

THE FBI SEEKS YOUR HELP IN PREVENTING TERRORISM!

what is terrorism?

Terrorism is the unlawful use of force or violence against persons or property to intimidate or coerce a government or its citizens to further certain political or social objectives.

Law enforcement generally

recognizes two types of terrorism, domestic and international. Domestic terrorism is based and executed in the United States by our own citizens without foreign direction. International terrorism, which is connected to foreign governments or groups, transcends our nation's boundaries. Terrorist acts against U.S. citizens can occur anywhere in the world.

While the FBI has the primary responsibility for investigating terrorism matters in the U.S., other law enforcement agencies play an integral role in combating this crime by joining with the FBI to form Joint Terrorism Task Forces (JTTF). Located in all 56 FBI Field Offices, JTTFs are comprised of local, state and federal law enforcement officers who work jointly with other non-

member agencies to investigate terrorism matters throughout the nation. JTTFs provide citizens with a state-wide central investigative entity dedicated to preventing terrorism nationwide.
