August 1, 2018

To all our dedicated and hardworking adopt-a-poll locations, poll workers, inspectors, rovers and students, thank you for your service as a pollworker in the 2018 Statewide Primary Election. The work we perform at polling places is critical to our success in Solano County, as well as the continued success of Democracy in our great country.

We have a great responsibility to instill confidence in our voters that our processes are executed according to state and federal law, are fair for all eligible voters, ensure voting is confidential, and provide controls for security and auditing for Post-Election canvassing.

You will work as a team at polling places around the county on Election Day to achieve this goal, and this manual is a critical component to your training. We believe that the combination of this manual, your online training, and your in-person classes will help ensure you are successful in executing your duties as a pollworker. If there's anything we haven't addressed I welcome feedback, e-mails and phone calls to help us improve the process.

Therefore, please review this prior to your in-person training session, complete your online courses, develop questions to ask during class, and mark up this manual appropriately to serve as reminders on election day. Most importantly, **bring this book with you to your in-person class** and on Election Day. It's a valuable resource loaded with step-by-step processes for opening a polling place, processing voters, and closing the polls at the end of the day.

I look forward to meeting you in class and making myself available for questions. We cannot do this job without your service, and I appreciate all of you for stepping up for this election. I hope you have a great Election Day.

Sincerely,

A handwritten signature in black ink, appearing to read 'John H. Gardner'.

The Election Day Experience – An Overview

Election schedule

All team members are expected to arrive at 6:00 a.m. on Tuesday, November 6th.

From 6:00 a.m. - 7:00 a.m., the goal is to:

- Organize and set-up the polling place.
- Set-up election table with supplies.
- Complete any tasks required prior to opening the polls.

Polling Place Hours:

- Polls must open promptly at 7:00 a.m.
- Polls must close promptly at 8:00 p.m. Any voter in line by 8:00 p.m. must be allowed to vote.

From 8:00 p.m. (or when last voter leaves) - 9:00 p.m. (approximately) all workers help to:

- Record ballot and signature totals.
- Remove signs.
- Pack equipment, supplies, and ballots.

The Inspector and one (1) clerk should stay until the Collection team arrives to return ballots and supplies to the Fairfield office. If unable to do so, the Inspector must notify your Roving Inspector.

Overview of Polling Place Team Members

A polling place team includes:

- Roving Inspectors - Provides technical and administrative support to an assigned group of polling places on Election Day.
- Inspectors - Manages the polling place and team of poll workers. In polling places with multiple precincts, two (2) Inspectors may be assigned and will share the responsibility.
- eRoster Clerks - Checks in voters at the polling place and determines the type of ballot the voter receives.
- Ballot Clerks - Issues the paper precinct ballots to voters who can insert their ballots in the Ballot Scanner and have their ballot counted immediately. Issues replacement ballots if voter makes a mistake.
- Provisional Clerks - Issues provisional ballots to voters because of special circumstances. Secures the voted ballots and sends them to the Registrar of Voters for review to determine if the ballot counts.
- Greeters - Directs the voters to the correct polling place, answers generic questions for voters, helps with managing lines of voters, and will help Ballot Clerks with breaks.
- Equipment Clerks - Sets up and operates the Ballot Scanner and AutoMARK, with help of one other clerk or Inspector. Answers voter questions on equipment and ensures voters cast ballots successfully. Hands out "I Voted" stickers.

If there is a shortage of workers, any poll worker might be reassigned to another position. A minimum of 4 poll workers is required for a polling place to function.

Overview of the Voting Process

All voters start with the eRoster Clerk who determines the voter's eligibility before printing a ticket for the voter to sign. The voter exchanges the signed ticket for a paper ballot.

If a voter is listed in the eRoster and is eligible to vote at your precinct, the voter is given a "Voter Ticket", asked to sign the ticket and is then directed to the Ballot Clerk to receive a ballot.

If a voter is not listed in the eRoster or is not eligible to vote a precinct ballot, the voter is given a "Provisional" ticket and is sent to the Provisional Clerk to receive a provisional ballot.

All voters receive a ballot, the stub, and a pen in a secrecy sleeve. All voters receive verbal instructions on:

- How to mark the ballot
- What to do if a mistake is made while marking
- What to do with marked ballot

A polling place may have different ballot types (BT) and different colored ballots. The Ballot Clerk matches the BT# and color on the signed ticket to the BT# and color of the ballot that they give the voter.

ALL voters are offered a facsimile ballot in either Tagalog or Spanish to assist in marking their ballot. Ballot Clerks and Provisional Clerks will have copies in each language at their tables.

