

SOLANO COUNTY

Annual Comprehensive Financial Report Fiscal Year Ended June 30, 2023

Phyllis S. Taynton, CPA
Auditor - Controller
County of Solano, California

ON THE COVER: Pictured on the cover, from top to bottom:

The Delta

Considered by many the prettiest of the many Delta towns is Rio Vista; its backdrop is the Montezuma Hills, and nearby waters find anglers hoping for catches of striped bass. Agriculture, recreation and history is important here. Not only does the Sacramento–San Joaquin Delta supply clean drinking water to 25 million Californians, but many species of birds—including waterfowl and sandhill cranes—and fish, such as the Chinook salmon, Central Valley steelhead and green sturgeon, depend on the habitats in and around the 700,000-acre estuary for survival.

Dixon Sunflowers

Dixon is home to some of most beautiful sunflower crops in California, with some flowers growing as tall as six feet in height. Sunflower crops, including their seeds, are also an important component of the County's agricultural business, with more than 6,600 acres of sunflowers harvested in 2020, accounting for more than \$10.5 million dollars in overall revenues.

Lake Solano Park

Lake Solano Park is located at the base of coastal foothills west of the town of Winters and offers an array of recreational opportunities. A destination point for outdoor enthusiasts, Lake Solano Park caters especially to campers, picnickers, kayakers, canoers and anglers. The park has a Nature Center and trail opportunities for short day hikes, bird watching and wildlife photography. For more information visit https://www.SolanoCounty.com/Parks or call (707) 784-7905.

Vaca Mountains

The Vaca Mountains are one of the most prominent landmarks of Solano County. The range, beginning at the Suisun Marsh, stretches through the City of Fairfield and Travis Air Force Base, and separates the mountains to the northwest from an outlier of low hills called the Montezuma Hills. Mount Vaca is the highest point in the Vaca Mountains and one of several peaks in the greater San Francisco Bay Area that receives snow in the winter.

OFFICE OF THE AUDITOR-CONTROLLER

PHYLLIS S. TAYNTON, CPA Auditor-Controller

SHEILA O. TURGO
Assistant Auditor-Controller

675 Texas Street, Suite 2800 Fairfield, CA 94533-6338 (707) 784-6280 Fax (707) 784-3420

www.solanocounty.com

January 30, 2024

To the Honorable Board of Supervisors, Grand Jury and the citizens of Solano County, California:

I am pleased to submit to you the Annual Comprehensive Financial Report (ACFR) of the County of Solano, California (County) for the fiscal year ended June 30, 2023. In accordance with Sections 25250 and 25253 of the Government Code of the State of California, general-purpose local governments must publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards (GAAS) by a firm of licensed certified public accountants.

This report consists of management's representations concerning the finances of the County. Therefore, management assumes full responsibility for the completeness and reliability of all information presented in this report. To provide a reasonable basis for making these representations, County management has established a comprehensive internal control framework designed both to protect the County's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Eide Bailly, LLP, a firm of licensed public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2023, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended June 30, 2023, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County is part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standard governing the Single Audit requires the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls over compliance involving the administration of federal awards. Upon issuance, these reports will be available in the County's separate Single Audit Report.

GAAP requires management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

General Information

The County lies in the northeast section of the nine-county San Francisco Bay Area. It is located approximately 45 miles northeast of San Francisco and 45 miles southwest of Sacramento. The County is comprised of 909 square miles, including 675 square miles of rural and farm lands, 150 square miles urban land area, including cities and unincorporated areas, and 84 square miles of delta and waterfront. It is bordered by Napa County to the northwest, Yolo County to the northeast, Sacramento County to the east and Contra Costa County to the south. Between Solano and Contra Costa Counties lies Suisun Bay, which is an extension of the San Francisco Bay, and the confluence of the Sacramento and San Joaquin Rivers, which empty into San Pablo Bay through the Carquinez Straits. The western edge of the County consists of low mountains, which are part of the Coast Range.

The County limits residential and commercial development outside of cities, thus preserving almost 85% of the land for open space and agricultural uses. Agriculture and military installations have historically been strong contributors to the County's economy. The County continues to foster economic growth and diversification by encouraging industrial, manufacturing and biotechnology development.

With its strategic location, natural and human resources, history of responsible land planning, and attractive quality of life, the County continues to offer a promising future as a place to live, learn, work and play.

County Government

The County was incorporated in 1850 as one of California's original 27 counties in the State of California (the "State"). The County serves seven city jurisdictions: Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville and Vallejo in addition to the unincorporated areas. The City of Fairfield is the County seat. Two of the County's seven cities, Benicia and Vallejo, served as the State's Capital in the early 1850's.

The County has a general law form of government. Its five-member Board of Supervisors (the "Board") is elected by district for four-year terms of office. The Supervisors' terms are staggered -- two Supervisors are elected in one general election, and three Supervisors in the next. District boundaries are adjusted after every federal census to equalize district population as closely as possible. Other elected officials include the Assessor-Recorder, Auditor-Controller, District Attorney, Sheriff-Coroner and Treasurer-Tax Collector-County Clerk. The County Administrator and County Counsel are appointed by the Board.

As the governing body for the County, the Board is responsible for the planning and providing of services related to public needs, as required by state and federal law including: adopting the annual budget, adopting County ordinances, setting policies, confirming appointments of most non-elected officials, and assisting citizens in solving problems and addressing local concerns.

County Services

As the only countywide general-purpose local government, we are in a unique position to facilitate and coordinate the work of cities, school districts, special districts and other organizations. In addition, the

County is specifically charged by the State with providing services to those most at risk: children, the elderly, the poor, those with health problems and those in the criminal justice system.

Counties have dual responsibilities. We provide "unincorporated area" services (e.g., land use planning) in the areas of the County that are not in cities. We also provide "countywide" services to County residents regardless of where they live. These services generally focus on the most disadvantaged members of the community (e.g., health clinics), or criminals after they have been arrested, or supporting other local governments (e.g., property tax collection and apportionment).

The following is a list of services provided by the County:

- Agricultural Commissioner
- Airport
- Animal Care Services
- Building and Safety*
- Child Protection and Social Services
- Clerk-Recorder
- Coroner and Forensic Services
- Criminal Prosecution (District Attorney)
- Elections and Voter Registration
- Emergency Medical Services
- Environmental Health
- Family Support Collections
- Grand Jury
- Oversight and Permitting of Landfills and Solid Waste Disposal and Collection
- Property Tax Assessment, Collection and Apportionment
 - *unincorporated only

- Indigent Medical Services
- Jails and Juvenile Facilities
- Land Use*
- Law Enforcement*
- Libraries (as Contract Services for Cities)
- Maintenance of County Roads and Bridges
- Parks
- Probationary Supervision
- Public and Mental Health
- Public Assistance
- Public Defender and Alternate Defense
- U.C. Cooperative Extension Services
- Veterans Services
- Napa/Solano Area Agency on Aging (staff support)
- Weights and Measures

Factors Affecting Financial Condition

Budgetary Information

The annual budget serves as the foundation for the County's financial planning and control. All agencies under the control of the Board of Supervisors are required to submit budget requests to the County Administrator. The County Administrator presents a recommended budget to the Board for consideration and approval. The Board is required to hold public hearings on the recommended budget and to adopt a budget by September 30th of each year. The Board generally holds its public hearings on the recommended budget and adopts a budget before June 30 of each year.

The budget is prepared by fund, function (e.g. public safety), and department (e.g., Sheriff). Transfers of appropriations between divisions, bureaus and sections within a department, provided the total appropriation of the budget is not changed, may be authorized by the County Administrator. Transfers of appropriations between departments within a fund, however, require a majority vote of the Board. Transfers of appropriations between funds and transfer of appropriations from contingencies require a four-fifths vote of the Board of Supervisors. Budget-to-actual comparisons are provided in this report for each

governmental fund for which an annual budget was adopted. These schedules, which are part of the supplementary information section of this report, start on page 124.

Population and Local Economy

The County's population estimate as of May 2023 was 443,749, decreasing by a net 3,492 residents from the 2022 estimated population of 447,241 or 0.8% under 2022. Four of the seven cities experienced a decline in population between 2022 and 2023, with three of these cities tied at -1.2% decrease in population. The County's change in population is consistent with California. California's population decreased 138,443 or .4% from 2022 to 38.94 million. Although the County decreased in population, the decrease was not as sharp as other counties and the County's population ranks number 19 out of 58 California counties in terms of population size, moving up from 20 out of 58 counties in 2021.

The population of Solano County is projected to grow from 412,836 in 2010 to 530,326 or 28.5% by 2050, according to projections by the U.S. Census' American Community Survey (2017-2021). The age composition is expected to shift over the next 30 years, with the median age increasing from 37.5 in 2010 to 42.3 in 2050. The aging of the population will affect the types of service demands that will be placed on the County and may impact statewide and regional planning efforts.

The County's seven cities are long-established communities. Relatively moderate costs for land and housing, proximity to major population and recreation centers, and job opportunities continue to make the County an attractive place to live. The County is home to a significant number of biotech companies. The County believes it is well suited to attract this type of business because of its proximity to UC Davis, UC Berkeley and major research and medical centers, and Solano Community College's Biotechnology Program.

County Assessed Values and Growth

Property taxes are a major source of local governmental revenues and are determined by assessed values. The property tax rate throughout California is 1% of assessed values. The 2023 Property Assessment Roll (net of exemptions) of \$69.9 billion increased \$3.1 billion or 4.6% from the prior year's roll value and represents property ownership in Solano County as of January 1, 2023. This is the twelfth consecutive year of increasing assessed values.

The County provides tax abatements through the Williamson Act Program (Program). Pursuant to Government Code Section 51220(a), the Program is designed to preserve the maximum amount of a limited supply of agricultural land in the State, to maintain the agricultural economy of the State as well as assure adequate production of food for future residents of the State and nation. In addition, agricultural land, as open space, serves the public interest and promotes health and general welfare of the citizens.

Under the Program, local governments enter into contracts with private landowners for the purpose of restricting specific parcels of land to agricultural or related open space use. This program provides the landowner with ten years of reduced assessment of taxes. The County currently has 267,568 acres of land under Williamson Act contracts with tax abatements totaling \$7.8 million for the fiscal year ended June 30, 2023.

Long-term Financial Planning and Major Initiatives

The County's Fund Balance Policy is to maintain a General Fund General Reserve equal to 10% of the County's total budget, excluding interfund transfers, with a minimum balance of \$20 million maintained at all times. Also, the General Fund Contingency policy establishes a level equal to 10% of the General

Fund's total budget. The County's Fund Balance Policy establishes the following criteria for when the General Reserve should be used: (1) to phase into fiscal distress periods gradually, focusing on maintaining the Board's priorities, (2) as the last resort to balance the County Budget, and (3) spending of the reserve should not exceed \$6 million a year. The General Fund contingency is used to mitigate the impact of potential risks to the General Fund from various funding threats that may occur within the General Fund or threats to other Board priorities.

Per the County's Fund Balance policy, the General Fund General Reserve will be maintained at a target level equal to 10% of the County's total budget excluding interfund transfers, with a minimum balance of \$20 million at all times. As of June 30, 2023, the Board adopted \$47.0 million in the General Fund General Reserve. This amount is above the minimum established per the policy, but less than the target of \$135 million. For the FY 2023/24, the Board adopted a General Fund Contingency in the amount of \$14 million, which is below the policy level of 10% of the General Fund's total budget (or \$39.3 million).

In addition, the Board established a General Fund Assigned Fund Balance for Future CalPERS Rate Increases. As of June 30, 2023, the balance was \$29.4 million. In February 2015, the Board of Supervisors authorized the establishment of an Internal Revenue Code (IRC) Section 115 Trust to pre-fund its CalPERS future contributions. The Trust is an irrevocable trust, administered by the Public Agency Retirement Services (PARS), and is protected from creditors of the County. This Trust is recorded as a General Fund Restricted Fund Balance for Future Pension Contributions and as of June 30, 2023, the balance was \$32.5 million (including interest).

On April 4, 2017, the Board of Supervisors authorized the assignment of fund balance in the amount of \$10 million for the Property Tax Replacement System, a multiyear automation replacement project, known as the new County Assessment & Tax System (CATS). The CATS project went live in March 2023. As of June 30, 2023, approximately \$7.7 million has been expended leaving a balance of \$2.3 million. There are still additional costs that will be funded with the loan through FY23/24. However, the repayment of the loan will begin in FY23/24.

The County maintains a Debt Advisory Committee and a Pension Advisory Committee to provide analyses and recommendations through the County Administrator in the implementation of pension and debt-related policies, strategies and oversight.

Due to the County's sound financial policies and practices, the County maintained an AAA rating from Standard & Poor (S&P) on its long-term rating for the Pension Obligation Bonds, the highest possible rating. In addition, the County maintained its long-term rating of AA+ on the County's outstanding certificates of participation (COPs). S&P justified these ratings based on the strong local economy, strong management, and strong budgetary performance, while also considering the impacts and ongoing COVID-19 pandemic.

The County of Solano maintains a five-year Capital Facilities Improvement Plan (CFIP), a comprehensive planning document used to ensure its facilities, equipment and infrastructure are maintained and in optimal operating condition. The report is a tool to plan for the allocation of short- and long-term resources, to establish project priorities and to develop annual financial plans used in conjunction with the County Budget. The CFIP is also used as a source document to prepare the County's annual Public Facilities Fees. The Department of General Services fosters cooperation among other County Departments and the County Administrator's Office to plan for future maintenance and expansion of its services and public infrastructure.

During FY22/23, the County's spent over \$ 31.25 million on various capital projects included in the CFIP. During the fiscal year, a number of projects were completed including the Solano Residential Mental Health Diversion Facility, the Juvenile Detention Facility Interior Repainting and Security System Upgrade projects, the Law & Justice Building Hot Water Piping and Shower Repairs project and Elevator Upgrade project, and the Fleet Heavy Equipment Shop Roofing project. In addition, as of June 30, 2023, the Board assigned \$31.5 million in the General Fund for future capital projects.

During FY22/23, the County began installation of solar energy systems and other energy savings-related projects at various County facilities. In October 2021, the County issued \$30 million in Certificates of Participation (COPs) to finance these projects. The certificates were designated as "green certificates" in which the proceeds of the COPs are applied to finance environmentally sustainable purposes.

The FY23/24 working budget includes over \$111.7 million for capital projects approved in prior years and in progress and new appropriations for additional projects. Some of the new projects include: the Justice Center Detention Facility, laboratory improvements, HVAC replacement, Lake Solano Water System Improvements, new Fleet modular building, Dixon, Rio Vista and Vallejo Vets building improvements, the DOIT Interoperability Project and a number of projects at the Juvenile Detention Facility.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Solano for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2022. This is the twenty-first consecutive year the County has achieved this prestigious award. To be awarded the Certificate of Achievement, a government must publish an easily readable and efficiently organized ACFR. This report satisfies both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current ACFR continues to meet the Certificate of Achievement Program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate for excellence in financial reporting.

The preparation of this comprehensive report would not have been possible without the commitment and dedicated services of the entire staff in the Auditor-Controller's Office. I want to express my appreciation to staff for their outstanding support in the preparation of this report. I would like to specifically acknowledge the Financial Reporting and General Accounting Divisions for their hard work. Credit also must be given to the County Administrator and the Board of Supervisors for their support in maintaining the highest standards of professionalism in the management of the County's finances.

Respectfully submitted,

Phyllis S. Taynton, CPA Auditor-Controller

Independent Auditor's Report

To the Board of Supervisors County of Solano

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and aggregate remaining fund information of the County of Solano, California (County), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and aggregate remaining fund information of the County, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

Adoption of New Accounting Standard

As discussed in Note IV.E and Note IV.F to the financial statements, the County has adopted the provisions of Government Accounting Standards Board (GASB) Statement No. 96, Subscription-Based Information Technology Arrangements, for the year ended June 30, 2023. Accordingly, a restatement has been made to the governmental activities net position as of July 1, 2022, to restate beginning net position. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant
 accounting estimates made by management, as well as evaluate the overall presentation of the
 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules for the general fund and each major special revenue fund, the schedules of changes in the net pension liabilities, schedules of pension contributions, schedule of changes in the net other postemployment benefits (OPEB) liabilities, and the schedule of OPEB contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 31, 2024, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the County of Solano, California (County) we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2023. We encourage readers to consider the information presented here in conjunction with additional information in our financial statements.

