

GREEN VALLEY LANDOWNERS ASSOCIATION

August 15, 2022

Mr. Matt Walsh
Principal Planner, Solano County
Resource Management Department
675 Texas Street Suite 5500
Fairfield, CA 94533

Dear Matt,

The Green Valley Landowners Association (GVLA) would like to state our support for approval of the Application for the Middle Green Valley Subdivision as submitted to the Solano County Planning Department.

The GVLA Board of Directors endorsed the Middle Green Valley Specific Plan in 2017 as it is consistent with GVLA's mission to maintain and enhance the rural character of Green Valley. These subdivision maps are the next step towards implementation of the approved Middle Green Valley Specific Plan, approved by the Solano County Board of Supervisors on August 8, 2017.

Four GVLA Directors participated directly in the formulation of the plan from its inception, representing the GVLA members and surrounding community of existing homeowners. GVLA has continued to engage with representatives of the seven landowners to discuss the proposed subdivision maps and their continued efforts to implement the MGVSP.

We appreciate the opportunity to re-state our support for the MGVSP and the Subdivision Application. Please let us know if you have any questions.

Sincerely,

Mary Burczyk

President, GVLA

RE: Tentative Map Application

To Whom it May Concern:

The Green Valley Agricultural Conservancy (GVAC) Board of Directors is writing this letter in support of the Tentative Map Application submitted by Charity Wagner on behalf of seven landowners in the Middle Green Valley Specific Plan Area.

The applicants presented the Tentative Map Application to the GVAC Board of Directors at our meeting held on January 14, 2022. The Board reviewed the materials and was able to discuss the application at length with the applicant team, including the project manager and civil engineer. The Board was also informed of the next steps for project implementation. After careful review and discussion, the GVAC Board of Directors expressed their support for the Tentative Map Application.

The purpose of this letter is to convey the GVAC's recommendation for approval of the proposed Tentative Map Application. GVAC appreciates the applicants' effort to communicate with and engage the GVAC in the project review and approval process.

This is an important project for Solano County, and GVAC is proud to be a part of this next step in the Middle Green Valley Specific Plan implementation.

If you have any questions please do not hesitate to contact me.

Sincerely,

Carolyn West
Vice Chair, GVAC Board of Directors

CC: Kathy Pease; Mary Burczyk, President GVLA; Charity Wagner