The voter casts the ballot by depositing it in either the scanner or the secured ballot box, and is then given an "I-Voted" sticker.

Issuing Replacement Ballots

When a voter makes a mistake on the ballot, he/she returns to the Ballot Clerk or Provisional Clerk who gave the voter the ballot.

The Clerk will:

- Take the ballot and **verify that this is the same ballot you are issuing.**
- Write **SPOILED** across the face of the ballot to void the ballot.
- Place spoiled ballot into the **Red Bag.**
- Tear off a new ballot, remove the stub, give the voter the replacement ballot, and new stub.

The maximum number of replacement ballots a voter can receive is 2 (two). Offer to help the voter prior to them reaching the maximum number.

Assisting Voters with Marking Ballots

Voters have a legal right to receive assistance at the polling place. Voters can bring 1-2 people to provide assistance as long as the person(s) is not their employer, union representative, or an agent or officer of the employer or union (although it is difficult to know). Voters may also ask a poll worker for assistance. The assistance provided may include reading the ballot aloud or marking the ballot as directed by the voter.

If a voter asks for assistance in marking the ballot:

- The Ballot Clerk or Provisional Clerk must issue an oath to the voter.
- Ask the voter to repeat the following oath:
"I (voter's name) do affirm that I request assistance marking my ballot."
- Write the voter's name on the Assisted Voter List located in the backup paper roster.

Translated Sample Ballots (Facsimile Ballots)

All polling places will have facsimile or sample ballots available in English, Tagalog and Spanish. The Ballot clerk and Provisional clerk will ask the voter if they need a facsimile ballot in one of the languages available and instruct them to return it to the ballot clerk

before leaving. These ballots are NOT to be marked but only to be used for language assistance when marking their actual ballot.

Election Day Meal Break

Election Day is a long day. Poll workers are encouraged to take several short breaks (about 5 minutes) throughout the day; however, election code requires that a minimum of 4 poll workers are available to serve voters.

All poll workers are entitled to a meal break. The Inspector coordinates meal breaks to ensure that all workers are available during the peak periods of voting. (Typically 7 a.m. - 9 a.m. and 5 p.m. - 8 p.m.).

Election Day Observers

Anyone can observe any aspect of the election process. Often it is someone working for a political party or candidate. Observers are welcomed to observe but must adhere to the guidelines listed below.

May

Observe proceedings including opening and closing.

Look at and obtain information from Street Index and/or Certified Voting List.

May Not

Speak with poll workers or voters to interfere or delay voting process.

Speak to voters within 100 feet of entrance relating to casting a vote, displaying election material, wearing of candidate badges or the voter's qualifications to vote.

Use cellphones inside polling place and/or within 100 feet of entrance to polling place.

Occupy the area behind or between official election tables, voting booths, or Ballot Scanner.

Can Not

Touch voting materials or equipment or sit at the official election table

Monopolize and/or remove the posted Street Indexes and/or Certified Voted list.

Interfere with the timely closing of a polling place.

What to do if an observer violates the guidelines:

- Politely approach the individual(s) and advise them of the guidelines.
- If the situation continues, ask the observers to leave the polling place
- Immediately call your Roving Inspector.
- Notify the Registrar of Voters at 784-6675.

Electioneering

What is Electioneering?

- Any act of campaigning for or against a party, candidate, or measure that appears on the ballot
- Speaking to voters on the subject of marking his or her ballot
- Displaying any sign, sticker, button, or clothing that supports or opposes a party, candidate, or measure
- Voters quietly discussing their choices in a voting booth within earshot of other voters

Electioneering is not allowed within 100 feet of the entrance to the room in which ballots are cast.

Exception: News media or pollsters are allowed within 25 feet of the entrance if they are conducting exit interview. Exit interviews are not considered electioneering because it occurs after the voter has voted.

What to do if there is a violation of electioneering laws:

- Make a polite approach and advise them of the electioneering laws.
- If the situation continues, immediately call the Roving Inspector.
- Notify the Registrar of Voters at 784-6675.

Media

Members of the media may be present in the polling place but may not take pictures of voters or poll workers unless permission is granted. Media may request a comment or quote from poll workers. If you are not comfortable speaking with them, direct media inquiries to 784-3366.

Time in Voting Booths

Per the Election Code, voters are not allowed to be in the voting booth any longer than is necessary to mark their ballots, which should not exceed 10 minutes. If there are no voters waiting for a booth, please allow a voter more time. Voters are also allowed to bring their sample ballot book into the voting booth with them to be used as a guide.

Showing ID at the Polling Place

The requirement to show identification at the polling place is limited to a small group of voters. The eRoster tablet will show "ID Required" for the voters that are required to do so.

