

SOLANO COUNTY

FY 2022/23 Adopted Budget

Phyllis S. Taynton, CPA Auditor - Controller County of Solano, California

ON THE COVER: Pictured on the cover, from top to bottom:

The Delta

Considered by many the prettiest of the many Delta towns is Rio Vista; its backdrop is the Montezuma Hills, and nearby waters find anglers hoping for catches of striped bass. Agriculture, recreation and history is important here. Not only does the Sacramento–San Joaquin Delta supply clean drinking water to 25 million Californians, but many species of birds—including waterfowl and sandhill cranes—and fish, such as the Chinook salmon, Central Valley steelhead and green sturgeon, depend on the habitats in and around the 700,000-acre estuary for survival.

Dixon Sunflowers

Dixon is home to some of most beautiful sunflower crops in California, with some flowers growing as tall as six feet in height. Sunflower crops, including their seeds, are also an important component of the County's agricultural business, with more than 6,600 acres of sunflowers harvested in 2020, accounting for more than \$10.5 million dollars in overall revenues.

Lake Solano Park

Lake Solano Park is located at the base of coastal foothills west of the town of Winters and offers an array of recreational opportunities. A destination point for outdoor enthusiasts, Lake Solano Park caters especially to campers, picnickers, kayakers, canoers and anglers. The park has a Nature Center and trail opportunities for short day hikes, bird watching and wildlife photography. For more information visit https://www.SolanoCounty.com/Parks or call (707) 784-7905.

Vaca Mountains

The Vaca Mountains are one of the most prominent landmarks of Solano County. The range, beginning at the Suisun Marsh, stretches through the City of Fairfield and Travis Air Force Base, and separates the mountains to the northwest from an outlier of low hills called the Montezuma Hills. Mount Vaca is the highest point in the Vaca Mountains and one of several peaks in the greater San Francisco Bay Area that receives snow in the winter.

September 30, 2022

The Honorable Board of Supervisors County of Solano 675 Texas Street Fairfield, CA 94533

Members of the Board of Supervisors,

The Adopted Budget of Solano County for the fiscal year July 1, 2022 through June 30, 2023 is presented in this document. This budget was adopted by the Board following public hearings on June 23, 2022.

Schedule 1 includes a summary of the Adopted Budget for all fund types. This entity-wide perspective has a total financing requirement of \$1.437 billion. This total includes appropriations for expenditures (including contingencies), transfers between funds, intra-fund transactions, and increases and decreases to reserves and designations. This should not be construed to represent the total outflow of economic resources to be spent for services, which would be a lesser amount of approximately \$1.179 million. The difference of \$258 million represents the transfers between funds.

The Adopted Budget sets forth the operating (how to spend) and financial (how to finance) plan for the provision of services to the citizens of the County by all governmental and proprietary funds of the County, dependent special districts and other agencies whose affairs and finances are under the supervision and control of the Board of Supervisors.

The Adopted Budget was compiled in accordance with the County Budget Act (Government Codes §29000 et seq.) and presented in a format prescribed by the State Controller. This document sets forth appropriations as adopted by the Board for each departmental budget unit and fund for the fiscal year ending June 30, 2023.

The preparation of this document is the result of a concentrated, dedicated and coordinated effort by the County. I would like to acknowledge the efforts of departmental budget preparers, department heads, the County Administrator's staff and Jennifer Laron and Sheila Turgo of the Auditor Controller's Office. I would also like to thank the Board of Supervisors for their leadership and support.

Respectfully,

Phyllis S. Taynton, CPA Auditor-Controller

PURPOSE

This segment of the Budget document sets forth the Government Code sections and administrative directives, as issued by the Office of the State Controller, pertaining to the form and content of the Annual County Budget. It describes the format of the Solano County Budget document and includes County ordinances and specific policies adopted relating to the County Budget.

LEGAL BASIS

The Government Code specifies the content of the Budget, budget adoption procedures and dates by which actions must be taken. (Government Code §29000-29144)

FORMS

The Budget document must be on forms prescribed by the State Controller in consultation with the Committee on County Accounting Procedures. (Government Code §29005)

PERMISSION TO DEVIATE

A county may add to the information required, or show it in more detail, providing the financial information and the classifications or items required to be included in the Budget are clearly and completely set forth. Any change proposed by a county in the arrangement of the information required on the forms shall be subject to review and approval by the State Controller.

FUNDS AND ACCOUNTS

Fund and account titles to be used by counties in the preparation of the Budget are those contained in the publication, <u>Accounting</u> <u>Standards and Procedures for Counties</u>, issued by the State Controller. Special districts required to be included in the Budget document must use fund and account titles contained in the publication, <u>Special District Uniform Accounting and Reporting</u> <u>Procedures</u>.

Fund Types

- General Fund The chief operating fund of a government. The General Fund is used to account for all financial resources except those required to be accounted for in another fund.
- Special Revenue Funds Special revenue funds are used to account for and report the proceeds of specific revenue sources restricted or committed to expenditures for specified purposes other than debt service or capital projects.
- Capital Projects Funds These funds are used to account for and report financial resources restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.
- Debt Service Funds These funds are used to account for and report the financial resources restricted, committed, or assigned to expenditures for principal and interest and related administrative charges.
- Enterprise Funds These funds are used to account for operations financed and operated in a manner similar to private business
 enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a
 continuing basis be financed or recovered primarily through user charges (i.e., Airport).
- Internal Service Funds These funds are used to account for the financing of goods or services provided by one department or agency to another department or agency of a government on a cost-reimbursement basis. (i.e., Fleet, Department of Information Technology, Risk Management).

BASIS OF ACCOUNTING/BUDGETING

The general operating group of funds (governmental fund types) are budgeted and accounted for using the modified accrual basis of accounting. Governmental fund types include General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds. This group of funds is summarized on Schedule 2 of the Budget document.

Internal service and enterprise funds are budgeted and accounted for using the full accrual basis of accounting.

The basis of accounting used in this budget document is required by directive of the State Controller and Governmental Generally Accepted Accounting Principles (GAAP) and prescribed by pronouncements of the Governmental Accounting Standards Board (GASB).

- To approve all payments in accordance with the Adopted Budget.

COUNTY STRATEGIC PLAN IMPLEMENTATION

The FY2022/23 Recommended Budget supports several of the 2007 County Strategic Plan, Goals and Initiatives. A key priority is financially supporting the Goals, Strategic Objectives and departmental activities consistent with the Plan.

Following is a description of each of the Strategic Plan's Goals:

Goal: Improve the health and well-being of those who live and work here

The County will encourage healthy, active lifestyles by promoting change toward wellness through healthy programs, partnering with schools, hospitals and cities, early intervention with children and families, providing for access to services including health care, dental care and mental health, and assisting our vulnerable including seniors, children and the disabled. As a large employer, the County will continue to model the importance of health and wellness throughout its workforce.

Goal: Ensure responsible and sustainable land use

The County, working with the cities, education, workforce training and business leaders, non-profit providers and interested citizens will encourage environmentally friendly building and business activities that helps create a high quality of life in Solano County.

The County General Plan was updated and approved by the voters in 2008. The implementation of the various components of the General Plan is still ongoing, including working on plans for a sustainable Travis Air Force Base, an updated Housing Element, and groundwater and water resource management.

Goal: Maintain a safe community

The County and its partners will offer services, programs and projects that move from incarceration to an integrated approach aimed at eliminating recidivism and reducing the growing need for jail beds. Programs on gang prevention, methamphetamine prevention, juvenile and adult recidivism, emphasizing education and training, positive parenting and restorative justice as parts of the integrated systems approach. Emergency preparedness will continue to play a key role in maintaining a safe community.

Goal: Invest in and for the future

Focused both internally and externally, work efforts involve customer service training and continuous quality improvement, survey and focus groups, succession planning, employee training and development, technology investment and financing of capital projects and renewal efforts to ensure access to services in the future.

BUDGET GOALS AND OBJECTIVES

The County Budget sets forth the foundation for major Board policy actions and provides a fiscal "road map" for the direction of County government to follow, now and in the future. As such, the County Budget represents the single most important document that is prepared, reviewed and approved on an annual basis. It is the document that reflects the County's fiscal commitment to the Strategic Plan, its goals and objectives through programs and services.

The intent of the Budget document is to:

- Provide a document in a format that is user friendly and readable in order to give the public a clear understanding about County government operations and funding. The County Statistical Profile gives the reader a comprehensive profile of the County.
- Identify the strategic goals and objectives upon which budget allocations are made and to measure the progress of County departments and operations in fulfilling their departmental goals and objectives as well as the County's overall mission.
- Provide the Board and the public with a clear understanding of revenues and appropriations in the areas of strategic importance to the County, such as Public Safety and Health and Social Services.

