Receive a Presentation on the proposed Suisun 355 Project (ALUC-21-08) sponsored by the City of Suisun City. This is not an action item.
Commissioners may ask questions for clarification of staff or the applicant.
Governing body: Airport Land Use Commission
District:
Attachments: 1. Revised Project Information, 2. Wildlife Hazard Assessment, 3. 2017 Project Description Suisun 355, 4. Minutes June 8 2017

Date	Ver.	Action By	Action	Result
6/10/2021	1	Airport Land Use Commission		

PURPOSE

The purpose of this presentation is to introduce the revised plans for the Suisun 355 Project to the Airport Land Use Commission. The Commission reviewed an earlier version on June 8, 2017 (See Attachments C and D). Since that time, the property owner has revised their plans (See Attachment A & B). The project will be scheduled for a hearing at a future date when the City has finalized the plans for the project and has the environmental review underway. The purpose of this presentation is to give the Commissioners an opportunity to ask for additional clarifying information on the project and to identify issues which the staff should consider when the project is scheduled for hearing.

The Commission should avoid any discussion of the merits of the project at this time.

RECOMMENDATION

Staff recommends that the Commission receive a Presentation on the proposed Suisun 355 Project (ALUC-21-08 by the City of Suisun City).