The eRoster Clerk will ask for and record the ID shown by the voter. For a list of acceptable IDs, see page 81-82.

Voters MAY show an ID to help the eRoster clerk look up their name or determine the spelling. However, it IS NOT required.

Emergency Procedures

If there is an emergency need for police, fire, or ambulance contact the appropriate agency using the county issued cellphone. The direct emergency number for the police and fire are on the page titled **Important Information**.

What to do if you must evacuate the polling place:

- Instruct all voters and workers to immediately leave the polling place
- Direct the workers to gather nearby at a safe location or to follow the instruction of a polling location staff member or emergency personnel.
- Once safely out of building, immediately notify the Registrar of Voters at 784-3371 and your Roving Inspector.

What to do if there is a power outage in the building:

- Notify the Roving Inspector and the Registrar of Voters at 784-3371.
- Your Ballot Scanner and AutoMARK have a battery backup to allow the equipment to continue to operate.
- The eRoster tablet is fully charged while plugged in. If there is a power outage continue to process voters using the eRoster and emergency voter tickets. The battery on the tablet should last you during a minor power outage. If the power outage lasts longer than the battery on the tablet, switch to using the backup paper roster.

What to do if a vote by mail voter wishes to use their surrendered ballots as a guide for voting:

Inform the voter that Election Code states a vote by mail voter must first surrender their ballot to vote at the polls. Once the ballot is surrendered, it cannot be given back to the voter.

Election Day

Roving Inspector

Roving Inspectors provide onsite support to a group of assigned polling places. You work closely with Inspectors and other poll workers. Your goal is to help facilitate a safe, easy, and positive voting experience for the voters. Visit your locations several times during the day.

When you enter a polling place for the first time,

- Introduce yourself to the Inspector and then to all workers;
- Explain that you are part of their team and you'll be checking in with them throughout the Election Day;
- Let the workers know you may need to provide feedback or suggestions at times to ensure voter rights are protected and election laws are followed; and,
- Most importantly, state that you are available to help wherever needed

Roving Inspector Checklist

Each Roving Inspector is provided with a polling place checklist to use as guide to outline the focus areas while at the location.

Generally, you will confirm that:

1. The polling place set up:
 - enables voters to be processed efficiently;
 - prohibits lines from backing up;
 - complies with ADA requirements;
 - complies with specific alternative language requirements.
2. The signage enables voters to locate the polling place or voting area easily.
3. The Ballot Scanner and AutoMARK are operating correctly.
4. Equipment malfunctions are identified and addressed quickly.

Observe the voting process when possible to identify areas to improve in poll worker training. As always, communicate immediate concerns to the Registrar of Voters at 707-784-3045.

Between 6:00 P.M. and 8:00 P.M., visit each of your polling places and:

- Review the closing procedures;
- Confirm that all required documentation is signed and completed;
- Remind Inspectors to be prepared for waiting for Collection workers;
- Remind everyone to only return the items with a bright green RETURN label;
- Remind Inspectors to remove the memory card from all ballot scanners (even if not used) and place it in the official returns pouch;
- Emphasize that the Black Bag stays at the polling place.

Inspector

Setup

- Arrive at 6 a.m.

What to do if you cannot access the polling place:

- Call your polling place election morning contact.
- Call the Registrar of Voters at 784-3045.
- Call your Roving Inspector
- At 6:45 a.m. begin to set-up outside the entrance to the polling place.
- Break the seal on the Primary Red bag and remove the contents. Re-seal the red bag and use it as the temporary ballot box.
- Give the back-up paper roster to one eRoster Clerk
- Give a pad of precinct ballots to the Ballot Clerks (precinct specific)
- Give a stack of Provisional ballots to the Provisional Clerks (precinct specific)
- Additional supplies you may need are in the **Emergency Kit**
- At 7 a.m., Inspector states, “The polls are now open”
- The eRoster Clerk looks up the voter in the paper roster:
 - If the voter is listed in the paper roster at the correct address, is not a vote-by-mail voter, or is a vote by mail voter with a ballot to surrender, the voter signs the paper roster and is given a ballot in a secrecy sleeve with a pen by the Ballot Clerk. Once the ballot is marked, the voter places it in the red bag.
 - If the voter is not listed in the paper roster, their address is not current or is a vote by mail voter with no ballot to surrender, the voter does not sign the paper roster. Instead, the voter is given a provisional envelope and is sent to the Provisional Clerk. The voter will sign the Provisional sign-in sheet and complete the provisional envelope before being given a provisional ballot in a pink secrecy sleeve with a pen. Once the ballot is marked, the voter seals the ballot in the pink envelope and returns the envelope to the Provisional Clerk, who places it in the red bag.
- Once you are able to get inside your polling place, call the Registrar of Voters at 707-784-3045 for instructions on what to do with any voted ballots that are in the red bag. When time allows, notify your Roving Inspector.

