COVID-19 Mass Vaccination Clinic – Solano County Fairgrounds, Vallejo:

Getting a COVID-19 vaccine is one of the most important tools we have to slow and stop the spread of COVID-19 disease in our communities. Solano County Public Health, in coordination with our community healthcare providers, have hosted and continue to host vaccination clinic events throughout Solano County, making it easy for those eligible to receive a vaccination to get one. As of May 2021, the latest date the data is available, Solano County has successfully administered more than 338,000 doses. [PHOTO courtesy of @ThomClyma]

Almonds are the top crop in Solano County:

Almonds are the top crop for 2020 in Solano County with Nursery Products and Processing Tomatoes rounding off the top three crops. Solano County farmers produce more than 80 different commodities including fruits, nuts, vegetables, grains, seed, nursery stock, livestock, poultry and apiary products and services. Early estimates indicate the Solano County overall farm gate to be valued at \$344 million. [PHOTO courtesy of the Solano County Department of Agriculture]

Recovery efforts continue after the LNU Lightning Complex fire:

On August 16 and 17, 2020, a series of thunderstorms sparked hundreds of wildfires in northern California. Fed by strong winds, these fires grew into a single event called the LNU Lightning Complex. Thousands of acres were burned in Solano County, including the destruction of hundreds of homes, structures and utility poles. In addition to helping families evacuate, Solano County continues to play an active role in helping property owners through the recovery process, including standing up a local assistance center and providing financial resources, debris removal, document recovery and healthcare services. Additionally, Solano County is helping residents better prepare for future wildfires through a coordinated educational and messaging campaign with Cal Fire. Small business grant funding helps businesses manage during pandemic:

On August 25, 2020, the Solano County Board of Supervisors approved \$2 million in CARES Act funding to establish the Rebuild Solano's Small Business Grant Program, administered on behalf of the Solano County Workforce Development Board (WDB) and Solano County Small Business Development Center. More than 400 local businesses received grant funds to help prevent layoffs and closures, purchase new equipment and comply with state-mandated COVID-19 safety measures. Solano Dental Group, owned and operated by Dr. Frank Chen, was one of many small businesses to receive grant funds. Dr. Chen and his team used grant funding to create a safer environment for patients and staff, purchase PPE, and upgrade dentistry software to enable virtual dentistry capabilities. October 11, 2021

The Honorable Board of Supervisors County of Solano 675 Texas Street Fairfield, CA 94533

Members of the Board of Supervisors,

The Adopted Budget of Solano County for the fiscal year July 1, 2021 through June 30, 2022 is presented in this document. This budget was adopted by the Board following public hearings on June 24, 2021.

Schedule 1 includes a summary of the Adopted Budget for all fund types. This entity-wide perspective has a total financing requirement of \$1.354 billion. This total includes appropriations for expenditures (including contingencies), transfers between funds, intra-fund transactions, and increases and decreases to reserves and designations. This should not be construed to represent the total outflow of economic resources to be spent for services, which would be a lesser amount of approximately \$1.103 million. The difference of \$251 million represents the transfers between funds.

The Adopted Budget sets forth the operating (how to spend) and financial (how to finance) plan for the provision of services to the citizens of the County by all governmental and proprietary funds of the County, dependent special districts and other agencies whose affairs and finances are under the supervision and control of the Board of Supervisors.

The Adopted Budget was compiled in accordance with the County Budget Act (Government Codes §29000 et seq.) and presented in a format prescribed by the State Controller. This document sets forth appropriations as adopted by the Board for each departmental budget unit and fund for the fiscal year ending June 30, 2022.

The preparation of this document is the result of a concentrated, dedicated and coordinated effort by the County. I would like to acknowledge the efforts of departmental budget preparers, department heads, the County Administrator's staff and Jennifer Laron and Sheila Turgo of the Auditor Controller's Office. I would also like to thank the Board of Supervisors for their leadership and support.

Respectfully,

lagt

Phyllis S. Taynton, CPA Auditor-Controller

PURPOSE

This segment of the Budget document sets forth the Government Code sections and administrative directives, as issued by the Office of the State Controller, pertaining to the form and content of the Annual County Budget. It describes the format of the Solano County Budget document and includes County ordinances and specific policies adopted relating to the County Budget.

LEGAL BASIS

The Government Code specifies the content of the Budget, budget adoption procedures and dates by which actions must be taken. (Government Code §29000-29144)

FORMS

The Budget document must be on forms prescribed by the State Controller in consultation with the Committee on County Accounting Procedures. (Government Code §29005)

PERMISSION TO DEVIATE

A county may add to the information required, or show it in more detail, providing the financial information and the classifications or items required to be included in the Budget are clearly and completely set forth. Any change proposed by a county in the arrangement of the information required on the forms shall be subject to review and approval by the State Controller.

FUNDS AND ACCOUNTS

Fund and account titles to be used by counties in the preparation of the Budget are those contained in the publication, <u>Accounting</u> <u>Standards and Procedures for Counties</u>, issued by the State Controller. Special districts required to be included in the Budget document must use fund and account titles contained in the publication, <u>Special District Uniform Accounting and Reporting</u> <u>Procedures</u>.

Fund Types

- General Fund The chief operating fund of a government. The General Fund is used to account for all financial resources except those required to be accounted for in another fund.
- Special Revenue Funds Special revenue funds are used to account for and report the proceeds of specific revenue sources restricted or committed to expenditures for specified purposes other than debt service or capital projects.
- Capital Projects Funds These funds are used to account for and report financial resources restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.
- Debt Service Funds These funds are used to account for and report the financial resources restricted, committed, or assigned to expenditures for principal and interest and related administrative charges.
- Enterprise Funds These funds are used to account for operations financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. (i.e., Airport)
- Internal Service Funds These funds are used to account for the financing of goods or services provided by one department or agency to another department or agency of a government on a cost-reimbursement basis. (i.e., Fleet, Department of Information Technology, Risk Management)

BASIS OF ACCOUNTING/BUDGETING

The general operating group of funds (governmental fund types) are budgeted and accounted for using the modified accrual basis of accounting. Governmental fund types include General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds. This group of funds is summarized on Schedule 2 of the Budget document.

Internal service and enterprise funds are budgeted and accounted for using the full accrual basis of accounting.

The basis of accounting used in this budget document is required by directive of the State Controller and Governmental Generally Accepted Accounting Principles (GAAP) and prescribed by pronouncements of the Governmental Accounting Standards Board (GASB).

- To approve all payments in accordance with the Adopted Budget.

COUNTY STRATEGIC PLAN IMPLEMENTATION

The FY2021/22 Recommended Budget supports several of the 2007 County Strategic Plan, Goals and Initiatives. A key priority is financially supporting the Goals, Strategic Objectives and departmental activities consistent with the Plan.

Following is a description of each of the Strategic Plan's Goals:

Goal: Improve the health and well-being of those who live and work here

The County will encourage healthy, active lifestyles by promoting change toward wellness through healthy programs, partnering with schools, hospitals and cities, early intervention with children and families, providing for access to services including health care, dental care and mental health, assisting our vulnerable including seniors, children and the disabled. As a large employer, the County will continue to model the importance of health and wellness throughout its workforce.

Goal: Ensure responsible and sustainable land use

The County, working with the cities, education, workforce training and business leaders, non-profit providers and interested citizens, encouraging environmentally friendly building and business activities that helps create a high quality of life in Solano County.

The County General Plan was updated and approved by the voters in 2008. The implementation of the various components of the General Plan is still ongoing, including working on plans for a sustainable Travis Air Force Base, a regional park district, and groundwater and water resource management.

Goal: Maintain a safe community

The County and its partners will offer services, programs and projects that move from incarceration to an integrated approach aimed at eliminating recidivism and reducing the growing need for jail beds. Programs on gang prevention, methamphetamine prevention, juvenile and adult recidivism, emphasizing education and training, positive parenting and restorative justice as parts of the integrated systems approach. Emergency preparedness will continue to play a key role in maintaining a safe community.

Goal: Invest in and for the future

Focused both internally and externally, work efforts involve customer service training and continuous quality improvement, survey and focus groups, succession planning, employee training and development, technology investment and financing of capital projects and renewal efforts to ensure access to services in the future.

BUDGET GOALS AND OBJECTIVES

The County Budget sets forth the foundation for major Board policy actions and provides a fiscal "road map" for the direction of County government to follow, now and in the future. As such, the County Budget represents the single most important document that is prepared, reviewed and approved on an annual basis. It is the document that reflects the County's fiscal commitment to the Strategic Plan, its goals and objectives through programs and services.

The intent of the Budget document is to:

- Provide a document in a format that is user friendly and readable in order to give the public a clear understanding about County government operations and funding. The County Statistical Profile gives the reader a comprehensive profile of the County.
- Identify the strategic goals and objectives upon which budget allocations are made and to measure the progress of County departments and operations in fulfilling their departmental goals and objectives as well as the County's overall mission.
- Provide the Board and the public with a clear understanding of revenues and appropriations in the areas of strategic importance to the County, such as Public Safety and Health and Social Services.

The basic principles, goals and objectives of the Board of Supervisors for Solano County have been maintained as the underlying foundation for the Budget. These include:

- The Budget must be balanced with appropriations equaling the combined total of estimated revenues, Fund Balance and/or reserves.
- Wherever possible, the Budget should be balanced with identified ongoing revenue sources equaling ongoing and reasonably expected appropriations.
- To the extent possible, one-time money should not be used to fund ongoing operations.
- Service levels should be maintained at the highest level possible, within funding constraints.

- Contingencies and Reserves should be increased in good years to guard against future uncertainties.
- The Budget should have a goal to annually add \$2-3 million to Deferred Maintenance Capital Renewal Reserves.
- Discretionary revenues should be maximized to allow the Board options for the funding of beneficial local programs and services.
- Every effort should be made to ensure accuracy and accountability in estimating and monitoring both revenues and expenditures throughout the fiscal year.
- The Budget should, wherever possible, anticipate and make provisions for uncertain funding for County-operated programs.

In reference to the stated goals and objectives above, several policy guidelines were followed and maintained in developing this Budget:

- Revenues from Property Tax Administration Fees are recognized in the budgets of the Departments (Auditor-Controller, the Clerk of the Board, the Assessor, and the Tax Collector) actually incurring the expenditures.
- Proposition 172 funds have been allocated to maximize public safety services to the public.
- 1991 Realignment revenues have been allocated to Health and Social Services.
- 2011 Realignment revenues have been allocated to certain corrections and human services programs, in accordance with Chapter 40, Statutes of 2011 (AB 118, Committee on Budget) and Chapter 35, Statutes of 2011 (SB 89, Committee on Budget and Fiscal Review) and several 2011 trailer bills. 2011 Realignment Revenues include AB 109 funds reviewed and programmed through the Community Corrections Partnership.
- General Fund Contingencies and Reserves are increased, whenever possible, to safeguard against future uncertainties and are drawn down as directed and/or authorized by the Board when necessary. Consideration will be given during Budget Hearings to increase Committed General Fund Balances, such as the General Fund Balances for Accrued Leave Payoff, Pension 115 Trust/CalPERS Reserve, and for Deferred Maintenance/Capital Renewal, from available year-end Fund Balance whenever the Balance is in excess of the incoming fiscal year's financing needs.

