

**Solano County - Application List**

Name	Description	Operational Status	IT Environment Location
Accela Citizen Access	Resource Management online permitting and public information - linked to Accela Civic Platform	Operational	In Production
Accela Environmental Health	Resource Management Environmental Health Permits and Registrations	Operational	In Production
Accela Land Management	Resource Management Permit and Licensing Software	Operational	In Production
Accurint	Background checking/skip checking	Operational	In Production
AES	Comp Sales Valuation System	Operational	In Production
AgileFlow (AGF) Records Manager	Document Management System	Operational	In Production
AgileFlow ERDS Workstation	Electronic Recording Delivery System for AgileFlow	Operational	In Production
Agricultural Activity Tracking (AgTrack)	Time and activity tracking application for Ag Biologists and Weights and Measures staff. Creates Bi-weekly timesheets, and state reports for activities within various agricultural programs.	Operational	In Production
Application Xtender	Documentum - Document management system	Operational	In Production
Applications DRP	Multi-user applications inventory with basic disaster recovery information. Online application at <a href="http://cacwai01/AppDRP">http://cacwai01/AppDRP</a> .	Operational	In Production
ARIES	Automated Regional Information Exchange System County Law Enforcement Data Sharing Application	Operational	In Production
ARIES - HSS	Vital Statistics program	Operational	In Production
AssetWorks	Fleet Management Software	Operational	In Production
ATIMS	Advanced Technology Information Management Systems (ATIMS) Web-based Jail Management System	Operational	In Production
Automated Biometric Information System (ABIS)	Automated Fingerprint Information System; AFIS Mugshot systems - Operations handles the backups for this system and responsible for placing service calls.	Operational	In Production
AutoMon	Programs Assessment and Case Management System	Operational	In Production
AutoMon - CeSUite	Provides assessment administration, case plan management and program/provider management Modules: Ce Assessments, Ce Planning, Ce Programs, Ce Provider, Ce Sync	Operational	In Production
Avatar	Electronic Health Record and Practice Management System for Behavioral Health.	Operational	In Production
AVSS/Net	Automated Vital Statistics System hosted at UC Santa Barbara with state-wide access (update and inquiry) via a SSH client over the Internet for birth and death records. It is also used to glean statistical data for epidemiology.	Operational	In Production

**Solano County - Application List**

<b>Name</b>	<b>Description</b>	<b>Operational Status</b>	<b>IT Environment Location</b>
AXIS Camera Station Client & Server	Security camera system for Vallejo Probation Office.	Operational	In Production
Azure Commercial	Azure AD, IaaS, PaaS, SaaS (WVD and IDM hosted)	Operational	In Production
Azure Government	IaaS, PaaS, SaaS (ADFS hosted)	Operational	In Production
Biosolids Feedback Complaint Form	Allows County residents to comment on and report biosolids issues.	Operational	In Production
Bluezone for DCSS	Bluezone concurrent license management, and terminal emulation configuration	Operational	In Production
Bluezone for H&SS	Bluezone concurrent license management, and terminal emulation configuration	Operational	In Production
Bluezone for miscellaneous departments	Bluezone concurrent license management, and terminal emulation configuration	Operational	In Production
BMI - AssetTrak	BMISYS Application used to collect inventory information for fixed assets.	Operational	In Production
Boards, Committees and Commissions (BCCWeb)	Boards, Committees and Commissions application tracks the length of appointments and the members of boards, committees, and commissions throughout Solano County, and provides Internet access to the information	Operational	In Production
byRequest	byREQUEST is an automated report publisher and file mover designed to interface with and provide electronic distribution from any of your Enterprise-level computers	Operational	In Production
C Series - Admin	Admin application for administering C-Series	Operational	In Production
CA Government SFTP	California SFTP site used to obtain PRCS packets.	Operational	In Production
CALWIN	California Welfare Information Network / California Statewide Automated Welfare System	Operational	In Production
CalWIN Office Issuance (CalWINOI)	Web application to provide issuance data entry and approval by Deputy Auditors.	Operational	In Production
CalWIN Solano County Information Server (CIS) and Data Extracts	Local subset of CalWIN data for Solano (near real-time updates)	Operational	In Production
CAMAVA	Res Mgmt. Parks & Rec Reservation System	Operational	In Production
CampaignDocs	Full-featured system for managing the business process of the FPPC-mandated Campaign Disclosure Filing.	Operational	In Production
CAMS	Resource Management Pub Works Cost Accounting	Operational	In Production
Camtasia	Audio Video editing studio	Operational	In Production
CareWare	CAREWare is a free, electronic health and social support services information system for HRSA's Ryan White HIV/AIDS Program recipients and providers. .	Operational	In Production