Financial Highlights

- The County implemented Governmental Accounting Standards Board (GASB) Statement Number 96 *Subscription-Based Information Technology Arrangements (SBITA)*. A SBITA provides governments with access to a vendor's information technology (IT) software and associated tangible capital assets for a subscription payment without granting the government a perpetual license or title to the IT software and associated tangible capital asset. The effect of this new accounting standard is to account for and report SBITA as a "Right-to-use SBITA" asset (as lessee) and the related liability (SBITA liability). This "new" asset (Right-to-use SBITA assets, net) is recorded at \$6.6 million and the new liability (SBITA, current and noncurrent) is reported at \$5.0 million in the Statement of Net Position. Prior to this new standard, the software subscriptions were expensed.
- The County's net position at June 30, 2023 was \$722.3 million. Of this amount, \$458.1 million (restricted net position) is restricted for the use of specific government programs providing ongoing services to citizens.
- The County's total net position increased by \$100.7 million as a result of the current year's operations.
- At June 30, 2023, the County's governmental funds reported combined ending fund balances of \$654.7 million, an increase of \$64.4 million as a result of the current year's operations. Approximately, 2.9% or \$19.3 million of the total fund balance is nonspendable; 62.5% or \$409.4 million is restricted; 0.2% or \$1.0 million is committed; 27.5% or \$179.7 million is assigned for specific purposes by the Board of Supervisors (the Board); and 6.9% or \$45.2 million is unassigned.
- At June 30, 2023, unassigned fund balance for the General Fund was \$45.2 million or 39.5% of the total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the remaining balance reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net position changed during the recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes, and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public protection, public ways and facilities, health services, public assistance, and education and recreation. The business-type activity of the County is the Nut Tree Airport.

The government-wide financial statements include not only the County itself (known as the primary government), but also the legally separate Workforce Development Board and the Solano County Fair, both component units for which the County is financially accountable. Financial information for these component units are reported separately from the financial information presented for the primary government itself. Solano County Facilities Corporation, Solano County Housing Authority and the East Vallejo Fire Protection District, although also legally separate, function for all practical purposes as departments of the County, and therefore, are included as an integral part of the primary government.

The government-wide financial statements can be found on pages 35-37 of this report.

Fund financial statements. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a County's near-term financing requirements.

Because the focus of governmental funds is narrower than the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County reports 15 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Health & Social Services Special Revenue Fund, and the Public Safety Special Revenue Fund, all of which are considered to be

major funds. Data from the other governmental funds are combined into a single, aggregate presentation.

Individual fund data for each of these nonmajor governmental funds is provided in the combining statements in this report.

The County adopts annual appropriated budgets for all its governmental funds. Therefore, budgetary comparison schedules are provided for each fund presented in this report. These statements demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 38-41 of this report.

Proprietary funds. The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses an enterprise fund to account for the Nut Tree Airport. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds for Fleet Management, Risk Management, and Information Technology. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Nut Tree Airport. Conversely, all internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements.

The basic proprietary fund financial statements can be found on pages 42-44 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the sources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 45-46 of this report.

Notes to the financial statements. The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 47-110 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information on the schedules of Changes in Net Pension Liability and Related Ratios, Plan Contributions for the defined benefit pension plans and the other postemployment benefit plan, and budgetary schedules for the General Fund and each major special revenue fund. Required supplementary information can be found on pages 111-127 of this report.

The combining statements referred to earlier in connection with nonmajor governmental and internal service funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 129-161 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of the County's financial position. At June 30, 2023, the County reported a net position of \$722.3 million.

Solano County's Net Position

Analysis of Change in Net Position

The County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at June 30, 2023 by \$722.3 million.

The largest portion of the County's net position reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, infrastructure, intangibles and right-to-use lease and SBITA assets) less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The County's net investment in capital assets increased \$18.7 million, or 3.7% over prior year.

Additional portions of the County's net position represent resources subject to restrictions on how they may be used. Restricted net position increased by a net \$65.1 million from prior year primarily due to increases in public safety programs (\$23.7 million); health and social services programs (\$26.0 million); debt service (\$7.5 million); public facilities fees (\$5.5 million); library services (\$3.9 million); and transportation services (\$3.8 million) offset by a decrease in capital project funds (\$6.0 million).

The table below shows the revenues, expenses, and changes in net position for governmental and business-type activities:

Governmental activities. Governmental activities increased the County's net position by \$100.5 million.

Solano County's Change in Net Position For the fiscal years ended June 30, 2023 and 2022

| | Governmental Activities | | Business-type Activities | | | Total | |
|--------------------------------------|--------------------------------|----------------|--------------------------|----|------------|----------------|----------------|

Revenues:

Total revenues for the County's governmental activities increased by a net \$85.3 million from the prior year. The following are the significant changes:

Charges for services:

Charges for services increased by a net of \$2.4 million across all departments primarily due to increases in contracted services for library services, court security, inmate medical care reimbursements, election services, offset by decreases in recording fees and public facilities fees due to the real estate market and less construction activity.

Operating grants and contributions:

Operating grants increased by a net \$43.6 million from prior year primarily due to the following:

• Public protection saw a net increase of \$8.8 million in the following: 2011 Realignment funding (\$3.4 million) resulting from improved statewide sales activity and \$7.6 million in state and federal funding to support the different public safety programs (Homeland Security, Marine/Patrol, CalID, Forensic Services, DJJ Realignment Block grant, PC4700, etc.). The increases were offset by decreases in Proposition 172 funding (\$1.7 million) and \$600,000 decrease in the Department of Child Support Services State and Federal revenues due to lesser expenditures resulting from staff vacancies.

- Public assistance saw a net increase of \$26.4 million in various Federal and State grants primarily due to Federal ARPA revenues recognized in the current year of \$17.4 million as the ARPA projects got underway (only \$104,000 in the prior year); \$21.5 million net increase in Federal/State revenues due to caseload for social services and public assistance programs like food stamps, inpatient hospital services, CalWORKS, childcare, and housing support; and \$1.9 million increase in 2011 Realignment revenues offset by decreases of \$11.8 million due to prior year one-time revenue for Emergency Rental Assistance Program resulting from the COVID 19 pandemic and \$2.2 million decrease in 1991 Realignment revenues.
- Health Services saw a net increase of \$10.1 million primarily due to: \$6.5 million in 2011 Realignment revenues, \$4.0 million in 1991 realignment; \$1.5 million in Federal Medi-Cal; \$4.6 million increase in State grant revenues primarily due to First 5 receipt of grant funding for new children's center; and \$0.4 million increase in Short Doyle Quality Assurance; the increases were offset by a net decrease of \$4.3 million in Federal COVID Relief funding, federal/state aid, and federal administration for health services and alcohol/drug abuse and \$2.3 million net decrease in Other State revenues across multiple programs.
- The increases were offset by the General Government function which saw a net decrease of \$1.4 million primarily due to State reimbursement in the prior year for the recall election and the Public Ways functions which saw a net decrease of \$400,000 primarily from STA funding.

General revenues:

General revenues had a net increase of \$37.6 million which is primarily due to higher property tax revenues (\$12.5 million) due to increases in assessed values; an increase of \$22.1 million in interest and investment earnings due to market value changes in investments and the increase in interest yields; and an increase in other revenues (\$5.0 million) from savings from the CalPERS Unfunded Accrued Liability prepayment. The increases were offset by a net decrease of \$2.1 million in sales/property transfer tax revenues and intergovernmental revenues.

Expenses:

Total expenses for governmental activities increased by \$129.4 million from prior year due to the following:

Across all functions, pension expense increased by \$64.5 million based on the accounting valuation of the County's Pension Plan per GASB 68. Additional increases are due to compensated absences expense (\$4.2 million), OPEB expense (\$2.2 million) based on GASB 75 calculation, and \$1.2 million increase in depreciation/amortization of capital assets (including leases and SBITAs).

The remaining increase of \$57.3 million is primarily due to \$21 million net increase in salaries and benefits primarily due to negotiated cost of living increases, extra help, overtime, FICA, health insurance, and filling of vacant positions; Services and supplies increased by \$11.4 million primarily from insurance, maintenance & service contracts, and contracted services. Other charges increased by \$23.0 million primarily due to contributions to non-County agencies for ARPA-funded programs, increased costs for the support and care of persons; and contracted direct services for childcare costs as a result of expanded childcare regulations.

Business-type activities. The net position of the business-type activity increased by \$187,000 as revenues kept pace with increasing expenses.

Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The general government functions are accounted for in the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Fund. The focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of spendable sources. Such information is useful in assessing the County's financing requirements.

The table below presents the fund balances for the governmental funds as of June 30, 2023:

Fund Balance Governmental Funds

| | General | Health & Social Services | Public Safety | Other Governmental Funds | Total Governmental Funds |
|---------------------|----------------|--------------------------|---------------|--------------------------------|--------------------------------|
| Fund Balances | | | | | |
| Nonspendable | \$ 17,764,267 | \$ 946,867 | \$ 390,776 | \$ 193,763 | \$ 19,295,673 |
| Restricted | 32,527,009 | 137,369,623 | 75,932,757 | 163,614,284 | 409,443,673 |
| Committed | 963,000 | - | - | 44,277 | 1,007,277 |
| Assigned | 126,186,408 | 1,986,743 | - | 51,527,267 | 179,700,418 |
| Unassigned | 45,207,689 | - | - | - | 45,207,689 |
| Total Fund Balances | \$ 222,648,373 | \$ 140,303,233 | \$ 76,323,533 | \$ 215,379,591 | \$ 654,654,730 |

At June 30, 2023, the County's governmental funds reported combined ending fund balances of \$654.7 million, an increase of \$64.4 million from prior year. The largest component of the fund balance, at 62.5% of the total or \$409.4 million, was restricted. Spending of these resources is constrained by externally-imposed (creditors, grantors, contributors, laws) limitations on their use and by enabling legislation. The assigned fund balance of \$179.7 million, representing 27.5 % of the total fund balance, was constrained by the Board to use for specific purposes but are not legally restricted nor committed.

The General Fund is the chief operating fund of the County. The General Fund's total fund balance at June 30, 2023 was \$222.6 million, an increase of \$7.4 million from prior year. Nonspendable fund balance was \$17.8 million, or 8.0% of total fund balance, representing long-term receivables. Restricted fund balance was \$32.5 million, or 14.6% of total fund balance. This balance represents funds deposited to the PARS Section 115 Pension Trust for the County's participation in the Pension Rate Stabilization Program (PRSP) Administered by PARS. The PRSP is an Internal Revenue Code Section 115 irrevocable trust. The assigned fund balance of \$126.2 million, or 56.7% of the total fund balance, represents amounts the Board intends to use for specific purposes but are not legally restricted or committed. The unassigned fund balance was \$45.2 million, or 20.3%, which is available for the Board's discretion.

As a measure of the General Fund's liquidity, it may be useful to compare both total fund balance and unassigned fund balance to total fund expenditures excluding other financing uses. The total fund balance equates to 194.7% of total expenditures, excluding transfers, while unassigned fund balance represents 39.5% of the total expenditures, excluding transfers.

The *Health and Social Services Fund*, a special revenue fund, had a net increase in fund balance of \$14.9 million primarily from increases in intergovernmental revenues that were unspent by fiscal year-end (1991 and 2011 Realignment and MHSA) due to lower than anticipated expenditures and funding for subsequent fiscal years.

The *Public Safety Fund*, a special revenue fund, had a net increase in fund balance of \$24.3 million primarily from 2011 Realignment Revenues that were unspent by fiscal year-end and available for program costs in subsequent fiscal years.

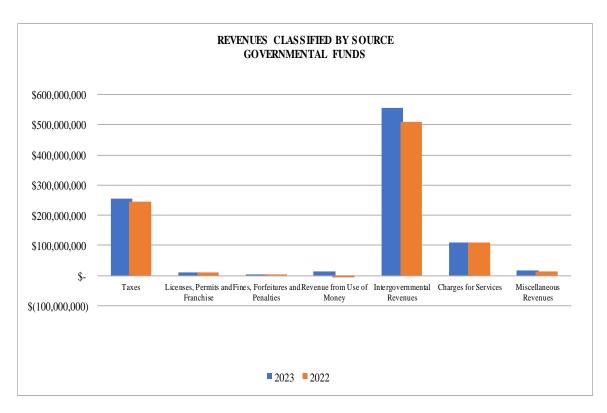

The fund balance of *Other Governmental Funds* had a net increase of \$17.9 million primarily due to the Public Facilities Fees Fund (\$5.5 million), the Library Fund (\$3.9 million), Transportation Fund (\$3.8 million) and the First 5 Solano fund (\$4.3 million). The increase in the Public Facilities Fees Fund is due to ongoing collections of Public Facilities fees and less transfers to various capital projects funded by these fees; the increase in the Library Fund is primarily due to increases in property tax revenues and interest income; the increase in First Five is due to increased program funding from the State; and the increase in the Transportation Fund is due to the timing of construction activities.

For fiscal year ended June 30, 2023, the total revenues for the County's governmental funds totaled \$969.3 million, a net increase of \$85.8 million, or 9.7% from FY 2021/22.

The table below presents revenues by source as well as increases or decreases from the prior year.

Revenues Classified by Source Governmental Funds

| | 2023 | | 2022 | | Increase/(Decrease) | | |
|----------------------------------|----------------|----------|----------------|----------|---------------------|----------|--|
| | | Percent | | Percent | | Percent | |
| | Amount | of Total | Amount | of Total | Amount | Change | |
| Revenues by Source | | | | | | | |
| Taxes | \$ 255,210,890 | 26.33% | \$ 243,585,533 | 27.57% | \$ 11,625,357 | 4.77% | |
| Licenses, permits and franchise | 10,669,303 | 1.10% | 9,802,737 | 1.11% | 866,566 | 8.84% | |
| Fines, forfeitures and penalties | 4,519,233 | 0.47% | 3,455,957 | 0.39% | 1,063,276 | 30.77% | |
| Revenues from the use of money | 13,505,139 | 1.39% | (5,280,545) | -0.60% | 18,785,684 | -355.75% | |
| Intergovernmental revenues | 557,021,169 | 57.47% | 509,972,511 | 57.72% | 47,048,658 | 9.23% | |
| Charges for services | 110,595,169 | 11.41% | 109,295,115 | 12.37% | 1,300,054 | 1.19% | |
| Miscellaneous revenues | 17,766,024 | 1.83% | 12,678,488 | 1.44% | 5,087,536 | 40.13% | |
| Total | \$ 969,286,927 | 100.00% | \$ 883,509,796 | 100.00% | \$ 85,777,131 | 9.71% | |

Significant changes in the governmental funds' revenues were as follows:

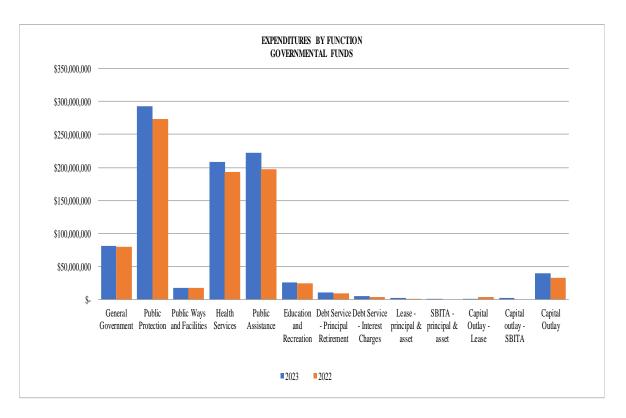

- *Taxes:* The net increase of \$11.6 million is primarily due to an increase in assessed values as the real property values remain stable as the economy fights inflation and rising mortgage rates.
- Revenue from use of money: The net increase of \$18.8 million is due to rising interest rates due to inflation resulting in more interest and investment earnings.
- Intergovernmental revenues: The net increase of \$47.0 million is primarily due to the County's recognition of \$17.4 million in ARPA funding in the current year; \$10.9 million increase in Health & Social Services realignment revenues; increase of \$14.0 million in Public Assistance/CalWorks funding and Federal Calworks TANF due to caseload; net increase of \$6.3 million in Federal Short Doyle Admin revenues and other Federal/State program funding; a net increase of \$7.5 million in Public Safety due to an increase in 2011 Realignment revenues and in various State revenues for the DA forensic laboratory expansion, Sheriff Marine Patrol and CalID programs, and Probation programs; and \$6.1 million in the Accumulated Capital Outlay fund from the Community Services Infrastructure (CSI) grant for the Residential Mental Health Diversion project, which was almost complete by fiscal year end. Other Special Revenue Funds increased \$6.0 million primarily due to the Transportation fund and First 5. The increases were offset by a decrease of \$11.9 million in Emergency Rental Assistance Program revenue, \$2.0 million decrease in State/Federal funding for prior year's LNU Fire and a decrease in MHSA revenues of \$7.3 million.
- *Miscellaneous revenues:* The increase of \$5.1 million is primarily due to \$3.0 million savings resulting from the annual UAL payment to CalPERS and \$179,000 increased contributions collected from departments resulting from higher wages due to COLA; and \$1.7 million increase in the Quality Improvement Program payments from Partnership Healthplan for the clinic's quality improvement team.

For the fiscal year ended June 30, 2023, the total expenditures for the County's governmental funds totaled \$907.7 million, a net increase of \$73.8 million, or 8.9%, over FY 2021/22.

The following table presents expenditures by function compared to prior year.