BUDGET POLICIES OF THE BOARD OF SUPERVISORS

In addition to the legally <u>required</u> duties, there are certain actions to implement the budget process which the Board <u>may</u> take, including:

- Changing the arrangement of information on budget forms, upon approval of the State Controller. (Government Code §29005)
- Inclusion of other data, in addition to presenting the minimum information on available financing and financing requirements as submitted by the Departments in their estimates. (Government Code §29006)
- Selection of the method of presenting supporting data for salaries and allocated positions. (Government Code §29007)
- Designation of Auditor or Administrative Officer to receive budget requests. (Government Code §29040, 29042)
- Designation of Auditor or Administrative Officer to submit budget requests in event of non-performance by responsible official. (Government Code §29045)
- Designation of Administrative Officer to prepare recommended budget on prescribed forms. (Government Code §29061, 29062)
- Approval of new positions and capital assets prior to Budget adoption. (Government Code §29124)
- Designation of official to approve transfers and revisions of appropriations within a budget unit. (Government Code §29125)
- Approval of budgetary adjustments. (Government Code §29125, 29126, 29126, 1, 29127, 29130)
- Designation of an official to whom Auditor shall submit statements showing conditions of budget appropriations and estimated available financing. (Government Code §29126.2)

ADOPTED BUDGET POLICY

The FY2021/22 Budget Hearings was held on Thursday, June 24, 2021.

The Board of Supervisors (Board) has designated the County Administrator as the official responsible to carry out all County budgetary responsibilities not specifically reserved to the Board, Auditor or State Controller.

Chapter 2 of the Solano County Ordinance provides additional information on established County policies. Sections 2-40 through 2-47 specifically address the duties of the County Administrator. Section 2-45 delineates the County Administrator's role in budgetary matters. These duties include:

- Develop budget instructions and policies, revenue estimates and departmental budget targets to guide departments in budget preparations.
- Recommend to the Board an annual County operating budget based on revenue projections, budget targets and proposed work programs and projects developed by the various departments.
- Recommend to the Board a capital budget based upon long-range plans for acquiring, constructing or improving buildings, roads and other County facilities.
- Recommend to the Board the acquisition and disposition of real property, except for County roads, easements and rights-ofway, which shall be the responsibility of the Director of Resource Management.
- Establish a control system or systems to ensure the various County departments and other agencies under the jurisdiction of the Board are operating within their respective budgets.
- Recommend requests to the Board for unforeseen and unbudgeted expenditures.
- Approve fund transfers and budget revisions within appropriations.
- Recommend to the Board fund transfer requests requiring Board action under State law.
- Establish policies for acquiring additional or replacement capital assets.
- Keep the Board informed of the financial status of the County and of other matters of major significance to the County.

BUDGET AND FISCAL POLICIES FOR FY2021/22

Budget Policy

- 1. <u>General Fund Emphasis</u>: Pending the outcome of actual Year-End Fund Balance, Departments' budgets should be prepared with a goal that the FY2021/22 Net County Cost or General Fund (GF) Contribution to programs will not exceed their FY2020/21 Midyear projection where possible and have no new programs or positions unless revenue-offset.
- 2. <u>Labor Costs</u>: The County has successfully completed negotiations will all labor units during FY2019/20. The resulting Memoranda of Understanding (MOU) with all labor units include wage increases which are reflected in the FY2021/22 Recommended Budget. The County anticipates continued increases in PERS employer rates effective FY2021/22, with significant increases in the future. In this regard, Departments should continue to pursue minimizing or leveraging labor costs where possible, developing efficiencies in the delivery of services, searching for opportunities to automate, streamline services where feasible, share back office operations, and eliminating vacant non- "Mission Critical" positions. A "Mission Critical" position is defined as "a position that provides essential life, safety and/or public health services to the community or required to be filled by the County to avoid liability and to limit impairment or disruption to the delivery of mandated services."
- <u>Contributions to Outside Organizations</u>: The Budget should not include contributions to outside organizations not controlled by the Board, such as the State Courts, unless the organization is carrying out a priority of the Board based on the community's needs.
- 4. <u>Maximize the Board's Discretion</u>: Wherever legally possible, revenues are to be treated as discretionary resources, rather than as dedicated to a particular program or service. The goal is to give the Board as much flexibility as possible in allocating resources to local priorities, including the Goals and Objectives outlined in the County Strategic Plan. To the extent allowed by law, existing programs or activities should be funded with dedicated funding sources. This will free up scarce discretionary resources to fund Board priorities.
- <u>Pursuit of New Revenues</u>: Pursue additional revenue sources to the fullest extent possible for all services; and, for fee-setting purposes, identify total cost (including indirect costs) to enable full recovery of all costs associated with the service provided when allowed by law and economic/market considerations.

- <u>Discretionary Programs</u>: Do not recommend <u>new</u> discretionary programs unless the programs are stated Board priorities, offset by savings or efficiencies creating capacity for the new program, or are fully funded by non-General Fund sources in FY2021/22 and will continue to be in future years. Seek legislative relief or reform for programs when feasible to facilitate service outcomes over prescribed processes and procedures.
- 7. <u>Pursue Operational Efficiencies</u>: Explore reducing expenditures and maximizing revenues through automation and moving toward self-help service delivery where feasible, consolidation of functions and streamlining of County operations.
- 8. <u>County Share</u>: If funding is reduced, there should be no increased County share for programs funded primarily from non-General Fund sources, unless increased County share is mandated, or the program is a high priority for the Board of Supervisors, and the amounts are feasible in light of the County's fiscal situation.

Fund Balance Policy

On February 13, 2007, the Board adopted a policy on the General Fund Reserve. On June 14, 2011, the Board approved changes to the General Fund Reserve Policy to conform to Government Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. While the changes primarily affect reporting and not budgeting, changes in terminology are notable.

The General Fund Reserve and Other Designations Policy was updated and renamed Fund Balance Policy. The classifications for governmental funds of designations, reserves and unreserved/undesignated were replaced by the five categories of non-spendable, restricted, committed, assigned and unassigned.

Examples of these five categories of Fund Balance are:

- a. Nonspendable: Long-term loans
- b. Restricted: Public Facilities Fees
- c. Committed: Capital Projects
- d. Assigned: Employers PERS Rate Increase
- e. Unassigned: Residual net Fund Balance

Key provisions of the Board's updated Fund Balance Policy include:

The General Fund General Reserve will be maintained at a target level equal to 10% of the County's total budget excluding interfund transfers, with a minimum balance of \$20 million at all times. The current reserve is \$46.7 million which is currently 48% of the target Reserve of \$97 million. This level will be maintained to provide the County with sufficient working capital and a comfortable margin to support one-time costs for the following purposes:

- When the County faces economic recession/depression and the County must take budget action.
- When the County is impacted by a natural disaster or any other emergency.
- When the County experiences unexpected declines in revenues and/or when unpredicted large one-time expenditures arise.

In circumstances where the General Fund General Reserve has fallen below the established level, the County shall replenish the deficiency within five fiscal years or as soon as economic conditions allow from the following revenue sources: year-end surpluses, non-recurring revenues, or if legally permissible and with a defensible rational, from excess resources in other funds.

Subject to the Board of Supervisors' restrictions, the following will guide how the General Fund General Reserve should be used:

- 1. Use the General Fund General Reserve to phase into fiscal distress periods gradually, focusing on maintaining the Board's priorities.
- 2. To the extent possible, use the General Fund General Reserve as the last resort to balance the County Budget.
- 3. To the extent possible, the spending down of the General Fund General Reserve should not exceed \$6 million a year (Board of Supervisors' policy direction on February 13, 2007).
- 4. The General Fund General Reserve should not be used to support recurring operating expenditures.

5. The General Fund General Reserve is subject to restrictions imposed by Government Code §29086, which limits the Board's access to the General Reserve during the annual budget process and requires 4/5 vote by the Board.

General Fund Balance for Accrued Leave Payoff

During FY2005/06 Budget Hearings, the Board established a **Reserve for Accrued Leave Payoffs**. In accordance with GASB 54, this Reserve has been renamed as General Fund Balance for Accrued Leave Payoff. The purpose of this Fund Balance is to minimize the fiscal impact of employee retirements on County departments' budgets. These funds are to be used for large employee payoffs upon retirement or employment separation from the County when the respective department has insufficient appropriations during the fiscal year to fund these payoffs. The following criteria and procedures were approved by the Board for managing the General Fund Balance for Accrued Leave Payoff:

- <u>Minimum General Fund Balance for Accrued Leave Payoff.</u> On an annual basis, the Auditor-Controller shall calculate the
 projected leave payout requirements for the subsequent five years, net of federal and State reimbursements, and provide the
 information to the County Administrator's Office for inclusion in the following year's Recommended Budget. The Board's
 policy is to maintain General Fund Balance for Accrued Leave Payoff equal to 40% of the five-year projected leave payout
 requirements net of State and federal reimbursements, with a minimum of \$2 million balance maintained at all times.
- <u>Replenishing General Fund Balance for Accrued Leave Payoff</u>. In circumstances where the General Fund Balance for Accrued Leave Payoff has fallen below the established requirement, the County shall replenish the deficiency within three fiscal years or as soon as economic conditions allow from the following revenue sources: year-end surpluses, non-recurring revenues, or if legally permissible and with a defensible rational, from excess resources in other funds.
- 3. <u>Anticipated Accrued Leave Payoffs</u>. During the budget process, a General Fund Department or a Department that receives a General Fund Contribution should determine the amount needed to cover anticipated Accrued Leave Payoffs for the upcoming year and include the amount in their budget and work with the County Administrator's Office (CAO) to determine the funding strategy to include the appropriate amount in the Recommended Budget. Strategies may be:
 - a. If the Department has sufficient appropriations to fund the Accrued Leave Payoff, the Department shall absorb the cost.
 - b. If the Department cannot absorb the cost, the Department must work with the CAO to determine the funding source(s) to offset the increased costs. Funding from the General Fund Balance for Accrued Leave Payoff may serve as a resource to provide the affected Department with the General Fund share of the employee payoff.
 - c. The General Fund share of the estimated Accrued Leave Payoff will be appropriated in the General Expenditures budget during the budget process. This appropriation will be funded from the **General Fund Balance for Accrued Leave Payoff.**
 - d. The CAO is authorized to make necessary budget adjustments to the affected Department(s) **without** Board approval up to the amount appropriated in 3. c. above.
- 4. <u>Unanticipated Accrued Leave Payoffs</u>. During the budget year, Departments may have employees retire/terminate that were not factored in the Accrued Leave Payoff calculation. Departments should consult with the CAO to determine the most appropriate funding strategy.
 - a. General Fund Departments or Departments that receive a General Fund Contribution should determine if sufficient appropriations are available in their budget to absorb the payoff, and, if not, work with the CAO to determine the appropriate level of funding from the **General Fund Balance for Accrued Leave Payoff** as indicated above in 3. c. If there are insufficient appropriations in General Expenditures Accrued leave Payoff the CAO may choose to use the General Fund Contingency to fund the costs. Use of General Fund Contingency requires a 4/5 vote of the Board.
 - b. Non-General Fund Departments or Departments that do not receive General Fund Contributions will need to determine if their respective program has sufficient appropriations or contingencies to support the Accrued Leave Payoff and should adjust their budget accordingly at Midyear, if necessary. If their respective program does not have sufficient appropriations or contingencies to support the Accrued Leave Payoff, the Department(s) should work with the CAO to determine the appropriate funding strategy.