**Solano County - Application List**

Name	Description	Operational Status	IT Environment Location
Ce Connect Suite	Provides assessment administration, case plan management and program/provider management Modules: Ce Assessments, Ce Planning, Ce Programs, Ce Provider, Ce Sync	Operational	In Production
CEDTS	California Electronic Data Transmission System. Used by growers to submit Permits, Notices of Intent, and Pesticide Use Reporting information to the County Agricultural Commissioner (CAC)	Operational	In Production
Chameleon	Animal Control Shelter Management, licensing tracking and billing system. DB name - Animal	Operational	In Production
Check-In Check-Out	Electronic in/out board. Also has Reminder and Reception components. Multiple Departments use this application.	Operational	In Production
CIP - Capital Improvements Program	Tracks 5 year plan for county capital improvements. Generates a book that tracks all the funding and plans for future development.	Operational	In Production
Civil CountySuite	Maintains Civil legal documents (e.g. evictions and small claims)	Operational	In Production
Clerk Docs	Generation of eMarrige, emarriageScheduler, eFBN, eNotary, ProcessServer, LegalDocAssist, PPC, UnlawfulDetainerAssistant Documents.	Operational	In Production
CLETS	California Law Enforcement Telecommunications System (CLETS). Provides query access to the Sheriff and other Solano County agencies to multiple national crime databases via California DOJ.	Operational	In Production
CMIPS II - Case Mgmt., Information and Payroll Sys	Case Management, Information and Payroll System (CMIPS) is the automated system that supports the In-Home Services program.	Operational	In Production
Cohero - Coroner CMS	Coroner case management system	Operational	In Production
Columbia Ultimate Business System (CUBS)	Probation collections/accounting system.	Operational	In Production
Compass Pilot (OnBase)	Document Management System used to support CalWin Processing	Operational	In Production
CompData	worker's comp direct link - Allows CSE legal team to see users' SSN terms.	Operational	In Production
ComplyTrack	Compliance tool to track issues and breaches	Operational	In Production
Console Attendant	Software that works to support VoIP phones.	Operational	In Production
CopLink	This program provides criminal justice information to investigators.	Operational	In Production
Core Banking	Inmate Fund Management System	Operational	In Production
Core Warehouse	Inmate Commissary System	Operational	In Production
CorEMR	Inmate tracking system for medical staff in the jails.	Operational	In Production

**Solano County - Application List**

<b>Name</b>	<b>Description</b>	<b>Operational Status</b>	<b>IT Environment Location</b>
County Counsel Time Collection System	Time Collections System used by County Counsel.	Operational	In Production
Court Forms	Court Forms used mostly for Juvenile Probation	Operational	In Production
CrimeTime	Calculates how much time to be spent in jail depending upon charges.	Operational	In Production
Crystal Reports Server - CalWIN	Report server environment for CalWIN custom reporting.	Operational	In Production
Crystal Reports Server XI Rel 2 - CASE	Report development and serving for CASE application	Operational	In Production
CSAR	California Sex and Arson Database- used to manage users in the CSAR system	Operational	In Production
CWS/CMS - Child Welfare System/Case Management Sys	Child Welfare System/Case Management System (CWS/CMS) is the state developed and supported system for Child Welfare Services.	Operational	In Production
Data911 previous CMS - Camera Management System	Public Safety In-Car-Video system	Operational	In Production
DCSS Electronic Signatures	Allows DCSS employees to fill out and electronically sign all the required forms to work in Child Support Services.	Operational	In Production
defenderData	OLD Case management system used by the Public Defender and Alternate Defender.	Operational	In Production
DigitalReel	Digital microfiche reader for old building and planning permits	Operational	In Production
DIMS - Data Information Management Systems	DIMS (Data Information Management Systems) is the Registrar of Voter system for voter registration, redistricting, and election management and processing	Operational	In Production
Dissomaster	Calculating Child Support Payments	Operational	In Production
DMV Direct Access	On-line access to California Department of Motor Vehicles database. BlueZone is used as the terminal emulator.	Operational	In Production
DMV Traffic Court Violator Court Completion (TVCC)	DMV hosted application accessed via Blue Zone	Operational	In Production
Documentum	Document Imaging Application used by the Sheriff Office, Tax Collector/County Clerk/Treasurer, Assessor-Recorder and various other Solano County Departments	Operational	In Production
DocuSign	E-Signature Application used by Sheriff, Treasurer/Tax Collector/County-Clerk, County Counsel	Operational	In Production
DoIT Portal	SharePoint portal for DoIT document management and information sharing.	Operational	In Production
DOJ - JCPSS	DOJ web application accessed via the Solano DOJ/CJIS WAN	Operational	In Production

