

Rebuttal to Argument Against Measure R  
Travis Unified School District

Don't let the opponents mislead you. They don't know or understand the needs of our schools, and they don't represent students.

**Travis Unified School District has great students and great schools. Now more than ever our students and schools need our help by contributing** towards the funding of critical renovations to improve our 30 to 70-year-old school facilities.

**Measure R is greatly needed because other funding options do not produce enough to pay for critical renovations.** Also, if Measure R passes, the school district may obtain additional funding from the state through a matching program.

**The school district does NOT have any general obligation bonds on your property tax bills.**

Measure R was thoughtfully planned over the last 2 years, and the school district listened to our community. **The school district obtained input from parents and teachers and prepared a comprehensive facilities master plan** to prioritize our most urgent projects.

**Measure R includes taxpayer protections and accountability.** Measure R will be audited annually and **the School Board will appoint an independent** Citizens' Oversight Committee, which must include a representative from a taxpayers' organization to monitor expenditures. No school district employee, vendor or contractor may serve.

**Let's build the best learning environment for students!**

**Every Yes vote for Measure R will contribute to the school district's commitment to help our schools provide students with an educational environment that supports achievement and success.**

**Please Vote YES on Measure R.**