- Locate Ballot Scanner(s), AutoMARK, Black Supply Bag, and other delivered supplies; Some supplies will be located in the compartments of the Ballot Scanner.
- Break seals on Red and Black supply bags to remove the contents
- Place broken seals in clear Official Returns Pouch

- Arrange tables and voting equipment using suggested guidelines shown below.
 - Keep the flow of traffic streamlined to allow voters easy movement and eliminate the need for voters to cross in front of each other
 - Place election tables near the entrance but not so close that the line of voters waiting will back-up outside the door.
 - Allow 5 feet of clearance for your AutoMARK and ADA booth.
 - Place the Yellow Vote-by-Mail Ballot bag near entrance for easy access.

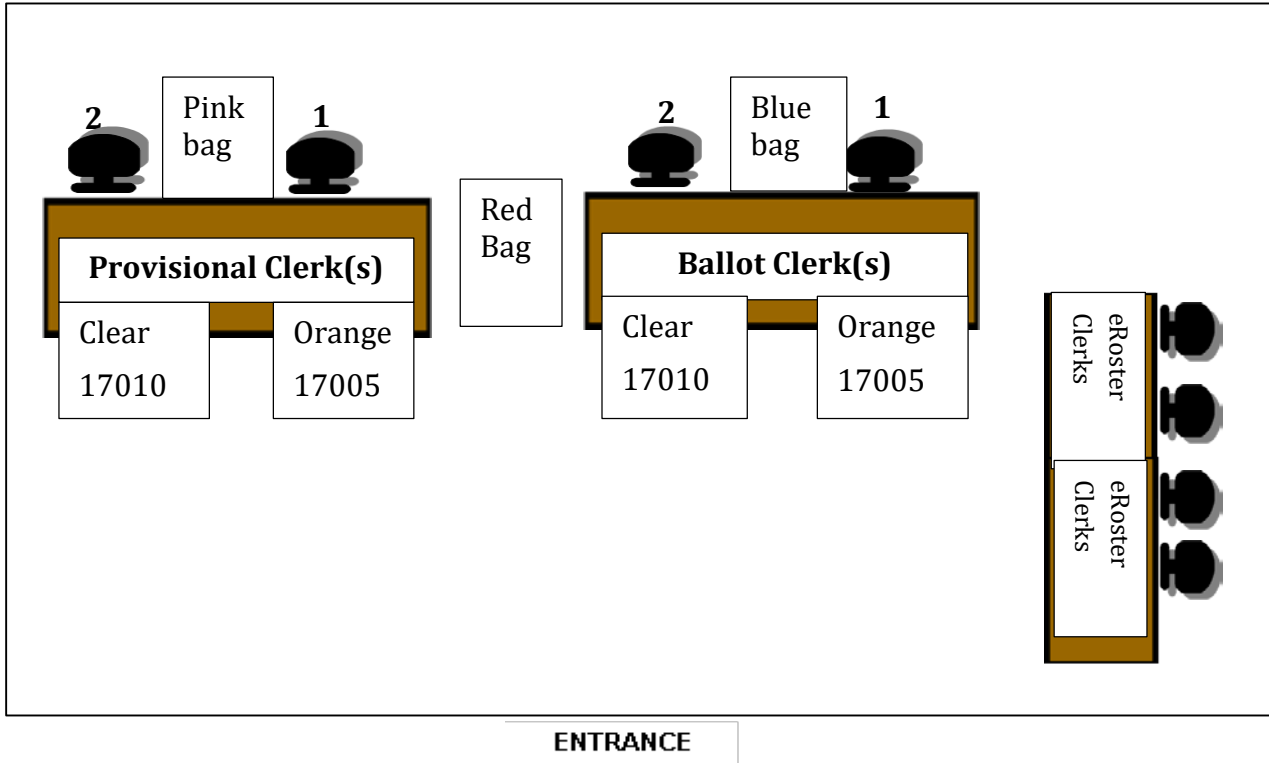

If your polling place serves a **single precinct**:

- eRoster Clerks sit together
- Ballot Clerk sits at a table with the one (1) Blue eRoster Tickets Bag
- Red bag is between Ballot Clerk and Provisional Clerk
- Provisional Clerks sit at a table with the one (1) Pink Provisional Ballots bag.
