

Capacity Building for Nonprofits

Grant Application

Applicants' Questions & Answers

Q1. I saw that there is a Capacity Building for Nonprofits grant open on your website. I would like more information on how a business can become one of your qualified consultants.

A1. First 5 Solano released a Request for Qualifications (RFQ) in April 2021 for the purpose of establishing the list of qualified consultants to support the Capacity Building for Nonprofits grant process. As a result of this process the list of qualified consultants was finalized in May 2021. If in the future, if there is a need for additional qualified consultants First 5 Solano would issue an RFQ at that time.

Q2. Would updating computers and hiring a tech person to complete the system qualify under this grant proposal?

A.2 These funds are intended to be used to engage a consultant to work with the small leadership team from your nonprofit to advance organizational goals by developing a plan/strategy for a specific area to build capacity in your organization. Funds may be used to develop a technology plan but may not be used for the purchase of hardware or software.