Expenditures by Function Governmental Funds

| | 2023 | | 2022 | | Increase/(Decrease) | |
|-------------------------------------|----------------|----------|----------------|----------|---------------------|----------------|
| | | Percent | | Percent | | |
| | Amount | of Total | Amount | of Total | Amount | Percent Change |
| Expenditures by Function | | | | | | |
| General Government | \$ 81,098,744 | 8.93% | \$ 79,385,101 | 9.52% | \$ 1,713,643 | 2.16% |
| Public protection | 293,155,527 | 32.31% | 273,566,817 | 32.82% | 19,588,710 | 7.16% |
| Public ways and facilities | 16,778,790 | 1.85% | 16,846,670 | 2.02% | (67,880) | -0.40% |
| Health services | 208,645,077 | 23.00% | 192,538,461 | 23.09% | 16,106,616 | 8.37% |

| Education and recreation | 25,387,593 | 2.80% | 24,208,654 | 2.90% | 1,178,939 | 4.87% |
| Debt service - principal retirement | 10,027,100 | 1.10% | 8,840,000 | 1.06% | 1,187,100 | 13.43% |
| Debt service - interest charges | 4,943,134 | 0.54% | 3,600,806 | 0.43% | 1,342,328 | 37.28% |
| Lease - principal & asset | 1,737,067 | 0.19% | 1,422,815 | 0.17% | 314,252 | 22.09% |
| SBITA - principal & asset | 885,079 | 0.10% | - | 0.00% | 885,079 | 0.00% |
| Capital outlay - lease | 184,119 | 0.02% | 3,895,428 | 0.47% | (3,711,309) | -95.27% |
| Capital outlay - SBITA | 2,822,702 | 0.31% | - | 0.00% | 2,822,702 | 0.00% |
| Capital outlay | 39,221,108 | 4.32% | 32,875,868 | 3.94% | 6,345,240 | 19.30% |
| Total | \$ 907,733,801 | 100.00% | \$ 833,951,935 | 100.00% | \$ 73,781,866 | 8.85% |

Significant changes in the governmental funds' expenditures were as follows:

- Public protection: The net increase of \$19.6 million is attributable to increases in salaries
 and benefit costs due to negotiated cost of living adjustments, overtime and retirement cost
 increases; and increases in services and supplies expenditures for insurance, maintenance
 contracts, contract services, other professional services, data processing, and county garage
 services, etc.
- Health services: The net increase of \$16.1 million is attributable to increases in salaries
 and benefit costs due to negotiated cost of living adjustments, retirement and health
 insurance increases; and increases in Other Charges primarily due to contracted direct
 services, and In-Home Supportive Services Maintenance of Effort and IGT- other charges.
- Public assistance: The net increase of \$26.1 million is primarily due to increases in employee salaries and benefits due to negotiated cost of living adjustments, retirement and health insurance increases; and increases in contracted/other professional services; and an increase in Contributions to Non County Agencies due to ARPA-funded projects.
- Debt Service Principal and Interest: The net increase of \$2.5 million is due to current year's payment on the 2021 COPS for the Comprehensive Energy Conservation project.
- Capital Outlay: The net increase of \$5.5 million is primarily due to a net increase in spending of \$6.3 million on various capital projects such as the Comprehensive Energy Conservation Project and the Solano Residential Mental Health Diversion Project; implementation of GASB 96 recognizing \$2.8 million in Capital Outlay SBITA; offset by a decrease of \$3.7 million in Capital Outlay Leases due to prior year's implementation of GASB 87 Leases.

Proprietary fund. The County's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

The unrestricted net position of the Nut Tree Airport at June 30, 2023 increased by \$187,000 from prior year due to current year activity with increases in charges for services and property tax revenues which were greater than the increase in expenses, resulting in a net increase to unrestricted net position.

General Fund Budgetary Highlights

The General Fund Budget (Adopted and Final versions) is reflected in the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual, as presented on page 124 in the Required Supplementary Information (RSI) section of this report.

Adopted (Original) Budget compared to Final Budget. During the year, the most significant budgetary adjustment was to appropriate funds to make an additional discretionary payment of \$5.6 million to the California Public Employees Retirement System (CalPERS) as the County's Board continues to make progress toward reducing the County's unfunded pension liability.

Final Budget Compared to Actual Results. Overall, revenues recognized were more than budgeted revenue estimates by \$13.9 million and expenditures were less than appropriations by \$27.9 million, thus reducing the need to draw upon fund balance. The significant variances are noted below.

Revenue Variances:

- Taxes \$10.3 million over budget is primarily due to secured, unsecured, and supplemental property taxes, ABXI 26 Pass-Through revenues and ABXI 26 Residual taxes due to increases in assessed values more than anticipated when developing the budget.
- Use of money and property \$4.4 million over budget is primarily from an increase in interest and investment earnings resulting from the higher interest rates.
- The more than budgeted revenues were offset by \$2.3 million under budget in Charges for Services due to Resource Management's program revenues that were impacted by staff vacancies (Lead Paint Settlement Program, Land Use permits, Environmental Health, etc.) and the Recorder's Office received less recording and administrative fees due to less recorded documents as real estate transactions declined due to uncertainty/increasing interest rates.

Expenditure Variances:

- General Services \$2.1 million under budget from unspent appropriations in salaries and benefits due to vacant positions, and appropriations for various services and supplies were not spent due to timing of projects and budgeted emergency repairs/special requests not materializing.
- Human Resources \$1.4 million under budget is primarily in salaries and benefits due to staff vacancies throughout the year.
- General Expenditures \$2.6 million under budget is primarily from unspent appropriations in accrued leave payouts and contracted services for management reviews/studies and technology projects that did not materialize in the current year.
- Agricultural Commissioner \$1.1 million under budget is due to unexpected staff vacancies and resulting savings in services and supplies (less fuel, education/training/garage services, etc.).
- Resource Management \$2.0 million under budget is primarily in salaries and benefits due to staff vacancies throughout the year which also resulted in favorable variance in services and supplies along with difficulties hiring/contracting work out in various programs (Code Compliance, Environmental Health, Land Use).
- Contingencies Appropriations included \$14.0 million for unforeseen emergencies that may arise during the fiscal year. At the end of the fiscal year, there was no need to draw from the contingency.

Other Financing Sources (Uses):

• Transfers out – \$13.5 million under budget can be attributed to fewer contributions made to county departments than anticipated as a result of operating needs and/or other sources of funding coming in higher than anticipated.

Capital Asset and Debt Administration

Capital assets. The County's capital assets for its governmental and business-type activities at June 30, 2023, were \$612.5 million (net of accumulated depreciation and amortization). This investment in capital assets includes land, artwork, intangibles, buildings, machinery and equipment, roads, bridges, and right-to-use assets. The net increase in the County's capital assets for the current fiscal year was \$14.3 million or 2.4%. As a result of GASB 96, for the governmental activities, a new "right-to-use asset SBITA" is recorded at \$9.1 million. Construction in progress increased \$25.8 million primarily due to various capital projects in progress including the Comprehensive Energy Conservation Project, the Solano Residential Mental Health Diversion Project, and Road Improvement Projects. Machinery and Equipment increased \$5.7 million due to equipment replacement. Accumulated depreciation/amortization increased by \$27.0 million. In business-type activities, construction in progress increased primarily due to the taxiway and elevator upgrade projects at the Nut Tree Airport.

Solano County's Capital Assets

| | | | | | | | Increase/ |

| Total | \$ 595,538,316 | \$ 580,788,765 | \$ 16,972,072 | \$ 17,418,393 | \$612,510,388 | \$ 598,207,158 | 2.39% |

Additional information on the County's capital assets can be found in Note III-D on pages 75-77 of this report.

Long-term Debt. At June 30, 2023, the County's total long-term debt for its governmental and business-type activities was \$121.7 million, which is entirely backed by the full faith and credit of the County.

Solano County's Outstanding Debt

| | Governmen | tal activities | Business-ty | pe activities | Total | | | |
|-------------------------------|--------------------|----------------|-------------|---------------|--------------------|--------------------|--|--|
| | (Restated) 2023 | , | | 2022 | (Restated) 2023 | (Restated) 2022 | | |
| Notes Payable | \$ 8,402,840 | \$ 1,023,890 | \$2,139,623 | \$2,265,680 | \$ 10,542,463 | \$ 3,289,570 | | |
| Lease Liabilities | 9,092,867 | 10,350,746 | 40,225 | 57,929 | 9,133,092 | 10,408,675 | | |
| SBITA Liabilities | 5,003,084 | 6,431,334 | - | - | 5,003,084 | 6,431,334 | | |
| Certificates of Participation | 87,679,790 | 94,755,921 | - | - | 87,679,790 | 94,755,921 | | |
| Pension Obligation Bonds | 9,310,000 | 13,360,000 | | | 9,310,000 | 13,360,000 | | |
| Total | \$ 119,488,581 | \$ 125,921,891 | \$2,179,848 | \$2,323,609 | \$ 121,668,429 | \$ 128,245,500 | | |

The County's total long-term debt decreased by \$6.6 million primarily due to the net effect of \$12.4 million in payments on the lease liabilities, Certificates of Participation and Pension Obligation Bonds and a net increase of \$1.4 million in SBITA liabilities as restated. The decreases were offset by the addition of a notes payable of \$7.3 million for hardware and software for the data center and network services.

Moody's and Standard & Poor's current ratings of Solano County's general obligation certificates of participation debt and pension debt are as follows:

Certificates of Participation

Moody's N/A*

S&P AA+ unchanged since 09/10/21

Pension Obligation Bonds

Moody's Aa2 effective 11/3/2022

S&P AAA unchanged since 09/10/21

State statutes limit the amount of general obligation debt a governmental entity may issue to 5% of its total assessed valuation. The County's general obligation debt is within the statutory limit. See page 181 in the statistical section of this report.

Additional information on the County's long-term debt can be found in Notes III-I on pages 83-89 of this report.

Economic Factors and Next Year's Budgets and Rates

- ➤ The unemployment rate for the County is currently 4.7% (as of October 2023). This is slightly lower than the State's average unemployment rate of 4.8 %, but higher than the national rate of 3.6%.
- ➤ The Board's policy for the General Fund Contingency and Reserve levels allows the County to normalize the County's budget during periods of fiscal distress and to address the impact of any other unforeseen circumstances. In FY 2023/24 the Adopted Budget included \$14.0 million in appropriations for contingencies, \$47.0 million in general reserves, \$4.7 million in designation for unfunded employee leave payoff, \$61.9 million for future employer PERS rate increases (of which \$32.5 million was legally restricted in the Public Agencies Retirement System (PARS) Section 115 Pension Trust at June 30, 2023), \$1.4 million for housing/SB375, \$31.5 million in designation for capital renewal, and \$2.3 million in designation for property tax system replacement.

^{*} The County does not have any outstanding COP that carry a rating by Moody's.

➤ The Assessor reported the FY 2023/24 secured property tax roll increased by 5.3%, or \$3.5 billion countywide over the FY 2022/23 lien date values resulting in a secured roll totaling over \$70.2 billion, which includes residential and commercial parcels.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Auditor-Controller's Office, 675 Texas Street, Suite 2800, Fairfield, CA 94533.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2023

| Changes in fund balances - total governmental funds | | \$ 64,413,057 |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------|----------------|
| Amounts reported for governmental activities in the statement of activities are different because: | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of capital assets is allocated over their estimated useful lives and reported as depreciation/amortization expense. | | |
| Capital outlay Depreciation/amortization | \$ 42,227,929 (25,452,656) | 16,775,273 |
| Gain on disposal of assets | | 362,347 |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds. | | 2,603,057 |
| The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt and lease agreements consume the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Debt principal payments Leases issued | \$ 10,027,100 (184,119) | |
| Lease principal payments SBITA issued SBITA principal payments Change in premium | 1,441,998 (2,822,702) 864,384 1,206,131 | 10,532,792 |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. The changes in long-term obligations and related deferred outflows and inflows of resources are as follows: Change in net OPEB liability and related deferred outflows and inflows of resources Change in net pension liability and related deferred outflows and inflows of resources Change in pollution remediation obligations Change in accrued interest payable Change in deferred loss on refunding Change in compensated absences | \$ 3,184,450 150,909 146,000 1,474,903 (152,067) (2,711,781) | |
| Internal service funds are used by management to charge the costs of certain activities to individual funds. The change in net position of the internal service funds is reported with governmental | | |
| activities. Changes in not resition of accommental activities. | | \$ 100,400,520 |
| Changes in net position of governmental activities | | \$ 100,499,539 |

COUNTY OF SOLANO, CALIFORNIA NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Solano County (the County) is a political subdivision of the State of California (the State). An elected, five-member Board of Supervisors (the Board) governs the County. The County defines its reporting entity in accordance with accounting principles generally accepted in the United States of America (GAAP), which provides guidance for determining which governmental activities, organizations, and functions should be included in the reporting entity. The accompanying financial statements present information on the activities of the reporting entity, including all fund types of the County (the primary government) and its component units.

GAAP requires that the component units be separated into blended, fiduciary or discretely presented units for reporting purposes. Although legally separate entities, blended component units are, in substance, part of the County's operations. Therefore, they are reported as part of the primary government. The primary government is financially accountable for these component units. Discretely presented component units are reported in a separate column in the financial statements to emphasize that they are legally separate from the County. Each blended and discretely presented component unit has a June 30 fiscal year-end except for the Solano County Fair, which has a December 31 year-end.

Blended Component Units

Component units blended in the County's financial statements include the Solano County Facilities Corporation, Solano County Housing Authority and the East Vallejo Fire Protection District.

The Solano County Facilities Corporation (SCFC) was established for the purpose of providing financing for the acquisition and construction of properties such as the Fairfield Downtown Project, the Animal Care Renovation/Expansion Project and the County's Energy Conservation Projects. The SCFC acts as an accommodation party in certain tax-exempt financings for the sole (exclusive) benefit of the County. The SCFC's board consists exclusively of all five members of the County's Board of Supervisors. The County has operational responsibility for the SCFC.

The Solano County Housing Authority (SCHA), under an agreement with the U.S. Department of Housing and Urban Development, provides housing assistance through the Section 8 Housing Choice Vouchers program for the unincorporated areas of Solano County and the cities of Dixon and Rio Vista. The County Board of Supervisors serves as the SCHA board. The County has operational responsibility for the SCHA.

The East Vallejo Fire Protection District (EVFPD) provides fire protection services to the citizens of the unincorporated area in Vallejo. The County's Board of Supervisors governs the fire protection district. The County has operational responsibility of the EVFPD.

Discretely Presented Component Units

The Solano County Fair (Fair) is a discretely presented component unit in the County's basic financial statements. The Fair is governed by the Solano County Fair Association (Fair Association) whose members are appointed by the County's Board of Supervisors (the Board). The Board can remove any of the Fair Association members at will (i.e., without reason). The Fair Association is a 501(c) (3) non-profit organization established to conduct the annual County Fair and oversee the day-to-day operations of the County's fairgrounds property. The Fair Association operates under a contract with the County as a self-supporting enterprise fund. The Fair's financial statements are reported for calendar year ending December 31, 2022.

The Workforce Development Board (WDB) is a discretely presented component unit in the County's basic financial statements. The WDB is a private, non-profit 501(c) (3) organization serving as the administrator/operator of primarily federally-funded workforce development grants and programs, and links employers with employees to improve the quality, competitiveness, and productivity of the local workforce. The County Board of Supervisors appoints the WDB Board of Directors to oversee the U.S. Department of Labor Workforce Investment Act (WIA) grants and programs. The Workforce Development Board is reported as a discretely presented component unit as the economic resources of the WDB directly benefit the County and its inclusion is considered necessary to ensure complete financial reporting.

Financial information for individual component units may be obtained at the County Auditor-Controller's Office.

The County Board of Supervisors is responsible for appointing the members of other organizations, but the County's accountability for these organizations does not extend beyond making the appointments. These organizations related to the County consist of the following special districts:

- Districts that provide fire protection services to the citizens of the County include Dixon Fire
 Protection District, Montezuma Fire Protection District, Suisun Fire Protection District and
 Vacaville Fire Protection District. A five-member board appointed by the County Board of
 Supervisors governs each district.
- Districts that provide burial services for all qualifying district residents and their families include Rio Vista Cemetery District, Silveyville Cemetery District, Solano Cemetery District and Vacaville-Elmira Cemetery District. A five-member board appointed by the County Board of Supervisors governs each cemetery district.
- Districts that develop and administer various resource conservation programs within the County include Dixon Resource Conservation District, Suisun Resource Conservation District and Solano Resource Conservation District. The County Board of Supervisors appoints the governing board for each of these districts.

B. Basis of Presentation – Government-wide Financial Statements

The County's financial accounts are maintained in accordance with GAAP and the uniform accounting system for the counties prescribed by the State Controller in compliance with the Government Code of the State of California. While separate government-wide and fund financial statements are presented, they are interrelated.

The governmental activities column incorporates data from governmental funds and internal services funds, while business-type activities incorporate data from the government's enterprise funds. Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the County has two discretely presented component units. While neither the Solano County Fair nor Workforce Development Board are considered to be a major component unit, they are nevertheless shown in separate columns in the government-wide financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. The effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The primary government includes certain indirect costs as part of the program expenses reported for the various functional activities. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

C. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Health & Social Services Fund* is used to account for services to county residents in the areas of health, mental health, substance abuse, social services, employment assistance and public assistance. Restricted revenue sources are primarily state and federal grants, vehicle license fees, sales tax, charges for services and income tax revenues under the Mental Health Services Act (MHSA).

The *Public Safety Fund* is used to account for services to county residents in the areas of legal representation, crime prevention, public protection and probation services. Restricted revenue sources are primarily state and federal grants.