The basic principles, goals and objectives of the Board of Supervisors for Solano County have been maintained as the underlying foundation for the Budget. These include:

- The Budget must be balanced with appropriations equaling the combined total of estimated revenues, Fund Balance and/or reserves.
- Wherever possible, the Budget should be balanced with identified ongoing revenue sources equaling ongoing and reasonably
 expected appropriations.
- To the extent possible, one-time money should not be used to fund ongoing operations.
- Service levels should be maintained at the highest level possible, within funding constraints.

- Contingencies and Reserves should be increased in good years to guard against future uncertainties.
- The Budget should have a goal to annually add \$2-3 million to Deferred Maintenance Capital Renewal Reserves.
- Discretionary revenues should be maximized to allow the Board options for the funding of beneficial local programs and services.
- Every effort should be made to ensure accuracy and accountability in estimating and monitoring both revenues and expenditures throughout the fiscal year.
- The Budget should, wherever possible, anticipate and make provisions for uncertain funding for County-operated programs.

In reference to the stated goals and objectives above, several policy guidelines were followed and maintained in developing this Budget:

- Revenues from Property Tax Administration Fees are recognized in the budgets of the Departments (Auditor-Controller, the Clerk of the Board, the Assessor, and the Tax Collector) actually incurring the expenditures.
- Proposition 172 funds have been allocated to maximize public safety services to the public.
- 1991 Realignment revenues have been allocated to Health and Social Services.
- 2011 Realignment revenues have been allocated to certain corrections and human services programs, in accordance with Chapter 40, Statutes of 2011 (AB 118, Committee on Budget) and Chapter 35, Statutes of 2011 (SB 89, Committee on Budget and Fiscal Review) and several 2011 trailer bills. 2011 Realignment Revenues include AB 109 funds reviewed and programmed through the Community Corrections Partnership.
- General Fund Contingencies and Reserves are increased, whenever possible, to safeguard against future uncertainties and are drawn down as directed and/or authorized by the Board when necessary. Consideration will be given during Budget Hearings to increase Assigned General Fund Balances, such as the General Fund Balances for Accrued Leave Payoff, Pension 115 Trust/CalPERS Reserve, and for Deferred Maintenance/Capital Renewal, from available year-end Fund Balance whenever the Balance is in excess of the incoming fiscal year's financing needs.

BUDGET POLICIES OF THE BOARD OF SUPERVISORS

In addition to the legally <u>required</u> duties, there are certain actions to implement the budget process which the Board <u>may</u> take, including:

- Changing the arrangement of information on budget forms, upon approval of the State Controller. (Government Code §29005)
- Inclusion of other data, in addition to presenting the minimum information on available financing and financing requirements as submitted by the Departments in their estimates. (Government Code §29006)
- Selection of the method of presenting supporting data for salaries and allocated positions. (Government Code §29007)
- Designation of Auditor or Administrative Officer to receive budget requests. (Government Code §29040, 29042)
- Designation of Auditor or Administrative Officer to submit budget requests in event of non-performance by responsible official. (Government Code §29045)
- Designation of Administrative Officer to prepare recommended budget on prescribed forms. (Government Code §29061, 29062)
- Approval of new positions and capital assets prior to Budget adoption. (Government Code §29124)
- Designation of official to approve transfers and revisions of appropriations within a budget unit. (Government Code §29125)
- Approval of budgetary adjustments. (Government Code §29125, 29126, 29126.1, 29127, and 29130)
- Designation of an official to whom Auditor shall submit statements showing conditions of budget appropriations and estimated available financing. (Government Code §29126.2)

ADOPTED BUDGET POLICY

The FY2022/23 Budget Hearings was held on Thursday, June 23, 2022.

The Board of Supervisors (Board) has designated the County Administrator as the official responsible to carry out all County budgetary responsibilities not specifically reserved to the Board, Auditor or State Controller.

Chapter 2 of the Solano County Code provides additional information on established County policies. Sections 2-40 through 2-47 specifically address the duties of the County Administrator. Section 2-45 delineates the County Administrator's role in budgetary matters. These duties include:

- Develop budget instructions and policies, revenue estimates and departmental budget targets to guide departments in budget preparations.
- Recommend to the Board an annual County operating budget based on revenue projections, budget targets and proposed work programs and projects developed by the various departments.
- Recommend to the Board a capital budget based upon long-range plans for acquiring, constructing or improving buildings, roads and other County facilities.
- Recommend to the Board the acquisition and disposition of real property, except for County roads, easements and rights-ofway, which shall be the responsibility of the Director of Resource Management.
- Establish a control system or systems to ensure the various County departments and other agencies under the jurisdiction of the Board are operating within their respective budgets.
- Recommend requests to the Board for unforeseen and unbudgeted expenditures.
- Approve fund transfers and budget revisions within appropriations.
- Recommend to the Board fund transfer requests requiring Board action under State law.
- Establish policies for acquiring additional or replacement capital assets.
- Keep the Board informed of the financial status of the County and of other matters of major significance to the County.

BUDGET AND FISCAL POLICIES FOR FY2022/23

Budget Policy

- <u>General Fund Emphasis</u>: Pending the outcome of actual Year-End Fund Balance, Departments' budgets should be prepared with a goal that the FY2022/23 Net County Cost or General Fund (GF) Contribution to programs will not exceed their FY2021/22 Midyear projection where possible and have no new programs or positions unless revenue-offset.
- 2. <u>Labor Costs</u>: The Memorandums of Understanding (MOU) with the County and all its labor units are set to expire during FY2022/23. During the year, the County will be negotiating with the labor units with the goal of reaching successor MOUs. The County anticipates continued increases in PERS employer rates effective FY2022/23, with continued increases in the future. In this regard, Departments should continue to pursue efficiencies in the delivery of services, searching for opportunities to automate, streamlining services where feasible, share back office operations, and eliminating vacant non-"Mission Critical" positions. A "Mission Critical" position is defined as "a position that provides essential life, safety and/or public health services to the community or required to be filled by the County to avoid liability and to limit impairment or disruption to the delivery of mandated services."
- <u>Contributions to Outside Organizations</u>: The Budget should not include contributions to outside organizations not controlled by the Board, such as the State Courts, unless the organization is carrying out a priority of the Board based on the community's needs.
- 4. <u>Maximize the Board's Discretion</u>: Wherever legally possible, revenues are to be treated as discretionary resources, rather than as dedicated to a particular program or service. The goal is to give the Board as much flexibility as possible in allocating resources to local priorities, including the Goals and Objectives outlined in the County Strategic Plan. To the extent allowed by law, existing programs or activities should be funded with dedicated funding sources. This will free up scarce discretionary resources to fund Board priorities.

- <u>Pursuit of New Revenues</u>: Pursue additional revenue sources to the fullest extent possible for all services; and, for fee-setting purposes, identify total cost (including indirect costs) to enable full recovery of all costs associated with the service provided when allowed by law and economic/market considerations.
- <u>Discretionary Programs</u>: Do not recommend <u>new</u> discretionary programs unless the programs are stated Board priorities, offset by savings or efficiencies creating capacity for the new program, or are fully funded by non-General Fund sources in FY2022/23 and will continue to be in future years. Seek legislative relief or reform for programs when feasible to facilitate service outcomes over prescribed processes and procedures.
- 7. <u>Pursue Operational Efficiencies</u>: Explore reducing expenditures and maximizing revenues through automation and moving toward self-help service delivery where feasible, consolidation of functions and streamlining of County operations.
- 8. <u>County Share</u>: If State or federal funding is reduced, there should be no increased County share for programs funded primarily from non-General Fund sources, unless increased County share is mandated, or the program is a high priority for the Board of Supervisors, and the amounts are feasible in light of the County's fiscal situation.

Fund Balance Policy

On February 13, 2007, the Board adopted a policy on the General Fund Reserve. On June 14, 2011, the Board approved changes to the General Fund Reserve Policy to conform to Government Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. While the changes primarily affect reporting and not budgeting, changes in terminology are notable.

The General Fund Reserve and Other Designations Policy was updated and renamed Fund Balance Policy. The classifications for governmental funds of designations, reserves and unreserved/undesignated were replaced by the five categories of non-spendable, restricted, committed, assigned and unassigned.