Contingency Policy

On February 13, 2007, the Board adopted the General Fund Contingency policy to establish a level equal to 10% of the General

Fund total budget. The current recommendation from staff for FY2021/22 is to fund the General Fund Contingency at \$14 million. The final amount will be determined by close out of the Budget reconciliation. Appropriations for Contingencies are legal authorizations granted by the Board of Supervisors to be used for one-time unexpected needs that arise outside of the regular budget planning process. Pursuant to Government Code §29130, access to the Appropriation for Contingency requires a 4/5 vote of the Board of Supervisors.

Investment Policy

The County maintains an Investment Pool managed by the Treasurer-Tax Collector-County Clerk. The Pool acts as a depository for funds from over 80 units of local government, including funds of the county school districts, special districts and other entities.

Amounts deposited in the Investment Pool are invested in accordance with investment policy guidelines established by the County Treasurer and approved by the Board.

The primary objectives of the Policy are:

- Safety Maintain the security of principal
- Liquidity Ensure adequate liquidity to meet its cash flow needs for pool participants
- Yield Generate returns consummate with the inherent risks being managed

The Policy addresses the soundness of financial institutions in which the County deposits funds, types of investment instruments as permitted by the California Government Code §53601, and the percentage of the portfolio that may be invested in certain instruments with longer maturity.

Debt Policy

The County Administrator's Office maintains a Debt Advisory Committee, consisting of the Assistant County Administrator and/or Budget Officer, Auditor/Controller, and Treasurer/Tax Collector/County Clerk. The Committee provides analyses and recommendations through the County Administrator for policy implementation and oversight.

The County establishes fund accounts to manage and budget resources for the payment of interest and principal for general long-term debt. The County also incurs debt when prudent to reduce future costs, such as pension obligation bonds.

Conditions for debt issuance are as follows:

- Purpose and Use of Debt long-term General Fund debt will be incurred based on the County's needs and ability to repay, and where appropriate, methods and sources of funding will be maximized. Long-term debt will be restricted to those capital improvements that cannot be funded from current revenues.
- Types of Debt includes General Obligation Bonds, Revenue Bonds, Certificates of Participation, Commercial Paper, Lease-Purchase Agreements and other obligations.
- Project Life debt shall not exceed the useful life of the asset being acquired or constructed.
- Refunding Policies the County maintains a debt structure that allows for early retirement of debt.

Restrictions on debt issuance include:

- The use of debt to fund operating costs or projects associated with operating costs are prohibited.
- Short-term debt will not be used to finance long-term debt.

Debt service limitations include:

- Debt is a policy decision which requires a financial condition analysis that incorporates economic trends, benchmark studies, and all other forces impacting the future finances of the County.
- Analysis of debt burden is measured, but not limited to, the following ratios:
 - Debt service requirements as a percentage of General Fund Revenue.
 - Debt service as a percentage of Per Capita Income.

Debt service as a percentage of General Fund Expenditures.

In addition to the policy above, California Government Code §29909 states the total amount of bonded indebtedness shall not at any time exceed 5% of the taxable property of the County as shown by the last equalized assessment roll.

Resource Reduction Strategy

In the event reductions in resources in any fiscal year require actions to balance the Budget, the Board of Supervisors approved in 2007 Resource Reduction Strategies intended to guide the County including the following:

1. <u>General Philosophy</u>

- a. To the extent possible, across-the-board reductions in expenditures will be avoided. Reductions will be made on a caseby-case basis. The emphasis will be on conserving General Fund discretionary resources to finance high priority programs, as set forth in the Solano County Strategic Plan adopted by the Board on December 11, 2007, and as further defined by the Board annually. If necessary, funding for lower priority programs will be reduced or eliminated to ensure appropriations remain in balance with resources;
- b. The County administers a number of costly State programs that are heavily funded by State and federal dollars. Compared to the State and federal governments, the County has only limited ability to raise revenues. Recognizing that, in the event of a substantial reduction in resources for these programs, the County's goal, to the extent legally possible, is to avoid back-filling reductions in State and federal dollars with County discretionary dollars;
- c. Maintaining a highly professional service delivery system is of foremost importance to the County. Thus, if it becomes necessary to make significant service delivery reductions, the goal will be to reduce the quantity of a service provided rather than the quality of service; and
- d. Finally, every effort will be made to continue capital and planning programs geared toward meeting the County's long-term needs.
- 2. Resource Reduction Priorities
 - a. Short-Term Actions

The following actions, listed in priority order, will be considered when dealing with the immediate impact of a reduction in resources. The purpose of these actions is to achieve immediate savings and/or better position the County to deal with the impact of longer-term actions once they are implemented.

- i. A Selective Hiring process will be implemented. Funding sources, Board priorities, the nature of the program, the potential for service delivery disruption, and the type of position is it "Mission Critical?" will be considered by the CAO in implementing the hiring process.
- ii. Implementation of new programs, not fully operational, that are not fully revenue-offset, will be subject to further CAO review and recommendation to the Board.
- iii. Purchase of equipment will be selectively deferred and reviewed annually. Funding source and impact on service delivery will be considered in implementing the deferral.
- iv. Voluntary Time Off (VTO) is available to employees only during periods designated by the Board of Supervisors as times of economic hardship. Under this program, the department head may grant a permanent employee voluntary time off with the right to return to the same position according to the provisions outlined in the policy. The employee will be granted VTO in the form of personal unpaid leave of absence without pay as an alternative method of reducing County costs.
- b. Long-Term Actions

The following actions will be considered when dealing with the longer-term impact of a significant reduction in resources. As appropriate, these reductions will be reflected in the Recommended Budget, and/or Midyear or Third Quarter budget adjustments. The actions are listed in priority order and lower priority actions will be implemented only if higher priority actions are insufficient to deal with the fiscal shortfall:

- i. General Fund discretionary contributions to certain programs that are primarily the State's responsibility will be capped at current levels, to the extent legally possible. Except as required by law, the County will not use General Fund dollars to backfill reductions in State or federal funding for these programs.
- ii. A moratorium will be placed on implementing new programs or expanding existing programs if the cost of those programs or expansions is not fully revenue-offset and a secure long-term funding source is not identified.
- iii. Moderate service level reductions will be proposed on a case-by-case basis. These service level reductions will focus first on reducing General Fund support for those programs that have not been identified as a high priority by the Board.
- iv. Discretionary resources that have been earmarked by the Board for certain purposes will be proposed for reallocation to fund on-going programs that are a priority for the Board.
- v. General Fund support to outside agencies not controlled by the Board should be greatly reduced or eliminated. This refers to the use of General Fund to support outside agencies whose programs are not aligned with Board priorities, and/or the County has determined would not be provided directly by the County.
- vi. Major program reductions will be proposed in accordance with the Solano County Strategic Plan and the General Philosophy described above. These reductions will fall into two general categories:
 - Program reductions that will be made in response to significant reductions in State funding for programs that
 are primarily the State's responsibility. In this case, the County will consider returning responsibility to the State
 for operating those programs to the extent permitted by law. Where returning responsibility to the State is not
 legally possible, County General Fund support for these programs will be reduced to the minimum level possible,
 consistent with State mandate requirements.
 - Program reductions will be proposed in response to a reduction in County discretionary revenue. In this case, reductions will be made first in those programs that are not related to the Board's priorities and goals.

Hiring Policy-Past Actions by the Board of Supervisors

In FY2010/11, a Selective Hiring Freeze process was instituted to help contain costs due to the State's continuing budget shortfall and to help balance the County's Budget. The County Administrative Officer (CAO) was authorized to selectively fill vacant positions based on the affected Department's need and the particular position's function. Authorization to recruit for vacant positions was reviewed in terms of the definition of "Mission Critical" positions presented to the Board on October 4, 2011 and was further defined in June 2013.

Due to Increasing Salaries and Employee Benefits costs associated for current and new positions authorized to meet mandates and Board approved promotions, the County Administrator recommends to the Board that the County continues a hiring policy that requires the CAO to deliberately review all permanent, limited-term, part-time, and extra-help positions when they become vacant to see if they should be retained and rehired with new employees. Departments will have to demonstrate the critical need in operations and funding strategies to the CAO for any new additional positions to be added during the fiscal year.

1. Duration

This Policy will be in effect for FY2021/22 and until the State and federal budgets and fiscal policies and their impacts on the County are known, and a long-term plan to address those impacts addressing the remaining structural deficit in the General Fund has been accomplished is formulated and/or approved by the Board.

2. Goal of Hiring Process

The goal of this Policy is to contain costs and to provide clear direction for hiring and implementing staffing reductions, if necessary.

3. Hiring Guidelines

The County Administrator's approval is required to fill departmental position requests. In evaluating whether to fill a vacant position, the following is to be considered:

a. Is the position critical to the operation of an essential public safety activity, such that not filling the position will put the

lives, health or safety of residents or other staff at risk? Is the position critical to avoid liability and limit impairment or disruption to the delivery of mandated services? If the answer is yes to both questions, the position can be considered for approval by the CAO.

- b. Is the program that the position supports funded on an ongoing basis by a dedicated and assured revenue source? Is the position unique to that program? If the answer is yes to both these questions, then, absent other considerations, the position can be advanced for CAO consideration.
 - i. A position is considered unique to a program when the classification is not located in any other Department or program. Examples might be Librarians or Engineers. In this context, an Office Assistant would not be a unique position, because this classification is found in many different programs and, in the event of the potential need to eliminate filled positions, an Office Assistant could be transferred from one program to another within the County organization.
 - ii. Before consideration will be given to a position that meets the stated criteria, departments should evaluate whether the resources involved could instead be used to help mitigate the impact on the County of revenue reductions in other areas.
- c. If a position is not filled, is the resulting reduction of services for a program below a legally mandated level? If the answer is yes, the position can be considered, but subject to the following:
 - i. The Department should first explore obtaining a waiver of any service level mandate or the feasibility of ending the program or returning responsibility for the program to the State.
 - ii. To the extent practical, efforts should be made to fill the position using the call-back of a laid-off County employee formerly serving in the same classification, or extra-help or through internal recruitment.
- d. If a position is not filled, is the result a diminished service level where, in the Department's judgment, the program's effectiveness is seriously compromised? If the answer is yes, the Department should further consider the following:
 - i. Is this a high priority program as determined by the Board of Supervisor's Strategic Plan and priorities?
 - ii. A thorough exploration of alternative means of providing adequate services has determined they are not feasible or are more costly.
 - iii. To the extent practical, efforts should be made to fill the vacant position using the call-back of a laid off County employee formerly serving in the same classification, or extra-help or through internal recruitment.
- e. Is the position in question a critical and hard-to-fill position, as evidenced by repeated, unsuccessful attempts by the Department to recruit? If the answer is yes, and if the program is a high priority for the Board of Supervisors, then the position can be considered.

The Board approved in February 2008 actions in preparation for reductions that may be required for the future. These actions, reaffirmed by the Board in 2011. If possible, in times of economic uncertainty, to help maintain the County's financial stability:

- Departments are directed to immediately halt the implementation of all new programs without a dedicated funding source and that are not already fully implemented.
- Departments are required to obtain CAO approval for the purchase of all capital assets or any computer-related purchase that has not been previously included in the Refresh Policy. Approval will only be granted if the cost of the equipment is fully revenue-offset or is critical to program operations.
- Departments may be directed to take whatever steps necessary to end the fiscal year with no increase in County Contribution.

SUMMARY OF DESIGNATED RESPONSIBILITIES FOR ACTIONS

As previously discussed, State laws and County ordinances prescribe the manner and form in which the Budget is presented. Additional responsibilities and the delegation for preparation, review, approval and amending the Budget are also established by statute and ordinance, and by policies coordinated through the Board of Supervisors, the County Administrator and the Auditor-Controller's Office.

Listed below are additional actions requiring a <u>four-fifths vote</u> of the Board of Supervisors:

- Appropriation increases within a fund.
- Appropriations from contingencies.
- Appropriations of unanticipated revenues.
- Transfers between funds.
- Transfers from designated reserves.
- Transfers from equipment replacement reserves.
- Transfers from the General Fund General Reserve (only during budget hearings).

Listed below are additional actions requiring a majority vote of the Board of Supervisors:

- Approval of a capital asset over \$75,000 that does not increase the overall department budget.
- Reduction of appropriations and revenues for funding not realized.
- Approval of contracts and amendments when the aggregate amount of the contract and amendment(s) is equal to or in excess of \$75,000 per fiscal year.
- Approval of petty cash accounts over \$3,000, with the exception of the County Library's petty cash account of \$5,000.
- Transfers between Departments within a Fund.
- Transfers between Capital Projects.
- Transfers equal to or more than \$75,000 from Salaries and Employee Benefits (accounts 1110 through 1999) within a Department.
- Approval of grant application submissions when the amount of the grant is equal to or more than \$75,000 per fiscal year or when the grant-funded activity has General Fund impacts after the grant funds run out.

Listed below are the actions delegated to the County Administrator:

- Approval of a capital asset up to \$75,000 that does not increase the Department's budget.
- Approval of a type of capital asset in lieu of one already budgeted.
- Approval of appropriation transfers to reclassify capital asset appropriations incorrectly budgeted in the categories of Services and Supplies or Other Charges.
- Transfers between divisions, bureaus and sections within a Department provided the total appropriation of the Department is not changed.
- Approval of appropriation transfers to ensure proper classification in accordance with generally accepted accounting principles.
- Transfers less than \$75,000 from Salaries and Employee Benefits (accounts 1110 through 1999) to other object categories within a Department.
- Transfers to and from expenditure categories 2000 Services and Supplies, 3000 Other Charges, 5000 Other Financing Uses, and 7000 Intrafund Transfers, provided the total appropriation of the Budget is not changed.
- Transfers to and from the following accounts: Salary/Wages-Regular (1110); Other Post-Employment Benefits (1213); Compensation Insurance (1240); Insurance-Property (2050); Liability Insurance (2051); Central Data Processing Services (2266); Countywide Administrative Overhead (3710); Building Use Allowance (3712); and Pension Obligation Bonds (5040), provided the total budget is not changed.
- Approval of contracts and amendments when the aggregate amount of the contract and amendment(s) is less than \$75,000 per fiscal year.

- Approval of appropriation transfers to increase the Fleet Management budget when departments have received approval from the Board to purchase new vehicles.
- Approval of appropriation transfers for Operating Transfers In when an Operating Transfers-Out has already received Board approval.
- Approval of appropriation transfers for Interfund Services provided (subobjects 0009690-0009698) when an Interfund Services used (subobjects 0003690-0003698) has already been budgeted/used and the total budgeted revenue is not increased.
- Approval of appropriation transfers to fund the General Fund share of the estimated Accrued Leave Payoff which cannot be absorbed within existing department budget appropriations, up to the amount appropriated in the General Expenditures budget during the budget process. (See General Fund Balance for Accrued Leave Payoff section 3 d.)
- Approval of modified work weeks and flexible work schedules for County departments provided the County departments can
 demonstrate a benefit for the County, and if applicable, meet its obligation under the Meyers-Milias-Brown Act (MMBA) with
 represented employees.
- Approval of grant application submissions when the amount of the grant is less than \$75,000 per fiscal year.
- Authority to release a Department head from accountability of unaccounted capital assets if it has a Fair Market Value of less than \$5,000 or it has been stolen and has a Fair Market Value of less than \$75,000. The Department must provide a copy of the police report, and the CAO must determine no negligence occurred.
- Authority to delete positions that have been vacant for over six months, in accordance with the 2011 Budget Reduction Strategy of eliminating or freezing vacant positions and only filling positions that are "Mission Critical" to the organization, and to accordingly direct the Director of Human Resources to make technical changes to the Position Allocation List as needed.
- Authority to complete all actions necessary, including the approval of any necessary Appropriation Transfer Requests (ATR's) related to the Intergovernmental Transfer funds (IGT) previously approved by the Board in 2021.
- Authority to sign all agreements and/or contract amendments resulting from the Board's approval of the FY 2021/22 Recommended Budget and Supplemental Budget requests.
- Authorize the County Administrator, assisted by the Auditor-Controller, to draw down the following:
 - o Committed Fund Balance for Capital Renewal by \$11.2 million to fund the various capital projects
 - o Committed Fund Balance for Accrued Leave Payoff by \$1.5 million
- In the event the General Fund's year-end Fund Balance exceeds the amount needed to balance the FY2021/22 Budget, as
 may be authorized by the Board of Supervisors following Budget Hearing deliberations, authorize the County Administrator
 to direct the Auditor-Controller to:
 - o Increase the General Fund Committed Fund Balance for Capital Renewal up to \$5.0 million; and
 - Increase the General Fund Committed Fund Balance for the Employer CalPERS Rate Increases and/or 115 Trust up to \$5.0 million;
 - o Increase the General Fund Committed Fund Balance for General Fund Reserves up to \$4.0 million.

Listed below are actions delegated to the Director of Human Resources:

- Affirm the appropriate jurisdictions are utilized for comparison purposes when determining compensation for County positions.
- Affirm the County's policy of no retroactivity for compensation during negotiation with its bargaining units.

- Affirm that the Director of Human Resources, as provided for in the Employer/Employee Relations Rules and Regulations, may enter into side letter agreements or MOU amendments with represented bargaining units to resolve employee/employer disputes and/or issues in consultation with County Counsel and the County Administrator.
- Affirm the County's practice that extra-help employees are limited to working 999 hours per fiscal year. In the event the
 employee works over 999 hours per fiscal year, affirm the County's policy of either separating the employee from service or,
 with the justification, continuing the employment and providing retirement benefits in the same manner as represented
 employees. Authorize the Director of Human Resources to review the classifications for unrepresented and at-will employees.
- Affirm that the Director of Human Resources shall implement benefit changes for unrepresented employees in the Executive Management, Senior Management and the Confidential Group consistent with the benefits received by represented employees.
- With the concurrence of the County Administrator, to make technical changes to the Position Allocation List.

Listed below are additional actions delegated to the Auditor-Controller:

- Deposit prior year SB 90 revenues in General Revenues when a Department has a Net County Cost or receives a General Fund Contribution.
- Authorize the Auditor-Controller, in consultation with the County Administrator, to carry forward Board-approved capital project appropriations into subsequent years to facilitate the accounting and management of multi-year capital projects.
- Authorize the Auditor-Controller, in consultation with the County Administrator, to carry forward Board-approved unspent grant appropriations into FY2021/22 to facilitate the accounting and management of multi-year grants.
- Approve petty cash requests up to \$3,000, with the exception of requests of up to \$5,000 for the County Library's petty cash
 account.
- Process Appropriation Transfer Requests (ATR) as approved by the Board of Supervisors or County Administrator.
- Authorize the Auditor-Controller, with concurrence from the County Administrator, to reclassify appropriations between the
 maintenance accounts, interfund services, and capital outlay accounts within the same project budget, so long as total
 appropriations are not increased.
- Authorize the Auditor-Controller, with concurrence from the County Administrator, to decrease capital outlay appropriations within the respective capital project funds, and to increase appropriations in Public Art Fund to cover costs associated with the public art project to ensure compliance with Solano County Public Art Ordinance, Code Section 5-5.
- Authorized the Auditor-Controller, with concurrence of the County Administrator, to increase General Fund Committed Reserves for Capital Renewal, Employer PERS Rate Increases or General Fund Reserves by repayments from General Fund Loans.
- Authorize the Auditor-Controller, with the County Administrator's approval, to increase the General Fund Balance or the General Fund Balance for Accrued Leave Payoff by the amount appropriated in the General Expenditures Budget for Accrued Leave Payoff not used by the end of the fiscal year.
- Below is the following delegated authority to facilitate the approval and financing for the FY2021/22 Recommended Budget:
 - Authorize the Auditor-Controller, as part of the FY2020/21 closeout, if the Midyear projection of Fund Balance for the General Fund is not met (estimated at \$36 million), County Administrator will authorize the Auditor-Controller to reduce, in this order, Accrued Leave Payoff, Capital Renewal, CalPERS Reserve, and then General Fund Contingency for FY2021/22 by the amount short of the projection.
 - Authorize the Auditor-Controller, with the concurrence of the County Administrator, to increase (from the 6/30/2021 year end close/Fund balance) the Committed Fund Balance for Employer CalPERS Rate by \$0.6 million.
 - Authorize the Auditor-Controller, with the County's Administrator's approval, to fund the net General Fund cost for Supplemental Budget Adjustments, by utilizing any year-end available Fund Balance in the General Fund or by reducing the transfer to the General Fund Committed Fund Balance for Employer PERS Rate Increase Reserve.

 Authorize the Auditor-Controller, with the concurrence of the County Administrator, to make adjustments after the close of the Budget Hearings and the end of the fiscal year as needed and where applicable to balance the FY2021/22 Adopted Budget.

Listed below are actions delegated to the Chief Information Officer (Director of Information Technology):

- Authority to adopt countywide standards for and acceptable manufacturers of hardware, software, and automation technology that may be purchased by the County.
- Authority to adopt standards for and acceptable manufacturers of technology devices and components that may be incorporated into public works projects.
- Approval of all automation hardware and software purchases to ensure conformity with established information technology (IT) standards, procedures and policies through automated purchase order workflow model.
- Approval of all software license agreements for applications previously approved through established County Purchasing Policies.
- Approval of all end-user license agreements for applications previously approved through established County Purchasing Policies.
- Approval of all software escrow agreements for applications previously approved through established County Purchasing Policies.
- Approval of all work orders for IT contractors, up to \$75,000, and within annual appropriations of the Department of Information Technology (DoIT).
- Approval of all agreements for communications services, up to \$75,000, within annual appropriations of DoIT.
- Approval of annual software maintenance agreements and hardware maintenance agreements for acquisitions previously approved by the Board and within annual appropriations of DoIT.
- Approval of appropriation transfers within the Department between fixed assets and services and supplies for the acquisition of hardware and software and within annual appropriations of DoIT.
- Approval of all hardware and software acquisitions, up to \$75,000, as well as substitutions of like or similar technology products included in County departments budgeted fixed assets, and within Board approved annual appropriations.
- Approval of all county computer and peripheral purchases, within Board approved annual appropriations.
- Approval within 60 days of an election for the purchase of any election materials and services necessary for the successful conduct of a specific election, up to \$50,000 per purchase, and within annual appropriations of the Registrar of Voters.

Listed below is an additional action delegated to the Director of Library Services:

 Approval of all Library materials acquisitions and Library materials processing, up to \$75,000, within annual appropriations of the Library materials budget.

Listed below is an additional action delegated to Departments:

• Request individual purchase of materials and services under \$7,500 in compliance with County Purchasing Policies.

SOLANO COUNTY STATISTICAL PROFILE

The County of Solano is strategically located along Interstate 80 between San Francisco and Sacramento. As one of California's original 27 Counties, Solano County is rich in history and offers many resources to the public and the business community. In addition to the unincorporated area, the County serves seven cities: Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo. Solano County is comprised of 909 total square miles, including 675 square miles of rural and farm lands, 150 square miles of urban land area, including cities and unincorporated areas, and 84 square miles of water.

The County provides the following services:

- Libraries (as contract services for cities)
- Jails and Juvenile Facilities
- Probationary Supervision
- District Attorney

BENCHMARK COUNTIES

The following pages provide a graphical summary of statistical, employment, and demographic information about Solano County. When reviewing Solano County's economic health, the County government's financial capacity, and the County's delivery of services to residents in unincorporated areas, the County inevitably compares itself from the current year to past years.

Additionally, the question of how Solano County compares with other counties is often asked. This leads to the question: Which counties should be used for comparison purposes?

A group of ten counties have been selected to be used for comparison in seven of the following charts. Solano County has the following characteristics in common with each of these counties:

- Agricultural Commissioner
- · Weights and Measures
- U.C. Cooperative Extension Services
- Oversight and Permitting of Landfills and Solid Waste
 Disposal and Collection
- Elections and Voter Registration
- Clerk-Recorder
- Tax Assessment and Collection
- Emergency Medical Services
- Animal Care Services
- Building and Safety (unincorporated County only)
- Maintenance of County Roads and Bridges
- · Law Enforcement (primarily unincorporated County)
- Land Use Issues (unincorporated County only)
- Napa/Solano Area Agency on Aging (staff support)

- They are the ten counties closest to Solano County in population four with higher population and six with lower population.
- A total population of more than 125,000 but less than 525,000.
- All include both suburban and rural environments.
- None contain a city with more than 300,000 in population.
- Seven are coastal or Bay Area Counties.
- Most have the same urban growth versus rural preservation challenges facing Solano County.

COUNTY POPULATION OVER TIME

The California Department of Finance's May 7, 2021 estimate of the population of Solano County is 438,527, decreasing by 684 residents or 0.16% when compared to 2020 (see chart A). Of California's 58 counties, Solano County ranks number 20 in terms of population size. Three of the seven cities saw growth between 2020 and 2021, with the highest growth rate in the City of Dixon at 1.33%. Four cities, including Benicia, Suisun City, Vacaville, and Vallejo all saw declines in population between 2020 and 2021.

California's population estimate was 39.46 million as of May 7, 2021, a 0.5% decrease from 2020, per the State Department of Finance. California, the nation's most populous State, represents 12.2% of the nation's population, or one out of every eight persons. Solano County's population represents 1.1% of the State population.

When you look at the County population since 2000, the rate of growth has tapered off to small annual increments. Between 2000 and 2010, the County grew by 18,802 or 4.8%, which is significantly less than the 54,121 or 15.9% gains of the previous decade. Between 2010 and 2020, the County grew by 25,867 residents or 6.3% (see chart B).

OUR CHANGING POPULATION - HOW WE COMPARE TO BENCHMARK COUNTIES

California's population contracted by 0.5% in 2020, with 182,083 fewer residents per the California Department of Finance. Among the ten comparable benchmark counties, Placer and Tulare Counties were the only counties adding residents, with 5,979 or 1.5% and 2,330 or 0.5% residents, respectively. Solano County contracted at a modest rate, with 684 fewer residents, or about 0.2% of the County's total population. Santa Cruz County lost the greatest number of residents among comparable counties, when comparing overall percentage of the population, losing 9,258 residents, or 3.4%. Sonoma, Santa Barbara, Monterey, San Luis Obispo, Marin, Yolo, and Napa all lost residents, contracting 1.5%, 2.1%, 0.7%, 2.0%, 1.0%, 1.7% and 1.0%, respectively.

EDUCATIONAL ATTAINMENT

Per the 2020 Index of Economic and Community Progress, Solano County's graduation rate (86.9%) rose slightly by 2% in 2019/20 (the latest data available) from the previous academic year (84.9%) and remains above the State of California's graduation rate of 84.2%. Per the 2015-2019 American Community Survey, more than a quarter of Solano County residents age 25 years and older (26.6%) have attended some college and 19.1% have earned either an associates and/or bachelor's degree, lower (2.8%) than the State average of 21.9%. Solano County residents age 25 and older with a post graduate degree is 9.8%, 3.3% less than the State average of 13.1%.

AGE GROUP BY POPULATION

In Solano County, the number of young and working age adults closely mirrors the national average, whereas the gap between Solano's senior and retirement age population continues to widen.

Approximately 24.8% of all people living in Solano County is age 19 or younger. This closely mirrors the State percentage of 25.9%, a difference of 1.1%.

Source: 2015-2019 American Community Survey, May 2021

More than half (57.1%) of Solano County's total population is comprised of working age adults between 20 and 64 years of age. This is lower (8.0%) than the State of California's average of 65.2% of the total population.

In Solano County, individuals age 65 years and older represent approximately 18.1% of the total population, widening by 0.9% over the course of a year (up from 17.1% in 2020). In the State of California, this age demographic makes up approximately 13.2% of the total population.

RACE IDENTIFICATION

The California Department of Finance generates population projections for all counties in California. Research projects that over the next 10 years Solano County will be increasingly more ethnically diverse. According to the Association of Bay Area Governments and the Metropolitan Transportation Commission, Solano County is the most diverse County in the nation.

By the end of 2021, preliminary predictions indicate that Solano County will be approximately 38.9% White, 26.3% Hispanic, 14.4% African-American, 14.2% Asian, and 6.2% Mixed Race, just a slight shift from today's estimates. Please see population estimates chart for estimates for 2025 and 2030 below.

Age Groups by Population in Solano County

SOLANO COUNTY - SIZE, DISTRIBUTION AND WHERE PEOPLE LIVE

According to the California Department of Finance's May 2021 City/County Population Estimates, statewide 83% of California residents live in incorporated cities and 17% in unincorporated areas. In contrast, 95.8% of residents in Solano County live within the County's seven cities. This phenomenon is by design. In the early 1980s the residents of the County passed an Orderly Growth Initiative, which was extended in 1994, that focuses most urban growth to the incorporated cities. The voters reaffirmed this measure through the adoption of the 2008 Solano County General Plan, sustaining a commitment to city focused growth through 2028.

In comparison to its benchmark counties, Solano County is one of the smaller counties in terms of square miles of land area. According to the U.S. Census Bureau, Solano County consists of 909 square miles, of which 84 square miles is covered with water. The San Pablo Bay, Suisun Bay, the Carquinez Straits, and the Sacramento River provide the County with natural borders to the south and east. Rich agricultural land lies in the northern area of the County while rolling hills are part of the southern area. Approximately 62% of the County land area is comprised of farmland.

This unique mixture of a sizeable urban population and a large rural/agricultural base may create some unique challenges for County government, including:

- Challenges in the transition zones between urbanized areas and agricultural areas (i.e., land use, pesticide use, dust, noise, odors, and vermin).
- Coordination of infrastructure transitions from the urban areas to the rural areas (i.e., reliever routes, upgraded feeder streets/roads, flood control, limited intercity connectivity, and public transportation).
- With limited resources and a reliance on property taxes and State and federal funding, it is a challenge to provide urbandriven needs (as indicated by the high density per square mile) for health, mental health, public assistance, and law and justice services.

SOLANO'S POPULATION LIVING IN POVERTY - HOW WE COMPARE

The U.S. Census Bureau defines the poverty threshold for an average family of four living in the United States (48 contiguous states and the District of Columbia, not including Alaska and Hawaii) as having a median annual family income of \$26,500 or less for calendar year 2021. The average median annual family income for families of four living in Solano County is \$81,472 or 207.4% higher than the national average.

Per the 2015-2019 American Community Survey by the U.S. Census Bureau, the latest date the data is available, 9.5% of all people are living at or below the federal poverty level in Solano County. This estimate compares to 7.2% of all families, 3.5% of married couples and 13.3% of people under the age of 18 living under the federal poverty level in Solano County. The poverty rate was the highest, estimated at 18.9% among households with only a female householder and no spouse present.

The number of all people living at or below the poverty level varies considerably among Solano County's seven cities, including Benicia, 7.1% or 1,924 people; Dixon, 10.3% or 2,080 people; Fairfield, 8.6% or 10,148 people; Rio Vista, 10.7% or 1,078 people; Suisun City, 9.2% or 2,657 people; Vacaville, 7.4% or 7,255 people, and Vallejo, 12.6% or 14,848 people.

Solano County is located fourth when compared to benchmark counties, with seven counties having higher poverty rates, including Napa, San Luis Obispo, Monterey, Santa Cruz, Santa Barbara, Yolo, and Tulare and three counties with lower poverty rates, including Marin, Placer, and Sonoma. Solano County is 3.9% lower than the statewide average for families living at or below the poverty level. It should be noted that every county except Napa County had an improvement (or reduction) in their unemployment rates.

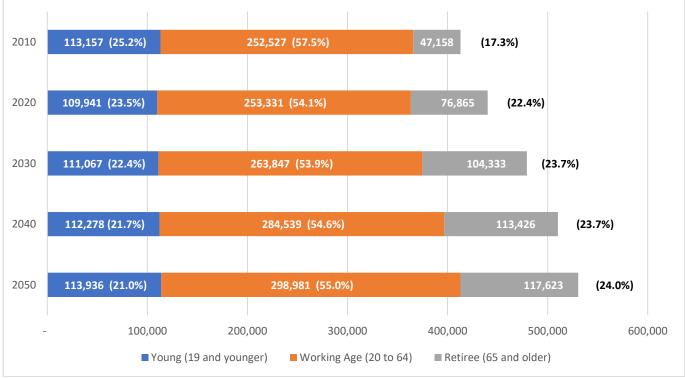

PERCENTAGE OF POPULATION IN POVERTY (ALL AGES) IN BENCHMARK COUNTIES

OUR CHANGING POPULATION – THE NEXT SEVERAL DECADES

Solano County's population is projected to grow from 412,842 in 2010 to 530,540 or 28.5% by 2050, according to projections by the California Department of Finance. The composition of this population is expected to shift significantly over the next 30 years, with the median age increasing from 37.5 in 2010 to 42.2 in 2050. The aging population will likely affect the types of service demands placed on the County and may impact statewide and regional planning efforts.

One way to evaluate this population change is to analyze the dependency ratio, which examines the population changes in relationship to the traditional working age population of individuals between age 19 to 64. In 2010, for every 6.2 people in the County workforce there were 2.6 children and 1.2 retirees. By 2050, the young population (19 and younger) is expected to increase slightly by 779 or 0.7%; the working age population will increase by 46,454 or 18.4% and retiree population by 70,465 or 149.4%. The Department of Finance projects more people will be entering the retiree population than those entering the workforce.

UNEMPLOYMENT AND THE ECONOMY

Per the 2020 Index of Economic and Community Progress, the annual trend of job growth in Solano County was interrupted by the COVID-19 pandemic. Through the end of 2020, employers in the County retained 10,500 fewer non-farm employees that at the start of the year. In addition, there were 16,500 few employed residents in Solano County (those both employed in and out of the County). Prior to March of 2020, the unemployment rate had been relatively stable and near four percent, a level considered "full employment" by most economists. At the start of 2021 the unemployment rate reached 9.5%. This was an improvement over previous months leading to December 2020, with unemployment in Solano County reaching a peak of 15.7% in April of 2020. **Chart A** below shows the year over year unemployment rates in benchmark Counties (March to March). As of March 2021, the unemployment rate in Solano County is 7.8%. **Chart B** below shows the year over year unemployment rates in Solano County cities (March to March) and how they have changed over time.

SUPPORTING SMALL EMPLOYERS AND EMPLOYEES DURING THE PANDEMIC

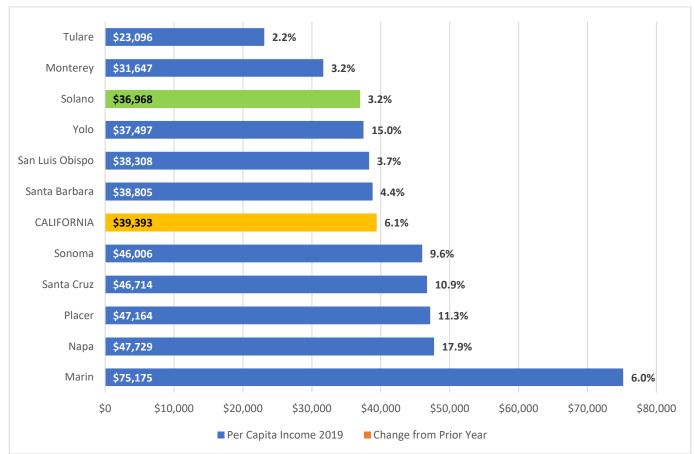

On August 25, 2020, the Solano County Board of Supervisors unanimously approved \$2 million in federal CARES Act funding to establish the Rebuild Solano's Small Business Grant Program. The Rebuild Solano's Small Businesses Grant Program, administered on behalf of the Workforce Development Board (WDB) of Solano County and the Solano County Small Business Development Center (SBDC), collaborated to administer grant funding to small businesses throughout Solano County. The grant funds were designed to help prevent layoffs and closures, all while giving employers the opportunity to pivot their business operations in response to the COVID-19 pandemic health emergency. The program was a huge success, helping more than 400 local small businesses receive critical funding to help them maintain business operations, purchase new equipment, pay for personal protective gear, implement new marketing strategies and replace product inventory that has been lost or spoiled due to the ongoing COVID-19 pandemic health emergency. Because businesses received much needed support, they were able to defer or even avoid layoffs which helped the overall Solano County economy.

CHANGE IN PERSONAL INCOME – HOW IT AFFECTS PURCHASING POWER

Personal income is made up of wages and salaries, transfer payments from all levels of government, investment income (dividends, interest, and rents), business income from owning a business (proprietor's income), and other income sources. The *California Department of Finance, May 7, 2021 report* indicates that per capita income in Solano County, the metric used to determine average per-person income for an area, outpaced the national economy per capita income of \$34,103, but was slightly slower than California's per capita income of \$39,393.

Per the 2019 statistics from the *California Department of Finance, 2015-2019 American Community Survey* (the latest date the data is available), Solano County ranks as the third lowest in per capita income when compared to benchmark counties. Solano County's growth rate in per capita income increased by 3.2% (or \$4,364) between 2018 and 2019, growing at a slower pace than most of the benchmark counties. Solano County's per capita income of \$36,968 in 2019 is 6.6% or \$2,425 less than the State's per capita income of \$39,393.

Because the change in per capita income data lags by one-year, the data collected in May 2021 has again shown an increase in personal income, as it is pulling data collected from 2019, however, the data collected in 2022 is likely to show a decline due to lost personal income related to the COVID-19 pandemic. It is difficult to speculate how much of a decline this will be as Solano County, the State of California, and the rest of the world is still recovering from the dynamic effects of the pandemic.

MEDIAN HOUSEHOLD INCOME COMPARISONS AMONG BENCHMARK COUNTIES

Median household income is comprised of the average income of every resident (within that household) over the age of 15. Sources of income include personal wages and salaries, disability payments, including child support payments received, along with personal business earnings, investments, and other routine sources of income.

The *California Department of Finance, 2015-2018 American Community Survey* reports that along with per capita income, median household income (MHI) is a good indicator of how typical households generate and use income, including spending and savings.

Per the 2021 statistics from the California Department of Finance, Solano County ranks as the sixth highest in MHI when compared to benchmark counties. Solano County's MHI of \$86,652 in 2019 is an increase of \$5,257 per household or 6.5% over the previous year (2018). With these modest gains, Solano County sits in the middle of the benchmark counties when comparing MHI, with five counties with a higher MHI, including Marin, Placer, Napa, Santa Cruz, and Sonoma Counties, and five counties with a lower MHI, including Monterey, San Luis Obispo, Santa Barbara, Yolo, and Tulare Counties. It is important to note that while eight of the ten benchmark counties all saw year over year gains in MHI, two counties saw a decline, including Marin and Santa Barbara. Additionally, Solano County outperformed the State of California's MHI of \$80,440 by \$6,212 or 7.7%.

Because the change in MHI data lags by one-year, the data collected in May 2021 has again shown an increase in MHI for most benchmark counties, as it is pulling data collected from 2019; however, the data collected in 2022 is likely to show a decline due to lost MHI related to the COVID-19 pandemic. It is difficult to speculate how much of a decline this will be as Solano County, the State of California, and the rest of the world is still recovering from the dynamic effects of the pandemic.

Health insurance is a means for financing a person's health care expenses. While the majority of people in the United States have private health insurance, primarily through an employer, many others obtain coverage through programs offered by the government. Other individuals do not have health insurance at all, which can greatly impact the services they receive and escalate the costs associated with healthcare, the poor, and the long-term outcomes of those without coverage.

Nationally, in 2019 (the latest date the data is available) 8% of people, or 26.3 million, did not have health insurance at any point during the year, meaning the percentage of people with health insurance coverage for all or part of 2019 was 92%. Between 2018 and 2019, the number of people with health insurance coverage increased by 1.6 million, up to 301.9 million. The increase in coverage can be attributed to a 0.7% increase in Medicare and a 0.2% increase in military/veteran coverage.

In California, between 2018 and 2019, the number of uninsured residents increased slightly from 7.2% in 2018 to 7.7% in 2019 or 0.5%, and because several different survey methodologies are used to collect population survey data, estimates of California's uninsured populations can vary depending on the data source. It is important

to note, however, that the uninsured rate in California has dropped by 10% since 2013, before implementation of the Affordable Care Act (ACA) – the largest reduction of any U.S. states.

DEMAND FOR PUBLIC ASSISTANCE PROGRAMS INCREASE DURING PANDEMIC

The economic crisis created by COVID-19 immediately manifested in food insecurity with a 140% increase in CalFresh applications from February to May 2020 accompanied by an increase in application approval rate from 57% to 72%. Similarly, although the number of applications remained stable, the Medi-Cal application approval rate increased from 46% to 62%. However, applications and active caseloads for cash assistance (CalWORKs and General Assistance) declined, probably due to the COVID-19 related stimulus and unemployment insurance benefits. Overall, the number of unduplicated county residents receiving public assistance increased 16.2% from 110,907 in March 2020 to 128,832 in March 2021.

COMMUNITY HEALTH ASSESSMENT SURVEY IDENTIFIES TOP HEALTH CONCERNS

In 2020, the Solano County Health and Social Services Department, Public Health division (SPH), commissioned the Community Health Assessment (CHA), a community-wide survey to capture data for SPH and partners to understand county health issues and emerging trends and to inform planning. Overall, eight health needs emerged as top concerns in Solano County, including economic security, housing, access to care, education, violence and injury prevention, behavioral health, health eating and active living, and maternal and infant health. The CHA is part of an ongoing broader community health improvement process and is developed in preparation for the Community Health Improvement Plan (CHIP) which will use CHA data to identify priority.

Public Health's next steps to start the implementation of programming aimed at improving the eight areas identified in the survey include publishing the CHA on Solano County Public Health website, sharing the CHA with community partners to raise awareness of County health issues and emerging trends to inform program planning and grant writing, and collaboratively develop Community Health Improvement Plan (CHIP) to co-create a vision of health for Solano County with local partners and community members. The public can read the full survey and its findings by visiting the Solano County Public Health website at https://www.solanocounty.com/civicax/filebank/blobdload.aspx?BlobID=34814.

COMMUTING DISTANCES IN BENCHMARK COUNTIES

Per the U.S. Census Bureau, Overflow Data estimates that Californians spend more time in the car than commuters in most other states, with an average drive time of 32.6 minutes one-way. The distance to work also plays a major role in how long workers spend in the car or time spent using regional public transportation as they travel farther and farther to get to their jobs. When compared to the benchmark counties, Solano County ranks third lowest in the number of drivers who drive more than 50 miles one-way to get to work (17.8%), just behind Marin (15.0%) and Napa (15.6%) Counties. Monterey County workers travel the furthest to get to work with more than a quarter of all workers (26.6%) traveling more than 50 miles one-way.

TIME SPENT IN THE CAR TO GET TO WORK (ONE-WAY)

Time to work data can provide ways of understanding length of commuting and potential traffic conditions. As the Solano County economy has experienced more hiring and more economic growth since 2010, the time it takes to work has increased (the 2019 data is the latest available). While commute times were up in 2019 from 2018 and mean travel time the highest on record, the 2020 commute data is likely quite different due to COVID-19 and reduced movements of workers, students, and residents. One of the opportunity costs for reduced commute times is lower fuel tax revenues and thus lower, recurring funding for road and bridge improvements. It is important to note the COVID-19 crisis in 2020 may provide an opportunity to reduce commuter time in the car because more people are working from home, a development that will likely show up in the 2020 data release in 2022. As economic development continues to attract, retain, and expand businesses in Solano County, matching formerly commuting workers to local job or entrepreneurial opportunities also helps achieve goals of Moving Solano Forward.

HOUSING AFFORDABILITY

The California Association of REALTORS® reports that Solano County's median home price in March 2021, the latest the data was available, was \$549,000, a \$91,050 or 19.8% increase compared to March 2020. Despite the significant increase over the past year, housing prices in Solano County remain affordable when compared to the Bay Area, where the average home price is \$1,225,000 (May 2021).

Solano County ranks third in housing affordability among the ten benchmark counties and two spots below the statewide average. The average home price in Solano County is 27.7% or \$209,990 lower than the State average. Solano County's average home price is \$61,000 or 10.0% less than the next highest benchmark county; Placer County, and \$1,078,500 or 196.4% less than the most expensive of the benchmark counties; Marin County.

SINGLE-FAMILY HOME AND APARTMENT RENTAL PRICES

Housing and rental prices have both increased year over year in Solano County; however, rental prices have only increased modestly when compared to home values. Per Zillow Research, in March 2020, the average rental price for two-bedroom apartments in Solano County was \$1,713 per month. In March 2021, that figure was \$1,780 per month, an increase of 3.9%.

Per the 2020 Index of Economic and Community Progress, the average price of a two-bedroom apartment in Solano County continues to rise slowly year-over-year. By comparison, the average two-bedroom apartment in San Francisco County is \$2,879, nearly 61.7% higher than in Solano County, making Solano County a much more affordable place to live. It should be noted that the COVID-19 pandemic health emergency has caused average rental prices in the San Francisco region to drop by nearly one-third over the past year as people moved in search of more affordable housing options due to the newfound ability to work remote.

Regional fires in 2017, 2018, and 2020 may have placed additional pressure on rental pricing in Solano County. In contrast, Sacramento County has consistently been between \$200 and \$300 less than Solano County since 2011 in all terms of rental prices, including single-family homes and one and two-bedroom apartments.

The table below illustrates the year-over-year change in the median cost to rent a two-bedroom apartment in each of Solano County's seven cities. The City of Benicia has the highest rent, as of March 1, 2021, at \$2,035 per month, whereas the City of Rio Vista has the lowest rent at \$1,401 per month. Rental prices increased in all seven cities, with rental prices increasing the most year-over-year in Suisun City at 7.5%. The lowest year-over-year increase was in Fairfield at 0.4%.

As of March 2021, the Solano County housing market continues to provide increased values and take advantage of incentives for home ownership. Like other markets, the current rise is not only a function of slow-growing supply, it is also a function of rising demand due to a lower cost of credit (lower interest rates) and also relatively-lower prices in Solano County versus Bay Area counties otherwise.

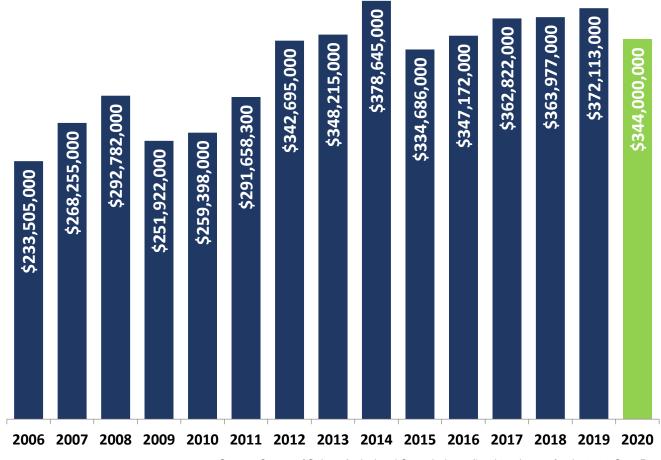

With the Regional Housing Needs Allocation (RHNA) process coming to a close, local agencies are providing updates to the Housing Elements of their General Plans, there is likely to be continued emphasis on providing additional housing for people of all income levels. For Solano County, 2020 did not see a reduction in home construction despite the impact of the COVID-19 pandemic health emergency. The Public Health office worked with the local construction community to develop protective measures which helped with employment during 2020, as well as addressing the demand for housing in parts of the County, including the cities of Fairfield, Vacaville and Rio Vista. Additionally, what the RHNA estimates suggest is more, new units are coming to Solano County; their mix (rental versus ownership focused) helps to determine the supply side through 2030. The regional mix must also be considered, as well as how workers may have the option or be asked explicitly to work from home.

SOLANO COUNTY AGRICULTURAL CROP AND LIVESTOCK VALUE

Solano County Department of Agriculture, Weights and Measures is still working with local growers to determine farm gate value (the net value of a product when it leaves the farm and after marketing costs have been subtracted) for 2020. Early estimates by the Department put this number at \$344,000,000, a potential decrease of over \$28.1 million or 7.6% compared to the previous year's total of \$372,113,000, initially attributed to a statewide decrease in almond production, exports, local wildfires and drought conditions.

Almonds are the top crop for 2020 with Nursery Products and Processing Tomatoes rounding off the top three crops. Solano County farmers produce more than 80 different commodities including fruits, nuts, vegetables, grains, seed, nursery stock, livestock, poultry, and apiary products and services.

According to the State of California Employment and Development Department's (EDD) March 2021 report, Solano County supports approximately 1,400 farm related jobs, a 7.7% increase from the previous year. While agricultural jobs only make up a small fraction of all jobs in the County (less than 1%), agricultural production is part of a much larger industry cluster that spans the full spectrum of economic activity, including activity from before the crops get into the field to the value-added processing in consumer products. The Moving Solano Forward project identifies this food-chain cluster as supporting more than 8,750 jobs and \$1.48 billion in economic output (as of 2019, the latest date the data is available), representing approximately 7.5% of the County's total \$19.66 billion-dollar Gross Regional Product.

COUNTY ASSESSED VALUES AND GROWTH

Property taxes are a major source of local governmental revenues and are determined by assessed values. The annual property tax rate throughout the State of California is 1% of assessed values. The FY2021/22 Property Assessment Roll of \$62.7 billion increased 2.97% or \$1.8 billion from the prior year's roll value and represents property ownership in Solano County as of January 1, 2021. This is the tenth year of increasing assessed values since the bottom of the market in 2011 and is a result of new construction, a recovery in existing real estate values and competitive housing market. The percentage change is lower than in recent years, which is likely a result of COVID-19.

As real estate market values continue to rise, the number of properties on Proposition 8 status – which is a temporary reduction in a property value below the established Proposition 13 base year value – has decreased, however, per the Solano County Recorder's Office, there are currently 7,081 parcels on Proposition 8 status, a decrease of 1,426 from the previous fiscal year. The total number of parcels on Proposition 8 status peaked 2012 at 78,000 parcels with an assessed value below purchase price.

It is important to note that the COVID-19 pandemic health emergency may have an impact on future property tax rolls. As far as values are concerned, since the values in this roll are derived based on the January 1, 2021 assessment date, the impact COVID-19 has had on local property values may account for the lower percentage increase in the assessment roll.

BUILDING PERMITS IN SOLANO COUNTY

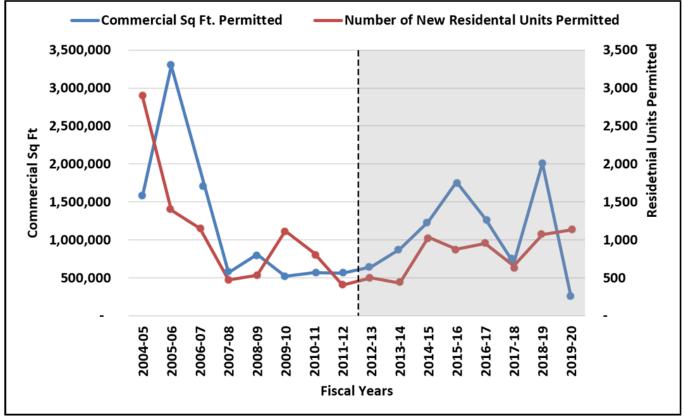

Per the US Census Bureau for Construction Spending and 2020 Index of Economic and Community Progress, building permits generally act as a leading indicator of economic activity, predicting the growth of construction jobs, and the demand for raw materials to build residential and commercial units.

Solano County's commercial real estate building permit activity was mixed in FY2019/20 compared to FY2018/19. Commercial square feet under construction was up 251,000 new square feet of space between July 2019 and June 2020 (the previous fiscal year permitted over 2.1 million square feet). The COVID-19 recession has created uncertainty in office space demand. According to Colliers International, office-vacancy rates in Solano County remained relatively flat during 2020 at 18.1%, with rents also relatively flat at \$2.40 per square foot as 2020 ended.

Building permits for residential units in Solano County increased at a faster pace in FY2019/20, despite the COVID-19 recession beginning in that fiscal year's final quarter. There were 1,131 residential building permits issued in FY2019/20 by Solano County, permits may help to achieve RHNA regional housing needs goals for Solano County and the cities moving forward.

The chart below indicates that building permits for new homes increased in FY2019/20, slightly more units than the previous fiscal year, permitting 2,197 units in two fiscal years, and that new commercial space permitted dropped sharply. The impacts of COVID-19 for commercial real estate markets is being monitored and could leave significant vacancies in retail and restaurant spaces where smaller businesses or restaurants have not been successful traversing the 2020 and 2021 COVID-19 restrictions. New commercial spaces are more likely to occur in industrial and warehousing markets, given the increase in logistics demand from internet purchases. In the short-term, this is a concern over the fate of office and retail spaces in Solano County, which is likely to take until 2022 to be completely known.

