Dear Ms. Beck,

Thank you for your participation in the Mitigation Response Team (MRT) to assess and overcome military impacts from your proposed Solano 4 wind farm project in Rio Vista, California. In a letter dated May 11th, 2020, the Department of Defense (DoD) described the potential impacts to military operations for the project.

As a result of discussions between Sacramento Municipal Utility District and the U.S. Air Force, the construction of the Solano 4 wind project, submitted to the Federal Aviation Administration on 04/17/2020, will not present an adverse impact to military operations.

Our response to the FAA included a notification that further expansion beyond the current project area may present an adverse impact. We encourage you to engage DoD prior to any proposed expansion.

If you have any further concerns, please contact Mr. Michael Lignowski, Military Aviation and Installation Assurance Siting Clearinghouse, at 571-372-6853.

Sincerely,

A handwritten signature in blue ink, which appears to read "Steven J. Sample".