Examples of these five categories of Fund Balance are:

- a. Non-spendable: Long-term loans
- b. Restricted: Public Facilities Fees
- c. Committed: Public Art
- d. Assigned: General Fund Contribution to other funds
- e. Unassigned: Residual net Fund Balance

Key provisions of the Board's updated Fund Balance Policy include:

The General Fund General Reserve will be maintained at a target level equal to 10% of the County's total budget excluding interfund transfers, with a minimum balance of \$20 million at all times. The current reserve is \$46.8 million which is currently 44% of the target Reserve of \$107 million. This level will be maintained to provide the County with sufficient working capital and a comfortable margin to support one-time costs for the following purposes:

- When the County faces economic recession/depression and the County must take budget action.
- When the County is impacted by a natural disaster or any other emergency.
- When the County experiences unexpected declines in revenues and/or when unpredicted large one-time expenditures arise.

In circumstances where the General Fund General Reserve has fallen below the established level, the County shall replenish the deficiency within five fiscal years or as soon as economic conditions allow from the following revenue sources: year-end surpluses, non-recurring revenues, or if legally permissible and with a defensible rationale, from excess resources in other funds.

Subject to the Board of Supervisors' restrictions, the following will guide how the General Fund General Reserve should be used:

- 1. Use the General Fund General Reserve to phase into fiscal distress periods gradually, focusing on maintaining the Board's priorities.
- 2. To the extent possible, use the General Fund General Reserve as the last resort to balance the County Budget.

- 3. To the extent possible, the spending down of the General Fund General Reserve should not exceed \$6 million a year (Board of Supervisors' policy direction on February 13, 2007).
- 4. The General Fund General Reserve should not be used to support recurring operating expenditures.
- 5. The General Fund General Reserve is subject to restrictions imposed by Government Code §29086, which, except in cases of a legally declared emergency, limits the Board's ability to increase or decrease the General Reserve during the annual budget process and any subsequent increase requires 4/5 vote by the Board.

General Fund Balance for Accrued Leave Payoff

During FY2005/06 Budget Hearings, the Board established a **Reserve for Accrued Leave Payoffs**. In accordance with GASB 54, this Reserve has been renamed as General Fund Balance for Accrued Leave Payoff. The purpose of this Fund Balance is to minimize the fiscal impact of employee retirements on County departments' budgets. These funds are to be used for large employee payoffs upon retirement or employment separation from the County when the respective department has insufficient appropriations during the fiscal year to fund these payoffs. The following criteria and procedures were approved by the Board for managing the General Fund Balance for Accrued Leave Payoff:

- 1. <u>Minimum General Fund Balance for Accrued Leave Payoff</u>. On an annual basis, the Auditor-Controller shall calculate the projected leave payout requirements for the subsequent five years, net of federal and State reimbursements, and provide the information to the County Administrator's Office for inclusion in the following year's Recommended Budget. The Board's policy is to maintain General Fund Balance for Accrued Leave Payoff equal to 40% of the five-year projected leave payout requirements net of State and federal reimbursements, with a minimum of \$2 million balance maintained at all times.
- <u>Replenishing General Fund Balance for Accrued Leave Payoff</u>. In circumstances where the General Fund Balance for Accrued Leave Payoff has fallen below the established requirement, the County shall replenish the deficiency within three fiscal years or as soon as economic conditions allow from the following revenue sources: year-end surpluses, non-recurring revenues, or if legally permissible and with a defensible rational, from excess resources in other funds.
- 3. <u>Anticipated Accrued Leave Payoffs</u>. During the budget process, a General Fund Department or a Department that receives a General Fund Contribution should determine the amount needed to cover anticipated Accrued Leave Payoffs for the upcoming year and include the amount in their budget and work with the County Administrator's Office (CAO) to determine the funding strategy to include the appropriate amount in the Recommended Budget. Strategies may be:
 - a. If the Department has sufficient appropriations to fund the Accrued Leave Payoff, the Department shall absorb the cost.
 - b. If the Department cannot absorb the cost, the Department must work with the CAO to determine the funding source(s) to offset the increased costs. Funding from the **General Fund Balance for Accrued Leave Payoff** may serve as a resource to provide the affected Department with the General Fund share of the employee payoff.
 - c. The General Fund share of the estimated Accrued Leave Payoff will be appropriated in the General Expenditures budget during the budget process. This appropriation will be funded from the **General Fund Balance for Accrued Leave Payoff.**
 - d. The CAO is authorized to make necessary budget adjustments to the affected Department(s) **without** Board approval up to the amount appropriated in 3. c. above.
- 4. <u>Unanticipated Accrued Leave Payoffs</u>. During the budget year, Departments may have employees retire/terminate that were not factored in the Accrued Leave Payoff calculation. Departments should consult with the CAO to determine the most appropriate funding strategy.
 - a. General Fund Departments or Departments that receive a General Fund Contribution should determine if sufficient appropriations are available in their budget to absorb the payoff, and, if not, work with the CAO to determine the appropriate level of funding from the **General Fund Balance for Accrued Leave Payoff** as indicated above in 3. c. If there are insufficient appropriations in General Expenditures Accrued Leave Payoff the CAO may recommended the use of the General Fund Contingency to fund the costs. Use of General Fund Contingency requires a 4/5 vote of the Board.

b. Non-General Fund Departments or Departments that do not receive General Fund Contributions will need to determine if their respective program has sufficient appropriations or contingencies to support the Accrued Leave Payoff and should adjust their budget accordingly at Midyear, if necessary. If their respective program does not have sufficient appropriations or contingencies to support the Accrued Leave Payoff, the Department(s) should work with the CAO to determine the appropriate funding strategy.

Contingency Policy

On February 13, 2007, the Board adopted the General Fund Contingency policy to establish a level equal to 10% of the General Fund total budget. The current recommendation from staff for FY2022/23 is to fund the General Fund Contingency at \$14 million. The final amount will be determined by close out of the Budget reconciliation. Appropriations for Contingencies are legal authorizations granted by the Board of Supervisors to be used for one-time unexpected needs that arise outside of the regular budget planning process. Pursuant to Government Code §29130, access to the Appropriation for Contingency requires a 4/5 vote of the Board of Supervisors.

Investment Policy

The County maintains an Investment Pool managed by the Treasurer/Tax Collector/County Clerk. The Investment Pool acts as a depository for funds from over 80 units of local government, including funds of the county school districts, special districts and other entities.

Amounts deposited in the Investment Pool are invested in accordance with investment policy guidelines established by the County Treasurer and approved by the Board.

The primary objectives of the Policy are:

- Safety Maintain the security of principal
- Liquidity Ensure adequate liquidity to meet its cash flow needs for pool participants
- Yield Generate returns commensurate with the inherent risks being managed

The Policy addresses the soundness of financial institutions in which the County deposits funds, types of investment instruments as permitted by the California Government Code §53601, and the percentage of the portfolio that may be invested in certain instruments with longer maturity.

Debt Policy

The County Administrator's Office maintains a Debt Advisory Committee, consisting of the Assistant County Administrator and/or Budget Officer, Auditor/Controller, and Treasurer/Tax Collector/County Clerk. The Committee provides analyses and recommendations through the County Administrator for policy implementation and oversight.

The County establishes fund accounts to manage and budget resources for the payment of interest and principal for general longterm debt. The County also incurs debt when prudent to reduce future costs, such as pension obligation bonds.

Conditions for debt issuance are as follows:

- Purpose and Use of Debt long-term General Fund debt will be incurred based on the County's needs and ability to repay, and where appropriate, methods and sources of funding will be maximized. Long-term debt will be restricted to those capital improvements that cannot be funded from current revenues.
- Types of Debt includes General Obligation Bonds, Revenue Bonds, Certificates of Participation, Commercial Paper, Lease-Purchase Agreements and other obligations.
- Project Life debt shall not exceed the useful life of the asset being acquired or constructed.
- Refunding Policies the County maintains a debt structure that allows for early retirement of debt.

Restrictions on debt issuance include:

- The use of debt to fund operating costs or projects associated with operating costs are prohibited.
- Short-term debt will not be used to finance long-term debt.

Debt service limitations include:

- Debt is a policy decision which requires a financial condition analysis that incorporates economic trends, benchmark studies, and all other forces impacting the future finances of the County.
- Analysis of debt burden is measured, but not limited to, the following ratios:
 - Debt service requirements as a percentage of General Fund Revenue.
 - Debt service as a percentage of Per Capita Income.
 - Debt service as a percentage of General Fund Expenditures.

In addition to the policy above, California Government Code §29909 states the total amount of bonded indebtedness shall not at any time exceed 5% of the taxable property of the County as shown by the last equalized assessment roll.