2011 PUBLIC SAFETY REALIGNMENT AND ASSEMBLY BILL 109

Due to the passage of Assembly Bill 109 (AB 109, Public Safety Realignment) in October 2011, the Solano County jail population has changed over time. As of March 1, 2021, the County jail was housing 38 parole violators (known as 3056 PC), 47 Post Release Community Supervision (PRCS) violators, and 22 locally sentenced offenders (known as 1170 offenders) making up approximately one-third of the jail population. Due to the COVID-19 pandemic health emergency, the jail population contracted to 374 inmates as of May 2020 and an average 2020 daily population of 540 inmates. As the County begins to recover, the daily average jail population as of May 7, 2021 is 658.

Prior to Public Safety Realignment, the County jail population consisted of individuals awaiting trial and inmates serving sentences of less than one year. Today, after realignment, some convicted individuals are now serving sentences up to ten years in local county jails rather than in State prisons.

To address the evolving inmate population because of realignment, the County increased capacity within the jail system and incorporated training programs into the jails. Training programs, like those offered at the Rourk Vocational Training Center at the Claybank / Stanton Correctional Facility in Fairfield, provide offenders with additional skills to enhance their ability to successfully re-enter the community. Non-serious, non-violent, non-sex (non-non-non) offenders have transitioned from supervision by State parole officers to County probation officers. While this shift did not increase the population of supervised offenders in Solano County, it shifted the supervising agency, leaving counties to address supervision and mandated parole programs designed to reduce recidivism.

SB 823 – JUVENILE JUSTICE REALIGNMENT: OFFICE OF YOUTH AND COMMUNITY RESTORATION

SB 823 was signed by California Governor Newsom on September 30, 2020. Among other things, the bill will close the State's Division of Juvenile Justice (DJJ) as of June 30, 2023. DJJ will stop taking new intakes from counties beginning on July 1, 2021. As a companion bill to AB 109 (adult realignment), the bill will send juveniles who are committed (sentenced) to the counties in lieu of DJJ to provide care and custody during the term of their commitment.

What does this bill mean for Solano County? This bill will have a significant impact on the Juvenile Detention Facility (JDF). Juveniles who would have otherwise gone to DJJ will now be housed at JDF. JDF was built as a short-term holding facility, and as a consequence of SB 823, youth may potentially be held for several years at the JDF, including if the youth was committed to the JDF as a juvenile, they could remain up until age 25.

The State has allocated funding through FY2023/24 to serve this population with the following allocations, including Year One (FY2021/22) \$496,773, Year Two (FY2022/23) \$1,471,567, and Year Three (FY2023/24) \$2,437,942. To be eligible for the funding each county was required to create a subcommittee of the multiagency juvenile justice coordinating council (JJCC), to develop a plan describing the facilities, programs, placements, services, supervision, and reentry strategies that are needed to provide appropriate rehabilitation and supervision services for the realigned youth. Solano County established a subcommittee and began meeting monthly starting in January 2021 to work on a plan a plan that must be filed with the Office of Youth and Community Restoration (OYCR) by January 1, 2022. To continue receiving funding, the subcommittee will convene to consider the plan every third year, but at a minimum the County must submit the most recent plan regardless of changes to the OYCR.

SNAPSHOT - JAIL POPULATION TREND, OCTOBER 1, 2011 - MAY 7, 2021

Source: Solano County Sheriff's Office

On October 1, 2011 – the day AB 109 went into effect – the Solano County 30-day average daily jail population was 772 inmates. As illustrated in the chart above, over the next nine and one-half years, the average daily jail population grew and contracted several times, with an average population in 2019 of 752, the steep decline in inmates starting in late February, early March 2020 is related to emergency measures taken by the state, local courts and the Sheriff to address increased concerns regarding the COVID-19 pandemic medical risks.

The long-term decrease pre-COVID-19 in the County's jail population over the past several years, (jail population peaking in 2016) can be attributed to many factors, including an increase in pre-trial releases; split sentencing by the Courts, reducing time served; implementation of the Humphrey Decision (January 2018), whereby judges may consider offender's ability to post bail and when appropriate, reduced bail amounts, bail alternatives and the reduction of leased jail beds (March 2018). The Solano County Sheriff continues to see an increase in the number of inmates requiring Administrative Separation (AdSep). Inmates requiring AdSep are more prone to disrupt jail operations and are therefore placed in a cell by themselves – a cell that would normally house two inmates.

Because of the COVID-19 pandemic health emergency, the Sheriff's Office coordinated the early release of hundreds of inmates between March and May 2020. The steady increase to the inmate population, from 374 to 658, over the past year (May 2020 to May 2021) is primarily due to two factors, including the ongoing booking of inmates and implementation of several health and safety accommodations made at the jails to safely house inmates during the pandemic. As of May 7, 2021, the Solano County jail population is 658 inmates. By contrast, this is 114 fewer inmates on average than when AB 109 jail population data was first collected, with a starting average jail population of 772 inmates.

<u>1991 REALIGNMENT FUNDS</u> – The 1991 Realignment funds are a dedicated percentage of California state sales tax revenue that supports local health and social services programs. (R&T Code Sections 6051.2 6201.2) These revenues are allocated yearly and are dedicated to countyoperated Health and Social Services.

2011 REALIGNMENT FUNDS - The 2011 Realignment funds are funded with a dedicated portion of California state sales tax revenue and Vehicle License Fees (VLF) to support counties, local public safety programs and through the Local Revenue Fund 2011 (Fund) for counties to receive the revenues and appropriate funding for 2011 Public Safety Realignment. (R&T Code Sections 6051.15 and 6201.15). ABX1 16 realigned the California Department of Social Services (CDSS) funding for Adoption Services, Foster Care, Child Welfare Services, Child Abuse Prevention, Intervention and Treatment (CAPIT), Transitional Housing Program Plus (THP Plus), Independent Living Program (ILP), Adult Protective Services (APS), and State to Family Preservation (SFP) programs from the State to local governments and redirected specified tax revenues to fund this effort. The impact of this funding mechanism is the County is responsible for 100% of the non-federal share of costs in realigned programs.

AB – Assembly Bill.

<u>AB 109 PUBLIC SAFETY REALIGNMENT</u> – Effective October 1, 2011, and a component of 2011 Realignment, this new California law realigns sentenced low-level offenders, adult parolees, and juvenile offenders to local county jails instead of State prisons. Each County is required to form a local Community Corrections Partnership (CCP) to implement this law. It is California's solution for reducing the number of inmates in the state's 33 prisons to 137.5 percent of design capacity by June 27, 2013.

<u>ACA</u> – Affordable Care Act (or Federal Patient Protection and Affordable Care Act). Federal statute signed into law by President Barack Obama on March 23, 2010 which seeks to provide affordable health insurance for all US citizens and to reduce the growth in health care spending.

<u>ACCOUNT</u> - A classification of expenditure or revenue. Example: "Office Expense" is an account in "Services and Supplies" object category.

ACCOUNTS PAYABLE - A short-term liability reflecting amounts owed private persons or organizations for goods or services received.

ACCOUNTS RECEIVABLE - An asset account reflecting amounts due from private persons or organizations for goods and services provided (excluding amounts due from other funds or other governments).

<u>ACCRUAL BASIS</u> - The basis of accounting under which transactions are recognized when they occur, regardless of the timing of related cash flows.

ACCRUED EXPENSES - Expenses incurred but not paid.

ACCRUED REVENUE - Revenues earned but not received.

<u>ACTIVITY</u> - A specific line of work performed to accomplish a function for which a governmental unit is responsible. Example: "Protection Inspection" is an activity performed in the "Public Protection" function.

<u>AdSEP</u> – Administrative Segregation, or Administrative Separation. AdSEP inmates are those likely to promote criminal behavior, including escape or assault, or are likely to need protection from other inmates (e.g. gang members). AdSEP inmates are housed alone in a doubleoccupancy rated cell, thereby limited available inmate housing.

<u>AD VALOREM TAX</u> - A tax based on value (i.e., a property tax).

<u>ADOPTED BUDGET</u> – Approved legal spending plan for the fiscal year. By statute, the Board of Supervisors must approve the Adopted Budget by October 2nd each year.

AGENCY FUND - A fund used to account for assets held by a government as an agent for individuals, private organizations or other governments.

<u>APPROPRIATION</u> - A legal authorization granted by the Board of Supervisors to make expenditures and to incur obligations for specific purposes. An appropriation expires at the end of the Fiscal Year.

ASSESSED VALUATION - A valuation set upon real estate or other property by the County or State Board of Equalization as a basis for levying taxes.

<u>AUTHORIZED</u> <u>ALLOCATED</u> <u>POSITIONS</u> - Positions included in the County's salary resolution and for which funding may or may not be provided in the budget.

BASIS OF ACCOUNTING - A term used to refer to when revenues, expenditures, expenses, and transfers—and the related assets and liabilities—are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the nature of the measurement, on either the modified accrual or the full accrual basis.

County of Solano Glossary of Budget Terms and Acronyms

FINAL BUDGET – The adopted budget and any transfers or amendments as approved by the County Administrator's Office and/or Board of Supervisors during the fiscal year.

FISCAL YEAR (FY) - A twelve-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations.

<u>FTE</u> – Full Time Equivalent Position. A full or part-time position converted to a decimal equivalent of a full-time position based on 2,080 hours per year (a 40 hour week). For example, an extra-help laborer working for four months

or 690 hours would be equivalent to .33 of a full-time position.

<u>FUNCTION</u> - A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. These designations are specified by the State Controller. Example: "Public Protection" is a function.

FUND - A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

<u>FUND BALANCE</u> - The excess of assets of a fund over its liabilities reported in a governmental fund. A portion of this balance may be available to finance the succeeding year's budget.

FUND TYPE - One of eleven categories into which all individual funds can be categorized. Governmental fund types include the general fund, special revenue funds, debt service funds, capital projects funds, and permanent funds. Proprietary fund types include enterprise funds and internal service funds. Fiduciary fund types include pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds and agency funds.

<u>GA</u> - General Assistance (GA). Funded entirely by counties, provides cash assistance, generally to childless adults.

GAAP – Generally Accepted Accounting Principles. Uniform minimum standards and guidelines for financial accounting and reporting. These govern the form and content of the financial statement of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general applications, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP for state and local governments is the GASB.

GANN LIMIT - Refers to the Gann Initiative (Proposition 4 in the November 1979 ballot), which imposed limits on the allowable annual appropriations of the State, schools, and most local agencies; the limit is generally prior year appropriations factored by the Consumer Price Index (CPI) and population changes.

<u>GASB</u> – Governmental Accounting Standards Board. The authoritative accounting and financial reporting standard-setting body for government entities.

GASB 34 - Governmental Accounting Standards Board. The GASB issued statement No. 34 changing the framework of financial reporting for state and local governments. GASB

County of Solano Glossary of Budget Terms and Acronyms

No. 34 represents the most important change in the history of accounting and financial reporting for state and local governments. Solano County implemented the new financial reporting model starting with the fiscal year ended June 30, 2001.

<u>GASB 54</u> – The GASB issued statement No. 54 to enhance how fund balance information is reported and improve its decision-usefulness.