The County reports one non-major enterprise fund:

The Nut Tree Airport fund (Airport) accounts for the operating activities and aviation services for commercial and recreational uses. Revenue sources are primarily charges for services.

Additionally, the government reports the following fund types:

Internal Service Funds account for management information systems, fleet management services and risk management services provided to other departments of the County, or to other governments, on a cost reimbursement basis. Revenue sources are primarily charges for services from County departments.

The *Investments Trust Fund* is used to account for the pooling of resources in an investment portfolio for external county agencies and legally separate participants who are legally required (trust equivalent) to pool their resources with the County or who have a trust agreement with the County to pool their resources.

The *Private Purpose Trust Funds* are used to account for escheat property under the responsibilities of Guardian/Conservator, Administrator, and prisoners' property under the Prisoners Welfare Fund.

The *Custodial Funds* are used to report fiduciary activities that are not required to be reported in pension (and other employee benefits) trust funds, investment trust funds, or private-purpose trust funds. These include property taxes and other custodial funds. The External Investment Pool is used to report fiduciary activities of the external portion of the investment pool for participants that are not required to keep cash in the County Treasury.

D. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 90 days of the end of the current fiscal period, except for property taxes, which the County considers available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims and judgments and pollution remediation are recorded only when payment is due.

Secured property taxes, franchise taxes, licenses, grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the County receives cash.

Proprietary funds distinguish operating from nonoperating revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the Airport are charges to customers for sales and services. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

E. Assets, Liabilities, Deferred Outflows/Inflows, and Net Position/Fund Balance

1. Cash and Investments

The County pools cash and investments with the County Treasurer except for investments held in trust agreements under direction from the Treasurer. Interest from pooled cash and investments are allocated quarterly to the various funds based on the periodic average daily cash balances of the funds. It is the County's policy and practice to charge interest to funds with a negative cash balance. Income from non-pooled investments is recorded based on the specific investments held by the fund. The interest income is recorded in the assigned fund that earns the interest.

The County has stated required investments at fair value in the accompanying financial statements. The fair value of investments is based on the independent third-party pricing models, published market prices or quotations from licensed broker/dealer firms. For purposes of the statement of cashflows, proprietary funds consider all highly liquid investments with a remaining maturity of three months or less at the time of acquisition including pooled amounts in the County Treasury to be cash equivalents.

The County categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Pool values participants' shares on a par value. Specifically, the Pool distributes income to participants based on their average balance during the relative period. Gross income is calculated and apportioned to the funds based on (1) realized investment gains and losses, (2) accrual-based interest income earned, and (3) amortization of discounts and premiums on a level yield basis. Administrative expenses are apportioned separately based on the absolute average balance of funds on deposit to account for any funds with a negative average balance. This method differs from the fair value method used to value investments in these financial statements because the amortized cost method is not designed to distribute to participants all unrealized gains and losses in the fair values of the Pool's investments.

The County Treasurer invests all pooled funds of the County and external participants in accordance with the County's investment policy and the California State Government Code. The County Treasurer reports on a quarterly basis to the Board of Supervisors.

The public school districts as well as fire, cemetery, pest control, parks and recreation, reclamation, and other special districts within the County are allowed to participate and depending upon a variety of factors may be legally required to deposit funds in the Treasurer's investment pool. Deposits of districts mandated and/or legally required to be held in trust by the County are included in the Investment Trust Fund. Deposits of districts that voluntarily participate in the Treasurer's investment pool are included in Custodial External Investment Pool Fund.

The County's cash and investments include \$10,161,078 at June 30, 2023 for Private Purpose Trust Funds. The County provides personal and financial services to individuals who are not able to manage their own affairs. The Public Administrator and Public Guardian administer the funds for individuals who are either deceased or incapacitated. The County also administers funds for adults and juveniles who are incarcerated.

2. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advance to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Advance to other funds, as reported in the governmental fund financial statements, are offset by a nonspendable fund balance to indicate such amounts are not in spendable form.

3. Property Tax Levy, Collection and Maximum Rates

The County is responsible for assessing, collecting and apportioning property taxes. Article XIII A of the California Constitution (Proposition 13) provides that the combined maximum property tax rate on any given property may not exceed one percent of its assessed value unless an additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100% of market value as defined by Article XIII A and may be adjusted upward by no more than two percent per year unless the property is sold or transferred. The State Legislature has determined the method of distribution of receipts from the tax levy among the counties, cities, school districts and other districts.

The County assesses properties and bills for and collects property taxes as follows:

| | Secured | Unsecured |
|----------------------|--------------------------------------|-----------|
| Valuation/lien dates | January 1 | January 1 |
| Levy dates | October 1 | July 1 |
| Due dates | 50% on November 1, 50% on February 1 | August 1 |
| Delinquent dates | December 11 (for November) | August 31 |
| | April 11 (for February) | |

The term "unsecured" refers to taxes on personal property other than land and buildings. These taxes are enforced by liens on the property being taxed.

The County uses the advance apportionment method for apportioning secured property taxes, commonly referred to as the Teeter Plan, as provided in the State Revenue and Taxation Code Sections 4701-4717.

Under this method, anticipated secured property tax monies are advanced to the various county funds and governmental agencies prior to the collection of such monies from the taxpayers.

4. Other Assets

The County reports inventory in the other asset category. The County values inventory at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when purchased rather than when consumed. Also, included in the other assets are prepaid costs which are payments made to vendors for costs that benefit future periods. In governmental funds, other assets include receivables arising from loan subsidy programs.

5. Long-term and Lease Receivables

The County reports receivables greater than one year as long-term receivables, including receivables arising from loan subsidy programs.

The County records lease receivables as the present value of future lease payments expected to be received from the lessee during the lease term, reduced by any provision for estimated uncollectible amounts. Lease receivables are subsequently reduced over the life of the lease as cash is received in the applicable reporting period. The present value of lease payments to be received are discounted based on the interest rate the County charges the lessee.

6. Capital, Right-to-use Lease and Subscription-Based Information Technology Arrangement (SBITA) Assets

Capital assets, which include property, plant, equipment, intangibles and infrastructure (e.g., roads, bridges and easements), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in proprietary funds. Capital assets are defined by the County as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of three years. Buildings and improvements and intangibles have a capitalization threshold of \$100,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their acquisition value on the date of donation. In accordance with GASB Statement No. 34, the County has not reported infrastructure assets acquired prior to fiscal year ended June 30, 1980.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant, equipment, intangibles and depreciable infrastructure assets of the primary government and its component units, are depreciated using the straight-line method over the following estimated useful lives:

| Assets | Years |
|----------------------------------|-------|
| Bridges | 99 |
| Computer equipment | 3-7 |
| Office equipment | 3-7 |
| Intangibles | 3-7 |
| Specialty equipment and vehicles | 3-20 |
| Heavy equipment | 10-20 |
| Buildings and improvements | 10-40 |
| Roads (surface only) | 10-20 |

Right-to-use lease assets, which include property, equipment and buildings and improvements, follow the same capitalization thresholds as capital assets. Right-to-use lease assets are recorded at the amount of the initial measurement of the lease liabilities and modified by any lease payments made to the lessor at or before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of lease term, less any lease incentives received from the lessor at or before the commencement of the lease term along with any initial direct costs that are ancillary charges necessary to place the lease asset into service.

Right-to-use lease assets are amortized using the straight-line method over the shorter of the lease term or the useful life of the underlying asset, unless the lease contains a purchase option that the County has determined is reasonably certain of being exercised. The amortization period is the same as the useful life of the underlying lease asset.

Right-to-use subscription-based information technology arrangements (SBITA) provides governments with access to a vendor's information technology (IT) software and associated tangible capital assets for a subscription payment without granting the government a perpetual license or title to the IT software and associated tangible capital asset. Right-to-use SBITA assets follow the same capitalization thresholds as intangibles of \$100,000. Right-to-use SBITA assets are recognized at the subscription commencement date and represent the County's right to use the underlying IT asset for the subscription term. Right to use SBITA assets are measured at the initial value of the subscription liability plus any payments made to the vendor at the commencement of the subscription term, less any subscription incentives received from the vendor at or before the commencement of the subscription term, plus any capitalizable initial implementation costs necessary to place the subscription asset into service.

Right-to-use SBITA assets are amortized using the straight-line method over the shorter of the subscription term or the useful life of the underlying asset. The amortization period is the same as the useful life of the underlying SBITA asset.

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow or resources (expense/expenditure) until then. As of June 30, 2023, the County has three items reportable on the Statement of Net Position: the first item relates to the unamortized losses on refunding of debt; the second item relates to deferred outflows of resources related to pensions; and the third item relates to deferred outflows of resources related to pensions; and the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or the refunding debt.

In addition to liabilities, the statement of net position and the balance sheet will sometimes report a separate section for deferred inflows of resources. The separate financial statement element represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow or resources (revenue) until that time. The County has three items reportable on the Statement of Net Position: the first item relates to deferred inflows of resources related to pensions; the second item relates to deferred inflows of resources related to lease receivables where the County is the lessor. The deferred inflows of resources related to lease receivables is also recorded on the fund statements. The deferred inflows of resources related to leases are recognized as an inflow of resources (revenue) on the effective-interest method over the term of the lease. The County also has deferred inflows of resources related to unavailable revenue reported under the modified accrual basis of accounting in the governmental funds balance sheet. These amounts are deferred and recognized as revenues in the period the amounts are available.

8. Federal, State and Local Grants

Governmental fund grants are recorded as revenues in the year they become both measurable and available and when all eligibility requirements imposed by the provider have been met. The County uses a 90-day availability period. Funds received that do not meet this criterion are recorded as unavailable revenue in the governmental funds financial statements under Deferred Inflows of Resources. Proprietary fund grants received for operating assistance are recorded as nonoperating revenues in the year in which the grants are expended and the related grant conditions are met.

9. Outstanding Warrants

Outstanding warrants represent the amount of warrants issued but not yet presented to the County for payment. Such amounts are recorded in the individual funds. When payables are processed, expenditures are recorded in the individual funds and a liability for accounts payable is created. When the warrant is issued, the liability for accounts payable is reduced and an outstanding warrant liability is created, pending payment of the warrant.

10. Due To/Due From Other Agencies

Included in "Due To/Due From Other Agencies" are amounts owed to/by governmental entities outside the reporting entity.

11. Unearned Revenue

Unearned revenue represents financial resources received before eligibility requirements are met. These resources are advances from the State of California and the federal government for costs of various programs administered by the County. As of June 30, 2023, \$69.35 million of unearned revenues is primarily from the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program.

12. Compensated Absences

Vested unused vacation hours may be accumulated and, if not taken, is paid at the date of termination from County employment at the employee's current pay rate. All leave balances are accrued when earned in the government-wide and proprietary fund financial statements. Expenditures for these amounts are reported in the governmental funds as employees terminate. County policy states that unused sick leave shall not be cashed out at the time of separation from the County; however, upon retirement eligible

employees convert all unused sick leave to a Retirement Health Savings Account. Payments for accrued compensated absences at termination or retirement are paid and liquidated by the governmental funds and proprietary funds.

13. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and long-term obligations are reported as long-term obligations in the applicable governmental activities, business-type activities, or proprietary funds statement of net position. Bond premiums/discounts are amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Lease liabilities represent the County's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments expected to be made during the lease term. The present value of lease payments is discounted based on a borrowing rate determined by the County.

SBITA liabilities represent the County's obligation to make payments arising from a subscription-based information technology arrangement. SBITA liabilities are recognized at the agreement commencement date based on the present value of future payments expected to be made during the term of the agreement. The present value of payments is discounted based on a borrowing rate determined by the County.

14. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County of Solano's California Public Employees Retirement System (CalPERS) Plans and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Payments for pension liabilities are liquidated by the governmental funds and proprietary funds.

15. Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability and deferred outflows/inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Solano County Retiree Healthcare Plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, the OPEB Plan's benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Payments for OPEB liabilities are liquidated by the governmental funds and proprietary funds.

16. Net Position/Fund Balances

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- Net investment in capital assets This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt attributable to the acquisition, construction or improvement of these assets including related deferred inflows/outflows of resources, reduce the balance in this category.
- Restricted Net Position This category represents external restrictions imposed by grantors, creditors, contributors and laws or regulations of other governments, and the restrictions imposed by law through enabling legislation for the implementation of various programs.
- *Unrestricted* This category represents net position resources of the County, not restricted for any project or other purpose.

The government-wide statement of net position reports a restricted component of \$458,079,324, of which \$50,783,287 is restricted by enabling legislation.

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned or unassigned based primarily on the extent to which the County is bound to honor constraints on how specific amounts can be spent.

Fund balance classifications are described as follows:

- Nonspendable Fund Balance: Amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. It includes long-term loans and notes receivable, inventories and prepaid items.
- Restricted Fund Balance: Amounts restricted by constraints that are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws of regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.
- *Committed Fund Balance:* Amounts to be used for specific purposes pursuant to constraints imposed by the Board of Supervisors via an ordinance. These self-imposed constraints must be set in place prior to the end of the fiscal year and can only be changed via ordinance.
- Assigned fund Balance: Amounts constrained by the County's intent to use for specific purposes but are neither legally restricted nor committed. The intent can be established at either the highest level of decision-making authority, or by a body or an official designated for that purpose. An assignment of fund balance is more easily removed or modified than fund balance classified as committed and may be established after fiscal year-end.
- Unassigned Fund Balance: This classification represents fund balance not assigned to other funds and not restricted, committed or assigned to specific purposes within the General Fund, and is available for financing future budgets. The General Fund is the only fund that reports a positive unassigned fund balance amount.

17. Fund Balance Policy

The Board originally adopted the General Fund Reserve and Other Designations Policy in February 2007. On June 14, 2011, the Board adopted the new Fund Balance Policy which includes the changes to conform to GASB Statement No. 54. This policy addresses the County's unrestricted fund balance (i.e., Committed, Assigned, and Unassigned).

General Fund – Fund Balance Policy -- This policy addresses the County's unrestricted fund balance (i.e., Committed, Assigned, and Unassigned).

Committed Fund Balance – During any Board meeting, the Board of Supervisors may establish a Committed Fund Balance through a resolution approved by a 4/5 vote. The commitment must be established by the end of the fiscal year for a specific purpose and requires the same formal action to be changed or lifted. However, for financial statement purposes, in accordance with GASB Statement No. 54, only those items committed via ordinance are reported as committed fund balance.

Assigned Fund Balance – During any Board meeting, the Board of Supervisors may establish or change an Assigned Fund Balance through a resolution approved by a 3/5 vote. The Board of Supervisors is the only entity delegated to assign fund balance.

General Fund General Reserve Policy – The General Fund General Reserve is subject to constraints imposed by Government Code Section 29086, which limits the Board's access to the reserve during the annual budget process and requires a 4/5 vote by the Board.

The Board's policy is to maintain General Fund General Reserves equal to 10% of the County's total budget, excluding interfund transfers with a minimum of \$20 million maintained at all times. Additionally, the General Fund Contingency policy establishes a level equal to 10% of the General Fund's total budget and is used to mitigate the impact of potential risks.

The General Fund General Reserve is maintained to provide the County with sufficient working capital to support one-time costs, subject to Board approved constraints, for the following purposes:

- When the County faces economic recession/depression and the County must take budget action.
- When the County is impacted by a natural disaster or any other emergency that could result from acts of terrorism, disease epidemic, pandemic, chemical spill, or nuclear contamination whether it is a natural occurring phenomenon or manmade.
- When the County experiences unexpected declines in revenues and/or when unpredicted large one-time expenditures arise.

Subject to Board of Supervisors' constraints, the following is how reserves should be used:

- 1. Use the General Fund General Reserve to phase into fiscal distress periods gradually, focusing on maintaining the Board's priorities.
- 2. To the extent possible, use the General Fund General Reserve as the last resort to balance the County Budget.
- 3. To the extent possible, the spending down of General Fund General Reserve should not exceed \$6 million a year.

In circumstances where the General Fund General Reserve has fallen below the established requirement, the County shall replenish the deficiency within five fiscal years or as soon as economic conditions allow from the following revenue sources: year-end surpluses, non-recurring revenues, budget surpluses, or if legally permissible and with a defensible rationale, from excess resources in other funds.

Countywide Spending Priority Policy

Funding Flow Assumptions – The County's Spending Priority policy applies to fund balance and revenue sources. In circumstances when multiple fund balance classifications are identified as funding source, the fund balance will be applied in the following order: 1) Restricted, 2) Committed, 3) Assigned and 4) Unassigned.

18. Contingency Policy

On February 13, 2007, the Board adopted the General Fund Contingency policy to establish a level equal to 10% of the General Fund total budget. During the Recommended Budget, the recommendation from staff is to fund the General Fund Contingency with the final amount to be determined by close out of the Budget reconciliation. Appropriations for Contingencies are legal authorizations granted by the Board of Supervisors to be used for one-time unexpected needs that arise outside of the regular budget planning process. Pursuant to Government Code §29130, access to the Appropriation for Contingency requires a 4/5 vote of the Board of Supervisors.

19. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS Explanation of certain differences between the governmental funds balance sheet and the government-wide statement of net position

The governmental funds balance sheet includes reconciliation between total governmental funds-fund balances and net position of governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The details of this \$576,953,466 difference are as follows:

| \$ 158,137,783 |
|----------------|
| 62,798,998 |
| 857,761 |
| 461,593 |
| 90,718,290 |
| 230,434,686 |
| 22,224,044 |
| 527,720 |
| 1,986,469 |
| 8,806,122 |
| |
| \$ 576,953,466 |
| |

Another element of reconciliation explains long-term liabilities not due and payable in the current period and, therefore is not reported in the funds. The details of this \$788,152,269 difference are as follows:

| Notes payable | \$ 916,787 |
|--------------------------------------------------------------------------|-------------------|
| Certificates of participation | 75,815,000 |
| Issuance premium | 11,864,790 |
| Pension obligation bonds | 9,310,000 |
| Net OPEB liability | 11,647,968 |
| Pollution remediation obligation | 317,350 |
| Net pension liability | 629,398,348 |
| Compensated absences | 38,260,500 |
| Lease liabilities | 9,092,867 |
| SBITA | 1,528,659 |
| Net adjustment to reduce total governmental funds-fund balance to arrive | |
| at net position of governmental activities | \$ 788,152,269 |

III. DETAILED NOTES ON ALL FUNDS

A. Cash and Investments

The County's cash and investments at June 30, 2023 were as follows:

| | Amount |
|------------------------------------------------------------------------|---------------------|
| Cash & Cash Equivalents | \$ 19,434,653 |
| County Investments | |
| Money Market Mutual Funds | 24,901,921 |
| State of California Local Agency Investment Fund (LAIF) | 50,672,564 |
| Investment Trust of California Joint Powers Authority Pool (CAL TRUST) | 57,364,875 |
| California Asset Management Program (CAMP) | 53,718,844 |
| Blackrock Fed Fund | 38,650,081 |
| Corporate Notes | 104,669,664 |
| Supranational | 9,939,742 |
| U.S. Government Agency Notes: | |
| Federal Farm Credit Bank | 170,497,133 |
| Federal Home Loan Bank | 707,206,377 |
| Federal Home Loan Mortgage Corporation | 260,252,036 |
| Federal National Mortgage Association | 166,717,884 |
| U.S. Treasury Securities | 305,117,721 |
| Municipal Bonds | 95,323,626 |
| Total County Investments | 2,045,032,468 |
| Total County Treasury | 2,064,467,121 |
| Cash and Investments with Fiscal Agents | |
| Cash & Cash Equivalents | 3,593,058 |
| Money Market Mutual Funds | 58,440,364 |
| Corporate Notes | 1,989,820 |
| Municipal Bonds | 3,125,500 |
| U.S. Government Agency Notes: | |
| Federal Home Loan Bank | 19,582,400 |
| Total Investments with Fiscal Agents | 83,138,084 |
| Total Cash and Investments | \$ 2,151,198,263 |

Reconciliation to the financial statements:

| Government-wide Statement of Net Position: | |
|--------------------------------------------|---------------------|
| Cash and investments | \$ 787,477,761 |
| Cash and investments - restricted | 32,527,009 |
| Statement of Fiduciary Net Position: | |
| External Investment Trust | 1,167,750,047 |
| Private Purpose Trust | 10,161,078 |
| Custodial, Other | 68,794,741 |
| Custodial, External Investment Pool | 80,054,658 |
| Component Units: | |
| Solano County Fair | 3,109,249 |
| Workforce Development Board | 1,323,720 |
| Total | \$ 2,151,198,263 |

The Investment Policy states the Solano County Treasurer is to manage the Treasury Pool in accordance with applicable State codes and for the benefit of the pool participants. The Treasurer makes every reasonable effort to maintain the composition of the Treasury Pool within an acceptable risk-return policy. To achieve and maintain this profile, the Treasurer may direct investment purchases or sales to adjust credit risk, interest rate risk, liquidity risk, or other risks inherent in investment pools. The pool is not registered as an investment company with the Securities and Exchange Commission (SEC). The Solano County Treasurer's Pool is governed by the tenets of Government Code 53600 et seq. In addition to these tenets the portfolio is further restricted to percentages based on book value at the time of purchase.

The County Treasurer manages funds on behalf of the County, local school districts, and various other special districts located within Solano County, and provides extensive reporting regarding the deposits held for both involuntary and voluntary external participants. Monthly and quarterly reports of such are published on the County's website and the County Treasurer reports on a quarterly basis to the Board of Supervisors. Other funds, which by law or contract must be segregated, are maintained in various other investments under his direction. Cash and investments held by the third-party fiscal agents are legally or contractually restricted for specific purposes.

The County is a voluntary participant in the State of California Local Agency Investment Fund (LAIF). At June 30, 2023, the County's investment in LAIF is \$50.7 million. LAIF is part of the State of California's Pooled Money Investment Account (PMIA). PMIA is not SEC-registered but is required to invest according to California State Government Code. LAIF is authorized under Government Code §16429.1 and their investment criteria is established in Government Code §16430. The average maturity of PMIA investments was 260 days as of June 30, 2023. The Local Investment Advisory Board (LIAB) has oversight responsibility for LAIF. The LIAB consists of five members as designated by state statute. The value of the pool shares in LAIF, which may be withdrawn, is determined on an amortized cost basis, which is different than the fair value of the County Treasurer's portion of the pool. LAIF is not rated.

The County is also a voluntary participant in the Investment Trust of California Joint Powers Authority Pool (CALTRUST). At June 30, 2023, the County's investment with CALTRUST is \$57.4 million. The Board of Trustees, which is made of experienced local Treasurers and Investment Officers has oversight responsibility for CALTRUST. The value of the pool shares in CALTRUST, which may be withdrawn, is determined on a fair value basis, which may be different than the amortized cost of the County Treasurer's portion of the pool. CALTRUST is not registered with the SEC and is not rated.

The County is also a voluntary participant in the California Asset Management Program (CAMP). At June 30, 2023, the County's investments with CAMP is \$53.7 million. The weighted average to maturity of CAMP investments was 26 days as of June 30, 2023. The Board of Trustees, which is made up of experienced local government directors and treasurers, has oversight responsibility for CAMP. The Board consists of seven members elected by the participants. The value of the pool shares in CAMP, which may be withdrawn, is determined on an amortized cost basis, which is different than the fair value of the County Treasurer's portion of the pool. CAMP's investment policy does not permit the purchase of asset-backed securities (Government Code 53601 (n)) but does permit the purchase of commercial paper (53601 (h)), which can include asset-backed commercial paper. CAMP is not registered with the SEC and is not rated.

1. Authorized Investments

Statutes authorize the County to invest in obligations of U.S. government securities, U.S. Government agencies and instrumentalities, certificates of deposit of nationally or state-charted banks or savings institutions, commercial paper rated A-1 by Standard and Poor's Corporation or P-1 by Moody's Commercial Paper Record, bankers' acceptances, medium term corporate notes, mortgage pass-through, repurchase agreements, reverse repurchase agreements, municipal bonds, money market mutual funds as permitted by the California Government Code, California State Treasurer's investment pool (LAIF), and shares of beneficial interest issued by Joint Power Authorities that invest in allowable securities such as Investment Trust of California (CALTRUST) and California Asset Management Program (CAMP). Statutes also authorize the County to invest in International Bank for Reconstruction and Development (Supranational), International Finance Corporation, Inter-American Development Bank of dollar denominated senior unsecured unsubordinated rated AA or better.

Segregated funds held in trust, separate and apart from the County's Treasury pool, are invested in accordance with applicable Trust Agreements. The PARS 115 Retirement Trust is governed by Government Code §53216 et seq.

2. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment or a deposit. As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policy mitigates its exposure to interest rate risk by:

- Structuring the portfolio so securities mature to meet the cash requirements of the pool participants and laddering call dates and maturities.
- Maintaining a portion of the County's investment portfolio in short-term investments (1 year or less to maturity), which have a minimum interest rate risk.

At June 30, 2023, the weighted average to maturity of the Treasurer's Pool was 347 days.

The fair value of the County's investments as of June 30, 2023 is as follows:

| | | Investment Maturit (in Yea | |
|-------------------------------------------------------|------------------|-------------------------------|-------------|
| _ | Amount | Less than 1 | 1 to 5 |
| County Investments | | | |
| Money Market Mutual Funds \$ | 24,901,921 \$ | 24,901,921 \$ | - |
| State of California Local Agency Investment Fund | | | |
| (LAIF) | 50,672,564 | 50,672,564 | - |
| Investment Trust of California Joint Powers Authority | | | |
| Pool (CAL TRUST) | 57,364,875 | 57,364,875 | - |
| California Asset Management Program (CAMP) | 53,718,844 | 53,718,844 | - |
| Blackrock Fed Fund | 38,650,081 | 38,650,081 | - |
| Corporate Notes | 104,669,664 | 61,238,078 | 43,431,586 |
| Supranational | 9,939,742 | 9,939,742 | - |
| U.S. Government Agency Notes: | | | |
| Federal Farm Credit Bank | 170,497,133 | 59,759,127 | 110,738,006 |
| Federal Home Loan Bank | 707,206,377 | 382,857,569 | 324,348,808 |
| Federal Home Loan Mortgage Corporation | 260,252,036 | 117,870,331 | 142,381,705 |
| Federal National Mortgage Association | 166,717,884 | 54,591,358 | 112,126,526 |
| U.S. Treasury Securities | 305,117,721 | 229,384,127 | 75,733,594 |
| Municipal Bonds | 95,323,626 | 20,651,732 | 74,671,894 |
| Total County Investments | 2,045,032,468 | 1,161,600,349 | 883,432,119 |
| Investments with Fiscal Agents | | | |
| Money Market Mutual Funds | 58,440,364 | 58,440,364 | - |
| Corporate Notes | 1,989,820 | 1,989,820 | - |
| Municipal Bonds | 3,125,500 | 3,125,500 | - |
| U.S. Government Agency Notes: | | | |
| Federal Home Loan Bank | 19,582,400 | | 19,582,400 |
| Total Investments with Fiscal Agents | 83,138,084 | 63,555,684 | 19,582,400 |
| Total Investments \$ | 2,128,170,552 \$ | 1,225,156,033 \$ | 903,014,519 |

3. Credit Risk

Credit risk is the risk of loss due to the failure of credit downgrade of an issuer or backer. State law limits investments in commercial paper and corporate bonds to the top two rating issued by nationally recognized statistical rating organizations. The County's investments policy mitigates its exposure to credit risk by:

- Limiting purchases to "investment grade securities".
- Diversifying the portfolio so the failure or downgrade of an individual security will have a minimal impact on the portfolio as a whole.
- Performing ongoing reviews of economic or financial conditions that may impact the credit of a single issuer or a market segment of issues.

• When the County Treasurer deems necessary, an in-depth analysis on the credit quality of an individual issuer within the portfolio will be conducted. Based on the findings, the County Treasurer may elect to retain the securities in question or sell them. At June 30, 2023, the County's credit risks, expressed as a percentage of total investments, are as follows:

| nvestment Type | Credit Rating S&P | % of Investment |
|-------------------------------------------------------------------------|-------------------|--------------------|
| County Investments | | |
| Money Market Mutual Funds | AAA | 1.17% |
| State of California Local Agency Investment Fund (LAIF) | Not Rated | 2.38% |

| | | 100.00% |

4. Concentration of Credit Risk

The County's investment policy has no limitation on the amount that can be invested in any one issuer beyond what is stipulated by the California Government Code. Investments in any one issuer (other than Money Market Mutual Funds, U.S. Treasury Securities, or external investment pools) that represent 5.00% or more of the total investments of the County are as follows:

| Issuer Name | Amount |
|----------------------------------------|-------------------|
| Federal Home Loan Bank | \$ 707,206,377 |
| Federal Home Loan Mortgage Corporation | 260,252,036 |
| Federal Farm Credit Bank | 170,497,133 |
| Federal National Mortgage Association | 166,717,884 |

5. Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investments or collateral securities that are in the possession of another party. The California Government Code and the County's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institution to secure deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

On February 10, 2015, the Board of Supervisors approved Resolution 2015-21 authorizing the County to adopt the Section 115 PARS Public Agencies Post-Employment Benefits Trust. The initial contribution occurred on August 5, 2015 and investments are made pursuant to California Government Code Section 53216.1.

6. Treasury Investment Pool

A summary of the investments held by the Treasurer's Pool as of June 30, 2023 is as follows:

| Investment | F | air Value | | Cost | Interest Rate Range (%) | Maturity Range (Month/Year) |
|-------------------------------------------------------|------|--------------|------|--------------|----------------------------|-----------------------------------|
| Treasury Investment Pool | | | | | | |
| Money Market Mutual Funds | \$ | 24,901,921 | \$ | 24,901,921 | 4.94 - 4.97 | 07/23 |
| State of California Local Agency Investment Fund | | | | | | |
| (LAIF) | | 50,672,564 | | 50,672,564 | 0.500 | 07/23 |

| Total Investments with Fiscal Agents | | 83,138,084 | | 63,684,061 | | |
| Total Investments | \$ 2 | ,128,170,552 | \$ 2 | ,134,216,085 | | |

7. Fair Value Measurements

The County's investment pool categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Investments reflect prices quoted in active markets.
- Level 2: Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active; and,
- Level 3: Investments reflect prices based upon unobservable sources.

Deposits and withdrawals in investment pools, such as LAIF, CAMP, and CALTRUST, are reported on an amortized cost basis of \$1 per share and not fair value. Accordingly, the County's proportionate share in these types of investments is an uncategorized input not defined as a Level 1, Level 2, or Level 3 input.

When available, quoted prices are used to determine fair value. When quoted prices in active markets are available, investments are classified within Level 1 of the fair value hierarchy. For investments classified

The County has the following recurring fair value measurements as of June 30, 2023:

| | Fair Value Measurements Using | | | | |
|------------------------------------------------------------|-------------------------------|-----------------------|---------------|--|--|
| | | Quoted Prices in | Significant | | |
| | | Active Markets | Other | | |
| | | for Identical | Observable | | |
| | Balance at | Assets | Inputs | | |
| County Investments by Fair Value Level | June 30, 2023 | (Level 1) | (Level 2) | | |

| Total Investments | \$ 2,128,170,552 | | | | |
| | | | | | |

The following represents a condensed statement of net position and changes in net position for the Treasurer's Pool as of June 30, 2023:

| Statement of net position | |
|------------------------------------------------------|---------------------|
| Net position held in trust for all pool participants | \$ 2,056,288,435 |
| | |
| Equity of internal pool participants | \$ 808,483,730 |
| Equity of external pool participants | 1,247,804,705 |
| Total Net Position | \$ 2,056,288,435 |
| | |
| Statement of changes in net position | |
| Net position as of July 1, 2022 | \$ 1,858,854,501 |
| Net change in investments by pool participants | 197,433,934 |
| Net Position as of June 30, 2023 | \$ 2,056,288,435 |
| Add outstanding warrants: | |
| Primary government | 7,926,600 |
| Component Unit: | |
| Workforce Development Board | 252,086 |
| Total held by County Treasury | \$ 2,064,467,121 |

B. Due To/Due From Other Funds

The composition of the interfund balances as of June 30, 2023 is as follows:

| | | Due To Other Funds | | | | | | | | | |
|------------------|------------------|--------------------|--------------|---------------|--------------|----------|-----------|---------------|--|--|--|
| | | | Health & | | Other | | Internal | | | | |
| | | General | Social | | Govern- | Nut Tree | Service | | | | |
| | | Fund | Services | Public Safety | mental | Airport | Funds | Total | | | |
| | General Fund | \$ - | \$ 2,026,515 | \$ 5,186,441 | \$ 5,863,662 | \$ 6,595 | \$ 49,869 | \$ 13,133,082 | | | |
| | Health & Social | | | | | | | | | | |
| spu | Services | 1,484,419 | - | 9,401,500 | 37,772 | - | 15,569 | 10,939,260 | | | |
| From Other Funds | Public Safety | 480,326 | 2,859,882 | - | 79,090 | - | - | 3,419,298 | | | |
| the | Other Govern- | | | | | | | | | | |
| m 0 | mental | 50,283 | 377,389 | 47,381 | 14,207 | 84 | 3,321 | 492,665 | | | |
| Fro | Nut Tree | | | | | | | | | | |
| Due] | Airport | 88,635 | - | - | - | - | - | 88,635 | | | |
| | Internal Service | | | | | | | | | | |
| | Funds | 101,943 | 949,442 | 74,289 | | | | 1,125,674 | | | |
| | Total | \$ 2,205,606 | \$ 6,213,228 | \$ 14,709,611 | \$ 5,994,731 | \$ 6,679 | \$ 68,759 | \$ 29,198,614 | | | |

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

C. Advance To/From Other Funds

The composition of the Advance to/from other funds as of June 30, 2023 is as follows:

| | | Advance To | | | | | | | | |
|----------------|--------------------|------------|----------------------|----|---------------------|----|------------------|----|------------|--|
| | Health & | | | | | | | | | |
| | Social Services | G | Other overnmental | | Nut Tree Airport | | Service Funds | | Total | |
| | Bervices | | Governmental | | Airport | | Tunes | | Total | |
| m m | | | | | | | | | | |
| From | | | | | | | | | | |
| ✓ General Fund | \$ 802,525 | <u>\$</u> | 6,164,631 | \$ | 2,307,391 | \$ | 7,725,662 | \$ | 17,000,209 | |

As of June 30, 2023, the outstanding amounts owed to the General Fund by other funds are as follows: Health & Social Services owes \$802,525 to cover costs related to emergency response and initial damages from the Lake-Napa-Unit (LNU) Lightning Complex Fires; the Transportation Fund (Other Governmental Funds) owes \$509,098 to cover costs of Regional Transportation Projects which will be repaid through public facilities fees for transportation projects; the Accumulated Capital Outlay Fund (Other Governmental Funds) owes \$5,655,533 to cover the costs of the Fairgrounds development. The County selected IRG/JLL as the preferred development team. Revenues generated from the completion of this project will be used to repay this advance. For more information, https://www.solanocounty.com/solano360/rfq.asp. The Department of Information Technology (Internal Service Fund) has been advanced \$7,725,662 to-date for the replacement of the current SCIPS (Solano County Integrated Property Tax System) and will be recovered through user charges beginning FY2023-24.