Resource Reduction Strategy

In the event reductions in resources in any fiscal year require actions to balance the Budget, in 2007, the Board of Supervisors approved certain Resource Reduction Strategies intended to guide the County including the following:

- 1. General Philosophy
 - a. To the extent possible, across-the-board reductions in expenditures will be avoided. Reductions will be made on a caseby-case basis. The emphasis will be on conserving General Fund discretionary resources to finance high priority programs, as set forth in the Solano County Strategic Plan adopted by the Board on December 11, 2007, and as further defined by the Board annually. If necessary, funding for lower priority programs will be reduced or eliminated to ensure appropriations remain in balance with resources;
 - b. The County administers a number of costly State programs that are heavily funded by State and federal dollars. Compared to the State and federal governments, the County has only limited ability to raise revenues. Recognizing that, in the event of a substantial reduction in resources for these programs, the County's goal, to the extent legally possible, is to avoid back-filling reductions in State and federal dollars with County discretionary dollars;
 - c. Maintaining a highly professional service delivery system is of foremost importance to the County. Thus, if it becomes necessary to make significant service delivery reductions, the goal will be to reduce the quantity of a service provided rather than the quality of service; and
 - d. Finally, every effort will be made to continue capital and planning programs geared toward meeting the County's long-term needs.
- 2. Resource Reduction Priorities
 - a. Short-Term Actions

The following actions, listed in priority order, will be considered when dealing with the immediate impact of a reduction in resources. The purpose of these actions is to achieve immediate savings and/or better position the County to deal with the impact of longer-term actions once they are implemented.

- i. A Selective Hiring process will be implemented. Funding sources, Board priorities, the nature of the program, the potential for service delivery disruption, and the type of position –i.e., is it "Mission Critical?" will be considered by the CAO in implementing the hiring process.
- ii. Implementation of new programs, not fully operational, that are not fully revenue-offset, will be subject to further CAO review and recommendation to the Board.
- iii. Purchase of equipment will be selectively deferred and reviewed annually. Funding source and impact on service delivery will be considered in implementing the deferral.
- iv. Voluntary Time Off (VTO) is available to employees only during periods designated by the Board of Supervisors as times of economic hardship. Under this program, the department head may grant a permanent employee voluntary time off with the right to return to the same position according to the provisions outlined in the policy. The employee

will be granted VTO in the form of personal unpaid leave of absence without pay as an alternative method of reducing County costs.

b. Long-Term Actions

The following actions will be considered when dealing with the longer-term impact of a significant reduction in resources. As appropriate, these reductions will be reflected in the Recommended Budget, and/or Midyear or Third Quarter budget adjustments. The actions are listed in priority order and lower priority actions will be implemented only if higher priority actions are insufficient to deal with the fiscal shortfall:

- i. General Fund discretionary contributions to certain programs that are primarily the State's responsibility will be capped at current levels, to the extent legally possible. Except as required by law, the County will not use General Fund dollars to backfill reductions in State or federal funding for these programs.
- ii. A moratorium will be placed on implementing new programs or expanding existing programs if the cost of those programs or expansions is not fully revenue-offset and a secure long-term funding source is not identified.
- iii. Moderate service level reductions will be proposed on a case-by-case basis. These service level reductions will focus first on reducing General Fund support for those programs that have not been identified as a high priority by the Board.
- iv. Discretionary resources that have been earmarked by the Board for certain purposes will be proposed for reallocation to fund on-going programs that are a priority for the Board.
- v. General Fund support to outside agencies not controlled by the Board should be greatly reduced or eliminated. This refers to the use of General Fund to support outside agencies whose programs are not aligned with Board priorities, and/or the County has determined would not be provided directly by the County.
- vi. Major program reductions will be proposed in accordance with the Solano County Strategic Plan and the general philosophy described above. These reductions will fall into two general categories:
 - Program reductions that will be made in response to significant reductions in State funding for programs that
 are primarily the State's responsibility. In this case, the County will consider returning responsibility to the State
 for operating those programs to the extent permitted by law. Where returning responsibility to the State is not
 legally possible, County General Fund support for these programs will be reduced to the minimum level possible,
 consistent with State mandate requirements.
 - Program reductions will be proposed in response to a reduction in County discretionary revenue. In this case, reductions will be made first in those programs that are not related to the Board's priorities and goals.

Hiring Policy-Past Actions by the Board of Supervisors

In FY2010/11, a Selective Hiring Freeze process was instituted to help contain costs due to the State's continuing budget shortfall and to help balance the County's Budget. The County Administrative Officer (CAO) was authorized to selectively fill vacant positions based on the affected Department's need and the particular position's function. Authorization to recruit for vacant positions was reviewed in terms of the definition of "Mission Critical" positions presented to the Board on October 4, 2011 and was further defined in June 2013.

Due to increasing salaries and employee benefits costs associated for current and new positions authorized to meet mandates and Board approved promotions, the County Administrator recommends to the Board that the County continues a hiring policy that requires the CAO to deliberately review all permanent, limited-term, part-time, and extra-help positions when they become vacant to see if they should be retained and rehired with new employees. Departments will have to demonstrate the critical need in operations and funding strategies to the CAO for any new additional positions to be added during the fiscal year.

1. Duration

This Policy will be in effect for FY2022/23 and until the State and federal budgets and fiscal policies and their impacts on the County are known, and a long-term plan to address those impacts addressing the remaining structural deficit in the General Fund has been accomplished, is formulated, and/or approved by the Board.

2. Goal of Hiring Process

The goal of this Policy is to contain costs and to provide clear direction for hiring and implementing staffing reductions, if necessary.

3. Hiring Guidelines

The County Administrator's approval is required to fill departmental position requests. In evaluating whether to fill a vacant position, the following is to be considered:

- a. Is the position critical to the operation of an essential public safety activity, such that not filling the position will put the lives, health or safety of residents or other staff at risk? Is the position critical to avoid liability and limit impairment or disruption to the delivery of mandated services? If the answer is yes to both questions, the position can be considered for approval by the CAO.
- b. Is the program that the position supports funded on an ongoing basis by a dedicated and assured revenue source? Is the position unique to that program? If the answer is yes to both these questions, then, absent other considerations, the position can be advanced for CAO consideration.
 - i. A position is considered unique to a program when the classification is not located in any other Department or program. Examples might be Librarians or Engineers. In this context, an Office Assistant would not be a unique position, because this classification is found in many different programs and, in the event of the potential need to eliminate filled positions, an Office Assistant could be transferred from one program to another within the County organization.
 - ii. Before consideration will be given to a position that meets the stated criteria, departments should evaluate whether the resources involved could instead be used to help mitigate the impact on the County of revenue reductions in other areas.
- c. If a position is not filled, is the resulting reduction of services for a program below a legally mandated level? If the answer is yes, the position can be considered, but subject to the following:
 - i. The Department should first explore obtaining a waiver of any service level mandate or the feasibility of ending the program or returning responsibility for the program to the State.
 - ii. To the extent practical, efforts should be made to fill the position using the call-back of a laid-off County employee formerly serving in the same classification, or extra-help or through internal recruitment.
- d. If a position is not filled, is the result a diminished service level where, in the Department's judgment, the program's effectiveness is seriously compromised? If the answer is yes, the Department should further consider the following:
 - i. Is this a high priority program as determined by the Board of Supervisor's Strategic Plan and priorities?
 - ii. A thorough exploration of alternative means of providing adequate services has determined they are not feasible or are more costly.
 - iii. To the extent practical, efforts should be made to fill the vacant position using the call-back of a laid off County employee formerly serving in the same classification, or extra-help or through internal recruitment.
- e. Is the position in question a critical and hard-to-fill position, as evidenced by repeated, unsuccessful attempts by the Department to recruit? If the answer is yes, and if the program is a high priority for the Board of Supervisors, then the position can be considered.

The Board approved in February 2008 actions in preparation for reductions that may be required for the future. These actions were reaffirmed by the Board in 2011. If possible, in times of economic uncertainty, to help maintain the County's financial stability:

- Departments are directed to immediately halt the implementation of all new programs without a dedicated funding source and that are not already fully implemented.
- Departments are required to obtain CAO approval for the purchase of all capital assets or any computer-related purchase that has not been previously included in the Refresh Policy. Approval will only be granted if the cost of the equipment is fully revenue-offset or is critical to program operations.

• Departments may be directed to take whatever steps necessary to end the fiscal year with no increase in County Contribution.

SUMMARY OF DESIGNATED RESPONSIBILITIES FOR ACTIONS

As previously discussed, State laws and County ordinances prescribe the manner and form in which the Budget is presented. Additional responsibilities and the delegation for preparation, review, approval and amending the Budget are also established by statute and ordinance, and by policies coordinated through the Board of Supervisors, the County Administrator and the Auditor-Controller's Office.

Listed below are additional actions requiring a <u>four-fifths vote</u> of the Board of Supervisors:

- Appropriation increases within a fund.
- Appropriations from contingencies.
- Appropriations of unanticipated revenues.
- Transfers between funds.
- Transfers from designated reserves.
- Transfers from equipment replacement reserves.
- Transfers from the General Fund General Reserve (only during budget hearings).

Listed below are additional actions requiring a majority vote of the Board of Supervisors:

- Approval of a capital asset over \$75,000 that does not increase the overall department budget.
- Reduction of appropriations and revenues for funding not realized.
- Approval of contracts and amendments when the aggregate amount of the contract and amendment(s) is equal to or in excess of \$75,000 per fiscal year.
- Approval of petty cash accounts over \$3,000 for all departments, with the exception of the County Library's petty cash account which may be approved over \$5,000.
- Transfers between Departments within a Fund.
- Transfers between Capital Projects.
- Transfers equal to or more than \$75,000 from Salaries and Employee Benefits (accounts 1110 through 1999) within a Department.
- Approval of grant application submissions when the amount of the grant is equal to or more than \$75,000 per fiscal year or when the grant-funded activity has General Fund impacts after the grant funds run out.

Listed below are the actions delegated to the County Administrator:

- Approval of a capital asset up to \$75,000 that does not increase the Department's budget.
- Approval of a change in a type of capital asset in lieu of one already budgeted.
- Approval of appropriation transfers to reclassify capital asset appropriations incorrectly budgeted in the categories of Services and Supplies or Other Charges.
- Transfers between divisions, bureaus and sections within a Department provided the total appropriation of the Department is not changed.
- Approval of appropriation transfers to ensure proper classification in accordance with generally accepted accounting principles.
- Transfers less than \$75,000 from Salaries and Employee Benefits (accounts 1110 through 1999) to other object categories within a Department.

- Transfers to and from expenditure categories 2000 Services and Supplies, 3000 Other Charges, 5000 Other Financing Uses, and 7000 Intrafund Transfers, provided the total appropriation of the Budget is not changed.
- Transfers to and from the following accounts: Salary/Wages-Regular (1110); Other Post-Employment Benefits (1213); Compensation Insurance (1240); Insurance-Property (2050); Liability Insurance (2051); Central Data Processing Services (2266); Countywide Administrative Overhead (3710); Building Use Allowance (3712); and Pension Obligation Bonds (5040), provided the total budget is not changed.
- Approval of contracts and amendments when the aggregate amount of the contract and amendment(s) not previously approved by the Board is less than \$75,000 per fiscal year.
- Approval of appropriation transfers to increase the Fleet Management budget when departments have received approval from the Board to purchase new vehicles.
- Approval of appropriation transfers for Operating Transfers-In when an Operating Transfers-Out has already received Board approval.
- Approval of appropriation transfers for Interfund Services provided (subobjects 0009690-0009698) when an Interfund Services used (subobjects 0003690-0003698) has already been budgeted/used and the total budgeted revenue is not increased.
- Approval of appropriation transfers to fund the General Fund share of the estimated Accrued Leave Payoff which cannot be absorbed within existing department budget appropriations, up to the amount appropriated in the General Expenditures budget during the budget process. (See General Fund Balance for Accrued Leave Payoff section 3 d.)
- Approval of modified work weeks and flexible work schedules for County departments provided the County departments can
 demonstrate a benefit for the County, and if applicable, meet its obligation under the Meyers-Milias-Brown Act (MMBA) with
 represented employees.
- Approval of grant application submissions when the amount of the grant is less than \$75,000 per fiscal year.
- Authority to release a Department head from accountability of unaccounted capital assets if it has a Fair Market Value of less than \$5,000 or it has been stolen and has a Fair Market Value of less than \$75,000. The Department must provide a copy of the police report, and the CAO must determine no negligence occurred.
- Authority to delete positions that have been vacant for over six months, in accordance with the 2011 Budget Reduction Strategy of eliminating or freezing vacant positions and only filling positions that are "Mission Critical" to the organization, and to accordingly direct the Director of Human Resources to make technical changes to the Position Allocation List as needed.
- Authority to sign all agreements and/or contract amendments resulting from the Board's approval of the FY 2022/23 Recommended Budget and Supplemental Budget requests.
- Authorize the County Administrator, assisted by the Auditor-Controller, to draw down Committed Fund Balance for Accrued Leave Payoff by \$1.5 million.
- In the event the General Fund's year-end Fund Balance exceeds the amount needed to balance the FY2022/23 Budget, as
 may be authorized by the Board of Supervisors following Budget Hearing deliberations, authorize the County Administrator
 to authorize the Auditor-Controller to:
 - o Increase the General Fund Committed Fund Balance for Capital Renewal up to \$10.0 million; and/or
 - Increase the General Fund Committed Fund Balance for the Employer CalPERS Rate Increases and/or 115 Trust up to \$10.0 million; and/or
 - Increase the General Fund Committed Fund Balance for General Fund Reserves up to \$5.0 million.

Listed below are actions delegated to the Director of Human Resources:

BENCHMARK COUNTIES

The following pages provide a graphical summary of statistical, employment, and demographic information about Solano County. When reviewing Solano County's economic health, the County government's financial capacity, and the County's delivery of services to residents in unincorporated areas, the County inevitably compares itself from the current year to past years.

Additionally, the question of how Solano County compares with other counties is often asked. This leads to the question: Which counties should be used for comparison purposes?

A group of ten counties have been selected to be used for comparison in seven of the following charts. Solano County has the following characteristics in common with each of these counties:

- Agricultural Commissioner
- · Weights and Measures
- U.C. Cooperative Extension Services
- Oversight and Permitting of Landfills and Solid Waste Disposal and Collection
- Elections and Voter Registration
- Clerk-Recorder
- Tax Assessment and Collection
- Emergency Medical Services
- Animal Care Services
- Building and Safety (unincorporated County only)
- · Maintenance of County Roads and Bridges
- Law Enforcement (primarily unincorporated County)
- Land Use Issues (unincorporated County only)
- Napa/Solano Area Agency on Aging (staff support)

- They are the ten counties like Solano County in population two with higher population and eight with lower population.
- A total population of more than 125,000 but less than 525,000.
- All include both suburban and rural environments.
- None contain a city with more than 300,000 in population.
- Seven are coastal or Bay Area Counties.
- Most have similar land use challenges facing Solano County.

COUNTY POPULATION OVER TIME

The California Department of Finance's May 2, 2022 estimate of the population of Solano County is 447,241, decreasing by 2,723 residents or (-0.6%) when compared to 2021 (Chart A). Of California's 58 counties, Solano County ranks number 19 in terms of population size. All seven cities in Solano County experienced a decline in population between 2021 and 2022, with the single largest decline in the City of Suisun City at -370 (or -1.3%).

California's population estimate was 39.18 million as of May 2, 2022, a 0.3% decrease from 2021, per the California Department of Finance. California, the nation's most populous State, represents 12.1% of the nation's population, or one out of every eight persons. Solano County's population represents 1.15% of the State population.

When you look at the County population over the past 22 years, the rate of growth nearly doubled between 2010 and 2020 when compared to 2000 to 2010, and then tapers off between 2021 and 2022. See Chart B below for figures.

OUR CHANGING POPULATION – HOW WE COMPARE TO BENCHMARK COUNTIES

California's population contracted by -0.3% in 2021, with 117,552 fewer residents per the California Department of Finance. Among the ten comparable benchmark counties, Placer, San Luis Obispo, Santa Barbara, Santa Cruz, Tulare and Yolo all added residents. Solano County contracted at a modest rate, with 2,723 fewer residents, or about -0.6% of the County's total population. Napa County lost the greatest number of residents among the comparable counties, when comparing overall percentage of the population, losing 1,339 residents (or -1.0%). Marin, Monterey and Sonoma Counties all lost residents, contracting -0.9%, -0.5% and -0.5%, respectively.

CHART C: POPULATION OF BENCHMARK COUNTIES / POPULATION GROWTH AND PERCENTAGE, 2022

The table below shows the population of the 10 benchmark Counties, including Solano County, and their total population in 2022. Solano County has become the third largest County based on population, moving up one spot from the prior fiscal year, taking over Santa Barbara County, who is now the fourth largest County based on population.

SNAPSHOT – SOLANO AT A GLANCE, DEMOGRAPHICS

EDUCATIONAL ATTAINMENT

Per the 2021 Index of Economic and Community Progress, Solano County's graduation rate (85.8%) fell slightly by 1.1% in 2020/21 (the latest data available) from the previous academic year (86.9%) but remains above the State of California's graduation rate of 83.6%. Per the 2016-2020 American Community Survey, 27.5% of Solano County residents age 25 years and older have attended some college and 29.0% have earned either an associates and/or a bachelor's degree, 0.5% lower than the State average of 29.5%. Solano County residents age 25 and older with a post graduate degree is 8.6%, 4.5 percentage points less than the State average of 13.1%.

AGE GROUP BY POPULATION

In Solano County, the number of young and working age adults closely mirrors the national average, whereas the gap between Solano's senior and retirement age population remains mostly flat.

Approximately 24.4% of all people living in Solano County are age 19 or younger. This closely mirrors the State percentage of 25.3%, a difference of 0.9 percentage points.

More than half (59.9%) of Solano County's total population is comprised of residents between 20 and 64 years of age. This is lower (0.4 percentage points) than the State of California's average of 60.3% of the total population.

In Solano County, individuals age 65 years and older represent approximately 15.7% of the total population, down by 2.4 percentage points over the course of a year (down from 18.1% in 2020). In the State of California, this age demographic makes up approximately 14.3% of the total population.

RACE IDENTIFICATION

The California Department of Finance generates population projections for all counties in California. Research projects that over the next 10 years Solano County will be increasingly more ethnically diverse. According to the Association of Bay Area Governments and the Metropolitan Transportation Commission, Solano County is the most diverse County in the nation.

By the end of 2022, preliminary predictions indicate that Solano County will be approximately 38.8% White, 26.3% Hispanic, 14.2% African American, 14.0% Asian, and 6.7% Mixed Race, just a slight shift from today's estimates. Please see population estimates chart for estimates for 2025 and 2030 below.

SOLANO COUNTY - SIZE, DISTRIBUTION AND WHERE PEOPLE LIVE

According to the California Department of Finance's May 2021 City/County Population Estimates, statewide 82.9% of California residents live in incorporated cities and 17.1% in unincorporated areas. In contrast, 95.8% of residents in Solano County live within the County's seven cities. This phenomenon is by design. In the early 1980s the residents of the County passed an Orderly Growth Initiative, which was extended in 1994, that focuses most urban growth to the incorporated cities. The voters reaffirmed this measure through the adoption of the 2008 Solano County General Plan, sustaining a commitment to city focused growth through 2028.

In comparison to its benchmark counties, Solano County is one of the smaller counties in terms of square miles of land area. According to the U.S. Census Bureau, Solano County consists of 909 square miles, of which 84 square miles is covered with water. The San Pablo Bay, Suisun Bay, the Carquinez Straits, and the Sacramento River provide the County with natural borders to the south and east. Rich agricultural land lies in the northern area of the County while rolling hills are part of the southern area. Approximately 62% of the County land area is comprised of farmland.

This unique mixture of a sizeable urban population and a large rural/agricultural base may create some unique challenges for County government, including:

- Challenges in the transition zones between urbanized areas and agricultural areas (i.e., land use, pesticide use, dust, noise, odors, and vermin).
- Coordination of infrastructure transitions from the urban areas to the rural areas (i.e., reliever routes, upgraded feeder streets/roads, flood control, limited intercity connectivity, and public transportation).
- With limited resources and a reliance on property taxes and State and federal funding, it is a challenge to provide urbandriven needs (as indicated by the high density per square mile) for health, mental health, public assistance, and law and justice services.

SOLANO'S POPULATION LIVING IN POVERTY - HOW WE COMPARE

The U.S. Census Bureau defines the poverty threshold for an average family of four living in the United States (48 contiguous states and the District of Columbia, not including Alaska and Hawaii) as having a median annual family income of \$26,500 or less for calendar year 2022. The average median annual family income for families of four living in Solano County is \$84,638 or 219.3% higher than the national average.

Per the 2016-2020 American Community Survey by the U.S. Census Bureau, the latest date the data is available, 6.5% of all families are living at or below the federal poverty level in Solano County. This estimate compares to 9.1% of all people, 3.5% of married couples and 12.8% of people under the age of 18 living under the federal poverty level in Solano County. The poverty rate was the highest, estimated at 16.6%, among households with only a female householder and no spouse present.

The number of all families living at or below the poverty level varies considerably among Solano County's seven cities, including Benicia, 4.4% or 1,173 people; Dixon, 7.8% or 1,488 people; Fairfield, 8.6% or 10,311 people; Rio Vista, 10.6% or 1,588 people; Suisun City, 10.1% or 318 people; Vacaville, 6.5% or 6,582 people, and Vallejo, 11.7% or 14,413 people.

Solano County is positioned sixth on the bar chart below when compared to benchmark counties, with five counties having higher poverty rates, including Santa Cruz, Santa Barbara, Yolo, Monterey and Tulare, and five counties with lower poverty rates, including Marin, Napa, Placer, Sonoma and San Luis Obispo. Solano County is 2.5% lower than the statewide average for all families living at or below the poverty level. It should be noted that every county had an improvement (or reduction) in their unemployment rates.

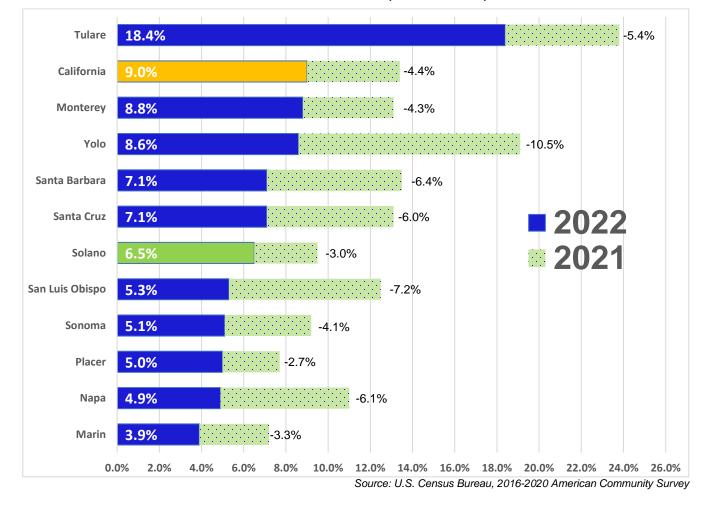

CHART F: PERCENTAGE OF POPULATION IN POVERTY (ALL FAMILIES) IN BENCHMARK COUNTIES

OUR CHANGING POPULATION – THE NEXT SEVERAL DECADES

Solano County's population is projected to grow from 413,344 in 2010 to 530,326 or 28.3% by 2050, according to projections by the U.S. Census' American Community Survey (2016-2020). The composition of this population is expected to shift significantly over the next 30 years, with the median age increasing from 37.5 in 2010 to 42.2 in 2050. The aging population will likely affect the types of service demands placed on the County and may impact statewide and regional planning efforts.

One way to evaluate this population change is to analyze the dependency ratio, which examines the population changes in relationship to the traditional working age population of individuals between age 19 to 64. In 2010, for every 6.2 people in the County workforce there were 2.6 children and 1.2 retirees. By 2050, the young population (19 and younger) is expected to increase slightly by 3,131 or 2.7%; the working age population will increase by 35,112 or 13.9% and retiree population by 79,247 or 167.4%. The Department of Finance projects more people will be entering the retiree population than those entering the workforce.

UNEMPLOYMENT AND THE ECONOMY

Most every County in the United States was impacted economically by the COVID-19 pandemic health emergency, having a direct impact on their regional unemployment rates. Prior to March of 2020, the unemployment rate in Solano County had been relatively stable – between 4.1% and 4.6% – a level considered "full employment" by most economists. In April 2020, at the beginning of the health emergency, the unemployment rate in Solano County reached an all-time high, peaking at 15.7%. In March 2021, nearly a year later, the unemployment rate had fallen to 7.8%, a significant decrease from the previous year. As of March 2022, the economy has mostly stabilized in Solano County, as well as in California and the rest of the nation.

Chart I below shows the year over year unemployment rates in benchmark Counties (March to March). As of March 2022, the unemployment rate in Solano County is 4.6%. **Chart J** below shows the year over year unemployment rates in Solano County cities (March to March) and how they have changed over time.

CHANGE IN PERSONAL INCOME - HOW IT AFFECTS PURCHASING POWER

Personal income is made up of wages and salaries, transfer payments from all levels of government, investment income (dividends, interest, and rents), business income from owning a business (proprietor's income), and other income sources. The *California Department of Finance, May 2, 2022 report* indicates that per capita income in Solano County (\$36, 685), the metric used to determine average per-person income for an area, outpaced the national economy per capita income of \$35,672, but was slightly slower than California's per capita income of \$38,576.

Per the 2020 statistics from the *California Department of Finance, 2016-2020 American Community Survey* (the latest date the data is available), Solano County ranks as the fourth lowest in per capita income when compared to benchmark counties. Solano County's growth rate in per capita income decreased by -0.8% (or \$283) between 2019 and 2020 but decreasing at a slower pace than most of the benchmark counties. Solano County's per capita income of \$36,685 in 2020 is -5.1% or \$1,891 less than the State's per capita income of \$38,576.

