

Solano Public Health Weekly COVID-19 Newsletter Issue 9

JUNE 12, 2020

Thank you for carefully following public health guidance to flatten the curve! As we slowly and safely reopen businesses and services in alignment with state guidance, the community is reminded to stay diligent in maintaining 6-foot physical distancing between others, washing hands frequently, practicing cough etiquette, and wearing cloth face coverings to curb the spread of coronavirus.

Coronavirus Dashboard

	California	Solano	Hospital Impact in Solano County	
COVID-19 Cases	139,281	643	Currently Hospitalized	17
Total Deaths	4,881	23	ICU Capacity	GOOD
Lab Tests	2,597,647	15,216	Available Ventilators	GOOD

Source: California Dept. of Public Health COVID-19 Dashboard, Solano Public Health COVID-19 Dashboard as of June 11, 2020

As of June 11, 2020, Solano County has 643 total confirmed cases reported, with 93 total hospitalizations, 80 active cases, 17 current hospitalizations, and 23 deaths. At present, The ICU and ventilator capacity are in the 'good' range.

We are continuing to respond to the COVID-19 situation, by investigating outbreaks, tracing contacts and monitoring the number of cases and hospital capacity, to protect the health of Solano County residents. We will follow State guidance on reopening additional sectors, and will move forward on reopening them in our County based on local conditions.

Solano County and increasing contact tracing to reopen safely

Solano County is increasing its COVID-19 contact tracing efforts to train additional contact tracers. Contact tracing has been used by public health for decades to slow the spread of infectious disease. Contact tracers connect with people who are COVID-19 positive, so they can get medical care and trace who they might have exposed without knowing it, so those individuals can be contacted, too. For more information about the contact tracing and the efforts done statewide, go to

californiaconnected.ca.gov

Reopening Solano County Safely

Additional businesses can reopen with modifications

Solano Public Health has amended the County's stay at home order and directive, giving certain business sectors the permission to reopen as long as they meet the guidance criteria. The new business sectors include:

- Family entertainment centers
- Wineries and bars
- Zoos and museums
- Gyms and fitness centers
- Hotels for travel and tourism
- Cardrooms and racetracks
- Campgrounds and outdoor recreation areas

Businesses will be required to meet specific COVID-19 guidelines, including establishing a workplace specific plan, training employees, implementing screening and infection control measures, cleaning and disinfecting protocols and guidelines for social distancing best practices. These guidance documents can be found by visiting the California Department of Public Health (CDPH) COVID-19 website at www.Covid19.CA.Gov/Roadmap-Counties. Business owners should also visit the Solano County website to download the requires signage and local guidance, located on the Roadmap to Reopening businesses page at www.SolanoCounty.com/COVID19