**Solano County - Application List**

<b>Name</b>	<b>Description</b>	<b>Operational Status</b>	<b>IT Environment Location</b>
DRBS - Devices Registration and Billing System	Weights and Measures device registration. Vendor is Statewide Soft in Brentwood. Also tracks W & M Daily activity with Inspections.	Operational	In Production
EBT	Electronic Benefits Transfer	Operational	In Production
eDefender	Web-based case management system used by the Alternate and Public Defender's offices.	Operational	In Production
eDisclosure	Offering filers the convenience and flexibility of completing FPPC Form 700 online	Operational	In Production
EMS Application and Incident Reporting (eAIR)	Allows public to apply for EMS licensed jobs (Dispatcher, Paramedic, etc.) and report Field Accident Reports (FAR)	Operational	In Production
eProbation	Probation case management system.  Interfaces: OffenderLink, ARIES, Level II, JCPSS, AutoMon, eSuite, Jail	Operational	In Production
Equifax ePORT	equifax used to check Minors credit while they are in placement	Operational	In Production
ETO	Efforts to Outcomes - Case Management tool used by two divisions of H&SS Public Health	Operational	In Production
Everbridge	Solano County Alerting System used by Office of Emergency Services and CAO	Operational	In Production
Evidence.com (Axon)	Body worn camera video and imaging system.	Operational	In Production
Exchange	Countywide electronic mail and scheduling	Operational	In Production
Facilities Dude	Facilities Customer Service Ticketing System	Operational	In Production
FileMaker Pro 14 Advanced	Breathalyser instrument reporting software	Operational	In Production
FIS	Point of Sale and Virtual Terminals	Operational	In Production
Fleet Focus FA Suite (FleetAnywhere)	Fleet Operations auto and auto parts inventory and maintenance tracking system application.	Operational	In Production
Food Facility Inspection Reports	Public lookup of latest Food inspection reports	Operational	In Production
FTP	File Transfer Protocol	Operational	In Production
Genetec Security Desk	JDF, SCF, CDF, RVTC, JCDF Video security system	Operational	In Production
GIS Agricultural GIS v.1 (AgGIS v.1)	System presents a GIS connection to data in the Restricted Material Permitting Program (RMPP) database.	Operational	In Production
GIS ESRI ArcGIS Desktop 10.x License Manager	License Manager for all ArcGIS Desktop (ArcMap) 10.x floating license installations.	Operational	In Production
GIS Geodatabases	Production GIS Geodatabase	Operational	In Production

## Solano County - Application List

Name	Description	Operational Status	IT Environment Location
GIS Groundwater Adequacy (Sustainability)	View the Ground Water Adequacy map along with other data, including wells, lithology, and soil types developed for the Solano Groundwater Sustainability Agencies (GSA)	Operational	In Production
GIS iReGIS	Solano County general mapping application.	Operational	In Production
GIS Resource Management - Planner Tool	Resource Management mapping application (ArcGIS Server; Essentials and Geocortex)	Operational	In Production
GIS ROV Election Worker Maps and Directions	Find locations and directions between election polling places. (Restricted Access)	Operational	In Production
GIS ROV Supervisorial Districts Map	View Supervisor district boundaries down to the street level. Includes voter precincts.	Operational	In Production
GIS Solano County DOIT GIS	Browse multiple maps & aerials, generate images & prints, export mailing labels, and perform address searches.	Operational	In Production
GIS Solano County Maps and Directions	Find and route directions to and from county department locations.	Operational	In Production
GIS Solano County Offices and Agencies Locations	Solano County story map to help find facility location of the departments	Operational	In Production
GIS Solano Geohub	This is the open data portal for GIS data	Operational	In Production
GIS Tax Parcel Viewer basic and advanced viewers	Parcel addresses search and APNs to locate and view Solano County parcel information. Includes advanced parcel attribute search tools and Analysis toolbar with buffer, measure distance, enter coordinates, and more.	Operational	In Production
GRANICUS Suite - Legistar	Agenda creation and workflow management, MediaManager - upload and manage viewing options and LiveManager - manage the event. Search and review of Archived meetings InSite and MediaVault.	Operational	In Production
GTL	Inmate Phone System / Touch Pay Kiosks	Operational	In Production
Guard1 Plus SE	Used by staff at the Juvenile Detention Facility to comply with state mandated periodic checks on youth status within in the facility.	Operational	In Production
H&SS Equipment Transfer (HSSInventory)	Online form for equipment transfers within the department	Operational	In Production
Help Desk Self Service ( replaced with service now)	Help Desk Self Service provides end user ability to create and track their Help Desk cases.	Operational	In Production
HMIS	HUD Homeless Management System	Operational	In Production
ID Centre Silver	Creates id cards for Probation	Operational	In Production