Because the change in per capita income data lags by one year, the data collected in May 2022 has shown a decrease in personal income, as it is pulling data collected from 2020; however, data to be collected in 2023 is likely to show an increase as lost personal income related to the COVID-19 pandemic began to recover in 2021. It is difficult to speculate how much of an increase this will be as Solano County, the State of California, and the rest of the world are all recovering at a different pace from the emergency.

MEDIAN HOUSEHOLD INCOME COMPARISONS AMONG BENCHMARK COUNTIES

Median household income is comprised of the average income of every resident (within that household) over the age of 15. Sources of income include personal wages and salaries, disability payments, including child support payments received, along with personal business earnings, investments, and other routine sources of income.

The *California Department of Finance, 2016-2020 American Community Survey* reports that along with per capita income, median household income (MHI) is a good indicator of how typical households generate and use income, including spending and savings.

Per the 2022 statistics from the California Department of Finance, Solano County ranks as the sixth highest in MHI when compared to benchmark counties. Solano County's MHI of \$84,638 in 2020 is a decrease of \$2,014 per household (or -2.3%) over the previous year (2019). With these modest decreases, Solano County sits in the middle of the benchmark counties when comparing MHI, with five counties with a higher MHI, including Marin, Placer, Napa, Santa Cruz, and Sonoma Counties, and five counties with a lower MHI, including Santa Barbara, San Luis Obispo, Monterey, Yolo and Tulare Counties. It is important to note that five of the ten benchmark counties all saw year over year declines in MHI, including Placer, Napa, Sonoma, Monterey and Tulare, and five counties saw an increase, including Marin, Santa Cruz, Santa Barbara, San Luis Obispo and Yolo Counties. Additionally, Solano County outperformed the State of California's MHI of \$78,672 by \$5,966 (or 7.5%).

Because the change in MHI data lags by one year, the data collected in May 2022 has shown a decrease in MHI for half of the benchmark counties, as it is pulling data collected from 2020; however, the data collected in 2023 is likely to show an increase (or a recovery) due to lost MHI related to the COVID-19 pandemic. It is difficult to speculate how much of an increase this will be as Solano County, the State of California, and the rest of the world is still recovering from the dynamic effects of the pandemic.

Health insurance is a means of financing a person's health care expenses. Most people in the United States have private health insurance, primarily through an employer, some obtain coverage through programs offered by the government, while other individuals do not have health insurance at all (i.e. they are uninsured). Being uninsured greatly influences the services they receive and escalates the costs associated with accessing healthcare. There are many social determinants of health – such as access to food, housing, and economic stability – that are often associated with not having health insurance.

Nationally, in 2020 (the latest date the data is available) 8.7% of people, or 28.1 million, did not have health insurance at any point during the year. Between 2019 and 2020, the total population for the United States slightly decreased, largely due to changes in deaths, births and immigration rates.

In California, the population slightly increased between 2019 and 2020, and the number of uninsured residents decreased slightly from 7.5% in 2019 to 7.2% in 2020. The uninsured rate in California continues to decrease and more people have health insurance since the implementation of the Affordable Care Act (ACA). In 2013, almost 18 out of 100 people did not have health insurance (17.8%); in 2020

that number dropped to 7 out of 100 people that do not have health insurance (7.2%).

More people in Solano County have obtained health insurance since the ACA, from 12.9% uninsured in 2013 (51,556 people) to 5.0% uninsured in 2020 (21,737 people).

DEMAND FOR PUBLIC ASSISTANCE PROGRAMS INCREASED DURING PANDEMIC

The increasingly high cost of living, coupled with job loss and the economic crisis created by COVID-19, has increased food insecurity in Solano County. There has been a 25% increase in daily CalFresh applications from 2020 to 2022 – from 144 to 180 applications per day. Similarly, the number of CalWORKS and General Assistance applicants have increased since 2020. The number of Medi-Cal applications have decreased from 2020 to 2022, from 82 to 65 applications per day. Overall, the number of Solano County residents receiving multiple public assistance programs (or unduplicated) increased by 9.1%, from 128,832 in March 2021 to 140,598 in March 2022.

COMMUNITY HEALTH ASSESSMENT SURVEY IDENTIFIES TOP HEALTH CONCERNS

In 2020, the Solano County Health and Social Services Department, Public Health division, commissioned the Community Health Assessment (CHA), a community-wide survey to capture data for SPH and partners to understand county health issues and emerging trends and to inform planning. Overall, eight health needs emerged as top concerns in Solano County, including economic security, housing, access to care, education, violence and injury prevention, behavioral health, healthy eating and active living, and maternal and infant health. The CHA is part of an ongoing broader community health improvement process and is developed in preparation for the Community Health Improvement Plan (CHIP), which uses CHA data to identify priorities.

Public Health's next steps are to implement programming aimed at: improving the eight areas identified in the survey; sharing the CHA with community partners to raise awareness of County health issues and emerging trends; collaboratively developing Community Health Improvement Plan (CHIP) to co-create a vision of health for Solano County with local partners and community members; and obtaining Public Health Accreditation. The full survey, its findings and related materials can be found by visiting the Solano County Public Health website, https://www.SolanoCounty.com/PH.

COMMUTING DISTANCES IN BENCHMARK COUNTIES

Per the U.S. Census Bureau, Overflow Data estimates that Californians spend more time in the car than commuters in most other states, with an average drive time of 32.6 minutes one-way. The distance to work also plays a major role in how long workers spend in the car or time spent using regional public transportation as they travel farther and farther to get to their jobs. When compared to the benchmark counties, Solano County ranks second lowest in the number of drivers who drive more than 10 miles one-way to get to work (18.1%), just behind Marin County (14.7%). Santa Barbara County workers travel the furthest to get to work with more than half of all workers (56.0%) traveling more than 50 miles one-way.

WHERE PEOPLE CHOOSE TO WORK

According to the Brookings Institute, proximity to employment can influence a range of economic and social outcomes, from local fiscal health to the employment prospects of residents. For local governments, including in Solano County, where people work plays a role in the revenues generated from the area's commercial and industrial tax base, which can influence local fiscal health and the quality of public services. Solano County ranks eighth among the benchmark Counties for the number of commuters who both live and work within the Solano County.

HOUSING AFFORDABILITY

The California Association of REALTORS® reports that Solano County's median home price in March 2022, the latest the data was available, was \$604,000, a \$55,000 or 10.1% increase compared to March 2021. Despite the significant increase over the past year, housing prices in Solano County remain more affordable when compared to the eight other Counties that comprise the greater Bay Area (Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara and Sonoma Counties), where the average home price is \$1,444,720 (May 2022).

Solano County ranks second in housing affordability among the ten benchmark counties and four positions under the statewide average as illustrated in the bar chart below. The average home price in Solano County is 40.5% or \$245,000 lower than the State average. Solano County's average home price is \$53,000 or 8.7% less than the next highest benchmark county, Yolo County, and \$1,133,500 or 187.6% less than the most expensive of the benchmark counties, Marin County.

SINGLE-FAMILY HOME AND APARTMENT RENTAL PRICES

Housing and rental prices have both increased year after year in Solano County, with rental prices rising at about one-half to onethird as quick when compared to home values. Per Zillow Research, in March 2021, the average rental price for two-bedroom apartments in Solano County was \$1,780 per month. In March 2022, that figure was \$1,942 per month, an increase of 9.1%.

According Zillow Research, a division of the Zillow Group Real Estate Company, the average price of a two-bedroom apartment in Solano County continues to rise modestly year-over-year. By comparison, the average two-bedroom apartment in San Francisco County is \$3,230, nearly 66.3% higher than in Solano County, making Solano County a much more affordable place to live. It should be noted that while the COVID-19 pandemic health emergency caused rental prices in the San Francisco, Bay Area to drop temporarily as people left the city in order to work remote, those prices have mostly returned to pre-pandemic levels.

Regional fires in 2017, 2018, and 2020 may have placed additional pressure on rental pricing in Solano County. In contrast, Sacramento County has consistently been between \$200 and \$300 less than Solano County since 2011 in all terms of rental prices, including single-family homes and one and two-bedroom apartments.

The table below illustrates the year-over-year change in the median cost to rent a two-bedroom apartment in each of Solano County's seven cities. The City of Benicia has the highest rent, as of March 1, 2022, at \$2,262 per month, whereas the City of Rio Vista has the lowest rent at \$1,498 per month. Rental prices increased in all seven cities, with rental prices increasing the most year-over-year in Vacaville at 12%. The lowest year-over-year increase was in Fairfield at 6.6%.

As of March 2022, the Solano County housing market continues to provide increased values and takes advantage of incentives for home ownership. Like other markets, the current rise is not only a function of slow-growing supply, it is also a function of rising demand and relatively lower prices in Solano County when compared to the Bay Area Counties. As the United States Federal Reserve raises interest rates throughout 2022 in an effort to help curb the rising rate of inflation, the cost of borrowing money will increase across the board, including credit cards, student loan debt, personal loans, stock and bond markets and mortgage rates.

According to Forbes Advisor, higher interest rates make loans more expensive for both businesses and consumers, and everyone ends up spending more on interest payments. Those who cannot or do not want to afford the higher payments postpone projects that involve financing. It simultaneously encourages people to save money to earn higher interest payments. This reduces the supply of money in circulation, which tends to lower inflation and moderate economic activity—a.k.a. cool off the economy. As a result, more people may postpone purchasing a home in Solano County due to the high cost of homeownership and may choose to rent instead, impacting the supply, demand and pricing of rental properties throughout the area.

SOLANO COUNTY AGRICULTURAL CROP AND LIVESTOCK VALUE

Solano County Department of Agriculture, Weights and Measures is still working with local growers to determine farm gate value (the net value of a product when it leaves the farm and after marketing costs have been subtracted) for 2021. Early estimates by the Department put this number at \$378,000,000, a potential increase of over \$20.8 million or 5.8% compared to the previous year's total of \$357,159,000, initially attributed to new acreage bearing almonds, strong processing tomato production and a rebound in wine grape pricing.

Almonds are the top crop for 2021 with Tomatoes and Nursery Products rounding off the top three crops. Solano County farmers produce more than 100 different commodities including fruits, nuts, vegetables, grains, seed, nursery stock, livestock, poultry, and apiary products and services.

According to the State of California Employment and Development Department's (EDD) March 2021 report, Solano County supports approximately 1,300 farm related jobs, a 7.7% decrease from the previous year. While agricultural jobs only make up a small fraction of all jobs in the County (less than 1%), agricultural production is part of a much larger industry cluster that spans the full spectrum of economic activity, including activity from before the crops get into the field to the value-added processing in consumer products. The Moving Solano Forward project identifies this food-chain cluster as supporting more than 8,750 jobs and \$1.48 billion in economic output (as of 2020, the latest date the data is available), representing approximately 7.5% of the County's total \$19.66 billion-dollar Gross Regional Product.

COUNTY ASSESSED VALUES AND GROWTH

Property taxes are a major source of local governmental revenues and are determined by assessed values. The annual property tax rate throughout the State of California is 1% of assessed values. The FY2022/23 Property Assessment Roll of \$66.7 billion increased 6.47% or \$4 billion from the prior year's roll value and represents property ownership in Solano County as of January 1, 2022. This is the eleventh consecutive year of increasing assessed values since the bottom of the market in 2011. The residential real estate market showed persistent growth over the prior year (January 1, 2021 to January 1, 2022), while new construction continues to add value to the County's property tax roll.

As real estate market values continue to rise, the number of properties on Proposition 8 status – which is a temporary reduction in a property value below the established Proposition 13 factored base year value – has decreased. There are currently 3,968 parcels on Proposition 8 status, a decrease of 3,113 from the previous fiscal year. The number of parcels on Proposition 8 status peaked in 2012 at 78,000 parcels. There are 152,327 parcels countywide, spread between the seven cities and unincorporated County.

It is important to note that the COVID-19 pandemic health emergency may likely have an impact on future property tax rolls. As far as values are concerned, since the values in this roll are derived based on the January 1, 2022 assessment date, the impact COVID-19 has had on local property values may account for the lower percentage increase in assessment roll.

BUILDING PERMITS IN SOLANO COUNTY

Per the US Census Bureau for Construction Spending and 2021 Index of Economic and Community Progress (forthcoming in June 2022), building permits generally act as a leading indicator of economic activity, predicting the growth of construction jobs, and the demand for raw materials to build residential and commercial units.

Solano County's commercial real estate building permit activity was mixed in FY2019/20 compared to FY2018/19. Commercial square feet under construction was up 2.26 million new square feet of space between July 2020 and June 2021 (the previous fiscal year permitted only 251 million square feet). The COVID-19 recession has created uncertainty in office space demand. According to Colliers International, office-vacancy rates in Solano County increased during 2020 at 20.1%, with rents rising slightly to \$2.48 per square foot as 2021 ended.

Building permits for residential units in Solano County increased at a faster pace again in FY 2020/21, as the pandemic recession faded, and economic recovery began. There were 2,157 residential building permits issued in FY2020/21 by Solano County, permits that may help to achieve RHNA regional housing needs goals for Solano County and the cities moving forward.

The chart below indicates that building permits for new homes increased in FY2019/20, slightly more units than the previous fiscal year, permitting 3,288 units in two fiscal years, and that new commercial space permitted dropped sharply. The impacts of COVID-19 for commercial real estate markets is being monitored and could leave significant vacancies in retail and restaurant spaces where smaller businesses or restaurants have not been successful traversing the 2020 and 2021 COVID-19 restrictions. New commercial spaces are more likely to occur in industrial and warehousing markets, given the increase in logistics demand from internet purchases. In the short-term, this is a concern over the fate of office and retail spaces in Solano County, which is too early to determine at this point.

2011 PUBLIC SAFETY REALIGNMENT AND ASSEMBLY BILL 109

Due to the passage of Assembly Bill 109 (AB 109, Public Safety Realignment) in October 2011, the Solano County jail population has changed over time. As of March 1, 2022, the County jail was housing 37 parole violators (known as 3056 PC), 40 Post Release Community Supervision (PRCS) violators, and 29 locally sentenced offenders (known as 1170 offenders) making up approximately one-quarter of the jail population.

Prior to Public Safety Realignment, the County jail population consisted of individuals awaiting trial and inmates serving sentences of less than one year. Today, after realignment, some convicted individuals are now serving sentences up to ten years in local county jails rather than in State prisons.

To address the evolving inmate population resulting from AB 109, the County increased capacity within the jail system and incorporated training programs into the jails. Training programs, like those offered at the Rourk Vocational Training Center at the Claybank / Stanton Correctional Facility in Fairfield, provide offenders with additional skills to enhance their ability to successfully re-enter the community. Non-serious, non-violent, non-sex (non-non-non) offenders have transitioned from supervision by State parole officers to county probation officers. While this shift did not increase the population of supervised offenders in Solano County, it shifted the supervising agency, leaving counties to address supervision and mandated parole programs designed to reduce recidivism.

AB 1950 – PROBATION, LENGTH OF TERMS

With the passage of Assembly Bill 1950 (AB 1950), Probation, Length of Terms in September 2020, the length of probation in both misdemeanor and felony cases was shortened. Under this law, probation is capped at one year for misdemeanors and two years for felonies. There are some exceptions, however, including AB 1950 does not apply to financial crimes involving more than \$25,000, crimes "that includes specific probation lengths within its provisions," and violent felonies.

Before AB 1950, most misdemeanor offenses were punishable by three years of probation, and most felony offenses were punishable by five years of probation. This meant that people could be sent to jail for probation violations years after they were convicted of a crime, and because there are dozens of ways to violate probation, lots of people were arrested or sentenced to additional jail time for doing so. However, because AB 1950 reduces the amount of time someone is on probation, people are less likely to violate their probation and get sent to jail. Here in Solano County, the Probation Department has seen a reduction in the number of adult probationers (also known as Formal Supervision cases) as a direct result of the implementation of AB 1950.

SNAPSHOT - JAIL POPULATION TREND, OCTOBER 1, 2011 - APRIL 11, 2022

Source: Solano County Sheriff's Office, May 7, 2022

On October 1, 2011 – the day AB 109 went into effect – the Solano County 30-day average daily jail population was 772 inmates. As illustrated in the chart above, over the next ten and one-half years, the average daily jail population grew and contracted several times. The largest contraction took place between late February and early March 2020, which is a result of emergency measures taken by the state, local courts and the Sheriff to address increased concerns regarding the COVID-19 pandemic medical risks.

The long-term pre-COVID-19 decrease in the County's jail population over the past several years, (jail population peaking in 2016) can be attributed to many factors, including an increase in pre-trial releases; split sentencing by the Courts, reducing time served; implementation of the Humphrey Decision (January 2018), whereby judges may consider offender's ability to post bail and when appropriate, reduce bail amounts, bail alternatives and the reduction of leased jail beds (March 2018). The Solano County Sheriff continues to see an increase in the number of inmates requiring Administrative Separation (AdSep). Inmates requiring AdSep are more prone to disrupt jail operations and therefore placed in a cell by themselves – a cell that would normally house two inmates.