Nut Tree Airport Enterprise Fund

The General Fund has advanced \$2,307,391 to the Nut Tree Airport Enterprise Fund to cover the costs of real property for purposes of airport expansion. Revenues generated from the hangar project are being used to repay this advance. The funds were advanced at an annual variable interest rate equal to the average annual County Treasury pool rate and repayment term of 25 years. The interest for FY2023-24 is based on the estimated County Treasury pool rate and estimated variable rates at 3.0865% beginning FY2024-25. The annual debt service requirements to maturity for advances are as follows:

| _ | Business-type activities | | | | | |
|-------------|--------------------------|-----------|----|-----------|--|--|
| Year ending | | | | | | |
| June 30 | | Principal | | Interest | | |
| 2024 | \$ | 55,907 | \$ | 87,979 | | |

Transfers are used to (1) move revenues from the fund required by statute or budget to collect them to the fund required by statute or budget to expend them, (2) move receipts identified for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

General Fund

The General Fund made a net contribution of \$198,820,246 as of June 30, 2023 to offset operating costs of various programs and to meet the maintenance of effort requirements for many grant-funded programs.

Of the amount transferred, Health & Social Services Fund received a net transfer of \$38,771,309 and the Public Safety Fund received a net transfer of \$137,457,425.

Other Governmental Funds received a total of \$22,560,082. Of this amount, \$15,552,917 was transferred to the Accumulated Capital Outlay Fund (Other Governmental Funds) to finance various capital projects; \$6,429,938 was transferred to the 2013, 2017 and 2021 Certificates of Participation Fund (Other Governmental Funds) for the General Fund's share of principal and interest; \$577,227 was transferred for the departments' share of the principal and interest payment of the Pension Obligation Bonds (POB).

Health & Social Services (H&SS) Fund

H&SS transferred total funds of \$5,439,426 to various funds primarily due to \$3,402,211 from ARPA spending for the Revenue Replacement Project; \$1,625,981 was transferred for the departments' share of the principal and interest payment of the POB (Other Governmental Funds); \$260,000 was transferred to the Accumulated Capital Outlay Fund (Other Governmental Funds) for the Fume Hood Implementation and Negative Pressure Airflow Projects; \$113,136 was transferred to Fleet Management (Internal Service Funds) for various county vehicles; and \$38,098 was transferred for reimbursements to the General Fund.

Other Governmental Funds

The Pension Obligation Bond Fund (Other Governmental Funds) transferred \$5,638,498 to the General Fund to finance an additional discretionary payment to CalPERS to reduce the County's unfunded liability; Public Facilities Fees Fund (Other Governmental Funds) transferred \$1,301,766 to the 2017 Certificates of Participation Fund (Other Governmental Funds) for its share of the principal and interest payment and \$371,597 to the Transportation Fund (Other Governmental Funds) to partially pay the GF loan; Accumulated Capital Outlay Fund (Other Governmental Funds) transferred \$900,000 to the 2017 Certificates of Participation Fund (Other Governmental Funds) for its share of the principal and interest payment; \$238,482 for the departments' share of the principal and interest payment of the Pension Obligation Bonds Fund (Other Governmental Funds); \$65,714 was transferred to the Accumulated Capital Outlay Fund (Other Governmental Funds) to partially pay maintenance projects; \$128,450 was transferred to the Fleet Management for various county vehicles (Other Governmental Funds).

F. Payable

The composition of payables as of June 30, 2023 is as follows:

| | Accounts Payable | Accrued Payroll | Accrued Interest | Total |
|------------------------------------|---------------------|--------------------|---------------------|---------------|
| Governmental activities: | | | | |
| General Fund | \$ 3,208,416 | \$ 1,199,071 | \$ - | \$ 4,407,487 |

G. Leases

Lessee Activities

All leases were recognized as having an inception date of July 1, 2021. The County used a discount rate of 3.00% based on the average rate of the series 2021 Certifications of Participation rates.

Governmental Activities

The County entered into 48 noncancelable leases with various third parties classified as Governmental activities. Current lease activities include the right-to-use assets for telecommunications, office and warehouse spaces, photocopiers and printers, and other equipment. The lease terms include the noncancelable period of the lease and extensions the County is reasonably certain to exercise and vary with each contract. The lease terms range from a period of 2 to 35 years with the final term ending July 31, 2046. The County is required to make annual principal and interest payments between \$145 and \$553,278. Several of the structured leases increase annually based on CPI. The lease liability as of June 30, 2022 was \$10,350,746. As of June 30, 2023, the value of the lease liability was \$9,092,867. The difference represents \$1,441,998 in the reduction of the principal portion of the lease payments made and an addition of new leased assets of \$184,119. As of June 30, 2023, the amount of the right-to-use lease assets net of accumulated amortization was \$8,806,122.

Business-type Activities

Nut Tree Airport entered into one noncancelable lease with Epic Aviation for the right-to-use jet refueler truck. Under the terms of the lease, Nut Tree Airport is required to make annual principal and interest payments of \$19,200 with a beginning lease term of March 17, 2021 through August 31, 2025. The lease liability as of June 30, 2022 was \$57,929. As of June 30, 2023, the value of the lease liability was \$40,225. The difference includes \$17,704 which represents the reduction of the principal portion of the lease payments made in the current year. As of June 30, 2023, the amount of the right-to use lease asset net of accumulated amortization was \$39,154.

Remaining obligations associated with the governmental and business-type activities leases are as follows:

| Governmen | tal Activities | Business-Type Activities | | | | |

Component Unit Activities

Workforce Development Board (WDB) entered into two noncancelable leases with various third parties. Current lease activities include the right-to-use office space and photocopier. The lease terms range from a period of 3 to 10 years with the final term ending September 30, 2029. WDB is required to make annual principal and interest payments between \$5,259 and \$234,846. The lease liability as of June 30, 2022 was \$1,580,470. As of June 30, 2023, the value of the lease liability was \$1,385,116. The difference represents \$208,170 in the reduction of the principal portion of the lease payments made in the current year and an addition of \$12,816 of a new leased asset. As of June 30, 2023, the amount of the right-to-use lease assets net of accumulated amortization was \$1,331,373.

Remaining obligations associated with component unit leases are as follows:

| Fiscal Year | Component Unit Activities | | | | | |
|---------------|---------------------------|-----------|----|---------|--|--|
| Ended June 30 |] | Principal | I | nterest | | |
| 2024 | \$ | 202,979 | \$ | 38,909 | | |

| 2027 | | 224,110 | | 19,550 | | |
| 2028 | | 230,896 | | 12,764 | | |
| 2029-2033 | | 298,562 | | 6,013 | | |
| Total | \$ | 1,385,116 | \$ | 135,987 | | |

Lessor Activities

The County has entered into five lease agreements as a lessor for right-to-use buildings and 10 lease agreements as a lessor for land used by several entities. For lessor leases, the County is utilizing an incremental borrowing rate of 3.0%. The lease terms, which include the option to extend, range from a period of 5 to 45 years with the final term ending August 24, 2060.

Governmental Activities

The County has accrued a receivable for eight land leases and three building leases. The County received annual principal payments of \$1,513,769 and interest revenues of \$429,311, totaling \$1,943,080. The lease receivables as of June 30, 2023 were \$13,893,417 and deferred inflows related to these leases were \$13,417,973.

Business-type Activities

Nut Tree Airport has accrued a receivable for two land leases and two building leases. The County received annual principal payments of \$174,966 and interest revenues of \$36,250, totaling \$211,216. The lease receivable as of June 30, 2023 were \$1,137,554 and deferred inflows related to these leases were \$1,072,532.

H. Subscription-Based Information Technology Arrangements (SBITAs)

All SBITAs were recognize as having an inception date of July 1, 2022. The County uses the incremental borrowing rate (IBR) between 0.380% and 3.347% as the discount rate for SBITA.

Governmental Activities

The County has entered into thirteen noncancelable SBITAs with various third parties classified as Governmental activities. The SBITA terms include the noncancelable period of the SBITA and extensions the County is reasonably certain to exercise and vary with each contract. The SBITA terms range from a period of 2 to 6 years with the final term ending June 30, 2027. The County is required to make annual principal and interest payments between \$13,892 and \$1,647,911.

The initial SBITA liability as of July 1, 2022 was recorded in the amount of \$6,431,334. As of June 30, 2023, the value of SBITA liability was \$5,003,084. The difference includes \$864,384 which represents the reduction of the principal portion of the SBITA payments made in the current year in the amount of \$2,559,106 and the recognition of new SBITA liabilities of \$1,130,856. As of June 30, 2023, the amount of the right-to-use SBITA assets net of accumulated amortization was \$6,599,986.

| Fiscal Year | Governmental Activities | | | | |

| 2025 | 1,809,248 | 364,458 | 135,666 | 75,250 | | | |
| 2026 | 1,119,445 | 242,333 | 140,742 | 70,173 | | | |
| 2027 | 1,195,008 | 166,771 | 146,010 | 64,905 | | | |
| 2028 | 1,275,671 | 86,108 | 151,476 | 59,440 | | | |
| 2029-2033 | - | - | 846,842 | 207,737 | | | |
| 2034-2036 | - | - | 588,115 | 44,634 | | | |
| | \$ 8,402,840 | \$ 982,347 | \$ 2,139,624 | \$ 602,282 | | | |

Governmental Activities

During FY 2007/08, the County entered into a loan agreement with the Suisun Redevelopment Agency in the amount of \$1,023,890 for its share of construction costs of the Suisun City Library. The loan will be repaid using future public facilities fees collected by the City of Suisun on behalf of the County, plus interest at three (3%) percent per annum. Assembly Bill (AB) X1 26 dissolved all Redevelopment Agencies (RDA) in the State of California effective February 1, 2012. Due to the dissolution of the RDA, the loan is now payable to the City of Suisun Successor Agency. The balance remaining on the loan is \$916,787.

The Department of Information Technology (Internal Service Fund) entered into a financing agreement with Key Government Financing to fund the procurement of Cisco Systems hardware, software licenses and maintenance for the Solano County data center and network service. The balance remaining on the financing agreement is \$7,486,053.

Business-Type Activities

The Nut Tree Airport (Enterprise Fund) entered into two loan agreements with the California Department of Transportation for a State Airport loan. The balance remaining on the loans is \$2,139,623 and is for the construction of Aircraft Hangars at the Nut Tree Airport. The arrangement contains a provision that in an event of default, outstanding amounts become immediately due and payable.

Certificates of Participation

The County issues Certificate of Participation (COP) to provide funds for the acquisition and construction of major capital facilities. Certificate of Participation were issued for governmental activities only.

Annual debt service requirements to maturity for the Certificate of Participation are shown in the following table:

| Governmental activities | | | | | | | | |
|--------------------------|--|--|--|--|--|--|--|--|
| Ps From Direct Placement | | | | | | | | |
| | | | | | | | | |
| cipal Interest | | | | | | | | |
| | | | | | | | | |
| 405,000 65,214 | | | | | | | | |
| 415,000 51,520 | | | | | | | | |
| 430,000 37,408 | | | | | | | | |
| 445,000 22,796 | | | | | | | | |
| 460,000 7,682 | | | | | | | | |
| - | | | | | | | | |
| - | | | | | | | | |
| _ | | | | | | | | |
| 2,155,000 \$ 184,620 | | | | | | | | |
| | | | | | | | | |

The County's Certificates of Participation were issued by the Solano County Facilities Corporation (Corporation), a component unit of the County of Solano. The Certificates are secured by annual lease payments payable by the County for use of the facilities constructed or acquired from the Certificates' proceeds. If the County defaults on its obligations to make lease payments stipulated under the lease agreement, the Trustee, as assignee of the Corporation, may retain the lease agreement and hold the County liable for all lease payments on an annual basis and will have the right to reenter and relet the facilities constructed or acquired from the Certificates' proceeds. In the event such reletting occurs, the County would be liable for any resulting deficiency in lease payments. Alternatively, the Trustee may terminate the lease agreement with respect to the Project and proceed against the County to recover damages pursuant to law or granted pursuant to the lease agreement.

Pension Obligations Bonds

The County issued Taxable Pension Obligation Bonds (POB) to prepay a partial obligation under its contract with CalPERS for the County's Unfunded Accrued Actuarial Liability (UAAL).

Annual debt service requirements to maturity for Pension Obligation Bonds are as follows:

| | Governmental activities | | | | | | |
|------------------------|-------------------------|------------|--|--|--|--|--|
| Year ending June 30 | Principal | Interest | | | | | |
| 2024 | 4,440,000 | 498,644 | | | | | |
| 2025 | 4,870,000 | 260,837 | | | | | |
| Total | \$ 9,310,000 | \$ 759,481 | | | | | |

The County's outstanding 2005 Pension Obligations Bonds related to governmental activities of \$9,310,000 contain a provision that in an event of default, all bonds then outstanding and the interest accrued thereon to be due and payable immediately if the County is unable to make payment.

The composition of the long-term obligations for the governmental activities as of June 30, 2023 is as follows:

| | | Interest | Original | |
|------------------------------------------------|-------------------------------------|-----------|--------------|----------------|
| Type and description | Maturity | Rates (%) | Issue | Outstanding |
| Notes payable: | | | | |

Legal Debt Margin

The County is subject to a legal debt limit statutorily computed at 5.0 percent of assessed valuation of taxable property of the County. As of June 30, 2023, the County's total debt limit was \$3,485,928,463, and the total outstanding debt applicable to the limit was \$9,310,000 which is 0.27 percent of the total debt limit.

J. Pollution Remediation Obligations

The County has been named as the primary responsible party for pollution remediation for the Former Hall of Records located at 701 Texas Street, Fairfield, CA 94533. Remediation is required for subsurface soil and groundwater contamination. The pollution remediation obligation for this site is expected to be \$317,350, which is a weighted average of estimates for the range of cleanup outlays. The Former Hall of Records site is required to be remediated until eligible for closure by California Regional Water Quality Control Board.

K. Fund Balances

Fund balances for all major and nonmajor governmental funds as of June 30, 2023 are classified as follows:

| | General Health & Social Fund Services | | Public Safety | Other Govern- mental | Total | | |

Fund Balance Assignments – Undisbursed Approved Loans

- On September 30, 2008, the Board approved a General Fund loan for \$2,000,000 to the Accumulated Capital Outlay Capital Projects Fund for the purpose of the Visioning Project for the Solano County Fairgrounds Development. An additional \$6,200,000 was approved in the subsequent fiscal years (FY 2009/10 \$2,400,000, FY 2013/14 \$500,000, FY 2015/16 \$2,100,000 and FY 2017/18 \$1,200,000) bringing the total loan to \$8,200,000. As of June 30, 2023, the undisbursed balance of the approved loans was \$2,544,467.
- On April 4, 2017, the Board approved a General Fund loan for \$10,000,000 to DOIT through the creation of a designated reserve fund for the replacement of the SCIPS system. As of June 30, 2023, the undisbursed balance of the approved loan was \$2,274,337.
- On September 1, 2020, the Board approved a General Fund loan for \$2,000,000 to the County Disaster Fund from the General Fund Contingency to pay for costs related to emergency response and initial damages from the Lake-Napa-Unit (LNU) Lightning Complex Fires. As of June 30, 2023, the undisbursed balance of the approved loan was \$197,475.

L. Tax Abatements

The County provides tax abatements through the Williamson Act Program. The contracts are made and entered into pursuant to the California Land Conservation Act of 1965 as amended. Under the Williamson Act Program, local governments enter into contracts with private landowners for the purpose of restricting specific parcels of land to agricultural or related open space use. Private land within locally designated agricultural preserve areas is eligible for enrollment under contract.

Under the provisions of these contracts, land parcels are assessed for property tax purposes at a rate consistent with their actual use, rather than potential market value of the property. The minimum contract term is ten years and automatically renews until a cancellation process is initiated. Cancellation of the contract and the cancellation fee therefore shall be governed by Division I, Title 5, Chapter 7, Article 5 of the State of California Government Code. For the fiscal year ended June 30, 2023, tax abatements under the Williamson Act Program were \$7,777,452.

