2000, the White category represented almost 50% of Solano County's population; in 2010, this segment is projected to represent 45% of the population.

The most significant increase occurred in the Hispanic segment with a projected 37.3% increase over the 2000 data and will represent 21.8% of the 2010 county population.

The Asian segment is projected to have a 34.4% increase from the 2000 population data and will represent 15.4% of the county population in 2010 and the African American segment is projected to represent 11.6%.

The Other segment (which includes Native Americans, Alaskan, Hawaiian, Pacific Islanders and Multi-race segments) population is projected to increase 34.5% over the period and will represent 6.2% of the county's population in 2010.

Employment and Economic Growth

The State of California has seen an increase in the number of people without jobs over the last year. The March unemployment rate for the state climbed to 6.4%, up from 5.1% a year ago.

Here in Solano County, the unemployment rate also climbed to 6.4%, up from 4.7% a year ago.

The graph below shows the county's unemployment rate to the comparison counties and the State of California.

County Statistical Profile

Solano County's average wage per job of \$40,756 is slightly above the median range of

the comparison counties, as demonstrated by the chart below.

The Association of Bay Area Governments (ABAG) projections through 2010 show Solano County job growth rates at approximately 2% per year, or approximately 7.5% over the next 5 years.

Between 2000 and 2005, 13,780 new jobs were created. The fastest growing county industries since 2000 by overall percentage gain are:

- Financial and Leasing sector with 1,550 new jobs, or 18.1%.
- Construction with 1,780 new jobs, or 17.1%.
- Professional and Managerial Services with 1,610 new jobs, or 16.5%.
- Health and Education Services with 3,970 new jobs, or 13.6%.
- Arts, Recreation and Other Services with 2,100 new jobs, or 11.8%.
- Information with 210 new jobs, or 9.5%.
- Retail sector with 1,450 new jobs, or 8.2%.
- Transportation and Utilities sector with 290 new jobs, or 5.6%.

County Statistical Profile

The graph below represents the distribution of the 150,520 jobs in Solano County projected by ABAG in various industries in 2005. The 150,520 jobs in these industries include:

- 2,010 in Ag and Natural Resources.
- 2,430 in Information.
- 5,510 in Transportation and Utilities.
- 10,130 in Financial and Leasing.
- 11,380 in Professional and Managerial Services.
- 12,200 in Construction.
- 17,610 in Government.
- 17,120 in Manufacturing and Wholesale.

- 19,050 in Retail.
- 19,890 in Arts, Recreation and Other Services.
- 33,190 in Health and Education Services.

If the local workforce were able to fill all the available jobs in Solano County, it would still need approximately 60,000 additional jobs to allow all residents to live and work here. In reality, it's unlikely that there would be enough jobs in appropriate industries for the approximate 206,000 employed residents in the county.

Solano County Commuting

According to a report prepared for the Metropolitan Transportation Commission's Regional Rideshare Program by RIDES Associates, approximately 40% of the workforce works outside of the county.

The chart below represents the numbers of average daily commuters for a typical spring weekday. It includes commuters who reside in Solano County using any means of transportation, commuting mainly to the following neighboring counties: Contra Costa, Alameda, San Francisco, Marin, Napa, San Mateo, Santa Clara and Sonoma.

The trend over the past three years has been for a greater number of County residents to live and work within the county. Approximately 60% of

Solano County residents have chosen to stay inside their home county to work.

Based on ABAG's Projections of employed residents in Solano County in 2005, approximately 78,000 were commuting to jobs outside of the County. Of those 72%, or 56,000, drove alone while 17%, or 13,000, carpooled and the remaining used other modes for commuting. Carpooling is higher in Solano County than any of the other Bay Area counties.

With all but one of the county's cities positioned along the Interstate 80 and 680 corridors, Solano County provides the commuter with access to Bay Area jobs and a lower living cost.

County Statistical Profile

Gross Agricultural Crop Value

Sales of agricultural products continue to sustain the county's economy. With a 2007 estimated value of \$269,704,490, Solano County agriculture is diversified with approximately 75 different commodities including fruits, nuts, vegetables, grains, seed, nursery stock and animal production.

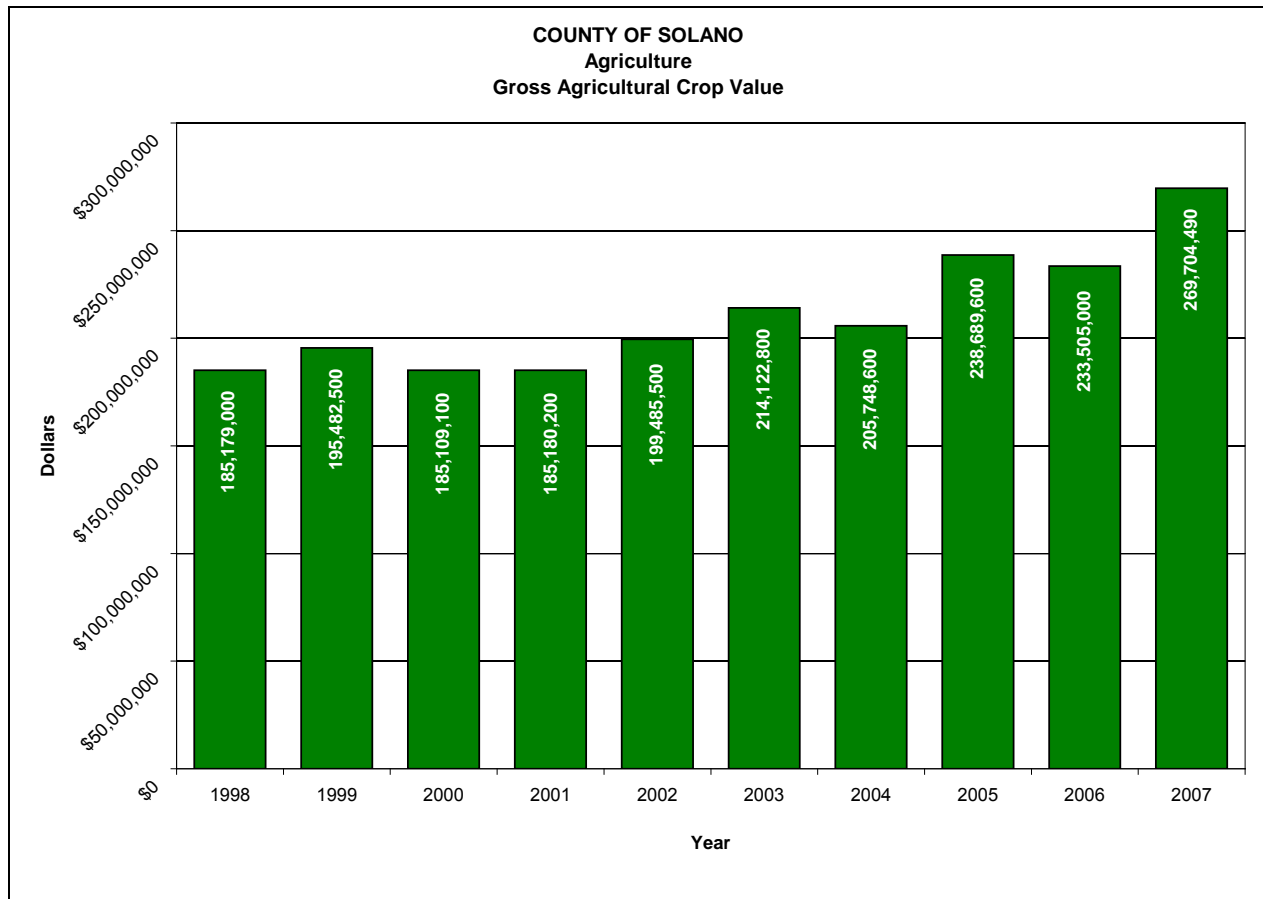

The 2007 estimated value of Solano County agriculture is divided as follows:

- Nursery Production \$56,610,700
- Animal Production (Includes Livestock, Poultry and Apiary) \$56,268,890
- Field Crops \$54,811,900
- Vegetable Crops \$47,762,100

- Fruit and Nut Crops \$43,430,000
- Seed Crops \$10,820,900

The 2007 estimated value has increased 15.5% from 2006. Growers in field crops, fruit and nut, as well as livestock benefitted from higher prices to producers. Seed, vegetable and fruit and nut crops had better weather conditions in 2007 than the previous year's late plantings due to winter floods and crop damage from the 2006 summer record heat.

Statewide data from all counties' 2006 commodity reports ranked Solano County 30th out of 58 counties in California in gross value of agricultural production.