**Solano County - Application List**

<b>Name</b>	<b>Description</b>	<b>Operational Status</b>	<b>IT Environment Location</b>
IDS/IDM System	Whole Person Care and Master Identity Management	Operational	In Production
IFAS FTP Interface	Interface used to ftp interface files to predefined locations on the IFAS system.	Operational	In Production
IF_CourtCal	Interface to Solano COURTS Contexte database for listing future Court appts.	Operational	In Production
INFORTEL	PHONE BILLING AND DETAIL CALL TRACKING AND REPORTING.	Operational	In Production
IntelliTime	Timekeeping and scheduling software. Used county-wide. System is in full production.	Operational	In Production
IntelliTrack	Asset tracking software used at OES	Operational	In Production
Interstate Compact Offender Tracking System (ICOTS)	Interstate Compact Offender Tracking System is used for exchange documentation regarding out of state probationers being monitored by Probation.	Operational	In Production
Investments	Treasurer investment management system	Operational	In Production
ISYS	Used by CAO to find specific text in a group of files.	Operational	In Production
iTrac	Invoice tracking system used by General Services Admin.	Operational	In Production
iWebvisit	Video conferencing visiting system used at the Adult Jails	Operational	In Production
JIM	Justice Identity Manager - Sets up users in the State system that are tied to CSAR and other state systems	Operational	In Production
JusticeTrax - LIMS 3.7	Solano County Bureau of Forensic Science - Crime Lab Case management system	Operational	In Production
Juvenile Court and Probation Statistical System	CA Juvenile Court and Probation Statistical System (JCPSS) used by Juvenile Clerical to do mandatory reporting to DOJ.	Operational	In Production
Juvenile Interstate Data System (JIDS)	Juvenile Interstate Data System is used for exchange of documentation regarding out of state probationers being monitored by Probation.	Operational	In Production
LabBilSys	Laboratory Billing system for the Public Health Laboratory	Operational	In Production
Labels Anywhere	Used with OPUS iNet	Operational	In Production
Leaps	Case Management for Adult Protection	Operational	In Production
Legistar	Duplicate entry - See Granicus Suite - Legistar	Operational	In Production
Lexis-Nexis for Solano County Counsel	Research tool for attorneys - used for some legal templates	Operational	In Production
LexisNexis For CWS / Accurant	Used to locate family of youth that are in or at risk of entering foster care. Program POC is Karl Porter, Social Services Manager.	Operational	In Production
LexisNexis Jury Instructions	Jury instructions used by Public Defender and Alternate Defender	Operational	In Production
M365	Azure AD, Exchange Online, Teams, SharePoint, OneDrive, Word, Excel, etc..	Operational	In Production

### Solano County - Application List

Name	Description	Operational Status	IT Environment Location
McAfee SIEM	Provides Security Information and Event Management	Operational	In Production
Medically Indigent Care Reporting System [MICRS]	State reporting for reimbursement of revenues to the County. This is a module of PCMS. This not a stand alone system.	Operational	In Production
MEDS	Medical Eligibility Determination System (accessed via Bluezone)	Operational	In Production
MS O365 SharePoint online	Departmental Site Collation use for Collaboration, storing documents, project tracking, calendar events, etc.	Operational	In Production
Navvia	Process mapping and documentation	Operational	In Production
NemoQ	Queue management system for reception walk-in and appointment traffic	Operational	In Production
NetBackup	Enterprise Server, Database and file backup to disk and tape.	Operational	In Production
NextGen	Electronic Medical/Dental Record and Practice Management System for H&SS Medical Services Division. System is used in the clinics to document and bill for patient visits.	Operational	In Production
OffenderLink	Hosted Web application for the management of Probationers on backed caseloads or minimum supervision who agree to enter the offenderlink IVR program. Also used to remind Clients on Pretrial of their hearing dates.	Operational	In Production
ONESolution	County's Enterprise Finance and Accounting System. Major functions include: Purchasing, General Ledger, Accounts Payable, Accounts Receivable, Fixed Assets.	Operational	In Production
OneSolution Click Drag & Drill	County's Reporting software used inside ONESolution and used as an independent reporting software to report against ONESolution database. Mainly used by Auditor Controller department and Budgeting Team.	Operational	In Production
Online Procedures Guide (OPG)	Online Procedures Guide developed in DotNetNuke Content Management System.	Operational	In Production
OPUS iNet	Probation physical folder tracking system. Label interface uses Labels Anywhere.	Operational	In Production
Orchard Copia	Copia is a web-based, laboratory integration solution that provides EHR connectivity, order management, and consolidates result delivery. In use by the Napa, Solano, Yolo, Marin County Public Health Lab Group.	Operational	In Production
Orchard Harvest Laboratory Information System (LIS)	Laboratory Information Management system (LIMS) for the Public Health laboratory. System is used to accept orders for lab tests and provide results to Copia, the public facing web app for external users.	Operational	In Production

**Solano County - Application List**

<b>Name</b>	<b>Description</b>	<b>Operational Status</b>	<b>IT Environment Location</b>
OrderConnect	ePrescribing & Lab Orders system used by Behavioral Health Services.	Operational	In Production
OrgPublisher	Creates organizational charts from PeopleSoft data extracts.	Operational	In Production
Outlook Web Access	Web access to electronic mail and scheduling	Operational	In Production
PCMS Archive	Application to archive the data from PCMS for auditing and reporting purposes only.	Operational	In Production
Peoplesoft	Human Resources Management System (HRMS)	Operational	In Production
Peoplesoft PayToGL FTP Interface	FTP Interface for moving Salary Projection data from Peoplesoft to IFAS	Operational	In Production
Perceptive	Document Imaging System used within Avatar	Operational	In Production
Persimmony - First 5	Tracks internal and external program impacts for First 5 Solano, potential providers, contract management, performance management, fiscal and budgetary targets and client level data	Operational	In Production
Persimmony - PH	Case Management Tool for Nursing Bureaus.	Operational	In Production
Phone Billing System	General Services telephone services tracking and billing system	Operational	In Production
Posted Items and RVSP Reports	Online viewing of Wells Fargo daily posted items other than warrants, and Reversals and Stop Pays processed from IFAS.	Operational	In Production
PowerDMS	Content Management Application used by H&SS, Crime Lab, Probation, County Counsel, Sheriff, DOIT	Operational	In Production
PrinterLogic	Enterprise print management - self-service, highly available, with pull printing	Operational	In Production
PRISMAOffice	Production print server. Provides queues for Oce' PageStream 88 and UMS248.	Operational	In Production
Probation Electronic Suggestion Box	Web application developed for Probation so that authorized personnel can send suggestions to the Chief Probation Officer.	Operational	In Production
Proofpoint	Inbound / outbound spam / virus filtering service.	Operational	In Production
Qmatic	Ticketing system for lobbies of Family Health Services clinics	Operational	In Production
RACF for DMV	Application to provide required tracking of users authorized to access DMV via DTS Cannery Campus (HHSDC), and associated billing allocation.	Operational	In Production
Reddinet	Web-enabled application to track emergency responses within Solano County.	Operational	In Production
RightFax	Electronic Fax Gateway - send/receive faxes via MS Outlook / Exchange	Operational	In Production
RIMS	New CAD/Records Management, Property system.	Operational	In Production
RMAN Catalog Repository	Oracle Recovery Manager repository catalog	Operational	In Production
RMS - Historical	OLD RMS SYSTEM - TO BE DECOMMISSIONED	Operational	In Production
Romexis-Plan Meca Usa, Inc	Dental Imaging Software (X-ray)	Operational	In Production

**Solano County - Application List**

Name	Description	Operational Status	IT Environment Location
ROV IVR	The IVR System is used by citizens of Solano County to get polling place locations information and other information associated with the voting process.	Operational	In Production
Safe Measures	Comprehensive reporting & analytics for child welfare services	Operational	In Production
Salary Projection	Application developed by Peoplesoft for Solano County which is used to project salaries and benefits.	Operational	In Production
SARS	EBT Statewide Automated Reconciliation System	Operational	In Production
SCCM	EndPoint management, Server & workstation patching, OS & App deployment	Operational	In Production
Sentry	Obtain and manage drug test results	Operational	In Production
Server Based Computing (SBC)	Used for remote access to CWS/CMS.	Operational	In Production
ServiceNow	Solano County's IT Service Management Platform	Operational	In Production
ServiceTrac	Tracks service requests (helpdesk) for communications equipment.	Operational	In Production
ShareCare	Mental Health managed care case management system. Replaced Clipper Database. Upgrade to new version. Replaced by Avatar	Operational	In Production
ShareGate Software	ShareGate is an application with multiple functions to help with SharePoint such as migration, copying of files, list, etc. and generate reports for global updates.	Operational	In Production
SmartBatch	DOIT job scheduling system for interfaces and other PC server based batch processing	Operational	In Production
Solano County Integrated Property System	Integrates the Property Tax Processing for the Assessor Auditor and Tax Collector.	Operational	In Production
Solano County Integrated Property System - Inquiry	Web based application (SCIPSWEB). Allows user to see all data concerning a secured parcel, unsecured account, and supplemental event.	Operational	In Production
Solano County Integrated Property System - Sales	Web based application integrated into SCIPSWEB. Builds sales data and used for comparable for valuation of parcels.	Operational	In Production
Solano PSP	Solano Public Safety Portal	Operational	In Production
SolarWinds	Server, Network, Database & Application monitoring with NetFlow & alerting	Operational	In Production
Spectrum	Server & Network monitoring & alerting	Operational	In Production
SPROCKET - upgraded to Facility Dude	Application used to create and track work orders and preventative maintenance on equipment.	Operational	In Production

**Solano County - Application List**

Name	Description	Operational Status	IT Environment Location
Structured Decision Management (SDM)	Web-based report generation from CWS/CMS data.	Operational	In Production
SWEEPS	Environmental Health/Code Enforcement Software	Operational	In Production
SysAid	Helpdesk software used by Health and Social Services (H&SS), Employment and Eligibility Services section - a CalWIN Helpdesk team.	Operational	In Production
Tacoma	Forms Management tool; uses Documentum, Formatta, & Captiva. Used by ODAS for data collection.	Operational	In Production
TeamMate	Primary application used by Auditor Controller - Internal Audit	Operational	In Production
TelePsyc	Used at the JDF to provide Tele Therapy.	Operational	In Production
TeleTrac	Communications Department information management	Operational	In Production
TIF Log	Provides data capture, database update, and online viewing of Technical Information Forms and subsequent Purchase Order information.	Operational	In Production
TMS	training management/tracking	Operational	In Production
Touch Pay	Public kiosks for inmate funding (SHF Jails/Probation)	Operational	In Production
TractManager	Tracks and routes contracts through the process	Operational	In Production
Trauma One	Emergency Management Services application that imports data from local hospitals and tracks trends of diseases.	Operational	In Production
UMRA	PeopleSoft to AD synch & reconciliation	Operational	In Production
Ventura Automated Collections System [VCurrent Vendor]	Database developed by Ventura County for managing CISSEND files for EES CalWIN	Operational	In Production
Verint Audiolog	Dispatch/911 Voice Logger	Operational	In Production
ViewScan	Full body metal detector at JDF that displays a picture to a laptop. Used to justify a body search.	Operational	In Production
VINE (Apppriss)	Victim Notification System	Operational	In Production
VMWare	Virtualization Platform	Operational	In Production
VoteCAL	The VoteCAL System is used for voter registration look-up, statewide candidates filing and electronic election night reporting to the office of the Secretary of State (SOS) in California.	Operational	In Production
Weights and Measures	Weights and Measures information management and billing system.	Operational	In Production
Wells Fargo Interfaces	Multiple programs, scripts, and command files supporting interfaces between Wells Fargo bank, DA, H&SS CalWIN, Sheriff, Paybase and IFAS	Operational	In Production
Windows SharePoint Services - CJIS	SharePoint Server 2010 (Licensed)	Operational	In Production

**Solano County - Application List**

<b>Name</b>	<b>Description</b>	<b>Operational Status</b>	<b>IT Environment Location</b>
Windows SharePoint Services - DCSS	DCSS Intranet has been created with SPF 2010. Application provides dynamic workgroup web sites and collaboration on documents and meetings.	Operational	In Production
Windows SharePoint Services - Sheriff (shfwss)	Sheriff Intranet has been created with SharePoint Foundation 2010. Application provides dynamic workgroup web sites and collaboration on documents and meetings.	Operational	In Production
WVD (Windows Virtual Desktop)	Remote Virtual Desktop	Operational	In Production