IV. OTHER INFORMATION

A. General Information About the Pension Plans

1. Plan Descriptions

The County's defined benefit pension plans, the County's Safety and Miscellaneous Plans, provide retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. The County's Safety and Miscellaneous Plans (Plans) are part of the Public Agency portion of the California Public Employees' Retirement System (CalPERS), an agent multiple-employer plan administered by CalPERS, which acts as a common investment and administrative agent for participating public employers within the State of California. The Solano County Fair and the Solano County Superior Court are included as part of the County's Miscellaneous Plan. However, for financial reporting purpose, the liabilities and related pension amounts for the Solano County Superior Court have been excluded from the County's amounts, while Solano County Fair is reported separately from the County's amounts. The footnote disclosure for Solano County Fair is presented consistent with the

County's fiscal year-end, which differs from the financial statement presentation of liabilities and pension amounts of Solano County Fair's calendar year-end financials. A menu of benefit provisions as well as other requirements is established by State statutes within the Public Employees' Retirement Law. The County selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through County ordinance. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions, and membership information that can be found on the CalPERS website at www.calpers.ca.gov.

A summary of the defined benefit pension plans at June 30, 2023 are as follows:

| | | | | | Cor | nponent Unit | |

2. Benefits Provided

CalPERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plans' provisions and benefits in effect at June 30, 2023 are summarized as follows:

| Status | Closed | Open | Open |

3. Employees Covered

At June 30, 2023, the following employees were covered by the benefit terms for the Miscellaneous and Safety Plans. Under the Miscellaneous Plan, the data includes Court and Fair employees. Currently, there are no reports available to exclude Court and Fair employees from the data.

| | Miscellaneous | Safety |
|------------------------------------------------------------------|---------------|--------|
| Inactive employees or beneficiaries currently receiving benefits | 3,352 | 671 |
| Inactive employees entitled to but not yet receiving benefits | 1,965 | 268 |
| Active employees | 2,447 | 551 |
| Total | 7,764 | 1,490 |

4. Contributions

Section 20814 of the California Public Employees' Retirement Law requires the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The County is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

Active plan members in the Miscellaneous and Safety Plans are required to contribute 8% and 9% respectively of their annual covered salary. The County is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members. The required employer contribution rate for the fiscal year ended June 30, 2023 (after the measurement date) was 29.86% for the Miscellaneous and 37.82% for Safety employees. The required employer contribution amounts for the fiscal year ended June 30, 2023 were \$56,735,329 and \$27,046,069 under the Miscellaneous (excluding Courts) and Safety Plans, respectively. The required employer contribution amounts for the fiscal year ended June 30, 2023 for Solano County Fair was \$141,945.

5. Net Pension Liability

The County's net pension liability for each Plan is measured as the total pension liability less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2022, using an annual actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022. A summary of principal assumptions and methods used to determine the net pension liability is shown on the next page.

Actuarial Assumptions

The total pension liability at the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | Miscellaneous | Safety | | | |
|---------------------------|----------------------------------------|---------------|--|--|--|
| | | | | | |
| Valuation Date | June 30, 2021 | June 30, 2021 | | | |
| Measurement Date | June 30, 2022 | June 30, 2022 | | | |
| Actuarial Cost Method | Entry-Age Normal | | | | |
| Actuarial Assumptions: | | | | | |
| Discount Rate | 6.90% | 6.90% | | | |
| Inflation | 2.30% | 2.30% | | | |
| Payroll Growth | 2.80% | 2.80% | | | |
| Projected Salary Increase | Varies by Entry Age and Service | | | | |
| Mortality | Derived using CalPERS' Membership Data | | | | |
| | for All Funds | | | | |

The mortality table used was developed based on CalPERS' specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study for the period from 2001 to 2019. Pre-retirement and Post-retirement mortality rates include generational mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries. For more details on this table please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from November 2021 that can be found on the CalPERS website.

Changes of Assumptions: Effective with the June 30, 2021 valuation date (June 30, 2022 measurement date), the discount rate was reduced from 7.15% to 6.90%.

All other actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS considered both short-term and long-term market return expectations. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the next 20 years using a building-block approach. The expected rate of return was then adjusted to account for assumed administrative expenses of 10 Basis points.

The expected real rates of return by asset class are as follows:

| Asset Class (1) | Assumed Asset Allocation | Real Return (1,2) |
|----------------------------------|-----------------------------|-------------------|
| Global Equity - Cap-weighted | 30.0% | 4.54% |
| Global Equity - Non-Cap-weighted | 12.0% | 3.84% |
| Private Equity | 13.0% | 7.28% |
| Treasury | 5.0% | 27.00% |
| Mortgage-backed Securities | 5.0% | 50.00% |
| Investment Grade Corporates | 10.0% | 1.56% |
| High Yield | 5.0% | 2.27% |
| Emerging Market Debt | 5.0% | 2.48% |
| Private Debt | 5.0% | 3.57% |
| Real Assets | 15.0% | 3.21% |
| Leverage | -5.0% 100.0% | -0.59% |
| | 100.070 | |

- (1) An expected inflation rate of 2.30% used for this period.
- (2) Figures are based on the 2021 Asset Liability Management study.

Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability

The changes in the Net Pension Liability for each Plan of the Primary Government (excluding Courts) for the measurement date June 30, 2022 are as follows:

| | | | M | iscellaneous | | | |
|------------------------------------------|---------------|---------------|-------|----------------|-------------------|------------------|--|
| | | | Incre | ase (Decrease) | | | |
| | Total Pension | | | Plan Fiduciary | | Net Pension | |

Sensitivity of the Net Pension Liability to Change in the Discount Rate

The following presents the net pension liability of the County for each Plan of the Primary Government (excluding Courts), calculated using the discount rate for each Plan, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

| | <u>M</u> | iscellaneous | Safety | Total |
|-----------------------|----------|--------------|-------------------|-------------------|
| 1% Decrease | | 5.90% | 5.90% | 5.90% |
| Net Pension Liability | \$ | 731,147,497 | \$ 233,800,972 | \$ 964,948,469 |
| Current Discount Rate | | 6.90% | 6.90% | 6.90% |
| Net Pension Liability | \$ | 498,526,563 | \$ 146,795,913 | \$ 645,322,476 |
| 1% Increase | | 7.90% | 7.90% | 7.90% |
| Net Pension Liability | \$ | 310,224,336 | \$ 75,527,896 | \$ 385,752,232 |

The following presents the net pension liability of Solano County Fair, calculated using the discount rate for each Plan, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

| | Solano County Fair |
|-----------------------|---------------------------|
| | |
| 1% Decrease | 5.90% |
| Net Pension Liability | 2,095,223 |
| | |
| Current Discount Rate | 6.90% |
| Net Pension Liability | 2,000,173 |
| 10/ T | 5 000/ |
| 1% Increase | 7.90% |
| Net Pension Liability | 888,999 |

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

6. Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

Missallana aug Dlan

For the fiscal year ended June 30, 2023, the County recognized total pension expense of \$83,805,155 of the Primary Government (excluding Courts), of which \$63,432,703 is for the Miscellaneous Plan and \$20,372,452 is for the Safety Plan. At June 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Cofote Dlon

Total

| | Miscellan | eous Plan | Safet | Safety Plan | | otal |
|-----------------------------------------------------------------------------------------|----------------|----------------|---------------|----------------|----------------|-----------------|
| | Deferred | Deferred | Deferred | Deferred | Deferred | Deferred |
| | Outflows of | Inflows of | Outflows of | Inflows of | Outflows of | Inflows of |
| | Resources | Resources | Resources | Resources | Resources | Resources |
| Change of Assumptions | \$ 35,197,216 | \$ - | \$ 12,163,717 | \$ - | \$ 47,360,933 | \$ - |
| Differences between expected and actual experience | 1,505,690 | (9,173,248) | 872,437 | (3,873,675) | 2,378,127 | (13,046,923) |
| Pension contributions subsequent to measurement date | 56,735,329 | - | 27,046,069 | - | 83,781,398 | - |
| Net differences between Projected and Actual Earnings on Pension Plan Investments | 64,272,137 | | 23,919,515 | | 88,191,652 | |
| Total | \$ 157,710,372 | \$ (9,173,248) | \$ 64,001,738 | \$ (3,873,675) | \$ 221,712,110 | \$ (13,046,923) |

The amounts of \$56,735,329 and \$27,046,069 for the Miscellaneous (excluding Courts) and Safety Plans, respectively, reported as deferred outflows of resources related to pension will be recognized as a reduction of the pension liability in the fiscal year ended June 30, 2024. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as shown in the following table:

| Year Ending | | | | |
|-------------|----|--------------|------------------|-------------------|
| June 30, | M | iscellaneous | Safety | Total |
| • | | | | |
| 2024 | \$ | 22,533,077 | \$ 6,662,236 | \$ 29,195,313 |
| 2025 | | 20,916,865 | 5,657,260 | 26,574,125 |
| 2026 | | 7,764,228 | 4,022,064 | 11,786,292 |
| 2027 | | 40,587,625 | 16,740,434 | 57,328,059 |
| Total | \$ | 91,801,795 | \$ 33,081,994 | \$ 124,883,789 |

For the fiscal year ended June 30, 2023, Solano County Fair recognized total pension expense of \$195,884. At June 30, 2023, Solano County Fair reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Solano County Fair | | | Fair |
|-------------------------------------------------------|--------------------|-----------|----|----------|
| | D | eferred | Γ | eferred |
| | Ou | tflows of | In | flows of |
| | Re | esources | R | esources |
| Change of Assumptions | \$ | 93,549 | \$ | - |
| Differences between expected and actual experience | | 4,002 | | (24,381) |
| Pension contributions subsequent to measurement date | | 141,945 | | - |
| Net differences between Projected and Actual Earnings | | | | |
| on Pension Plan Investments | | 170,825 | - | |
| Total | \$ | 410,321 | \$ | (24,381) |

The amount of \$141,945 reported as deferred outflows of resources related to pension will be recognized as a reduction of the pension liability in the fiscal year ended June 30, 2024. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as shown in the following table:

| Year Ending June 30, | Solano County Fair |
|----------------------|--------------------|
| | |
| 2024 | 59,890 |
| 2025 | 55,594 |
| 2026 | 20,636 |
| 2027 | 107,875 |
| | \$ 243,995 |

B. Post Employment Health Care Benefits

1. Plan Description

The County participates in an agent multiple-employer defined benefit healthcare plan administered by CalPERS. The plan provides postemployment healthcare benefits to eligible retirees by contributing a minimum of \$151 per month towards medical insurance benefits. This benefit is provided based on the Board of Supervisor's election to participate under the Public Employees' Medical and Hospital Care Act (PEMHCA) [Government Code Section 22750]. The County's Board may elect to pay more than the minimum contribution; however, the County's Board has elected to pay the minimum contribution of \$151 per month per eligible retiree. The County has not executed a formal plan document that provides for these benefits and the plan does not have a name. The Solano County Fair is included as part of the County's plan, but is reported separate for financial reporting purposes. Solano County Fair's portion of the liability is reported consistent with their audited statements and for financial reporting purposes, an adjustment is made to reflect Solano County Fair's proportionate share of deferred inflow of resources related to OPEB to properly reflect the plan balances at June 30, 2023.

In addition, the County established an irrevocable trust to pre-fund the other postemployment benefits with the Public Agency Retirement Services (PARS). The PARS financial statements and additional reports can be obtained from the PARS website at http://www.PARS.org.

A summary of the postemployment healthcare benefits at June 30, 2023 are as follows:

| | | | Component Unit | | | | | |
|--------------------------------|-------------------|--------------|----------------|-------------|--------------------|---------|-------|------------|
| | Go | ve rnme ntal | Bu | siness-Type | ; | Solano | | |
| Total | Activities | | Activities | | County Fair | | Total | |
| Net OPEB liability | \$ | 12,022,058 | \$ | 12,437 | \$ | 182,361 | \$ | 12,216,856 |
| Deferred outflows of resources | | 14,361,748 | | 15,183 | | 50,215 | | 14,427,146 |
| Deferred inflows of resources | | 4,908,040 | | 5,260 | | 23,852 | | 4,937,152 |
| OPEB expense | | 3,627,046 | | 3,855 | | 20,485 | | 3,651,386 |

2. Employees Covered

As of January 1, 2021, actuarial valuation, the following current and former employees were covered by the benefit terms:

| Inactives currently receiving benefits | 933 |
|----------------------------------------|-------|
| Inactives entitled to benefit payments | 1,588 |
| Active employees | 2,843 |
| Total | 5,364 |

3. Contributions

The County's minimum required contribution is set by Government Code 22892. Contribution requirements in excess of the minimum for plan members and the County are established and may be amended by the Board of Supervisors and the employee associations. Currently, plan members are required to pay the balance of the premiums.

The County establishes the annual contribution based on an actuarially determined amount. Contributions to the OPEB plan from the County were \$6,943,220 for the year ended June 30, 2023. Employees are not required to contribute to the OPEB plan.

4. Net OPEB Liability

The County's net OPEB liability was measured as of June 30, 2022 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated January 1, 2021 that was rolled forward to determine the June 30, 2022 total OPEB liability, based on the following actuarial methods and assumptions:

| Entry Age Normal Cost Method |
|--------------------------------------------------|
| 1 2021 |
| January 1, 2021 |
| 5.50% |
| 2.75% |
| 5.50% |
| Non-Medicare - 7.0% for 2022, decreasing to |
| an ultimate rate of 4.0% in 2076 and later years |
| Medicare - 6.1% for 2022, decreasing to an |
| ultimate rate of 4.0% in 2076 and later years |
| Mortality projected fully generational with |
| Scale MP-2020 |
| 3.00% |
| 50% |
| |

The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| | | Long-Term |
|--------------|------------|--------------------|
| | Target | Expected Real Rate |
| Asset Class | Allocation | of Return |
| Equities | 60.0% | 4.56% |
| Fixed income | 35.0% | 0.78% |
| Cash | 5.0% | -0.50% |
| Total | 100.0% | _ |

Discount Rate

The discount rate used to measure the total OPEB liability was 5.50%. The projection of cash flows used to determine the discount rate assumed that County contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make projected all OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in the Net OPEB Liability

The changes in the net OPEB liability for the Primary Government for the measurement date of June 30, 2022 are as follows:

| | Changes in Net OPEB Liability | | | | | |
|-------------------------------------|-------------------------------|-------------|------|--------------------|----|-------------|
| | Total OPEB | | Plan | Plan Fiduciary Net | | let OPEB |
| | | Liability | | Position | | Liability |
| Balance at June 30, 2022 | \$ | 69,006,931 | \$ | 66,174,701 | \$ | 2,832,230 |
| Changes for the year: | | | | | | |
| Service Cost Incurred | | 3,160,393 | | - | | 3,160,393 |
| Interest on Total OPEB Liability | | 3,887,099 | | - | | 3,887,099 |
| Contribution - ER County | | - | | 6,248,020 | | (6,248,020) |
| Projected Earnings on Investments | | - | | 3,727,889 | | (3,727,889) |
| Differences between Projected and | | | | | | |

Sensitivity of the Net OPEB Liability to Change in the Discount Rate and Healthcare Trend Rate

The following presents the net OPEB liability of the Primary Government, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

| Changes in the Discount Rate | 4.50% | 5.50% | 6.50% |
|--------------------------------------|---------------|---------------|---------------|
| | (1% Decrease) | Current Rate | (1% Increase) |
| Net OPEB Liability | \$ 21,900,974 | \$ 12,034,495 | \$ 3,904,043 |
| Changes in the Healthcare Trend Rate | | | |
| | (1% Decrease) | Current Rate | (1% Increase) |
| Net OPEB Liability | \$ 1,823,470 | \$ 12,034,495 | \$ 24,818,476 |

The following presents the net OPEB liability of Solano County Fair, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

| Changes in the Discount Rate | 4.50% | | 5.50% | | 6.50% | |
|--------------------------------------|-------|-----------|-------|-----------|-------|-----------|
| | (1%) | Decrease) | Cur | rent Rate | (1% | Increase) |
| Net OPEB Liability | \$ | 331,870 | \$ | 182,361 | \$ | 59,159 |
| Changes in the Healthcare Trend Rate | | | | | | |
| | (1%) | Decrease) | Cur | rent Rate | (1% | Increase) |
| Net OPEB Liability | \$ | 27,631 | \$ | 182,361 | \$ | 376,079 |

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2023, the Primary Government recognized OPEB expense of \$3,630,901. At June 30, 2023, the Primary Government reported deferred outflows and deferred inflows of resources related to OPEB from the sources shown in the following table:

| | Deferred Outflows | | Defe | rred Inflows |
|----------------------------------------------|-------------------|------------|------|--------------|
| | of Resources | | of | Resources |
| Differences between expected and actual | | | | |
| experience | \$ | - | \$ | 4,556,062 |
| Changes in assumptions | | 3,069,969 | | 357,238 |
| Net differences between projected and actual | | | | |
| earnings on OPEB plan investments | | 4,363,742 | | - |
| Employer contribution made subsequent to the | | | | |
| measurement date | | 6,943,220 | | |
| Total | \$ | 14,376,931 | \$ | 4,913,300 |

The \$6,943,220 reported as deferred outflows of resources related to contributions after the measurement date will be recognized as a reduction of the net OPEB liability during the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources related to OPEB will be recognized as expense as shown in the following table:

| Fiscal Year Ending | |
|--------------------|-----------------|
| June 30, | |
| 2024 | \$ 216,047 |
| 2025 | 252,662 |
| 2026 | 53,304 |
| 2027 | 2,018,989 |
| 2028 | (10,293) |
| Thereafter | (10,298) |
| Total | \$ 2,520,411 |

For the fiscal year ended June 30, 2023, Solano County Fair recognized OPEB expense of \$155,999 (\$20,485 FY 2022/23 expense and \$135,514 prior year corrections). At June 30, 2023, Solano County Fair reported deferred outflows and deferred inflows of resources related to OPEB from the sources shown in the following table:

| | Deferred Outflows | | Defer | red Inflows |
|----------------------------------------------|-------------------|--------|--------------|-------------|
| | of Resources | | of Resources | |
| Differences between expected and actual | | | | |
| experience | \$ | - | \$ | 22,090 |
| Changes in assumptions | | 14,772 | | 1,762 |
| Net differences between projected and actual | | | | |
| earnings on OPEB plan investments | | 35,443 | | - |
| Total | \$ | 50,215 | \$ | 23,852 |

Deferred outflows of resources related to OPEB will be recognized as expense as shown in the following table:

| Fiscal Year Ending | |
|--------------------|--------------|
| June 30, | |
| 2024 | \$ 2,260 |
| 2025 | 2,643 |
| 2026 | 558 |
| 2027 | 21,118 |
| 2028 | (108) |
| Thereafter | (108) |
| Total | \$ 26,363 |

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued PARS financial report. PARS reports can be obtained from the PARS website at http://www.PARS.org.

C. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the County carries insurance. Premiums are paid through the Risk Management Internal Serve Fund. The County participates in various programs organized by Public Risk Innovation Solutions, and Management (PRISM)), a joint powers authority created to provide insurance programs for its 53-member counties. Each county has a representative on the Joint Powers Board, which governs management, financing and budgeting of PRISM activities. The purpose of the pool is to spread the adverse effects of losses among the member agencies. The County pays an annual basic premium for excess coverage and is assessed an annual risk premium based on an actuarial review that estimates each of the program's participant's ultimate liabilities. Should actual losses among participants be greater than anticipated, the County will be assessed its pro rata share of that deficiency. Conversely, if the actual losses are less than anticipated, the County will be refunded its pro rata share of the excess. The County paid premiums totaling \$14,825,401 during the fiscal year ended June 30, 2023 for the General Liability, Pollution Programs, Special Liability, Cyber Liability, Medical Malpractice, Excess Worker's Compensation, Property, Master Crime, Aviation and Watercraft Insurance Programs, and Equipment Maintenance Management Programs. The County administers and manages the General Liability Program through PRISM.

Since July 1, 2003, the County has elected to self-insure the County's workers' compensation program and continues to participate in excess coverage subject to statutory limits. Based on the current trends of the claims filed, the County is expecting a payout of \$4,882,000 in the next fiscal year. The governmental and proprietary funds contributed amounts to the Risk Management Internal Service Fund based on actuarially determined estimates of the settlements. Such estimates are generally based upon a 75% confidence level. As of June 30, 2023, the accrued loss contingency for the County's workers' compensation program was \$16,886,000 and is reported as a liability in the Risk Management Internal Service Fund.

The general liability coverage is expecting a payout of \$1,013,000 in the next fiscal year. The governmental and proprietary funds contributed amounts to the Risk Management Internal Service Fund based on actuarially determined estimates of the settlements. Such estimates are generally based upon an 85% confidence level. As of June 30, 2023, the accrued loss contingency for the County's general liability insurance was \$2,460,000 and is reported as a liability in the Risk Management Internal Service Fund.

Insurance and claims expenses are recorded in the Risk Management Internal Service Fund. Insurance expenses represent changes in the estimate of the amounts needed to pay workers' compensation and general liability claims, as well as premiums paid to PRISM for the property, general liability, and excess workers' compensation programs. Revenues for the Risk Management Internal Service Fund are represented by charges to other County funds based on each fund's allocated share of the insurance expenses. Settled claims have not exceeded coverage in any of the past three fiscal years nor has there been a reduction of insurance coverage.

Changes in the Risk Management Internal Service Fund's accrued loss contingency amount for worker's compensation for the fiscal years ended June 30, 2023 and 2022 were:

| | | | Cı | ırrent Year | | | | | | |
|---------------|----|------------|----|-------------|----|-------------|-----------|------------|--|--|
| Claims and | | | | | | | | | | |
| Fiscal | | Beginning | (| Changes in | | Claim | | Ending | | |

| June 30, 2022 | \$ | 17,731,000 | \$ | 4,071,314 | \$ | (4,701,314) | \$ | 17,101,000 | | |
| June 30, 2023 | | 17,101,000 | | 4,353,529 | | (4,568,529) | | 16,886,000 | | |

Changes in the Risk Management Internal Service Fund's accrued loss contingency amount for general liability for the fiscal years ended June 30, 2023 and 2022 were:

| | | | Cu | rrent Year | | | | | | |
|---------------|-----------------------------|-----------|----|------------|----|-----------|-----------|-----------|--|--|
| Claims and | | | | | | | | | | |
| Fiscal | Fiscal Beginning Changes in | | | | | | | Ending | | |
| Year Ended | | Liability | E | stimates | I | Payments | Liability | | | |
| June 30, 2022 | \$ | 1,174,000 | \$ | 952,063 | \$ | (237,063) | \$ | 1,889,000 | | |
| June 30, 2023 | | 1,889,000 | | 733,573 | | (162,573) | | 2,460,000 | | |

Changes in the Risk Management Internal Service Fund's accrued loss contingency amount for the total of worker's compensation and general liability for the fiscal years ended June 30, 2023 was:

| | | Current Year | | | | | | | |
|---------------|---------------------------------|--------------|-----------------|---------------|--|--|--|--|--|
| Claims and | | | | | | | | | |
| Fiscal | Beginning Changes in Claim Endi | | | | | | | | |
| Year Ended | Liability | Estimates | Payments | Liability | | | | | |
| June 30, 2023 | \$ 18,990,000 | \$ 5,087,102 | \$ (4,731,102) | \$ 19,346,000 | | | | | |

The claims liabilities above, reported in the Self Insurance Internal Service fund at June 30, 2023, are based on requirements of *GASB Statements No. 10*, *Accounting and Financial Reporting for Risk Financing and related Insurance issues and GASB Statement No. 30*, *Risk Financing Omnibus*, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. These accruals represent estimates of amounts to be paid for reported claims, and incurred but unreported claims based upon experience, modified for current trends and information based upon a 75% confidence level for Workers' compensation and 85% confidence level for general liability insurance. Workers' compensation is carried at present value using a discount rate of 1.5%.

D. Contingencies and Commitments

The County is exposed to various types of claims and litigation arising from its normal operations. The ultimate outcome of these matters is not presently determinable. However, in County management's opinion, these matters should not have a significant adverse effect on the County's financial position.

Amounts received or receivable under grants are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, or expenditures which may be disallowed by the grantor cannot be determined at this time although the County's management expects such amounts, if any, to be immaterial.

E. Restatement

As of July 1, 2022, the County adopted GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs). The implementation of this standard establishes a definition for subscription-based information technology arrangements (SBITAs) and provides uniform guidance for accounting and financial reporting for transactions that meet that definition. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. The standard requires a government to report a subscription asset and subscription liability for a SBITA and to disclose essential information about the arrangement. Beginning net position was restated to retroactively adopt the provisions of GASB Statement No. 96 as follows:

| | Governmental Activities |
|-----------------------------------------|-----------------------------|
| Net Position, July 1, 2022 | \$ 605,823,998 |
| Restatement: | |
| Recognition of right-to-use SBITA asset | 7,741,260 |
| Recognition of SBITA liability | (6,431,334) |
| Restatement | 1,333,519 |
| Net Position, July 1, 2022, restated | \$ 607,157,517 |

F. New Effective Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) releases new accounting and financial reporting standards which may have a significant impact on the County's financial reporting process. The County implemented the following standards during the fiscal year June 30, 2023:

Statement No. 96 – Subscription-Based Information Technology Arrangements

As of July 1, 2022, the County adopted GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs). The implementation of this standard establishes a definition for subscription-based information technology arrangements (SBITAs) and provides uniform guidance for accounting and financial reporting for transactions that meet that definition. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. The standard requires a government to report a subscription asset and subscription liability for a SBITA and to disclose essential information about the arrangement. The Solano County Fair shall implement the standard for the calendar year ended December 31, 2023.

Statement No. 91 – Conduit Debt Obligations

The objective of this Statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. There is no impact to the County's financial statements with this pronouncement.

Statement No. 94 – Public-Private and Public-Public Partnerships and Availability Payment Arrangements

The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The requirements of this Statement will improve financial reporting by establishing the definitions of PPPs and APAs and providing uniform guidance on accounting and financial reporting for transactions that meet those definitions. That uniform guidance will provide more relevant and reliable information for financial statement users and create greater consistency in practice. This Statement will enhance the decision usefulness of a government's financial statements by requiring governments to report assets and liabilities related to PPPs consistently and disclose important information about PPP transactions. The required disclosures will allow users to understand the scale and important aspects of a government's PPPs and evaluate a government's future obligations and assets resulting from PPPs. There is no impact to the County's financial statements with this pronouncement.

G. Future Implementation of New Governmental Accounting Standards

The County has not evaluated the impact of these future governmental accounting standards on the financial statements.

Statement No. 99 - Omnibus 2022

The objectives of this Statement are to enhance comparability in account and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements of this Statement are effective as follows:

- The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance.
- The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.
- The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

Statement No. 100 – Accounting Changes and Error Corrections

The primary objective of this Statement is to enhance the accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

Statement No. 101 - Compensated Absences

The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter.

Statement No. 102 - Certain Risk Disclosures

The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter.

COUNTY OF SOLANO, CALIFORNIA NOTE TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Budgetary Information

In accordance with the provisions of Sections 29000 through 29144 of the California Governmental Code and other statutory provisions, commonly known as the County Budget Act, the County prepares and legally adopts a balanced budget each fiscal year by July 1.

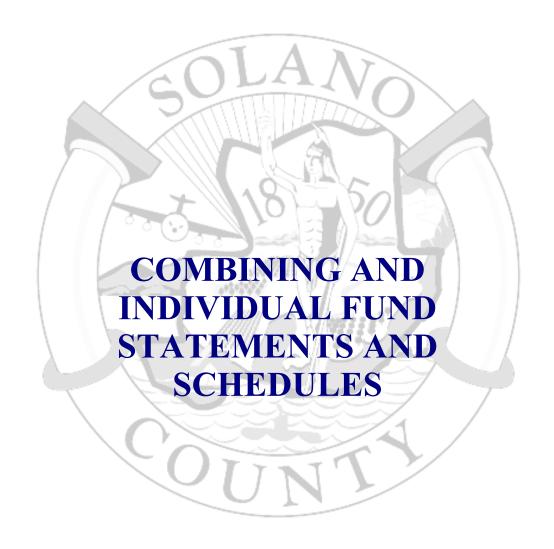

An operating budget prepared on the modified accrual basis is adopted each fiscal year for the general, special revenue, capital projects and debt service funds. Public hearings are conducted on the proposed budget to review all appropriations and sources of financing. Any shortfall in revenues requires an equal reduction in appropriations.

Expenditures are controlled at the object level for all departments within the County except for capital outlay expenditures, which are controlled at the sub object level. The legal level of budgetary control is at the department level. This is the level at which expenditures may not legally exceed appropriations. The Board must approve supplemental appropriations generally financed by unanticipated revenues during the year, and any other amendments or transfers.

Pursuant to the Board of Supervisors' Budget Policy, amendments or transfers of appropriations between object levels within a department may be authorized by the County Administrator's Office provided the total appropriation of the department is not changed. Therefore, final budget amounts in the accompanying required supplementary information are reported as amended. Individual budget amendments during the fiscal year ended June 30, 2023, were not material in relation to the original appropriations.

The County uses an encumbrance system as an extension of budgetary accounting for the general, special revenue and capital projects funds to assist in controlling appropriations. Under this system, purchase orders, contracts and other commitments are recorded in order to reserve that portion of applicable appropriations. Outstanding encumbrances at year-end are automatically reappropriated the following year. Unencumbered and unexpended appropriations lapse at year-end.

Other Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. This encompasses legal restrictions imposed by parties outside the government as well as those imposed by the governing body.

Capital Projects Fund

The capital projects fund (Accumulated Capital Outlay Fund) is used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Debt Service Funds

Debt service funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for principal and interest. Debt service payments that do not involve the advance accumulation of resources, such as leases and SBITA's, are accounted for in the general fund or a special revenue fund.

Nonmajor Special Revenue Funds

Public Facilities Fees Fund – This fund is used to account for the collection of impact fees imposed on all new construction within all incorporated and unincorporated areas of the County.

Library Fund – This fund is used to account for the County's library services. Solano County Library offers professional, innovative, cost-effective service by providing library materials, resources, information, entertainment and life long learning opportunities to enrich the lives of the people of Solano County. This fund is primarily funded through taxes and charges for services.

Transportation Fund – This fund is used to provide transportation facilities and services for the benefit and convenience of the traveling public by providing a roadway system that is safe, well maintained, efficient and without congestion. The fund is primarily funded through state and federal grants.

First 5 Solano Fund – This fund is used to promote, support and improve early childhood development by fostering and partnering with community resources and programs that support healthy and safe children, families and community. The fund is state funded through Proposition 10, the California Children and Families First Act passed by voters in 1998.

Home Loan Program Fund – This fund is used to provide low interest loans and grants designed to correct health and safety hazards in deteriorated housing and extend the useful life of affordable housing units. The fund is federal and state funded through a Redevelopment Settlement, a Home Loan Program and a Community Development Block Grant (CDBG).

Micrographics & Modernization Fund – This fund is used to account for the modernization, maintenance and continual improvements to provide modern and efficient records management systems at the County Recorder's office. The fund is funded through the collection of charges for services and recording fees.

Other Special Revenue Funds – These funds are classified together and account for various activities and programs including Parks and Recreation, Fish/Wildlife Propagation, Consolidated Street Lighting and housing assistance through the Section 8 Housing Choice Voucher program for the unincorporated areas of Solano County, Southeast Vallejo Redevelopment Settlement Agreement, and East Vallejo Fire Protection District. Revenues are derived from property taxes, fine, forfeitures and penalties, State grants, Federal pass-through grants and charges for services.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other governmental units, on a cost reimbursement basis.

Fleet Management Fund – This fund is used to account for the rental, purchase, and maintenance of motor vehicles for other county departments.

 $Risk\ Management\ Fund$ — This fund is used to account for the administration and management of the County's insurance and safety plans.

Information Technology Fund – This fund is used to account for the development, implementation and ongoing support costs for the electronic data processing services to County departments.

Fiduciary Funds

Other Custodial Funds

Other Custodial Funds are used to account for assets held on behalf of governmental agencies outside of the County in a fiduciary capacity and do not meet criteria for being held in trust funds, investment trust funds, or private-purpose trust funds.

Other custodial funds include property tax collection and impound funds, local transportation and other custodial funds.

Property Tax Collection Fund – This fund is used to account for property tax collections awaiting apportionment to governmental agencies outside of the County.

Local Transportation Fund – This fund is used to account for the quarter of one percent sales tax collected by the State Board of Equalization and deposited with the county of origin for local transportation support. The Metropolitan Transportation Commission, the regional agency responsible for administration of these monies, directs their use and distribution.

Property Tax Impound Fund – This fund is used to account for impound of taxes to minimize the exposure of significant monetary impact to other governmental agencies.

All Other Custodial Funds – This fund is used to account for assets held for other governmental agencies by the County in a fiduciary capacity.

¹Due to passage of the Proposition 13 (Prop 13) property tax initiative in 1978, the County does not track the estimated value of all properties in the County. Under Prop 13 property is assessed at the 1975 market value with an annual increase limited to 2% on properties not involved in a change of ownership or properties that did not undergo new construction. Newly acquired property is assessed at its new market value (usually the purchase price) and the value of any new construction is added to the existing base value of a parcel. As a result, similar properties can have substantially different assessed values based on the date of purchase. Additionally, Prop 13 limits the property tax rate to 1% of assessed value, plus the rate necessary to fund local voter-approved bonds and special assessments.

Notes:

- 1 Assessed property value data can be found in Report "Assessed Value of Taxable Property " table.
- ² California Government Code, Section 29909, states the total amount of bonded indebtedness shall not at any time exceed 5 percent of the taxable property of the county as shown by the last equalized assessment roll.
- ³ Bonded debt financed with general governmental resources which include POB. From 9. Ratios of Outstanding Debt.
- 4 The legal debt margin is the County's available borrowing authority under state finance statutes and is calculated by subtracting the debt applicable to the legal debt limit from the legal debt limit.

Rio Vista Corporation Yard (new modular office building) - 940 St. Francis Way, Rio Vista, CA 94571

There is a plan in 2024 to demolish the old, now unused office and existing garage structure and rebuilding a new garage along with connecting utilities in the same place.

¹ New General Government building:
